Bush: Back On The Bottle?

www.NewsCorpse.com

The national embarrassment that is our president once again raises its reddened face. In photographs [from the Olympics](#) in China, it appears that recovering souse, George W. Bush, is relapsing.

In one picture his face is flushed, his eyes droop, and his expression is dopey. In all fairness, that may be his normal expression. However, the bloody scrape on his arm suggests that he has recently taken a less than normal fall.

In the other picture, Bush appears to be having trouble remaining upright without considerable help. It takes three men to prop up the wobbly boozier-in-chief.

Don't it make ya feel proud?

This is the man that [John McCain's 3rd term](#) would seek to emulate if, Heaven forbid, he gets the chance. However, this is not the first evidence of Bush's backsliding. First and foremost, that high bar of American journalism, the [National Enquirer](#), wrote

about it three years ago.

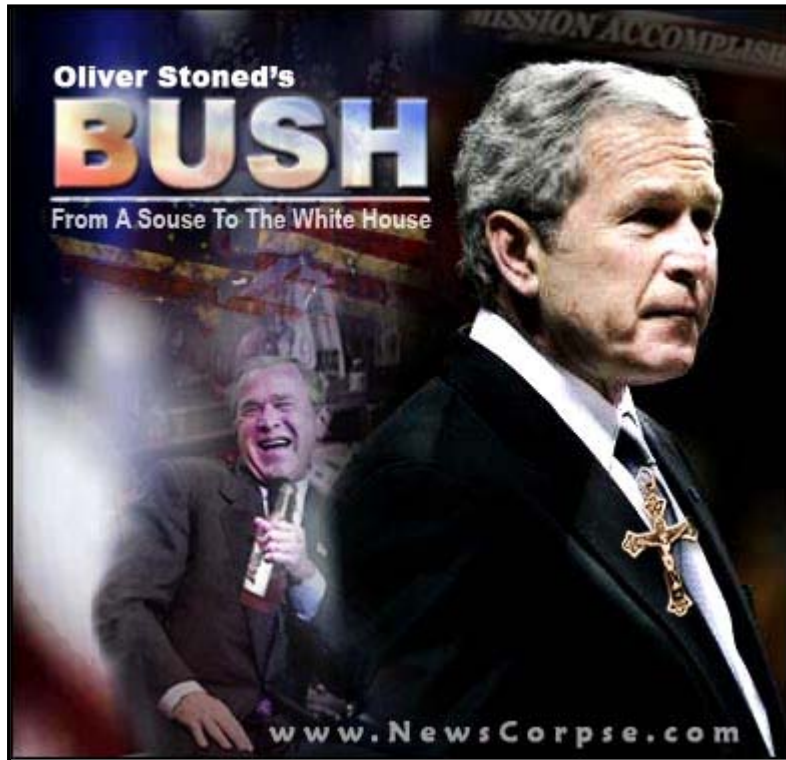

[EOnline](#) reported last year that Bush's return to drinking drove Laura to move out of the White House and to a possible split-up. Other rumors had her house hunting in Dallas for a post-presidency home away from George.

Both the Globe and Examiner covered Laura's "[eruption](#)" at her hubby's imbibing.

Just last month Bush accused Wall Street of getting drunk and having a hangover. Perhaps they were binging together. We know how close they are.

This is a president who can't stay upright on a bicycle and who nearly chokes to death on pretzels. Maybe we'll get a better picture of the man when Oliver Stone's movie "W" is released in a couple of months. Stone's script reportedly has Bush Sr. telling his no-good progeny that...

"You never kept your word once...you're only good for partying, chasing tail, driving drunk... You deeply disappoint me."

He deeply disappoints us all. This is what America gets when they vote for the guy they'd most like to have a beer with.

What a waste of life!! Do the world and yourself a favor and commit suicide.

Hey, comments like that will make Bill O'Reilly call this "*hate site*." Besides, suicide is too good for him. I want to him live through his impeachment and/or Vincent Bugliosi's prosecution of him for murder.

I'm all for the "*right to die*" and "*death with dignity*" but that ship has already sailed for Bush.

Bush: Back On The Bottle?...

**** I stated in a articles I commented on in the last two days that I noticed some drunk bumps on dumbya's arm at the Olympics. Seems I'm not the ONLY one that noticed. In one picture his face is flushed, his eyes droop, and his expression is dopey...

GET SMART PEOPLE

The national embarrassment that is ANYONE WHO BELIVES THIS SH*T

See heres the thing guy and gals is that a picture tells a thousand story's such as this one.

1st. Top picture shows Pres Bush (THE MAN) sitting with his wife apparently agreeing with someone's PREFORMANCE. HE IS WEREING A LIGHT BLUE SHORT SLEVE BUTTON UP SHIRT.

2nd. we see Pres Bush (THE MAN) getting help up from some secret service guys or others wanting to help. NOTICE THAT IN THIS PICTURE HE IS WEREING A LONGSLEVE WHITE BUTTON UP SHIRT.

Now this is just a little something from people who are anti Bush and they manipulate people with fast pictures and small articles that actually bear no truth what so ever. So now who do you think is lying and giving you disinformation? Not just Bush but anti Bush as well. If you are trying to further your cause please try to tell the truth and show the truth. Hipacrits THIS MEANS YOU. PLEASE DO NOT BELIVE ALL THIS CRAP ABOUT BUSH. 90% IS BULL CRAP. SO HOW DOES IT FEEL WHEN YOU GET FOOLED BY ANTI BUSH PEOPLE WITH THERE OWN AGENDA. SO, WHOS LYING NOW?

