Russia wants israel to join NPT

Brace yourself for a hailstorm of anti-Russian zionist propaganda . . .

"We believe that the practical implementation of a nuclear-free zone will become possible only when all countries in the region, INCLUDING ISRAEL, join the NPT and subject their activities to the control of the International Atomic Energy Agency (IAEA)," Sergei Lavrov said in an interview with Syrian Arab News Agency, published Friday by the Russian Foreign Ministry.

Israel - join the NPT and open its nuclear facilities to inspection by the IAEA???

Not in his wildest dreams.

I am now CONVINCED that israel will remain a rogue state - separate and apart from the rest of humanity - until zionism ceases to exist.

The issue of nuclear arms has become topical in the Middle East ever since the United States began accusing Iran of pursuing a covert nuclear arms program and demanding that it cease its uranium enrichment activities, **while Iran, which is an NPT signatory, has consistently maintained that it needs its nuclear program for its civilian energy needs.**

Unlike Iran, Israel, a traditional ally of the United States in the region, has NOT SIGNED the NPT.

"Russia's principled position - that Israel should join the NPT and all Arab countries should join the Chemical Weapons Convention - remains unchanged," the Russian minister said.

Which is precisely why Russia is on the top of israel's sh*t list.

In fact, israel is now accusing Russia of selling [its most advanced anti-tank missiles to Syria](#).

Now, Russians have the nerve to suggest that israel join the NPT, **like everyone else.**

What are they thinking???

Russia is a princip[al] supporter of the idea of forming a zone free of weapons of mass destruction in the Middle East, and first proposed it in 1958.

Creating such a zone **would be consistent with the long-term national interests of the countries in the region,** he said.

And utterly at odds with the zionist agenda.

"It would be a considerable step forward in the cause of strengthening international peace and safety and achieving the goal of nuclear disarmament proclaimed in Section VI of the Nuclear Non-Proliferation Treaty," he said.

Which is why it will NEVER happen.

It's up to the world to disarm them.
