Let's not forget that when Baruch Goldstein committed his massacre of 29 Palestinian worshipers in Hebron, many of his faith and sect erected a monument for him because they considered him a hero!

Civilians killing is not new to Israelis who target heads of children and even adults as we have already seen in the past.

I feel so terribly sad for the horrors currently unfolding in Gaza ...

By the way, I moved into my new flat (finally) and Ilektra gives you a big hug.

As soon as the news of the shooting hit the press, it was a given Israel would "take advantage" of the tragedy, but actually using those words to describe their propaganda plan speaks volumes, doesn't it.
