"I work for L-3 Communications government services division." -- LF Moderator **WestPacsailor**

L-3 Communications?

Let's take a look...

Quote:

L-3 Communications Holdings, Inc. (NYSE: LLL) is a company that supplies prime contractors with Intelligence, Surveillance and Reconnaissance (ISR) systems and products, secure communications systems and products, avionics and ocean products, training devices and services, microwave components and telemetry, instrumentation, space and navigation products. Its customers include the Department of Defense, Department of Homeland Security, selected U.S. Government intelligence agencies, aerospace prime contractors and commercial telecommunications and wireless customers.

It looks pretty confusing...let's see if WRH or Rense or some other sites can figure this out. I'm sure there's a perfectly plausible explanation...

here's a little recap of WestPacSailor's employer and their subsidiaries....

wetpac sez:

...I work for L-3 Communications government services division.

now then, if we watch wetpac's behavior, we find that he denies global warming and peak oil, both of which are reasons that caused israel to stage 9/11, and no matter how grotesquely he squirms, it becomes obvious that wetpac supports israel.

all this conforms to the attitude of the people that control the american government ---the likudniks of the israel lobby, the zionist media, and the likud israeli american think tanks and their oily allies.

israel needed help to grab high ground to escape flooding ---and fulfil radical jewish religious beliefs--- and israel had to get that help and high ground before its american protector collapses from oil shortages, and that's why wetpac and the zionists running america have to deny both global warming and peak oil ---since global warming and peak oil caused israel to stage 9/11 to recruit american help.

since wetpac works for a corporation, L-3 Communications, that is deeply involved in the wars, and may even have been tipped off in advance of 9/11, wetpac must conform to the party line: support israel, deny global warming, deny peak oil.
