israel moves wall 5km east - into Palestine

This is for those who naively imagine that israelis want peace...

The only 'peace' israelis want is **A Piece of (someone else's) Land.**

[Prime Minister Ehud Olmert has approved](#) the moving of the separation barrier at least five kilometers eastward from the Green Line in the area of Modi'in Ilit, in order to take in the settlements of Nili and Na'aleh, according to security sources and a brief submitted by the state to the High Court of Justice.

The new route will create two Palestinian enclaves containing about 20,000 people. Nili and Na'aleh together have some 1,500 residents.

Olmert approved the change in response to pressure from residents of the two settlements, both of which would have been left outside the barrier, according to the route approved by the cabinet last April. The new route will lengthen the fence by about 12 kilometers, which will cost an estimated NIS 120 million.

Why should they care???

[israelis neither PAY for the move,](#) nor do they suffer the consequences.

The result is that some 17,000 Palestinians will be stuck in an enclave bounded by the fence along the Green Line to the west, and the road and the Nili-Na'aleh fence to the east. Another village, with some 2,000 residents, will be enclosed by the new fence route on three sides.

israelis are so stupid.

Both colonialism and apartheid are not only passe but abhorred across humanity, yet israelis are hard at work manufacturing their own little colonialist apartheid enclave in the so-called 'Promised Land' - the rest of humanity be damned.

When will they ever learn that to be a part of humanity and be LOVED is better than to lord over it and be DESPISED.

Thanks, for the tip Susan

[Maybe we should clarify the law for Olmert](#)

Man, oh, man, someone didn't like my last posting, "American Jewish Committee Report Goes After Liberal Anti-Semites". Anyways, I finally got back online using a new temporary service provider upstream of the network I am using which was and is fine. The regular provider got supremely nailed after my posting.

Anyhoo, the apologists are out spinning their guts out on the Wall move, pretending to give a damn about the Geneva Conventions, but really trying to keep the schlepps believing the Berlin, er, Israeli Wall is about security, when adults know it's about land rustlin' and ethnic cleansing.

["When will they ever learn](#)

"When will they ever learn that to be a part of humanity and be LOVED is better than to lord over it and be DESPISED."

From one perspective it can be claimed that because they feel unloved....that is why they are suicidal....."If I cant be loved...I will destroy everything and wreck it for everyone"!

Maybe the thought of dominating everyone globally and living like lords, just collecting tribute and the fruit of the labor of everyone else just make them feel good.

Maybe some of them are not human, it certainly seems like their soul is utterly black.
