

# More Evidence Mossad Killed JFK Over Israeli Nukes

**The Missing Link In The JFK Assassination Conspiracy**

From John

(Note - The second item below is a letter from JFK to Israeli Prime Minister Eshkol which makes it crystal clear JFK did NOT want the Jewish state to develop nuclear weapons and that he was demanding regular US inspections of the Dimona Nuclear facility...which, as we now know, was/is used to develop Israel's enormous inventory of atomic and thermonuclear weapons. The US Air Force white paper regarding past and ongoing Israeli thermonuclear blackmail of the US is a stunning look at how Zionism has exerted such staggering domination over the US for decades. -ed)

After reading: "New JFK Assassination Theory" from WND, it is obvious that it is just more dis-information diverting attention away from the more than likely perpetrators, the Mossad. It's only fair to remind or inform your readers of the theory posed by Michael Collins Piper in 'Final Judgment'. His theory makes more sense

than anything.

## Final Judgement Reviewed by Mark Braver

There seems to be a lot of misperception of what Final Judgment does and does not say about the JFK assassination. The book does not say that "the Jews killed JFK." That's horse manure.

What the book does say is that: When New Orleans District Attorney Jim Garrison charged businessman Clay Shaw with participation in the JFK assassination conspiracy Garrison stumbled upon the Israeli Mossad connection to the murder of President Kennedy. Shaw served on the board of a shadowy corporation known as Permindex. A primary shareholder in Permindex was the Banque De Credit International of Geneva, founded by Tibor Rosenbaum, an arms procurer and financier for the Mossad.

What's more, the Mossad-sponsored Swiss bank was the chief "money laundry" for Meyer Lansky, the head of the international crime syndicate and an Israeli loyalist whose operations meshed closely on many fronts with the American CIA.

The chairman of Permindex was Louis M. Bloomfield of Montreal, a key figure in the Israeli lobby and an operative of the Bronfman family of Canada, long-time Lansky associates and among Israel's primary international patrons.

In the pages of "Final Judgment" the Israeli connection to the JFK assassination is explored in frightening--and fully documented--detail. For example, did you know:

\* That JFK was engaged in a bitter secret conflict with Israel over U.S. East policy and that Israel's prime minister resigned in disgust, saying JFK's stance threatened Israel's very survival?

\* That JFK's successor, Lyndon Johnson, immediately reversed America's policy toward Israel?

\* That the top Mafia figures often alleged to be behind the JFK assassination were only front men for Meyer Lansky?

\* That the CIA's liaison to the Mossad, James Angleton, was a prime mover behind the cover-up of the JFK assassination?

Why didn't Oliver Stone, in his famous movie "JFK" not mention any of this? It turns out the chief financial backer of Stone's film was longtime Mossad figure, Arnon Milchan, Israel's biggest arms dealer.

The very fact that the Israeli lobby has gone through such great lengths to try to smear Michael Collins Piper and to try to discredit Final Judgment gives the book great credibility. If the book was really so silly or so unconvincing, it doesn't seem likely that groups such as the Anti-Defamation League would go out of their way to try to suppress the book as they have.

The fact is that Piper demonstrates that Israel did indeed have a very strong motive to want to get JFK out of the way and that numerous people who have been linked in other writings to the JFK conspiracy were (as Piper documents) also in the sphere of influence of Israel's Mossad. Not only Clay Shaw in New Orleans, but also James Angleton at the CIA, who was Israel's strongest advocate at the CIA and also the CIA's liaison to the Mossad. The Israeli connection is indeed "the missing link in the JFK assassination conspiracy."

The "Reader from Chicago" who wrote the review of Final Judgment posted here is really off the beam and I suspect he (or she) is deliberately distorting what Piper's book does say in order to try to discourage people from reading it.

The fact is that Piper's book documents (quite clearly, in my estimation) not only the means, opportunity and the motive for Israeli Mossad involvement in the assassination (working in conjunction with the CIA), but it is also quite fascinating and very interesting read. "Boring" is the last word I'd use to describe the book, and it is certainly not "poorly written."

What's more, the book is not--I repeat--not "anti-Semitic" and the book has absolutely nothing whatsoever to do with the subject of the Holocaust. In fact, anybody familiar with any of the standard writings on the JFK assassination will recognize the names of some of the key players in the scenario Piper documents: Clay Shaw, David Ferrie, Guy Banister and James J. Angleton of the CIA--and none of them were Jewish. So where this reviewer gets off saying that Piper finds "a Jew under every rock" is beyond me. I have read literally hundreds of books and magazine articles and other material on the JFK assassination and not in a single one of them--with the exception of Final Judgment--did I ever learn that President John F. Kennedy was trying to stop Israel from building the nuclear bomb and that this literally touched off a "secret war" behind the scenes between JFK and Israel's prime minister, David Ben-Gurion, who resigned (among other reasons) in disgust over JFK's policies with Israel. In fact, Israeli historian Avner Cohen in his book, Israel and the Bomb, documents this quite thoroughly.

