## Is New Oz PM Head of Satanist Lodge?

July 13, 2010

by Henry Makow Ph. D

**In a dramatic coup** June 24 2010, Julia Gillard took over as Prime Minister from Kevin Rudd and became Australia's first female PM.

Gillard is the first PM to be unmarried and a lesbian. (She is in a relationship with Tim Mathieson - who is a "beard.") She is the first PM to be sworn in without making

reference to God. (Gillard is an atheist and has no religious beliefs.)

A reader has suggested that Gillard is head of the Satanic Alpha lodge of Sydney ("Australia`s global satanic legacy and future.")

This is based on the posthumous confessions of a leading Australian Satanist "Frater 616":

"Some of the deadliest, most effective and disarming assassins are women. Within the Alpha Lodges they are worshipped as embodiments of the Dark Goddess - who is known by many names and is virgin still! **Currently the Outer Head of the Alpha Lodge Australasia is a very highly placed and successful Federal politician - whose Satanic name is Bestia.**"

We asked Aloysius Fozdyke, (the man who brought Frater 616's testimony to the world,) to comment. He is a member of the Alpha Lodge and we assume acts with their authorization.

His reply on the "Bestia"-Gillard connection: " I'd rather not comment at this stage."

Our reader continues, "there is only one female politician in Australia who fits "Frater 616" `s allusions to a "t"; and that person is Julia Gillard."

He says, "a closer study of photos of Julia Gillard (as well as ... European High Commissioner Herman van Rompuy, btw) clearly point to psycho-pathological traits - in Ms Gillard`s case those of the sadistic personality type. I would therefore venture the claim that Ms. Gillard is not only "a communist lesbian", but that she is in fact the head of the Satanic Alpha lodge - the "Bestia" mentioned by Frater 616; and the very person whose predilection is ritual child abuse."

Our reader continues:"In the same manner as Mr. van Rompuy has been placed at the very epicentre of European power (by his handlers Brzezinski and Kissinger; who "just happened to dine with him" in Belgium, on the very night of his election in November 2009.)"

"Ms. Gillard has now been placed in control of the south-east Asian region, quite possibly in preparation for the soon-to-be implementation of specific "new rules of societal conduct"...to be dictated ` by these very circles."

"Please also note these further clues: 1) Ms. Gillard is childless; although she obviously "enjoys" (as previous minister of education) concerning herself with children, she does not (as stated in an ABC interview of 2009) "especially like them".

"2) Ms. Gillard is "an atheist". Oh really? this might not be wholly dishonest, but actually a half-truth: if Ms. Gillard`s master is Satan ("the lord of this world"), as I would suggest, then she is -true to her beliefs- simply "hiding" this fact "in plain sight", as Satanists are wont to do.

"3) Ms. Gillard came to power very suddenly and in a most conniving "unusual" fashion; this would seem to point to hidden strings being pulled; strings such as those found in secret societies and brought to bear at the crucial time - and with deadly force. Further "enjoyment" is then drawn from the distress and shock of the opponent; in our case from the tearful downfall of Kevin Rudd (who would seem as decent a human being as they come, in the guise of politicians anyway.)

4) Ms Gillard is currently the only "highly placed and successful federal (female) politician"...her curriculum vitae, her views, as well as her highly suspect private life and "preferences" fit Frater 616`s description perfectly. all said, I`m sure that by following this admittedly still rather basic line of enquiry, others (perhaps more at home in Australian politics) will be able to add further evidence to my thesis.

In conclusion, the thesis that Gillard is the Head of an important Satanic Lodge is consistent with the claims made by both Frater 616 and Fozdyke that leading members of society, especially politicians, are Satanists. The fact that Fozdyke declines to comment is significant.

Here is the rest of the original article by "Matt" on Gillard. She certainly fits the profile in light of the occult and satanic roots of Communism and Lesbianism:

She was sworn in by Australia's first female Governor General (Quentin Bryce.) Bryce has held numerous high offices with the aim of advancing women's and "minority" rights at the expense of the Australia's European majority. Bryce's daughter is married to Bill Shorten who was pivotal in binging Gillard into the office of PM.

