## Israel buries atomic wastes in WB

03:41:49 E.U

The Zionist regime buries its atomic wastes in the West Bank, the UAE daily Al-Bayan revealed in its website on Friday.

According to the Palestinian Authority, the Zionist regime has buried its atomic wastes in the West Bank for several years, the Daily added.

The issue has caused increase of cancer, death, malignant tumors and disability of children, the Daily quoted Palestinian Authorities as saying.

The Palestinian Authority has demanded the United Nations to halt burying wastes by the Zionist regime which is against the international protocols.
