Protesters march in Civic Center Park this afternoon, contending the Sept. 11 terrorist attacks were a U.S. government conspiracy.

CIVIC CENTER – Chanting “9/11 was an inside job!” protesters congregated here before hitting the parade route this afternoon, cameras in hand to document everything that happened and supply their live feed to those watching online.

Organized by We Are Change, the march brought calls of “9/11 truth now!” and signs calling for an investigation of the Sept. 11 attacks.

We Are Change has been filming protests this week in an effort to catch illegal action – whether by protesters or cops.
