B'Tselem: Israel restrictions in the WB are "effectively collective punishment"

Palestinian Information Center

August 12, 2007

NAZARETH, (PIC)-- A report by the Israeli human rights group B'Tselem has charged that Tel Aviv had denied Palestinians freedom of movement for seven years now to ease travel for Israeli settlers in the West Bank in what it called a "collective punishment" measure.

It underlined that Israel maintains 47 checkpoints and 455 physical obstructions inside the West Bank, and added that Palestinian travel on 312 kilometers of road is restricted or prohibited.

The group published a comprehensive report on the restrictions Israel has imposed on Palestinian travel in the West Bank since the beginning of the second intifada in a 100-page report that details how Israeli occupation authorities have turned "Palestinian freedom of movement from a fundamental human right into a privilege that Israel grants or withholds as it deems fit".

The report elaborated on how Israel employs a combination of several measures to implement its regime of restrictions. "These include 47 checkpoints inside the West Bank, 455 physical obstructions on roads, and the Separation Barrier, 80 percent of which lies inside the West Bank. On 312 kilometers of main roads in the West Bank, vehicles bearing Palestinian license plates are forbidden or restricted".

"Israel has imposed the restrictions in a way that splits the West Bank into six subsections. This geographic division has far-reaching effects on every aspect

Modulo per ordini

Generale dell'ONU (1965) dichiara "la legittimità della lotta da parte dei popoli sotto oppressione coloniale, per esercitare il loro diritto all' autodeterminazione e all'indipendenza". Inoltre, l'Assemblea invita "tutti gli Stati a fornire assistenza morale e materiale ai movimenti di liberazione nazionale nei territori coloniali".

:: ONU - Risoluzione 1514

"L'Assemblea Generale dichiara che: la soggezione dei popoli a dominio straniero, conquista e asservimento costituisce una negazione dei diritti umani fondamentali, è contraria alla Carta delle Nazioni Unite ed è un impedimento alla promozione della pace e della cooperazione mondiali.

Tutti i popoli hanno diritto all' autodeterminazione; in virtù di tale diritto essi devono liberamente determinare il loro status politico e liberamente perseguire il loro sviluppo economico, sociale e culturale".

:: Convenzione di Ginevra, Protocollo Addizionale I (1977):

La lotta armata può essere usata, come ultima risorsa, come mezzo per esercitare il diritto all' autodeterminazione.

:: Tribunale penale internazionale

In base allo Statuto del Tribunale penale internazionale, sono definiti "crimini di guerra":

(1) attacchi lanciati intenzionalmente contro popolazione civili in quanto tali o contro civili che non prendano direttamente parte alle ostilità;
(4) attacchi lanciati intenzionalmente nella consapevolezza che gli stessi avranno come conseguenza la perdita di vite umane tra la popolazione civile, e lesioni a civili o danni a proprietà civili ovvero danni diffusi duraturi e gravi all'ambiente naturale che siano manifestamente eccessivi rispetto all'insieme dei concreti e diretti i vantaggi militari

of Palestinian life including the fact that those restrictions impede access to medical services, the difficulty in getting to work, the constant lack of certainty, and the greater expenses resulting from the restrictions gravely affect the economy and trade in the West Bank.

"The restrictions impair family and social ties", the report noted, adding that other "negative ramifications include a decline in the supply of infrastructure services and in law enforcement in areas under the responsibility of the Palestinian Authority".

"A substantial proportion of the restrictions are intended to serve ulterior interests, rendering the restrictions illegal. Furthermore, even if all the restrictions were intended to achieve legitimate security interests, many of them would violate the principle of proportionality, and therefore be illegal. It is also clear that the restrictions result in what is effectively collective punishment", the report resolved.
