### LICENSE TO DESTROY

The Israeli army saved the nation from a vicious plot yesterday. There was a home in East Jerusalem that served as a home to twenty disabled

children. We all know what a dangerous scenario that could be.

Twenty disabled children living in a home that did not have a license. Twenty disabled children being taught skills that could make them proud, independent citizens in the future.

CRIMINAL! How could the army allow that to happen? It's unheard of.

In most cases a license is applied for and is either denied or is delayed for an unreasonable length of time.... during which the bulldozers are called in to demolish.

Twenty disabled children now homeless because of hatred... no other reason. Was a crime committed? Yes there was! By the state of Israel, the Municipality of Jerusalem in particular for not issuing the license required.

This case is not isolated, since the start of 2007 48 buildings have been demolished. Click [HERE](#) to download a report on the situation... a situation that must not be tolerated.

Following is a [report](#) from the Ma'an News Agency on the latest demolition...

Jerusalem - Ma'an - The Israeli forces demolished a centre for disabled children in east Jerusalem early on Tuesday morning.

The Israeli authorities said that the centre, which houses an association for disabled children in the Wadi Joz neighbourhood of Jerusalem, had no license.

Our Jerusalem correspondent reported that the Israeli military forced the disabled children to evacuate the building and then began demolishing it.

The 70 m<sup>2</sup> building, which is owned by Palestinian Jerusalemite Hani Tatah, houses more than 20 disabled children.

This latest demolition brings the number of buildings demolished by Israel since the start of the current year to 48; the Israeli authorities claim the buildings have no license.

This is a tragic story, Steve. With such cruelty surrounding you all the time, how do you manage to keep believing that one day the two nations will live in peace? What Israel is sowing it will reap for centuries!

It is very difficult Daniel to witness these horrors with my own eyes... yet I see hope on the horizon. The international community cannot allow this to go on forever. Just as the horrors of apartheid ended in South Africa, they will end here. Clocks move forward, not backwards.

Palestine was the beginning. Only Israel benefits from these endless Middle East wars. Iraq is the second stage. As the US commits war-crimes in Baghdad (at Israel's behest), the gov't commits treason at home by opening mail, eliminating habeas corpus, using the judiciary to steal private lands, banning books
