The IRS Extortion of the American People

December 5, 2010 posted by [J. Bruce Campbell](#) · [47 Comments](#)

The income tax is a Zionist extortion racket. It is the duty of every American to resist Zionist Power by non-compliance with this anti-American stealing of our wealth by the most treacherous and merciless aliens in history, the Zionists.

The “Internal Revenue Service” is a collection agency for the private, profit-making corporation that calls itself the Federal Reserve System. The fools who still send money to this private company can prove this by examining the backs of their canceled checks to the IRS. It will say “Pay to the Federal Reserve Bank of New York.” It doesn’t say, “Pay to the US Treasury Department.” Why do you suppose that is? Your hard-earned money goes to a private company that has never been audited, that was created by foreign Zionists for their own gain. The Federal Reserve Bank of New York is a private company, just like Goldman Sachs, both owned by pretty much the same people. See *Lewis v. US* (1982).

Aaron Russo, a producer of feature films, made a documentary film called “America: Freedom to Fascism.” Russo has since died and his film can be seen online for free. It is based on a simple question: “Is there a law that requires any private American to file a tax return or to pay income taxes?” The answer, as we all know, is no.

But, as we also know, the truth has no place in Zionist thinking. Russo’s legacy is not the Hollywood movies he made but rather the segment in his documentary in which he interviews the Jewish former commissioner of the IRS, Sheldon Cohen. He asks Cohen to name the law that requires an American to file a tax return or pay any money? Cohen is taken aback at his effrontery and says that he didn’t expect such a question. Russo asks it again. Cohen then mutters something unintelligible, which he follows with, “You know Yiddish and you know what that means: There is no hope for you.” Russo later states that Cohen threatened him in Yiddish. For asking a simple question about the legitimacy of the income tax.

Cohen’s reason for his anger and surprise is probably this: The entire Zionist criminal enterprise of fractional reserve banking depends on having the central bank, the ultimate and most lucrative monopoly, in Jewish hands. Its authority must not be questioned! To be most lucrative, it must inflate the currency supply at will and deflate the supply when the owners wish to take over property and businesses and homes. During the inflationary periods, much of the currency has to be recovered from the unaware people through the “income tax,” lest we have too much discretionary money to buy what we need or want. The whole idea is to keep us under control and the best way is to take away our money. That’s all this is about.

Naturally, awareness of the nature of this extortion has increased and millions of Americans don’t bother to file the fake paperwork demanded by the Zionists and their running dogs in the IRS. So the Zionists are getting mad, as we see in this official document from the “Department of Justice” an official statement in the name of a Nathan J. Hochman, the Tax Division’s assistant attorney general. Hochman is, of course, a Zionist. The tone of this official document borders on hysteria:

(Department of Justice Seal) Department of Justice

**FOR IMMEDIATE RELEASE
TUESDAY, APRIL 8, 2008
WWW.USDOJ.GOV**

**TAX
(202) 514-2007
TDD (202) 514-1888**

**STATEMENT OF NATHAN J. HOCHMAN, TAX
DIVISION'S ASSISTANT ATTORNEY GENERAL,
ANNOUNCING CREATION OF THE NATIONAL TAX
DEFIER INITIATIVE**

WASHINGTON – Today Nathan J. Hochman, Assistant Attorney General of the Justice Department's Tax Division, announced the creation of the National Tax Defier Initiative or TAXDEF. The purpose of this initiative is to reaffirm and reinvigorate the Tax Division's commitment to investigate, pursue and, where appropriate, prosecute those who take concrete action to defy and deny the fundamental validity of the tax laws.

Millions of hard-working Americans take time out of their hectic schedules to perform a time-consuming and often arduous task of filing federal income tax returns. 130 million Americans voluntarily engage in this ritual every year. These individuals participate because they know that with the privileges that the United States has given them come the responsibilities and obligations of citizenship. Former Supreme Court Justice Oliver Wendell Holmes' saying states it best: "Taxes are what we pay for a civilized society."

This initiative is aimed at stopping those tax defiers who do not meet their federal tax obligations and seek to transfer those obligations to their neighbor's back. The tax defier is not someone who has a legitimate or factual dispute about the amount of tax due. The tax defier is not someone who is merely exercising his or her First Amendment rights to challenge the tax policy choices that Congress has made. Instead, the tax defier is someone who rejects the legal foundation of the tax system, despite decades of legal precedent upholding the system's constitutional and statutory validity, and who takes specific and concrete action to violate the law. It is this tax defier conduct, which results in fraudulent claims, frivolous returns and bogus schemes, that threatens the foundation of our tax system and must be vigorously countered. This activity not only wastes limited governmental investigative, administrative and judicial resources, but it also fundamentally undermines the public's confidence in the fairness of the tax system.

