Alex Jones is FINALLY starting to get some pounding for his israeli lies:</p> <p>Mike Rivero:</p> <div style="border: 1px solid black; padding: 5px;"> <p>Quote:</p> <p>"I have not made a big deal about the reasons for the move, but in a nutshell, GCN is a reflection of Alex Jones' views of the world, and more and more our points of view regarding Israel are diverging. I get a lot of email asking why I do not challenge Alex on his defense of Israel, or asking why every time I am on his show Alex feels obligated to have a pro-Israel representative on immediately afterwards to counter the points that I made.</p> <p>I view the attack by Israel on a US flagged ship and Americans in international waters as an act of war and all who defend said attack as traitors to the USA. Alex holds a different view and I guess the breaking point was his rant in which he said that anyone who is a critic of Israel is a "weak-minded fool". That made it a personal attack, and I decided it was time to step out of Alex's shadow and go in a different direction."</p> </div> <p>http://www.sott.net/articles/show/21308 ... ike-Rivero</p>

Alex Jones is, in the opinion of Sott.net, part of a limited hang out campaign whereby the attention and energies of those people who have the capacity to realise that something is very wrong with our world are directed towards issues that are either dead ends or which, if pursued, will lead to their own destruction. Jones' "take back the government" shtick is one such issue. If Jones were worthy of his position as a leading figure in the 9/11 etc. truth community he would be directing people's attention towards reading between the lines of current world events. He would not be encouraging a survivalist and revolutionary attitude which ultimately plays directly into the hands of the Powers That Be and facilitates the ramping up of police brutality.

I'll tell you what got Mike bumping heads more than his stance on Israel. It was his stance on atheism. The holy rollers on GCN don't want it. And Alex does give Zionist a pass because he is afraid of them. Another reason is the people who smear alex jones the most are the "blame a jew for everything crowd" and thus it makes it really hard for Alex to join us on anti-zionism. He never explains the iraq war in terms of Israel. He'll say it wasn't for oil but he wont say why the war happened. He knows it's about zionism. I have him on tape admitting it during a commercial for his regular show that still aired on prison planet tv. Other people took that clip and edited it for their own purposes. He's just too chicken shit to tackle it because he does not think it does any good. And he really doesn't know much about it. That whole germanic death cult crap is a path to no where.

Then I saw where Alex Jones said that the Saudis controlled Hollywood, which was off the charts full of shit. Then I saw him defending Israel and never doing anything more than taking the attention of his readers and followers away from the truth, by acting like a loud embarrassment proof version of all the things he was supposed to despise and being proud of it. Then I found out who his advertisers are and who handles his public relations and the tree of money and influence that is the fruit of the poisoned message that takes the attention away from who and why is what and where.

Figuring out exactly how 9/11 was done is the work of crime investigators or conspiracy hobbyists who will endlessly go on discussing and debating every minuscule and intricate detail of the event to no avail. It doesn't take a structural engineer to tell you that two 110 story buildings and a 47 story steel skyscraper plummeting to the ground at nearly free-fall speed requires the assistance of explosives. All you need is two eyes that can see and a brain that thinks to come to that sound conclusion. This is why it is of my opinion that more emphasis should be placed on the "who" instead of the "how". It should be obvious to anyone that discovering 'who did 9/11' is infinitely more important than discovering how they did it.

Screw Bush

This is bullshit. Israel is but ONE piece of the puzzle. Everything wrong with America and the world cannot be blamed on Israel and the Jews, do they do alot of evil shit? sure but so do dozen if not hundreds of other entities. For example, Alex talks about and has proof of elite's talking about and implementing eugenics, is that a zionist conspiracy? or what about the whole border issue? how does Israel possibly benefit from that? my point is that yes, Israel is a huge problem but it is not the end all be all. Maybe Alex avoids focusing on Israel because he is a Christian, maybe because , as someone here pointed out he wants to stay on air, and if he would start bashing Israel the inevitable "Holocaust Industry" would kick up and label him an anti-semite. I certainly think AJ is wrong on alot of things but to say is is an Israeli agent is batshit insane. I could be much more articulate if I could say in person instead of having to type it out.

