UPDATE OF SURRECK ORDER (Courts & Judges Integrity questionable)

The previous post questioned the actual author of the "ORDER" allegedly issued by US District Court Judge R. Barclay Surrick (I left off the title "Honorable" as that remains to be determined).

This update will address three additional findings concerning this order and its actual author(s).

1. The "mystery Fax (header on the bottom of the 36 pages)

LARRY'S YOUTUBE

began at 4:55PM and ended at 5:11PM for a total of 16 minutes. But where was the "mystery fax" machine located?

2. The fax from Judge Surricks office to Phillip Berg started at 18:09 or (6:09PM) and ended at 18:16 or (6:16PM) for a total of 7 minutes. Now what would cause a whole 9 minute discrepancy in the transmission times of a fax on the exact same number of pages? And even a slower machine would not cause a difference of more than double the time of transmission for the same number of pages.

3. The ORDER has no file/date stamp on the document at any page whatsoever which is required and is standard Court procedure. Why?

Judge R. Barclay Surrick, whether intentional or not, has created a situation that challenges the very integrity of the US District Court for the Eastern District of PA as well as the integrity of the Judge himself.

THE TRUTH ABOUT OBAMA

All of these issues must be address without delay, and the owner and location of the "mystery Fax" must be disclosed immediately with explanation as to why a ruling said to be issued by Judge Surrick, was in reality Faxed to Judge Surrick? The first and only Fax header that should be on the ruling when faxed to Attorney Philip J Berg should have been none other than that of Judge Surrick alone.

CONFLICT OF INTEREST

<http://www.freerepublic.com/focus/f-news/2115270/posts>

was sent this interesting side note and thought it was worth sharing. What makes the question of Conflict of Interest even more interesting is this.

CONFRONTING OBAMA IN GRAND RAPIDS

TAKE IT TO THE STREETS IN NASHVILLE 1 (STUDENTS FOR OBAMA PT 1)

TAKE IT TO THE STREETS NASHVILLE 2 (STUDENTS FOR OBAMA PT 2)

The original faxed decision from the Clerk of the US District Court for the Eastern District of PA to attorney Philip J Berg appears to have been faxed to Judge Surrick for him to sign. But if this is the case, the questions becomes who wrote the decision and faxed it for the Judges signature?

DID SOMEONE TELL JUDGE R. BARCLAY SURRICK WHAT HIS RULING WOULD BE?

The attached file of the original fax shows another fax header on the bottom of the page with the number missing (look at the lower left corner of the page and then the lower right corner with the page number). A fax copy of the decision from Judge Surrick was faxed to Mr. Berg from the Judge's Chambers, pages 1-36, beginning at 18:09 October 24, 2008, and that is clearly notated by the receiving fax, starting at page 01/36. Page 36/36 is marked 18:16 October 24, 2008. What is interesting is not at the TOP of the fax pages; it is at the bottom. The ruling issued by Judge Surrick (?) was actually faxed to the Judge by someone (?) at 4:55 pm and the question is who? Did the Obama Attorney's or Surricks old Law Clerk, Christopher Seaman, (who just happens to be employed by Sidley-Austin, the former employer of Barack & Michelle Obama, et al.) write the ruling dismissing the Berg suit?

At the bottom of each page is a notation from another

ONLY MCCAIN'S CHARACTER IS FAIR GAME FOR THIS KOOL-AIDE DRUNK COUPLE

NOVEMBER 1, 2008 MARCH TO STOP OBAMA

FAX machine, indicating the date, page number and time. Unlike the pages faxed from Judge Surrick's fax at 18:09, the "name" of the fax sender is blank, presumably so the sender's identity could not be seen, and obviously with the sender unaware that the date and time would be stamped on it. The fax began from this mystery fax at 04:55P on October 24, 2008, and ended at 05:11P.

So is this why the Obama Campaign and David Plouffe stated yesterday that "we now have a clear path to Victory"?