Come on peopel lets start doing research on both sides of the coin rather then jumping on the popular band wagon every chance we get.

So, he changed his shirt, from one venue to another. Since Laura seems to have on the same outfit, it could have been the same afternoon/evening. Whatever. He still looks "out of it". And obviously could not get up without help.

Minimum question.....Why?

Who cares what shirt he was wearing? These are two different pictures and he appears to be sloshed in both of them. Your argument only makes it worse, implying that he was drunk on multiple occasions.

HE is still apparently DRUNK as a SKUNK and can't even stand up on his own!!!

Blue shirt, white shirt, red shirt,... I'm sure he spills beer on all his shirts anyway...

He is OBVIOUSLY drunk or drugged or both!!
Go AMerica!! /snark.

...so he was wasted on multiple appearances at the Olympics. I don't see how Bush's ability to change shirts overnight supports your case in any way.

Face it, Jacob; your leader is a wasted, washed-up tool. We should all feel horrifically embarassed that this idiot represents us to the world, and that we allow his puppet-masters to commit so many crimes in our name.

notice that a anti bush site only has anti bush people making comments. Make sure you guys stick together and talk with only yourselves because when you come out into the world you will see that your arguments are nothing more than speculation at best. Look for the truth. Don't draw conclusions from some pictures, research people. Be ready to consider all stories then comment on what you think

Yes, this is an anti-Bush site. But that's only because it's a pro-America, truth, and intelligence site.

And Bush supporters, like yourself, are welcome to comment here. It's not my fault that there are only 23% of them left in the country after his disastrous administration that has thrust us into two wars, corrupted justice, fouled the environment, and destroyed our economy.

I think you're the one that needs to get out into the real world a little more.

Джордж Буш - самый плохой президент в истории Америки.

Love the comment above titled "Get Smart." It is absolutely filled with misspellings that are clearly not typos. I know having said that, I am doomed to make a mistake in this reply, but I'm not demanding that people "get smart."

Nothing in the original post implies that these two photos are concurrent. They are two examples of the President's apparent drunkenness. I think drinking is a reasonable explanation for W.'s bufoonish behavior over the last 8 years. In fact, I'd almost rather hear he'd been boozing all this time. Thinking that a sober person would behave as he has is rather horrifying.

I also get a kick out of conservatives when they tell others how stupid they are when their writing shows they havn't even been able to master basic grammar. There is a word for that...wanker. That's

from the Australian slang for very stupid people that *think* they're smarter than others. And that is not a slam on stupid people; I know some wonderful people that have very low IQs but most of them don't labor under the impression that everybody else is even dumber.

I HATE Bush, but Jacob is correct. Between the hatred this man has created for himself, it would be very hard to distinguish truth from fiction these days. The bottom line is that while all presidents have a group of people that dislike/disapprove of them, Mr. Bush has broken the mold with a whole new anti-fan club. I think that despite the secrecy this administration has tried to uphold (and with great failure), one would think this would have made more press than John Edwards' potential bleeding heart love child being trained by al-qaeda to hug trees.

Yes these may be different pictures but how can we draw conclusions from pictures where he may or may not have had a few too many drinks. There are so many other causes for this behavior but since BOOOO-Bush seems to be the way the wind blows these days then go ahead and draw all the uneducated conclusions you can. When you look for garbage, you are going to find it. I am sure there is a hundred more pictures out there that you can draw negative conclusions from. For instance I saw some compelling evidence that Bush, Blare, and Mushareff are actually aliens in disguise. If you think these two pictures lend merit to your argument wait until I post this stuff. Thanks for spreading more crap around. Let us face it, someone had to remove Saddam. Come on people. This is a man who gassed people, tortured people to death using electricity, poisons, and some other horrible sh*t I don't want to think of. (Please try to restrain yourself from bringing up Guantanamo). I think that Bush did what every hard-working God-fearing person wanted. No weapons of mass destruction? What do you

think Saddam Hussein was? His mind was a weapon of mass destruction. This is how I see it, your guilty conscience may make you vote democratic but deep down inside we want republicans to brutalize criminals, lower taxes, and teach the bad guys a lesson or two. Then, we scream cover up, deception, lies, torture, and embarrassment. The most embarrassing thing is how the American people flip-flop from popular to unpopular decisions. O well, this is why I love being Canadian. We get to sit back and watch you people tear yourselves apart and then blame your leader. It's you the people who are to blame. Unite together don't let this sh*t govern what makes you Americans good people and that is if anyone wants to pick a fight with the weak, then The USA will teach you a lesson or two. O and buy the way do you know who gives you most of your oil? No, it is not Saudi Arabia, not Iraq, or any, other backward country that hates you. It is Canada. Alberta Canada. 60% of your oil comes from us. How does that sit? You do not need these other countries for oil. In fact, we have the second largest oil deposits in the world and were just a little north from you so thank you for supporting my country. The more bullies you guys kill, the more oil you will need to do it so keep it up and we will keep it flowing see ya.

p.s. How is that for bad grammar a misspelling? I should read more.

Saddam was just the same as a dozen other tyrants around the world. Should we invade all of those countries too? And if Saddam is to be condemned for the horror he visited upon the Iraqi people, then Bush deserves condemnation as well. Bush's war killed many more Iraqis than Saddam ever did.

However, when you say that *"It's you the people who are to blame,"* I couldn't agree more. The Americans who went to the polls and voted for Bush were either deliberately blood-thirsty, pathetically fearful, or willfully ignorant.
