Seth Tobias and Paul Gillmore and now Oleg Zhukovsky all found dead, two died in their own swimming pools with signs of torture but were rules suicides anyway. Then Andrei Kozlov, connected to the same bank as Oleg was shot and killed outside his office after speaking out about cleaning up corruption in Banking. Gillmore worked on the finance committee in the US congress. Tobias was a Hedge fund manager he knew who many of these "speculators" AKA insiders were from Goldman Sacs who were going to make it big on the sub-prime crash. It came to light that Tobias was also a frequent client to a male prostitution ring in Florida. And now we have the mysterious "suicide" of the DC Madam. Somebody sure is cleaning up their loose ends. When you break it down it seems to be a massive bribing for trades scandal with a ring of sex slaves going all the way back to Russia and Israel to the US.

We now know from toxicology reports that Seth Tobias had been drugged and Oleg Zhukovsky was tortured and zip cuffed. Ryan Dawson has the scoop on a not so secret [underground sex slavery operation](#) tagging both government and banking officials. Who is holding the system hostage through blackmail? All Roads lead too.... "Foreign country A"

Palfrey Considered Call Girl's "Suicide" Possible Murder

Contrived Media Ploy As DC Madam Tape Ignored

Quote:

Within hours of the announcement that DC Madam Deborah Jeane Palfrey had allegedly hanged herself at her mother's home in Florida, Time Magazine released an interview with her "friend," a professional conspiracy debunker and an individual who has fabricated quotes in the past, who claimed Palfrey had told him of her wish to end her life.

The sick thing is they're going to get away with this...

Fuck that. I'm calling The Tennessean this afternoon and demanding that this be made front-page material! I think I still have a list of email contacts for the MSM somewhere around here...

do it not just for Madam but all these murders. I called it back in September that Tobias had been drugged and finally months later Feb 28th that was confirmed as true.

I would like to hand over the information I have been sitting on to an investigative journalist AKA someone getting paid to do it unlike me.

This entire story reaks of murder. It's so obvious

Mossad killed the DC Madam. Face it if she spilled the beans on her clients then the Israelis would lose their blackmail.

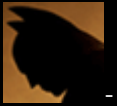

And they have a lot of Cheney.

compare cheny of 1994 to cheny of today.

The whole OSP and WHIG were being run out of his office. And his right hand man Lewis Libby was a lawyer for the Mossad, ousted the CIA to cover up Israel selling our nuclear secrets and lying about Niger. Cheney is surrounded by passport carrying Israelis. Spitzer was outed by Israelis after writing about the predatory lending. Monica had her phone tapped by Israelis. If you read my paper on blackmailing linked above it goes all into the Israeli connections to tapping phone and computers and getting dirt on politicians especially right wing christians. McGreevey was sleeping with an Israeli national. Abramoff huge Israeli lobbist was sending people to brothels. Including DeLay. When you look over the strange deaths I wrote last septemeber all roads lead to foreign country A.
