## Israel 'to raze 88 Palestinian homes'

Israel has ordered demolition of around 88 Palestinian homes in the East al-Quds (Jerusalem) neighborhood of Silwan, Palestinian officials say.

Israeli Attorney Yehuda Weinstein ordered the destruction in al-Bustan area under the pretext that they were illegally built, said Ahmed al-Rowaidhi, the chief of al-Quds Unit at the Palestinian presidency.

"Israeli will evict 1,500 Palestinians from al-Bustan to make room for a tourist center in the area," Rowaidhi said.

The Palestinian official further added that Weinstein's order may affect 20,000 homes in East al-Quds.

He also warned that Israel will displace around 100,000 Palestinians from East al-Quds if it implements its demolition threats.

Israel occupied al-Quds in the 1967 war -- a move not recognized by the international community and the United Nations.

Meanwhile, Israel reportedly plans to sell 3,000 new settler units in al-Quds next year after Tel Aviv approved the construction of 1,300 units in East al-Quds.

### Use Oil as Weapon, Israel has in Gaza

11/20/2010 5:38:33 AM

The only way: Arabs must use "Oil" as a "Weapon", just like Israel has used it against Gaza, and Russia has used it against Europeans. Without using the "OIL" as a "Weapon", Arabs will NEVER get Jerusalem back. They should reduce "Oil Production" by 25[[[%]] and increase it every six months, until the Zionist stops the genocide of Palestinian as they have for the last 60 years. 88 homes? The eight letter of the alphabet is 'H', two 'H's' is an abreviation for 'Heil Hitler'. Appropriate.

In most countries delapidated and insanitary structures are demolished to make way for improved new homes.
