## BREAKING NEWS:

NM Senate Rules Committee heard the first of 3 hearings on the Impeachment of President George Bush and Vice President Dick Cheney.

The room was packed with standing room only and people had to wait in the hallways.

Republicans did not even show up to hear the people speak. However, there were enough Democrats to make a Quorum and decided to call for a vote after only 1 hour of hearing people raise their concerns.

It was a UNANIMOUS VOTE of all Democrats in the Senate Rules to pass their Hearing and to move forward to the other 2 committees for Impeachment on President Bush and VP Cheney.

If enough of these resolutions pass, maybe the critters in congress will pay attention.

**If it passes the next two hearings, the US House (25+ / 0-)**

is the next stop. They must hear the Impeachment if a State passes it.

**Not that I know of (0 / 0)**

There have been resolutions calling for an end to the war and the Patriot Act, but not impeachment. I will have to check.
