Whenever you assasinate someone by causing their plane to crash, you have to make sure you place gunmen at the exact spot where the plane will crash to shoot the survivors.

Why do you come on here, over and over posting hate for every one's opinions. All you're doing is displaying the fear & hate that you carry inside. If a person wants to have his say, don't bash it. Post your own insightful thoughts of your own since you're so much smarter like your falsely display by posting simple ignorant words.

You seem to be ill informed on the truth and that ignorance causes you to lash out at everyone around you. You can't be in control by hating everyone around you. Deep inside we all know know what is the right way and what is the wrong way. Go to church and find love in your life and acceptance.

I bet you don't just insult blogger's here, you carry that hurt everywhere you go poisoning your relationship's. Proverbs 18:1 He who separates himself, seeks his own desire and goes against all sound doctrine. proverbs 14:29 He who is slow to wrath has great understanding, But he who is impulsive exalts folly. Start your understanding by looking up Smith Wigglesworth.

What an idiot Kaczynski was. He thought he was going to pour salt into the open wound of Katya by honoring the dead with his personal presence. Had the event been anywhere but Smolensk, that alone would have constituted an almost unbearable indignity for the Russian government. But to make this planned insult on Russian territory, after Kaczynski sought to place U.S. interceptor missiles inside Poland, is almost unbelievable; not to mention the obvious intelligence failure--viz. the inability of Polish intelligence to see the danger implicit in the use of a Russian plane refitted in a Russian factory specifically for Kaczynski's flight to Smolensk. Am I missing something here? Where are the paranoids who are supposed to keep the president alive? Hire me! I could have seen this right away.

22 APRIL 2010 06:12

I'm getting a little annoyed with all you right wingers wishing death on our President. Are you really so

callous as to wish for a man's death? So stupid as to have that riding on your conscience? So what if the president is the one you voted for... McCain and Palin probably couldnt have fixed our country over night either. Worse case you've got Obama 8 years... we put up with Bush that long, watching him lie and giggle up on the podium like a Toddler with Down Syndrom that just stole a lollipop from the Arab kid next door. I mean seriously... Move on!