When she was at high school, Gillard was mentored by the Jewish liberal (i.e. Communist) Marlene Pilowski. When she moved to Melbourne to attend university, she became the Education Vice President of the left wing (i.e. Communist) AUS (Australian Union of Students), and later was its President.

Gillard was in the Socialist Forum from her university days. The forum's objectives were to create a socialist / feminist society through Labor governments. It originally consisted of ex-members of the Victorian branch of the Communist Party and some ALP members. Gillard was one of the two original paid organizers of the Forum. She wrote numerous documents for the Socialist Forum including 'Being a Socialist Teacher' and 'Future Directions of the Left'. It was also through the Forum that she met Labor heavy-weight Joan Kirner and worked closely with her on Labor's Affirmative Action Plan. Gillard wrote the constitution for the pro-abortion feminist organization EMILY's List (in Australia), which supports "progressive" Labor women.

In 2006, when in opposition, Gillard voted for legalizing the abortion pill RU486 and for stem cell research, which both became law. In March 2010, when she was Education Minister, Senator Ron Boswell said that "Julia Gillard's new [education] curriculum reads like a learners manual for international socialism".

As PM, Gillard has tried to assuage Australians by painting herself as a moderate. She has also distanced herself from Rudd, who had become the fall-guy for a bad government. Gillard however should take more blame as she was one of the "gang of 4" that made the decisions. She was directly behind the Building Education Revolution (BER) scandal over building unneeded overpriced schools.

In less than three years, the Labor Government has gone from a 20 billion dollar surplus (left by Howard) to 148 billion debt, and is borrowing an extra \$150 million every day. The common theme in Federal and state politics is that Labor governments create massive debt, and the Conservatives (Liberal / National party governments) pay that debt off. The main point though is missed - governments shouldn't be borrowing or repaying money from off-shore lenders in the first place.

Before holding the next general election (probably this year), Gillard will have to straighten out 3 key

policy areas. She compromised on the mining tax, which was originally introduced by Rudd to pay off debt. With her dodgy projection figures, she claimed it would bring the budget back into the black, but this is unlikely.

The second issue, that of the "boat people". Boat arrivals have increased at over 50 times the rate under Howard because of Rudd's loose regulations. Boat people are considered queue jumpers. Gillard said that they will be processed in East Timor although there is no centre there. She is ignoring the centre already built at Nauru. Gusmao, the PM of East Timor claims he wasn't consulted and didn't want a centre in his country.

The third issue is the Emissions Trading Scheme (ETS.) Rudd initially pushed it hard, but it was defeated in the Senate. The average Australian didn't really understand what it was, but many have since woken up that it is essentially a big expense which will effect ordinary people. The ETS is not about saving the environment so much as social change and the redistribution of wealth.

Gillard who has painted herself to be a bit of a non-scary moderate, is red at the centre. The media distracts and woos the dumb masses with news about about her latest haircuts, etc (her gay boyfriend Mathieson is a hairdresser.) It is her aim however to re-engineer society, but years of the Left's influence in Labor governments, education and the media has already done that.

As PM, Gillard just looks like another version of Rudd. Pretending to listen to the people, she instead pushes the NWO agenda. Being a non-religious 50 year old woman in a de-facto relationship is nothing unusual in Australia anymore. Gillard simply mirrors what Australia already is, while helping to push it ever closer to extinction in the name of "tolerance."

Well Henry, I have just read your article on Julia Gillard, and what a load of CRAP.I think she deserves a go. I also think she is a very genuine person and given the chance may make a difference.

I am very proud that in Australia a migrant can reach the top job , without scandle. I also if there was one ounce of truth in what you have written the Liberal Party would have it out by now.

If she chooses to be a career person and dedicate herself to politics then GO GIRL !I wish we had more women like her.

I am not a "womens libber," but do think women should have equal rights.

I DONT care if she is a lesbian, as long as she does a good job.

You shouldnt publish such garbage on hearsay its very wrong.
