Dude, Where Is Their Country?...Michael Moore's New Movie About Occupied Palestine

Sure to ruffle some feathers his new movie Dude, Where Is Their Country will likely be the best movie he has made yet. In this one Moore will get to play an action hero in occupied Palestine. He'll dodge IDF rubber bullets at peaceful apartheid barrier wall demonstrations. He'll walk to school with Palestinian children with international human rights volunteers and try to avoid a shower of rocks

and spit from nasty Jewish settlers on the West Bank as they chant "we killed Jesus we'll kill you too"(silly fraudsters, everyone knows they're not the ones who killed Jesus). He even hangs with some Palestinian freedom fighters while they try not to be target assassinated by the racist Apartheid state. He'll tell you the story of the Nakba (the catastrophe) that no one else will.

Okay you know I'm kidding, liberals and leftists only hate fascism when it doesn't involve Israel or Jewish fascists. Israel can brutalize Palestinians or invade or bomb other countries at will, that's okay. No one will tell the truth about what's going on in Palestine, that would be anti-Semitic. So don't worry, Michael nor anyone else in Hollywood have the courage or human decency to make an informative movie like this.

you know what, you're probably right, but to bitch and moan is stupid, at least he's bringing that situation to the main stream, the same way he did with Fahrenheit 911.

Sure it won't be enough, but it's something. I'm sure if people are introduced to the actual conditions over there, they will change their tune, I'd hope at least.

Michael Moore's manager is Ari Emmanuel, brother to DNC Chairman Rahm Emmanuel. Both are "Israel First!" dual citizens. That's why Moore won't go near Israel's genocide against the Palestinians or the blatant involvement of Israel in the 911 attacks. It also explains his involvement in the hangout on the Colombine psyop.

At least he makes movies. What do you make?

Israel acts like a bully and needs a spanking for sure but criticizing film makers when you don't make films is like criticizing live performers when you don't even have the courage to stand on a stage yourself.

You got all the free time and energy to make blogs and posts so film making is not a huge step. I know, I have made many films. Looks so easy from the audience doesn't it?

A movie like that would be great. No way it would ever be put to film because the agents of Israel would make sure it was stopped.

The truth about the crimes of Israel will never be told to the entire world, and if they were, no one would believe that any human could be that evil to other humans.

The best way Palestinians can fight the "zionist settlers" is to video their crimes and post the vids on the internet in six minute episodes. American goyim young people may be impressed by the sheer vitriol and bloodlust of the jews in Palestine.

Michael Moore is such a fraud and so afraid of the truth its not funny.

Just forget it, film all their crimes. Put it all out there on video, let everyone see what these bloodsucking Zionist israeli and christain pricks do!!!!!!!

Just DO IT!!!!!!!!!!!!!!!!!!!!

What other choice is there, we're at world war with them either way.

If we don't stop these psychopathic israeli zionists and christain zionists, they will destroy the world and put everyone into detention camps just like Israel is.

Then after that they will parade around with their fascist zionist friends, pointing fingers at the goyim.

They are the most sick nutcases the world has ever seen, just film their every move and hope lightning strikes a whole lot of them so they don't blow the middle east up.

Hey Kids. Don't forget to support Liberal White Boy. No I don't accept donations or foreign aid. I'm no bum. But check out my Who Was The Lord of the Dinosaur? CD. Let's see if we can get LWB on the charts. You can buy the CD or download songs from a lot of places on the Internet. Go to the following site for a quick listen. But buy them from I-tunes so they will register on Billboard (until the Zionists strike them down that is).