Although the Tax Division and the IRS have been effective at times in combating tax defier activity, the problem demands constant vigilance. Today I want to renew and revitalize the Tax Division's commitment to combating tax defier activity by announcing the creation of the National Tax Defier Initiative, or TAXDEF. Jennifer Ihlo will serve as the National Director of TAXDEF and she will report directly to me. Her primary mission will be to ensure that we are using all of the tools in our enforcement arsenal to address this nationwide problem.

The TAXDEF initiative will:

- Strengthen and expand coordination among the Tax Division, IRS and US Attorneys' offices to ensure that both criminal and civil enforcement tools are fully considered and utilized.
- Leverage expertise and resources to enable agents and attorneys across the country to efficiently detect, investigate and where appropriate, prosecute tax defiers, viewing enforcement from a national rather than regional or local perspective.
- Expand our efforts to enjoin tax defier activity. Since 2001 the Tax Division has obtained over 300 civil injunctions against tax promoters and preparers, over a third of which directly involved tax defier activity. Injunctions are a powerful method of stopping the promotion of tax defier activity at the earliest possible moment. We estimate that we have collected over \$600 million in tax as a result of our efforts.
- Maximize our use of technology to detect, develop and prosecute cases. The explosion of the Internet in the last decade has greatly facilitated tax defier activity and turned what was once a paper-based local or regional enterprise into a click and download national operation. Our response must take full advantage of ongoing changes in technology.
- Alert and educate the public to the falsity of tax defier claims and publicize the consequences of tax defier conduct. Simply stated, we want to pull back the curtain and show the public that the promoters of these schemes are not wizards imparting the secrets of a "tax-free universe" but are nothing more than garden variety hucksters and modern day snake oil salesmen peddling tax evasion schemes.

This year marks the 75th anniversary of the Tax Division, and throughout its history its mission has been marked by the full and fair enforcement of the nation's tax laws. As long as there has been a Tax Division, there have been tax defiers willing to subvert our nation's tax system for their greedy self-interest. This TAXDEF Initiative should send an unequivocal message to honest taxpayers that to the extent that any of their neighbors engage in tax defier conduct, those neighbors will go to bed knowing that tomorrow may be the day when their crimes will be prosecuted to the full extent of the law.

This righteous Zionist uses his police power to intimidate us into giving his Zionist bosses our money, promising to prosecute us to the full extent of the law for knowing the law.

What law? Jewish Law? Zionst Law? The income tax law? Pretty much all law is Jewish Law, especially including the income tax law. The income tax law is the best example of bogus Jewish law, which is law based only on deception and enacted by fraudulent methods.

Hochman's announcement is a sign of pending defeat, of desperation. This is how the Zionists wind up treating everyone under their control. First they seize control and then they lose control. They always lose control – after they've wrecked everything. And then they take off, pretending they had nothing to do with the catastrophe they've created. They even claim to be its victims!

This Hochman threat shows that they will make vicious demands for obedience, just as they did in Russia. They'll kill anyone who opposes them, as they tried three times to kill me. They'll put millions of people in gulags who don't oppose them and won't know what they did to be put in there. They took the Russians by surprise in 1917, then the Germans and Hungarians in 1919.

They took the Palestinians totally by surprise in 1948. Nobody could believe the little harmless, pious Zionists could be so horrible if they ever got total power over others. Hochman shows how it will work here when we're under Zionist Rule. We're almost there. We'll actually be under Zionist Rule (Communism) soon if this worm doesn't turn even sooner.

Anyway, the income tax is the key to overthrowing the Zionists. How?

Well, who likes to pay income taxes? Do you? I don't and haven't since 1976, once I caught on to the scam. I didn't actually understand the scam until '79, but in 1977 I saw a real anti-IRS guy in action in Bakersfield. My pal had an auto repair shop.

One day, two IRS agents, a man and a woman, came into the shop and found him under a car. They introduced themselves and asked why he hadn't responded to their letters and demands for payment? He came out from under the car, wiped his hands and invited them into his office. They followed as he got to his desk, reached under it and produced a shotgun. "What do you want to talk about?"

"Are you threatening us?!"

"What do you think?"

