Two tanks destroyed, The Americans bombed the hospital

IFor some reason Iran said that the future meetings with the Americans are connected with stopping the attacks on Iraqi cities by the U.S. occupation army in other words stop the attacks and we will stop arm the militias who proved its ruthlessness today bombing the only hospital in the area as an answer to the resistance success to stop a U.S. attack yesterday destroying two Bradley tanks forcing the occupation army to withdraw back behind the Canal.

One thing reported by al-Hayat today which I didn't saw in the western media is that Maliki's government offered Muqtada al-Sadr a high-rank official position in the government in the exchange with the disband of Mahdi Army personal opinion, I am sure that al-Sadr will reject this offer.

Nothing new in Harith al-Dhari interview, on al-Sharq al-Awsat, repeating the AMSI statement two days agosaying: "for two years, Maliki's government used the Sadrists for their own agenda and doing their dirty work, now they are fighting for interests".

The war in Iraq would be over in a week...

...if the Iraqi resistance could get more "real" weapons.

Agreed better weapons it would be over quick

I am sure Iran aswell as China/Russia/Syria/N korea all wish to arm the resistance of Iraq and maybe will. I would not be surprised that they turn up real soon, it seems the puppet gov of Iraq alongside the baby killing American merc army are going full out to try and destroy what is left of the brave freedom fighting resistance.

True battle lines will be redrawn i am sure, more better weapons will be surfacing. The puppet army alongside the WEestern merc army cannot be allowed to carry on as they are for much longer.

America is nearly dried up. After 6 years of a brutal occupation were the bravest men and women in the Middle East have shown the West true valour and courage, more so than the West could ever show, has destroyed the American led armies and their equipment and wealth. One final big push with better weapons will finally finish the f/kers off.

IMHO

I think that catastrophe of dollar, as a main imperialistic tool, is brought by war in Iraq. People of Iraq will have monuments dedicated to them in every country of the world, as to true liberators and fighters against fascism.
