ELEVEN YEAR OLD 'TERRORIST' KILLED BY ISRAELI SOLDIERS

Following are [quoted texts](#) and my comments..

"He was a young boy playing with his friends. How could he threaten the soldiers?" he said. "They're just kids who saw a march against the fence and joined in. To come back dead and without a head shows the cruelty of the soldiers."

But why kill the kid?

Mussa's 10-year-old friends said they were trying to remove barbed wire placed by the army when a jeep arrived and forces started to fire.

Simple enough explanation...

"Suddenly, we saw the martyr falling and one bullet in his head," said Mussa's friend Ahmed Saadat. He admitted that the children then started hurling stones at the forces, with one of them hitting a police officer in the head.

How dare they!!!

Just remember, the bullet that killed this 11 year old boy was a gift from the United States government....

WE can't Americans are getting the rep for allowing their country to fall so far. They unfortunately can LEAVE or face the Allied reprisal for their heinous warcrimes.

That's it, I'm calling for an International Boycott on ALL trading with Israel.

This covers just about every major name-branded item on the planet that Israel has been buying up for at least twenty-five years.

I absolutely dare Israel to send the Mossad after me to prevent me going on my radio show and calling for a boycott.....I DARE YOU!!!!

IT HAS BEEN PROVEN TO BE ABSOLUTELY TRUE....ISRAEL IS A COWARDLY NATION. THEY WILL ALWAYS BE COWARDS...and that's why countries bow to Israel...because they're COWARDS too!

Isn't it truly strange that ALL cowardly nations in the world are WHITE-SKINNED people!

More important than story is our need to behave civilly as we comment to these articles - show no anger - do not besmirch Israel in anyway. Remember is only Israelis pulling the triggers and getting paid by US arms dealers - it's the people paying for the genocide and not the people directly responsible.

Israelis have been through a lot - imagine waking everyday to the ratty rot from popping Arab corpses that you were victimized into accepting payment to murder - it wouldn't be your fault - your the eternal victim - instead - it the fault of those forcing you to accept payment and endure the smells of what you've been paid to do.

Will it ever end - the poor poor overly tribulate-d New Jersey and Russian new comers and wondrous progeny of the White Abraham that have been forced to endure the smells of the dead they were paid to kill. Don't take it out on them - they are without guilt - it everybody else's fault - they are weak - free shekels does that to the children of the White Abraham.

So be respectful - and don't blame Israelis for doing the same thing you would do if American Arms dealers were paying you 10 Billion a year.

Those friends who threw stones at the soldiers? Well three of them were wounded when Israeli soldiers shot them while they were attending Mussa's funeral.

Mans inhumanity to man knows no bounds in this case it was IDF's genocidal , inhuman treatment of little children that galls most sane humans. Then again when many of their religious leaders preach hate, is it any wonder that young soldiers become the monsters that they are.

This is why Israel has to build a wall around itself. Total moral, ideological and philosophical bankruptcy. Lies and Liars need walls to protect them from reality.