They made some counter-threats and then took off. He never heard from them again. That was my introduction to the real tax rebellion, the one you never hear about. But that's how you got the IRS off your back in the good old days. My buddy showed me that the IRS was a criminal operation. The "agents" just moved on to tamer prey. I didn't file that year or any other.

Nathan Hochman's threats are extremely valuable to us, as is Sheldon Cohen's threat. They show how important the income tax is to the Zionists. It's not so much that the Zionists get our tax money (they do) as much as the income tax proves to us that we are not in control of our lives. The income tax takes our lifeblood away from us along with our dignity.

Mention of the IRS has the same effect on Americans as KGB had on Soviet citizens. A letter from the IRS produces a loosening of the bowels in almost every American, especially an American who has been in full compliance. The only reason you "voluntarily comply" with the IRS is fear of prison. The big scary stories about outrageous and illegal IRS assaults and taxpayer suicides and Wesley Snipes and Al Capone are acts of war against the American people. We just have to wake up and smell the gefilte fish, that is, recognize that the IRS is scientific Zionist aggression and mind control, not to mention grand theft.

The big Zionists, the big Warburg and Rothschild Zionists that stuck us with their Federal Reserve and their IRS, owe us a lot of money. The little Zionists like Hochman and Cohen owe us their stinking lives. How many of our lives have they destroyed? How much of our treasure have they stolen? The true figures are beyond our imaginations.

Hochman has dreamed up a typically Jewish label for those of us who understand the scam: "Tax Defier." Sound familiar? Rhymes with "Holocaust Denier." Tax Defier makes tax rebellion a hate crime with special circumstances. Zionists hate defiance against their demands.

Tax Defier. That's me, except I'm not selling anything other than revolution, so maybe I don't actually qualify as the sort of con-man Hochman wants you to associate with his smear job. No – I'm something totally different. I think we need to take the IRS on.

Not legally, in court. Physically, when they actually threaten us. And they've threatened each and every one of us. The IRS is the terror arm of the government. It's time to face this ugly fact and deal with it.

I've been preaching revolution for a long time. A real revolution – not the sort that replaces the British royal tyranny with an American Masonic tyranny, nor the sort that replaces a Czar with a Jewish tyranny, nor the sort that replaces a harmless king with a "Committee of Public Safety" that cut off everyone's head.

I'm talking about a revolution against the Jewish rulers of this country, represented by the Jewish organizations such as the Council on Foreign Relations, the Federal Reserve, AIPAC, the Anti-Defamation League and the Department of Justice, to name a few.

Organizations too powerful for the ordinary course of judicial proceedings, as I have written over and over. They have to be destroyed before we can ever gain control of our lives, our savings, our future and our dignity. Not regain – gain. We've never had any control of any aspect of our lives as long as we've been alive. And we never will unless we do this.

Another Zionist organization that we should destroy is the Internal Revenue Service. Not legally – physically. There's no legal way to do it because the ABA satraps are mostly Zionists and Masons – our deadly enemies. Any organization that would let a renegade Zionist represent it and threaten to show us "the consequences of tax defier conduct" must not be tolerated.

What will a real revolution produce for us?

It will remove the scum who have sucked us dry for as long as we've been alive. Imagine a country with no Zionist influence, no obscene Zionist poison in our entertainment, no more billions in "foreign aid" to Israel and all the other countries, no more kosher food tax, no more illegal aliens plaguing us and consuming our savings, no more Chinese junk products made by slaves, no more jobs sent overseas, no more Federal Reserve Notes and paying interest to the Jewish Federal Reserve to borrow our own currency. And of course, no more Jewish income tax.

The government at all levels will have to shrink drastically to the point where it hardly exists and where it must exist it will live in fear of us, the opposite of what we have now, thanks almost entirely to the Zionists.

The key is to tie the IRS and the income tax to the big Zionists who gave it to us and to the little Zionists such as Cohen and Hochman who threaten us with being gang-raped and maimed and murdered in prison. That's how they run the IRS racket, with our fear of their prisons. So let's not be afraid and let's get with a new program: Connect the hated income tax to its operators, the Zionists. This will eventually do two things: it will destroy the IRS and it will create hatred of illicit Zionist Power such as AIPAC and the Federal Reserve.

Hatred of evil is a good thing. Destroying evil is even better.

