Dear Mr. Olberman,

Upon researching MSNB'C's coverage of the Palestinian issue, I am unable to find coverage concerning the 6000 Palestinians stranded at the Rafah border crossing in Egypt attempting to get home. The border has been closed to all crossing since June 9th. Many have been waiting since that time languishing in the desert. Palestinian reports say that 28 have died (many stranded are those who left to seek medical help outside Gaza and are not healthy). Sixteen babies have been born, none are eligible for Egyptian citizenship (unlike US law which grants automatic citizenship to those born here) and they have no birth certificates. Even if the border does open, these new mothers with their newborn babies will not be able to go home to Gaza.

Currently Dr. Mona El-Farra who is the vice president of the Gaza Red Crescent Society as well as Husam El Nounou and Marwan Diab of the Gaza Community Mental Health Program are among those stranded attempting to return home. Dr. Mona was returning from her 45 day, 17 city trip to the US which included an appearance before the UN. Modulo per ordini

Generale dell'ONU (1965) dichiara "la legittimità della lotta da parte dei popoli sotto oppressione coloniale, per esercitare il loro diritto all' autodeterminazione e all'indipendenza". Inoltre, l'Assemblea invita "tutti gli Stati a fornire assistenza morale e materiale ai movimenti di liberazione nazionale nei territori coloniali".

:: ONU - Risoluzione 1514

"L'Assemblea Generale dichiara che: la soggezione dei popoli a dominio straniero, conquista e asservimento costituisce una negazione dei diritti umani fondamentali, è contraria alla Carta delle Nazioni Unite ed è un impedimento alla promozione della pace e della cooperazione mondiali.

Tutti i popoli hanno diritto all' autodeterminazione; in virtù di tale diritto essi devono liberamente determinare il loro status politico e liberamente perseguire il loro sviluppo economico, sociale e culturale".

:: Convenzione di Ginevra, Protocollo Addizionale I (1977):

La lotta armata può essere usata, come ultima risorsa, come mezzo per esercitare il diritto all' autodeterminazione.

:: Tribunale penale internazionale

In base allo Statuto del Tribunale penale internazionale, sono definiti "crimini di guerra":

(1) attacchi lanciati intenzionalmente contro popolazione civili in quanto tali o contro civili che non prendano direttamente parte alle ostilità;

(4) attacchi lanciati intenzionalmente nella consapevolezza che gli stessi avranno come conseguenza la perdita di vite umane tra la popolazione civile, e lesioni a civili o danni a proprietà civili ovvero danni diffusi duraturi e gravi all'ambiente naturale che siano manifestamente eccessivi rispetto all'insieme dei concreti e diretti vantaggi militari

occupation-my.html Two days ago, Mohammed Omer, an award winning Gazan journalist who appeared on CSPAN in December gave a live interview to KPFFK here in Los Angeles from his vantage point in Gaza. It can be heard here <http://tinoire1.progressiveindependent.com/>

I do believe that MSNBC has correspondents in Cairo who could travel to the Rafah crossing and cover this story. Mohammed's email is Rafahtoday@yahoo.com. He responds quite quickly to emails sent to him . I am also certain that whoever is in Cairo could reach Dr. Mona through the Egyptian Red Crescent who is FINALLY sending some aid to the crossing. Please, please, I do not understand why MSNBC is not covering this issue. If it were 6000 Americans unable to return home, MSNBC would be there in a heartbeat.

Thank You Sincerely,

Robin *****

US media does a poor job of reporting the facts about what Israel does.

Video: Bush Threats and Actions Risk Accidental War with Iran "They're certainly nly issuing threats very publicly and openly. Not only the words but even the actions. So, for example, the last couple of years, the United States has provided to Israel over a hundred advanced jet bombers openly advertised as capable of bombing Iran and returning. I don't think a word about that has been published in the United States but it's public information. You can read it in the Israeli press, you can read it in military journals. Certainly Iranian intelligence knows it. ..." see more youtube.com/watch?v=cQ1REGsexh
