Extreme Jewish supremacist Robert Zoellick appointed to high post
by David Duke

Ultra Jewish Supremacist-Neoncon Robert Zoellick, the current U.S. Trade Representative, has now been appointed to Deputy Secretary of State.

It makes perfect sense that this Israel-firster has been promoted to one of the highest posts in the Federal Government. The interesting aspect is that the media consistently covers up for political figures who support policies harmful to America, but are always in favor of those politicians who always look out for Israel's interests.

The Neocons have of course been the driving force behind the disastrous Iraq War and occupation. From the beginning the war was not about "weapons of mass destruction." That was nothing more than a lying excuse. It was not about oil, for Saddam offered to sell us all the oil we needed and at discount prices. In fact, the war caused oil prices to skyrocket and therefore cost America and Europe trillions of additional dollars in energy costs! From the start the war was about one thing, the one thing that the chief Jewish architects of the war, Perle and Wolfowitz, themselves stated again and again, the need to secure Israel's Eastern flank. The war was and is good for Israel, but very bad for America.

The Jewish Neocons also have been at the lead in destroying America's economic base. Robert Zoellick, for instance, has been composing free trade agreements with numerous Third World nations. Most recently, he authored the CAFTA accord, which has yet to pass congress, which calls for free trade to all the nations of Central America, a move that will cost hundreds of thousands of American jobs and destroy tens of thousands of American businesses. The politicians wanted to get the elections over before they signed that piece of treason.

It is no accident that Robert Zoellick was in line with the loudest chicken-hawks in promoting the Iraq War, and at the same time acted to increase our unemployment lines in America. Robert Zoellick has been instrumental in fostering outsourcing of American jobs to the Third World. He has been fostering more trade with Red China (and yes, it is still RED).

Bush has appointed a Deputy Secretary of State who serves the Israeli State First, and appointed an Attorney General who has supported torture of prisoners, a la the Israeli method.

Robert Zoellick's appointment is symbolic of the Zionist hold over the government of the United States