And in Final Judgment Piper also outlines some interesting Israeli connections by people who have been linked to the JFK assassination and cover-up, including Clay Shaw of New Orleans. Even Israeli journalist Barry Chamish has written in an Internet review of Final Judgment that he finds Piper's Israeli connection (via Shaw and Permindex) quite convincing.

There was a controversy in the Chicago area following

an attempt by the Anti-Defamation League (an Israeli lobby organization) and people associated with the ADL to prevent Final Judgment from being placed in the Schaumburg Township District Library. Chances are the Reader from Chicago is probably an ADL representative! --This text refers to the Unknown Binding edition.

JFK's Concern Over Israel's Nuclear Bomb Program

JFK's Letter To Israeli PM Eshkol July 5, 1963

Dear Mr. Prime Minister (Eshkol),

It gives me great personal pleasure to extend congratulations as you assume your responsibilities as Prime Minister of Israel. You have our friendship and best wishes in your new tasks. It is on one of these that I am writing you at this time.

You are aware, I am sure, of the exchange which I had with Prime Minister Ben-Gurion concerning American visits (ie: inspections -ed) to Israel's nuclear facility at Dimona. Most recently, the Prime Minister wrote to me on May 27. His words reflected a most intense personal consideration of a problem that I know is not easy for your Government, as it is not for mine. We welcomed the former Prime Minister's strong reaffirmation that Dimona will be devoted exclusively to peaceful purposes and the reaffirmation also of Israel's willingness to permit periodic visits (ie: inspections -ed) to Dimona.

I regret having to add to your burdens so soon after your assumption of office, but I feel the crucial importance of this problem necessitates my taking up with you at this early date certain further considerations, arising out of Mr. Ben-Gurion's May 27 letter, as to the nature and

scheduling of such visits.

I am sure you will agree that these visits should be as nearly as possible in accord with international standards, thereby resolving all doubts as to the peaceful intent of the Dimona project. As I wrote Mr. Ben-Gurion, this Government's commitment to and support of Israel could be seriously jeopardized if it should be thought that we were unable to obtain reliable information on a subject as vital to the peace as the question of Israel's effort in the nuclear field.

Therefore, I asked our scientists to review the alternative schedules of visits we and you had proposed. If Israel's purposes are to be clear beyond reasonable doubt, I believe that the schedule which would best serve our common purposes would be a visit early this summer, another visit in June 1964, and thereafter at intervals of six months. I am sure that such a schedule should not cause you any more difficulty than that which Mr. Ben-Gurion proposed in his May 27 letter. It would be essential, and I understand that Mr. Ben-Gurion's letter was in accord with this, that our scientist have access to all areas of the Dimona site and to any related part of the complex, such as fuel fabrication facilities or plutonium separation plant, and that sufficient time to be allotted for a thorough examination.

Knowing that you fully appreciate the truly vital significance of this matter to the future well-being of Israel, to the United States, and internationally, I am sure our carefully considered request will have your most sympathetic attention.

Sincerely,  
John F. Kennedy

Here is the US Air Force paper on Israel's nuclear

blackmail of the United States and its influence on US foreign policy. One can draw additional conclusions about how such blackmail might have factored into the trillion plus US dollars that have benefited Israel since JFK's murder.

Mossad motives against JFK are probably true, but don't forget who more probably did the actual shooting and the cover-up. CIA and military-industrial fingerprints are all over the hit. Meyer Lansky may have had Permindex-Mossad ties, i.e. he sought refuge in Israel toward the end of his life, but Lansky had much more going here in the USA. For example, the United Fruit company figures in the lives of more assassination suspects than did Permindex. Col. Fletcher Prouty's naming of Gen. Ed Lansdale as the man in Dealey Plaza photos (walking past the famous hobo suspects) also points to United Fruit. Lansdale's protege in the CIA was Allen Dulles, who worked for United Fruit for years. United Fruit was owned by the Du Pont family. Incidentally, the Bronfman family which this article ties to Permindex, held a major share of Du Pont corp. stock up until a few years ago. In short, there may have been Mossad motives against JFK, but the larger hand and the triggermen appear to have been US citizens.