This divide is good because Rivero will hit up my film war by deception 2010 version and we are going to Crush the zionist. What about his FAMILY connections to Zionism and what about the fact that most of his advertisers are Jewish?

This is the clip and it's all over the web:

If someone's "scared" of Zionists as you claim, why is he then covering up for them and defending them all the damn time? Why is he making up bullshit conspiracies and why is he putting the blame on imaginary entities? Why does he claim that Arabs and Saudis own Hollywood?

You're delusional if you think that Alex would ever come out as an anti-zionist. His family and business ties are intertwined with Zionism. His lawyer is the same lawyer that Bronfmans use and she's an expert at immigration to Israel, among other places.

MWB That clip (<http://www.youtube.com/watch?v=rDiqfFJP6ds>) was stolen from MY youtube site. Look at how they put subtitles over top of mine. I'm the one who originally put it up there. It was from St. Patrick's day years ago.

So don't try to tell me anything there. I'm the one who made that and exposed him. Someone else just blatantly downloaded my

youtube video and edited it for their own purposes.

As for having Jewish advertisers? So what? Zionism doesn't equal "the jews." and its really really stretching it to say well your show uses a satellite owned by ACB owned by Disney, which was owned by a Jew. This is exactly what I am talking about. This is the kind of blame the Jews bullshit that turns him off.

Alex is a hardcore Christian and so are many of his listeners. That's why he gives Israel a pass. And he'd be tossed off the air if he didn't. He's trying to become Hollywood Jones, and you cannot get into Hollywood, unless you shut up on Israel. He's not an agent though he's just a useful idiot. He's been at this for more than a decade, he used to be a die hard Republican. He's allowed to grow because he's a path to no where. Man you really got to see the War By Deception film I've been fixing. This occurrence fell right into my hands. I knew it was going to happen. I left Alex alone because when I gutted him I was blackballed from all the GCN related sites. So I started up on antiwar.com and RBN instead and then I was taken back.

We've got a window here to upgrade a lot of people to graduate from Alex Jones and drop the Germanic death cult bullshit and start talking about real people and the Israel face behind the Iraq war and 911. The worst possible thing to do right now is this kind of blame the Jews collectively crap. You dn't need to call someone an agent or anything like that just stae what we know, Alex avoids the topic of Israel. I mean he'll talk about mind and weather control with very very little evidence, but he won't tell his listeners about the occupation and apartheid that is chalk full of evidence as it is currently existing everyday. All those Christian listeners of his need to hear about it from him. But like Rivero, GCN would get rid of him yes even Alex Jones. The g is for Genesis, the commercials are end of the worlders, that date back to the kill a commie for Christ drown. It is the extremist wing of the truth movement only topped perhaps by David Icke and his alien bullshit of Jeff Rense and his space alien and ghost crap.

Give Alex a break. At least he tries in bringing out a lot of news that most major Kosher media will not print or show. At least he does question many unanswered questions about 9/11 attacks. The reason well known media persons will not expose Israel as the culprits doing 911 is because MOSSAD/CIA plans accidents. If I do stumble on Alex's show, I look at him as a clone of Rush Limbballs. One oddity his high pitched voice--a shrill a screech. Normally gay men get high pitched voices from sucking on popsicles :^(

Must see breaking news on recent 9/11 video documentary from UK

<http://www.richplanet.net/911.php>

I told you--there was no planes that attacked USA on Sept 11 2001--all photo shopped.

Only my critic of the article is that media first video showing a ball heading towards WTC was meant to facilitate a tracer path for the next days photo shopped video.
Check it out--you will not be disappointed :^)

I hate to be the bearer of bad news, but Jews ARE directly or indirectly responsible for the vast majority of serious problems in the U.S. and in the world today.

