Jewish Internet Defense Force 'seizes control' of anti-Israel Facebook

Mossad operation to shutdown LibertyForum.org has now been exposed. I knew it all along, that it was Jews behind this shutdown. Most likely all posts are now searched and investigated by Jews in Israel and most likely they'll make list of all people writing to LF and some odd accidents might happen.

Why is Liberty Forum Down?

2. lightningrod on September 11, 2008

I have no idea what happened.

No one knows anything. There is no info from them.

I think it is done for good. I think that gjenkins and Jack\_Barbara do not want to bring her back up.

Maybe in the future after some national catastrophe they might bring her back up.

But I think for now, it is gone. I would be surprised if it comes back up.

ok, these ppl are insane. Boondocks Forum has a thread on LF's Outage. The thread is for members only. They split the thread over a religious debate and that thread can be seen here:

Odd Zionist outage of LibertForum.org is continuing, wonder what happened to LibertyForum.org? Oddly all IPs point to Israel...

Hiya Minmor!

And notice that the "discussion" from the boondocks with libertyforum in the title is not really a discussion at all about what is happening. It's just a bunch of nonsense.

Lf mainpage has no temp page telling us why and gjenkins and the rest of the fictional characters aren't saying squat.

John Deere? Another creation of LohAma Psicologit (Mossad's psych/warfare division). LF could have been Mossad right from the beginning. Either way, it was fun while it lasted and we woke a lot of people up to a lot of facts.

Despite what happens, LF was a great success in my opinion. Kudos to all who spoke truth and wisdom on there, and to those who made us laugh.

This site seems to be the best place to go, imo

I concur with L-Rod that engforum,pravda is currently a classy discussion board.

I recently posted several entries in their Main Forum in the Putin - Bush is not in charge thread.

LF could be down because there was no way zionist-severing trolls could counter our expose of the treachery of their duals in getting America to fight Israel's enemies in Afghanistan and Iraq. This together with discussion of Israel's probable culpability in 9/11, the USS Liberty attack and their scam in America's congressional elections (funding election campaigns, then getting lawmakers to gift \$3-billion to Israel annually) probably led to their agent in the FBI having an "advice" chat with the operators of LF, and of course, mandating silence.

LF was categorized as a "hate speech" site back in '02 by the private Surfcontrol.com. With LF membership growing by a hundred every few days zionists were beginning to see a threat to their scamming so they had to shut down LF through some kind of intimidation, same way as they've silenced the holocaust deniers in order to milk reparations from Germany.

The Pravda site is certainly a good choice, especially with the positive international leadership being shown by Russia. Engforum has good editing and search features, and with moderators, a bit more civility.

LOL at Tatrewicz. Zioist trolls? There is a Jooo hiding under your bed right now. Don't forget to put your depends on because he might wake you up in the middle of the night. ROFLMAOAY.

Oh, and the Jooos were not only responsible for 9/11, but they also did the Madrid and London bombings too.

And don't forget about the Jooos controlling the weather. Ike is a Jooooish name. Ike a a Joooo on South Park.

Joooo Paranoid Internet Circus Freaks make me laugh.

Thanks for bringing a grin to my face this morning.

I'm not the only LFer suspicious of zionist organized jewry antics. See John De Nugent's piece on "Judaized Americanism", Vanguard News Network Forum:

[url]<http://206.41.117.128/showthread.php?p=844952>[url]

True, some LF posters displayed intense animosity toward jews just like some victims regard the vicious criminals who have done them harm but this is not warranted in discussions which are trying to get at the reasons for behavior of criminals and jews in order to get a handle on how to change and preclude their psychopathic, antisocial behavior.
