American Citizen Furkan Dogan Executed by Israel during Attack on Gaza Flotilla

We Can Kill Anyone, Anywhere

No Reason Needed, We Are Terrorists

Report: Autopsy shows Gaza activists were shot 30 times. Nine Turkish activists killed in an Israeli raid on a Gaza-bound ship, including one with U.S. citizenship, were shot a total of 30 times and five died of gunshot wounds to the head, Britain's Guardian newspaper says [\(Read Original Haaretz Article from Israel\)](#)

LATE BREAKING NEWS: ISRAELI "COMMANDOS" EXECUTED PEACE ACTIVISTS, MOSTLY WITH SHOTS TO THE BACK OF THE HEAD AT POINT BLANK RANGE, WHILE PRISONERS WERE KNEELING, ACCORDING TO A REPORT FROM AN ISRAELI PAPER, BASED ON AUTOPOSY RESULTS

An American teenager was murdered by Israel commandos, pirates really, this week. He was shot in the abdomen and, instead of being given medical aid, he was held down on the deck of a ship, probably by multiple pairs of combat boots and shot four times in the back of the head at close range. Reports from the Israeli

Knesset have Israeli boats approaching the unarmed flotilla, machine guns pouring lead across the decks. These facts won't be in any American or British newspaper or on the television news, not the corporate networks anyway. Israel dictates what is reported, even by the BBC, an organization they control entirely.

This isn't the first time this has happened, an Israeli military force has gone after a ship in the Mediterranean. The most glaring case is the attack on the USS Liberty in 1967. With President Lyndon Johnson agreeing to support the Israeli invasion of Egypt and Syria, a quick land grab started by a Pearl Harbor type sneak attack, it wasn't certain that the American military would support this kind of cowardly aggression. Thus, the American monitoring ship, the USS Liberty, had to be sunk and its entire crew wiped out to a man. President Johnson approved, Admiral Sidney McCain agreed to cover it up and Israel sent wave after wave

of bombers, torpedo boats and fighter aircraft were murdered by Israel that day.

aircraft out but the USS Liberty never went down. 34 Americans

The USS Liberty incident should have taken down the Johnson presidency, ended the "special relationship" with Israel and opened the 6 Day War to real scrutiny for what it was, Israeli expansionism. If the United States had reacted then, there would have been no 1974 oil embargo, no Ayatollah in Iran, no "war on terror," no 9/11 and no world economic collapse. A single act of treason 43 years ago changed the world for the worse, erasing our triumphs in World War 2 and erasing the economic boon the collapse of the Soviet Union should have brought the world.

IS IT STILL TREASON WHEN NOBODY KNOWS?

The current attack against the Freedom Flotilla deeply parallels the USS Liberty attack. The attack on the Liberty was an act of war against the United States. This required retaliation. There was none. What it wasn't was an "accident." Israel now calls the murder of an American teenager "

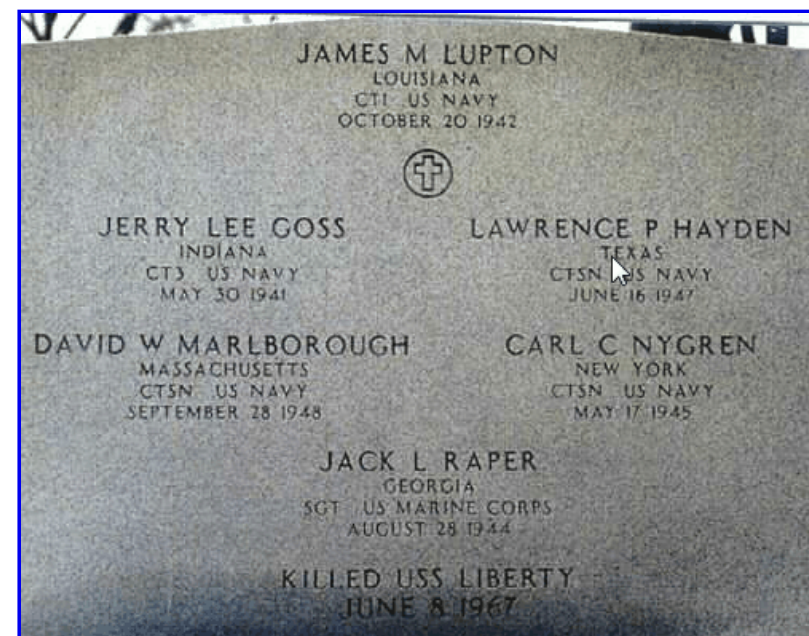

Allowing Israel to get away with this, an attack on a US Navy ship in international waters was one of the worst acts of treason and cowardice in American history but it was also a more significant error. America gave up its sovereignty to Israel. Johnson had been bought and paid for long before, years of sexcapades in Hollywood, arranged by studio heads and, at the time of the USS Liberty attack, bedding an Irgun operative, Matilda Krim. Johnson had seen "the outfit" get rid of President Kennedy and knew he had to "toe the line." Another Kennedy would die and, after that, no American leader would oppose Israel again, not without a plane crash, sex scandal or being removed from office through a massive deluge of cash.

