TURNING FRANCE INTO A ZIONIST POLICE STATE is the *order of the day* for French President Nicolas Sarkozy. A police database that will store personal details including opinions, the social circle, and even sexual preferences of anyone aged 13 or above who is "likely to disturb public order" was to be installed by Sarkozy in early September of 2008. Protests by tens of thousands of French citizens has postponed the spy system's implementation.

The surveillance system, called *Edvige*, was completed in July of 2008, and has been dubbed, "Sarkozy's Big Sister" (<http://www.telegraph.co.uk/news/worldnews/europe/france/2706861/French-cabinet-row-over-Big-Sister-database.html>), " due to its name, "Edvige," which is a woman's name. *Sarkozy's Big Sister* has the capabilities to track anyone active in politics, trade unions, or who has a significant role in social or religious institutions.

Herve Morin, the Defense Minister, broke government ranks to side with a growing revolt against *Sarkozy's Big Sister*. "Surely this is a strange mixing up of categories," said Mr Morin. "Is it useful to gather data such as one's social circle & sexual orientation without knowing exactly what is the point?"

Added to Sarkozy's "Big Sister" police surveillance system, is a brand new Jewish daughter-in-law, the heiress to France's huge Jewish *Darty Electronics Chain* (<http://www.fundinguniverse.com/company-histories/Darty-SA-Company-History.html>). Now, Nicolas Sarkozy has a very "BIG Jewish sister"...

SARKOZY'S JEWISH CONNECTIONS

JEWISH ANCESTRY RUNS IN THE FAMILY of both (<http://www.ejpress.org/article/16507>) Nicolas Sarkozy and his wife, Cecilia. Sarkozy's mother, (by which Jews trace their supposed 'Jewish blood line'), is of Greek Jewish origin (<http://www.ejpress.org/article/16491>), who was born to the Mallah family, one of the oldest Jewish families of Salonika, Greece.

His wife, Cecelia, is of Jewish-Spanish ancestry. In 2004, Cecelia Sarkozy made a point of saying (<http://www.ejpress.org/article/16507>), "I do not have a drop of French blood in my veins."

Given Sarkozy's Jewish roots, it is not at all surprising that he has a special "sympathy" for the Israeli Zionist cause. In an interview Nicolas Sarkozy gave in 2004, he sounded like a typical Zionist Jew:

"Should I remind you of the visceral attachment of every Jew to Israel, as a second mother homeland? Every Jew carries within him a fear passed down through generations, and he knows that if one day he will not feel safe in his country, there will always be a place that would welcome him. And this is Israel" Here (<http://www.rense.com/general76/aj.htm>) .

As the Minister of Interior, Sarkozy, "the typical Zionist Jew," shared much common policy ground with former Israeli Prime Minister, the hawk, Benjamin Netanyahu. The Zionist *European Jewish Press* waxed enthusiastic about Sarkozy's bond with Netanyahu:

"The two developed a close friendship with similarities in their ideology and politics. If Netanyahu returns to Israel's chief position it will be interesting to see whether their personal dynamic will lead to a fresh start for Israel and France and a more constructive European role in the region" Here (<http://www.ejpress.org/article/16491>) .

A VERY BIG JEWISH SISTER

MAKING SARKOZY'S JEWISH CONNECTION complete, on September 10 2008, Sarkozy's second son, Jean Sarkozy, married (http://www.jewishtimes.com/index.php/jewishtimes/news/jt/international_news/sarkozys_son_marries_jewish_heiress/) Jessica Darty, a member of a prominent French Jewish family (<http://ejpress.org/article/30139>) that founded *Darty Electronics Chain* (<http://www.fundinguniverse.com/company-histories/Darty-SA-Company-History.html>) , one of France's biggest retailers. According to the French press, the couple made a trip to Israel (<http://www.ejpress.org/article/27922>) in June of 2008 "in order to learn more about Jewish culture."

During their engagement, Maurice Sinet, a veteran cartoonist for the satirical magazine *Charlie Hebdo*, wrote an article (<http://www.guardian.co.uk/world/2008/sep/11/france.religion>) saying that "Sarkozy Jr has just said he intends to convert to Judaism before marrying his fiancée, who is Jewish, and the heiress to the founders of Darty. He'll go a long way in life, that little lad."

Sinet was fired (<http://www.guardian.co.uk/world/2008/sep/11/france.religion>) by the magazine's editor, who said his remarks "could be interpreted as drawing a link between conversion to Judaism and social success." The *International League Against Anti-Semitism* has brought a court case (<http://www.jta.org/cgi-bin/iowa/breaking/110274.html>) against Sinet for "incitement to racial hatred." The trial began in early September of 2008. Sinet refuses to apologize (http://www.emmainteractive.com/index.php?option=com_content&task=view&id=13679&Itemid=462) to the Jews.

**And Why *Should* Sinet Apologize?
Just Because Zionist Jews Wage War On *Freedom of Speech*
Does *Not* Give Them The Right To Censure Constructive Criticism!**

France and Germany stood up to the Neocons invasion of Iraq and the fascists targetted these two countries to be subverted before the next attack. Sarkozy and the despicable Merkel were duly installed. I said this at the time and got banned from a few forums, either for saying this or other things the elites don't like to hear repeated. France began it's slow descent to ruin the day Sarkozy was installed as their puppet leader. Like Blair he works for demons, liek them when he is done he'll scuttle off to a well paid consultancy for the jewskis.

Sarkozy: the final nail in the French 'sarkophagus'.

And to think, the French once worried about the Dreyfuss affair as a 'false flag' of 'anti-semitism'. Seems the anti-Dreyfussards were more right than they could EVER have suspected.

Where is the Folk of the Orthodox saints, St. Denis, and St. Louis?

Where, indeed, is the peuple de Gual(le)?

Priez pour paix, indeed!

The damn fools should have installed their spyware in the U.S. first! They love the raw-ass our sweet little zionist Jews have been giving them since '48. Hell, we have children living in the streets and our leaders just voted to give the terrorist nation of Israhell yet ANOTHER \$50,000,000,000 dollars to fund their U.S. sanctioned genocide.

Any damn fool KNOWS the French folks won't tolerate it...you see, they actually keep an EYE on what their "leaders" are trying to pull. Hell, Herr Sarkozy, you should know that.

They put their people in every power position they can, france is the last victim that's all, kennedy said it : we are (the human race) facing a ruthless conspiracie to take away our freedom, it relies on covert means, its faults are concealed etc ... but no one listened - not even when he got shot in the head in front of all the american people and the world.

And more complete apostasy from Beneict XVI on the occasion of his 'apostolic' journey to France.

In his address to the EJC, he is harmonizing the Talmud and the Gospels. I am sure that formerly Catholic France (if it follows such matters) will be edified to learn how harmonious are the Gospels (about which the majority care nothing) with the Talmud - which they had better respect if they want to live under the Sarko police state.

Read it the Maurice Pinay Blogspot.

Leaders belong on leashes and not just the zionist ones.They use the people to feed the giant corporations,when the corporations they dream up are just out of control money-bots that run around wrecking stuff until it runs out of gas.

I think we should stop making these for them and pay more attention to what leaders are doing and where they are at all times.

Some people blame all Americans for the evils that are going on in this country, but the evils are not being committed by the common folks, but by the government only. Our government that is ruled and financed by the evil jewish mafia. Some people say we voted certain people into office, that is not true, it was all rigged. Our votes never really counted.