PHILADELPHIA DAILY NEWS KNOWINGLY FALSIFIED BERG SUIT STORY

The Philadelphia Daily News (a pro Obama Newspaper) knowingly falsified the ruling of US District Court Judge Surrick.

The Philadelphia Daily News reported that US District Court Judge Surrick found Berg's suit to be "ridiculous" and "patently false". **Judge Surrick never made any such claim in his ruling, claiming that a US Citizen (Philip J. Berg) does not have standing.**

What the Philadelphia Daily News failed to state in its report is that they published the Obama Campaigns statements filed on behalf of Barack Obama and the DNC in their motion to dismiss and for a protective order. This is the biased media yet again being used by Barack Obama to tell out right lies to the American Voter. Obama Attorney LaVelle, in his motion to dismiss and motion for protective order claimed Berg's suit was "ridiculous" and "patently false". The Courts ruling never once used either of these phrases as reported by the Philly Daily News doing Obama damage control.

Call the Daily News and its parent the Philadelphia Inquirer and demand that they publish a correction and admit to knowingly misrepresenting the facts to the American and PA Voters. Inquirer & Daily News 215-854-4500 or 215-854-2000

Cannot wait to see Barack Obama explain to the

American People why he feels American Citizens do not have standing under the US Constitution to challenge him and his fraud!

Fox News and the Associated Press finally report the Berg v Obama action. Maybe soon Obama will have to address his Larry Sinclair actions!

MAJOR ENDORSEMENT FOR OBAMA?

Iran

Iran has officially endorsed Barack Obama for President of the United States!. Iran's Parliament Speaker Ali Larijani, did on October 21, 2008 announce that Iran supports Barack Obama's bid for President of the United States.

In the same endorsement of Obama, Larijani went on to say that Iran is not worried that the US will take any action against Iran as the US is weak and is completely consumed in its current economic worries.

This from the same Country who says Isreal and the US will be destroyed! Not mention that Iranian President claims there are no Gays or Bi-Sexuals in Iran. I guess an Obama official visit to Iran would result in his arrest for his sexual orientation.

I AM JOE

FOX TOLEDO

THE US CONSTITUTION IS A WORTHLESS PIECE OF PAPER

The United States Constitution, you know that piece of paper that is supposed to provide protections for every single American Citizen, which every President of the United States is sworn to uphold, has become as worthless as a sheet of used quilted northern toilet tissue. And the Obama rag the Philadelphia Daily News (which smells like used toilet tissue) reports at the request of the Obama Campaign outright false claims and statements attributed to the Judges ruling. Now if Obama's media cannot report the truth on the Judges findings, what the hell can they report the truth about when it comes to the biggest fraud in American Politics?

The US Constitution states that certain qualifications must be met to hold the Office of President of The United States, yet Barack Obama, the DNC and now the Philadelphia Judge in Berg v. Obama (see at <http://www.obamacrimes.com/>) says a United States Citizen does not have standing in demanding that a candidate provide documentation of their Constitutional Eligibility to run for and hold the highest office in the land.!?

So what does the Constitution protect US Citizens from? Since when is Barack Obama given more protection and standing, simply because he says, than any other US Citizen?

<http://www.americasright.com/2008/10/lawsuit-against-obama-dismissed-from.html>

Rise up American Citizens and protect yourselves from the constitutional tragedy that is taking place in this Country. If the Judges in this Country do not start to enforce the US Constitution and stop being scared and using "plaintiff has no standing" as a blanket excuse to continue to ignore valid constitutional challenges, election 2008 will become even more litigated than election 2000, and this will not be about hanging chads, but about the biggest constitutional fraud ever perpetuated on this country by a political candidate and party.

So is this what Barack Obama and David Plouffe were referring to yesterday when they said, "we have a clear path to victory?"

Senator Lindsay Graham "slaps" Senator

"This is a question of who has standing to stand up for our Constitution," Berg said. "If I don't have standing, if you don't have standing, if your neighbor doesn't have standing to ask whether or not the likely next president of the United States--the most powerful man in the entire world--is eligible to be in that office in the first place, then who does?"