MURDER

When an American citizen is murdered anywhere in the world, our embassy is involved, the FBI asks to assist in the investigation and the State Department monitors the case from beginning to end. In 1812, we went to war over the kidnapping of Americans from ships at sea. We entered World War I because of a

German attack that killed Americans, an attack on a ship carrying arms during a war.

Were a soldier from any army or police force in the world to shoot an unarmed American on their own territory, an apology would be offered immediately, reparations made and still, they would face military retaliation. Such an incident is state terrorism by definition.

USS Liberty Crew Members Buried at Arlington Cemetery

The idea of a member of a military group murdering an American, not an accidental shooting but an execution, not within their sovereign borders but during an act of piracy in international waters, America would have an obligation to respond militarily to a terrorist attack. However, not only was nothing done, nothing has been said. America is only admitting that it is no longer a sovereign nation. It can't, it won't protect its citizens, it won't even act in concert with the international community. America is a colony of a police state, a colony of a terrorist evildoer.

NO AMERICAN SAFE, U.S. PASSPORTS NOW WORTHLESS

The message Obama, Biden, Schumer, McCain and Lieberman sent out is clear. If you want to spit on an American soldier in Germany or Italy, we don't care. If you rape an American woman in a hotel, kidnap an American child anywhere in the world, America isn't concerned, not unless the child is a Jew. America is obsessed with one thing and one thing only, protecting Jews, Israeli, American, it doesn't matter. Why is this?

Only a kidnapped Jew gets news exposure. Anyone else "had it coming." How can a large nation allow racial discrimination against its own majority Christian population? If we didn't see it, who would believe it. We even allow our own military to be murdered and say nothing. How can such a little country have so much power. Did America really surrender her national sovereignty to Israel so many years ago?

AMERICAN OUTRAGE

It is the American military that is reacting to this latest provocation with the most anger. After years of conditioning to see Muslims as a less than human, years of deployments in Iraq and Afghanistan have mellowed even the most strident "Zionist Evangelical" crusaders bent on killing every Arab they could get their hands on, products of Rumsfeld's Department of Defense propaganda machine.

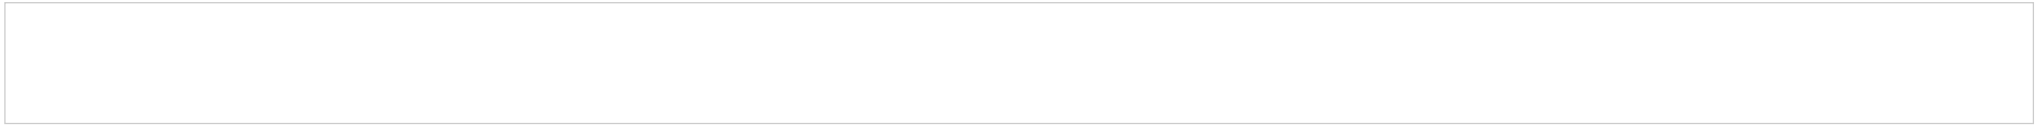

The America that only knew of the Middle East from watching villainous "greasy" Arab terrorist and Nordic looking Israeli "freedom fighters" with their blonde hair and aquiline features play out "comic book melodramas" on television. Each show always ends the same, credits that look like an Anti-Defamation League or AIPAC membership list, producers, directors, writers, editors, even the caterers.

Decade after decade Americans were being fed a constant diet, are being fed a constant diet of race hatred. Now Americans, particularly American soldiers, many

of whom have spent years living with tribesmen in Afghanistan or playing with kids on the dusty streets of Iraq, our kids, our soldiers know better. The picture now in their minds is that of an American teenager being executed by a criminal gang, protected by the Israel lobby in the United States, protected by cowards like Barak Hussein Obama, protected by a nation that has lived for decades above any law.

Executing an American on a ship on the high seas is spitting on our flag. This is how we see it. This was a high school student planning a career in medicine, out on international waters, kept safe by the US Navy, traveling with a former crew member of the USS Liberty.

Prior to the terrorist attack on the Freedom Flotilla, a remembrance of the USS Liberty, honoring the American martyrs to this earlier act of terrorism, was held. Remembrance is no longer enough. Years ago Americans were promised that their government would go anywhere in the world to find terrorists who attacked Americans. It is time to keep that promise.

