

Who Orchestrated These Events?

TWA 800 is blamed on Iran

Lockerbie Was Blamed On Libya

WTC Was Al Queda

The Internet Buzz

The rumors circulating under the official stories are, the FBI blew up the Murrah Building, that the CIA and Bush staged 9/11, that Lockerbie relates to a CIA drug cartel, and TWA 800 was a CIA missile. I, myself, find these theories a little too convenient, much like some of the ambushes in Iraq.

It seems when the focus comes around to Zionists, suddenly the blame goes to the FBI or CIA. Hijackings and bombs have been a Mossad specialty for years.

Logically, Who Was Behind These Events

- The Mossad and it's American Units
- The FBI, and the CIA
