➤ PALESTINIAN TREES ARE NEW 'TARGET' OF THE OCCUPATION

zionism is unhealthy for trees...

Israel always took great pride in proclaiming that "we made the desert bloom".... What about the trees that have been there for over 200 years-- -Trees that are owned by Palestinians?? **THEY DON'T COUNT!** They are slated for removal so the wall of

apartheid can continue on its way....

This is [reported](#) from the Ma'an News Agency earlier today.... surely not in any AIPAC controlled daily in the USA.

Israeli forces demolish thousands of forest trees owned by Cremisan Monastery

Bethlehem - Ma'an - The Israeli forces on Wednesday began to raze hundreds of forest trees belonging to the Cremisan monastery near Beit Jala, in the southern occupied Palestinian West Bank.

Ma'an's correspondent stated that workers have begun demolishing trees under the supervision of Israeli soldiers.

The area to be destroyed includes around 2,150 forest trees, some of which are over 200 years old.

The trees are being razed in order to erect the illegal separation wall, which is located near the border of Jerusalem.

The Cremisan Monastery was founded in 1883 on the ruins of a seventh century Byzantine monastery. It is well-known for producing Cremisan Wine from local grapes