“1996 A General Accounting Office report “Defense Industrial Security: Weaknesses in US Security Arrangements With Foreign-Owned Defense Contractors” found that according to intelligence sources “Country A” (identified by intelligence sources as Israel, Washington Times, 2/22/96) “conducts the most aggressive espionage operation against the United States of any US ally.” The Jerusalem Post (8/30/96) quoted the report, “Classified military information and sensitive military technologies are high-priority targets for the intelligence agencies of this country.” The report described “An espionage operation run by the intelligence organization responsible for collecting scientific and technologic information for [Israel] paid a US government employee to obtain US classified military intelligence documents.” The Washington Report on Middle East Affairs (Shawn L. Twing, April 1996) noted that this was “a reference to the 1985 arrest of Jonathan Pollard, a civilian US naval intelligence analyst who provided Israel’s LAKAM [Office of Special Tasks] espionage agency an estimated 800,000 pages of classified US intelligence information.”

The GAO report also noted that “Several citizens of [Israel] were caught in the United States stealing sensitive technology used in manufacturing artillery gun tubes.”

1996 An Office of Naval Intelligence document, “Worldwide Challenges to Naval Strike Warfare” reported that ” US technology has been acquired [by China] through Israel in the form of the Lavi fighter and possibly SAM [surface-to-air] missile technology.” Jane’s Defense Weekly (2/28/96) noted that “until now, the intelligence community has not openly confirmed the transfer of US technology [via Israel] to China.” The report noted that this “represents a dramatic step forward for Chinese military aviation.” (Flight International, 3/13/96)

1997 An Army mechanical engineer, David A. Tenenbaum, “inadvertently” gives classified military information on missile systems and armored vehicles to Israeli officials (New York Times, 2/20/97).

1997 The Washington Post reports US intelligence has intercepted a conversation in which two Israeli officials had discussed the possibility of getting a confidential letter that then-Secretary of State Warren Christopher had written to Palestinian leader Yasir Arafat. One of the Israelis, identified only as Dov, had commented that they may get the letter from Mega, the code name for Israel’s top agent inside the United States.

1997 US ambassador to Israel, Martin Indyk, complains privately to the Israeli government about heavy-handed surveillance by Israeli intelligence agents.

1997 Israeli agents place a tap on Monica Lewinsky’s phone at the Watergate and record phone sex sessions between her and President Bill Clinton. The Ken Starr report confirms that Clinton warned Lewinsky their conversations were being taped and ended the affair. At the same time, the FBI’s hunt for Mega is called off.

2001 It is discovered that US drug agent’s communications have been penetrated. Suspicion falls on two companies, AMDOCS and Comverse Infosys, both owned by Israelis. AMDOCS generates billing data for most US phone companies and is able to provide detailed logs of who is talking to whom. Comverse Infosys builds the tapping equipment used by law enforcement to eavesdrop on all American telephone calls, but suspicion forms that Comverse, which gets half of its research and development budget from the Israeli government, has built a back door into the system that is being exploited by Israeli intelligence and that the information gleaned on US drug interdiction efforts is finding its way to drug smugglers. The investigation by the FBI leads to the exposure of the largest foreign spy ring ever uncovered inside the United States, operated by Israel. Half of the suspected spies have been arrested when 9-11 happens. On 9-11, 5 Israelis are arrested for dancing and cheering while the World Trade Towers collapse. Supposedly employed by Urban Moving Systems, the Israelis are caught with multiple passports and a lot of cash. Two of them are later revealed to be Mossad. As witness reports track the activity of the Israelis, it emerges that they were seen at Liberty Park at the time of the first impact, suggesting a foreknowledge of what was to come. The Israelis are interrogated, and then eventually sent back to Israel. The owner of the moving company used as a cover by the Mossad agents abandons his business and flees to Israel. The United States Government then classifies all of the evidence related to the Israeli agents and their connections to 9-11. All of this is reported to the public via a four part story on Fox News by Carl Cameron. Pressure from Jewish groups, primarily AIPAC, forces Fox News to remove the story from their website. Two hours prior to the 9-11 attacks, Odigo, an Israeli company with offices just a few blocks from the World Trade Towers, receives an advance warning via the internet. The manager of the New York Office provides the FBI with the IP address of the sender of the message, but the FBI does not follow up.

2001 The FBI is investigating 5 Israeli moving companies as possible fronts for Israeli intelligence.

2001 JDL’s Irv Rubin arrested for planning to bomb a US Congressman. He dies before he can be brought to trial.

2002 The DEA issues a report that Israeli spies, posing as art students, have been trying to penetrate US Government offices.

2002 police near the Whidbey Island Naval Air Station in southern Washington State stop a suspicious truck and detain two Israelis, one of whom is illegally in the United States. The two men were driving at high speed in a Ryder rental truck, which they claimed had been used to “deliver furniture.” The next day, police discovered traces of TNT and RDX military-grade plastic explosives inside the passenger cabin and on the steering wheel of the vehicle. The FBI then announces that the tests that showed explosives were false positives by cigarette smoke, a claim test experts say is ridiculous. Based on an alibi provided by a woman, the case is closed and the Israelis are handed over to INS to be sent back to Israel. One week later, the woman who provided the alibi vanishes.