It was Jewish machinations that got the U.S. into WW1. It was U.S. entry into WW1 that caused WW2. It was Jewish pressure that got the U.S. into WW2. How many millions of people needlessly died because of U.S. entry into WW1, and all the

horrors that followed from it?

But even this is only the tip of the iceberg. Jews have been working hard for over a hundred years to completely subvert our government. It seems they've finally achieved their goal, with overwhelming success. They can now even attack us in broad daylight, in front of the whole world, slaughter 3000 people on U.S. soil (on 9/11/2001) and we can't even get an investigation into the crime.

What kind of power is that on display here? That is a breathtakingly awesome power, but it didn't come to them over night. They had to work at it for a long time, and they worked very hard. The end result of course, is that our whole political process has been subverted. Today, you can't get into any high office in the U.S. government unless you're completely corrupt. That's what Jews have done for us. They're largely responsible for the culture of corruption in government that's destroying us. Whether it be a non-responsive government that let Bernie Madoff get away with a 50 billion dollar Ponzi scheme, or a non-responsive government that let BP destroy the Gulf of Mexico, or a non-responsive government that refuses to do anything about illegal immigration, Jews are disproportionately responsible.

If the bloodthirsty, delusional Jewish supremacist madmen pulling the strings are not stopped, and soon, we'll either be a completely bankrupt police state, or a pile of nuclear ash. What's better for Alex, being called an anti-semite, or losing everything along with everybody else?

One thing about the article that fails is the psuedo-intellectual bullshit about "various psychological deficits." This is the same attack that the mainstream media uses against "conspiracy theorists," so this has in effect bolstered support among the most fanatical of AJ's cultists. Completely counter-productive.

Also, AJ's latest tactics of "fighting Google censorship" by having his listeners google key word searches is fishy. Does he really have that many listeners to drive Google key word searches to the top of Google? If so that, that would tell you why we are getting nowhere. AJ is just acting like a huge dragnet for people who are looking for an alternative tot he mainstream, while keeping newbies from looking behind the real curtain. Just another shell game and it's brilliant!

It was wrong of Alex to cancel his monthly interviews with Rivero. Rivero is the man and Alex did this purely because Rivero is going to RBN. Well that's because GCN holly rollers won't allow real dicussion about Israel unless its part of well poisoning.

I'm not saying Alex is worthless he's out there doing his thing, but that doesn't save him from criticism when he says really stupid stuff, and he does. Gate keeper is a perfect word. He's credible to a point with very open minded people who can selectively ignore half the crap he says. He's very discrediting simultaneously by acting as a 911 truth drag net and refusing to tell the whole story.

Saying what didn't happen, isn't the same as saying what happened. Plus he's copied my work and not given me credit and that pisses me off.

That's because he has a radio show in Texas which he built up at first by being a die hard Republican. That allowed him a base for when later he grew up a little and drop the left vs right baloney. But were he out of the way you'd find the truth a lot faster. As it is his crap saturated the web and is full of dead ends and disinfo.</p> <hr/> <p>END THE GOD DAMN WARS This site is against war, Zionism, (or any other form of racism), profiteering, and all forms of government corruption, mass media deception, and cover ups. He canned some great shows with great hosts, I don't understand why. If gets rid of Hesham Tillawi or Mike Piper, I'm cancelling my subscription to the archives.

He believed in Y2K, he talks about satanic groups and ancient orders, weather control, mind control, and all these things with very little or no evidence but yet won't plainly tell his listeners about Israel's apartheid. He even supported Zionist for governor of Texas and mayor. He hardly ever talks about Iraq, he blames Mexico more for our economic strife than the war. Basically anything that links back to Israel he avoids. He still has that paternal dichotomy of how should I put it, the "don't play video games read a book" as if a person can't do both. Of course he's also think video games use "beta waves" to control your mind and program you. The guy is just a kook. <hr/> <p style="text-align: center;">END THE GOD DAMN WARS</p> <p style="color: magenta;">This site is against war, Zionism, (or any other form of racism),</p>