2003 The Police Chief of Cloudcroft stops a truck speeding through a school zone. The drivers turn out to be Israelis with expired passports. Claiming to be movers, the truck contains junk furniture and several boxes. The Israelis are handed over to immigration. The contents of the boxes are not revealed to the public.

2003 Israel deploys assassination squads into other countries, including the United States. The US Government does not protest.

2004 Police near the Nuclear Fuel Services plant in Tennessee stop a truck after a three mile chase, during which the driver throws a bottle containing a strange liquid from the cab. The drivers turn out to be Israelis using fake Ids. The FBI refuses to investigate and the Israelis are released.

2004 Two Israelis try to enter Kings Bay Naval Submarine Base, home to eight Trident submarines. The truck tests positive for explosives.

Talmudic juze claim to be the master race. They claim to be as far above the rest of us as we are above insects. Now isn't that nice?

As for those who scream and wail about anti-semitism consider this:

Those jews who immigrated from Europe are not semites. They are descendents of a race of nomadic tribes called Kazars. These nomads occupied the lands of southern Russia, the Caucasus and as far east as Mongolia. Around 750 A.D. their king called together representatives of the three major religions which included, Islam, Christianity and Judaism. After carefully listen to each he concluded that to convert to judaism was the best decision as Christians and Muslims at the time were slaughtering each other in pointless wars.

This is a fact: they are not semites as they have no semetic DNA present. The truth about semitism is that only the Sephardic jews as well as Palestinians and some Arab tribes are in fact true semites.

Thus those so-called jews who now illegally occupy Palestine are known as Ashkanazi or Talmudic jews. These are the same jews responsible for the Marxist revolution in Russia who murdered the czar and his family as well as tens of millions of orthodox christians during the 1920's and 1930's. Much of the soviet hierarchy was composed of these jews.

Now do you get the picture? The same communist jews have gained control of America. Can anyone who is not so befuddled with zionist propaganda realize what the true goal of zionism is? They are the ones behind the NWO, gun control and confiscation and unchecked illegal immigration. They have inserted themselves into the highest levels of the government to the support of an outlaw state to the detriment of this nation. The zionist are bleeding America dry by extortion and deceit. The financial crisis, the wars in Iraq and afganistan, all caused by jewish deceit.

America is broke and yet we as taxpayers are still being forced to support this psychotic little outlaw state against our will by an illegal tax system enforced by terror.

The worst of the lot are lieberman, mc cain, lindsey graham, chuck schumer, hitlory clinton who so avidly support crimminalizing the patriot movement and supporting gun confiscation. One does not have to wonder just who's side are they on.

Has America become israel's bitch?

JohnZ, as far as I remember from history the czar and his family will killed by the serfs who were bound as slaves to the land. I doubt all those serfs were Jewish. I keep hearing a lot of anti-jewish sentiment in these comments and I'm beginning to wonder why you have lumped them all into one big

group of conspirators ready to take over the world. I'm African American and as far as I know I haven't seen one worldwide conquest being started by the Jews. And the fact that the British took Palestine and just gave them to the Jews is another thing that should be taken into account.

The Czar and his family were killed on direct orders of the communist party. there was no rumor of involvement by “serfs.” The communist oligarchy has always been Jewish as are much of the players in today’s Russia, nearly all the most powerful “kingpins” in Moscow. The issue is the standard charge made in Europe that communism is a Jewish political movement. Karl Marx was the son of a Jew who converted to Lutheranism. Marx, of course, shunned religion. The powerful ties between Israel and Russia are seldom examined, obviously, but would reveal an interesting subtext.

This article is pure and utter crap! Israel dictates what the BBC reports? You’ve never watched the BBC with its anti-Israel agenda.

The passengers and crew of the Mavi Marmara were unarmed? You didn’t see the video of the incident. They were clearly armed. You also did not notice the reports that appeared on Arab TV prior to the flotilla setting sail where the passengers and crew made it clear that their intention was not humanitarian aid, but to force a violent confrontation.

As for Fukan Dogan, he was acting on behalf of Insani Yardim Vakfi (aka the IHH), an organization known to be active in terrorist circles. The IHH even participated in a failed terrorist attack at LA International Airport. But you defend these people who strike at Americans. Are you sure you’re patriotic?

John Z, I agree with you. Please read the other post [part I of the Daily Paul article] which I posted in two parts because of its length as soon as it is available on this site. I wonder what happened to the other comments that were posted since Gordon Duff posted this article on 6/4/10 [154 comments gone including part I of Daily Paul!]