And there is also the hidden stock fraud or ‘securities’ tax levied by the likes of Bernie Madoff’s NASD colleague Mary Schapiro who along with present IRS

Commissioner and offshore money launderer Doug Shulman sold, for their and their insiders personal gain, over 20% of NASDAQ to Dubai Sheikh Mohamed Al Rashid bin Maktoum as a consolation prize for having allowed Kalid Sheik Mohamed to send \$100,000 to Mohamed Atta at Jeb Bush pal Wally Hilliard’s terrorist flight school at Huffman Aviation in Venice, Florida pre 9/11. Also the Dubai branch of NASDAQ allows easier access to Israeli clients and Arab royalty clients of Haliburton, et al. another ‘trading platform’ to manipulate the world markets from. So Mary Schapiro’s own corrupt deals and splintering of stock markets and trading platforms around the world is the cause of the very stock market chaos and anarchy that has been going on under her watch since she replaced the California money launderer and feaudster ex SEC Chair Christopher Cox who like his pick as SEC IG H David Kotz lied and caused to be posted fraudulent lies on the sec.gov website about Fannie Mae, Freddie Ma, AIG, Goldman Sachs, etc., shares to have collapsed in mid 2008 do to ‘naked short selling’ a term made up by NTU and Agora penny stock ‘holding’ and dumping ‘company’ founder James Dale Davidson to draw attention away from his illegal but SEC proted pumps and dumps of penny stocks Endovasc and Genemax in 2002. Davidson also used his

newsmax.com and his National Tappers Union address near the SEC in Alexandria, Virginia to fraudulently promote the Israeli biotech penny stock fraud Pluristem that claims to use stem cells from placentas for medicine. Ex CIA, Defense Dept. spook and Patrice Lumumba of Congo murder suspect Frank Carlucci was also involved in this fraud against Americans as was Leumi Bank of Israel that refuses to pay money owed

survivors of the Holocaust.

I invite anyone to investigate the corrupt hedge fund Zionist scumbag Doug Shulman who runs the IRS for the likes of Israeli terrorists like Menchem Atzmon who he had making false statements to the IRS to steal over \$2 1/2 million from the IRS under money launderer Shulman's nose. Doug Shulman also knows like SEC stock fraudster and Zionist Chairwoman Mary Schapiro of Menachem Atzmon's decades of stock frauds in American and against Americans and that their incompetence (to be optimistic) during 9/11/01 when they 'stood down' for the theft and highjacking of flights 11 and 175 from Logan Airport Boston and a ronevouz with the NYC TWIN TOWERS OR WTC ACCORDING TO THE OFFICIAL GOVERNMENT STORY. And as Christopher Bollyn revealed they have a Rothschild connection which probably explains why they control The Netherlands' Amsterddam Schiphol Airport with Queen Beatrix, Geert Wilders and the Israeli Dutch

COT 'terrorist expert Uri Rosenthal's blessings.

In sum J. Bruce Campbell it's even worst than the facts that you present which in themselves would be bad enough.

JB Campbellm,

You write the truth and it is so much fun to read your articles. Yes, the Jews like to kill people who expose their fraud, corruption, deception, lies and crime. They have friends in the FBI, CIA, Homeland Security and police to help them and not to forget the SPLC and ADL as well as ACLU.

A lot of American wealth that was looted from our pocketbooks, using the FALSE FLAG/INSIDE JOB of 9/11 as smoke screen MADOFF to Israel with the help of the New York Federal Reserve branch, then headed by current Treasury Secretary Tim Geithner.

As they say in the movies, "Follow the Money," and you'll see the money and the 9/11 perps lead to Israel.

Last summer, when the bill to audit the Fed was gaining some traction in the Congress, and all of a sudden one day, the stock market drops nearly 1,000 points in a matter of minutes?

That was the "Too Big to Fail" Wall Street banks and the Fed letting Congress know if they proceed any further with the Fed audit bill, they'll totally crash the economy.

The bill was killed a few days later.

Does anyone at Veterans Today know that this writing calls for the hanging of Jewish people? Does any here at Veterans Today know that this writer has called all American service men and women Communists that are enemies of the nation? Do you really want this writer

I'll tell you what, Greg, it's been a few hours since I received an email from this member and he hasn't been on the forum nor here since. He made the same claim to me, which I've passed along to my boss here on VT, and I'm afraid it appears what this individual has written is correct.

It's the last paragraph in an article posted here"

<http://www.outlawjournalism.com/news/?p=1350>

Now that article seems to be primarily about Communism, but the last paragraph adds the Zionist element to the mix and I guess that's what the member is referring to. Regardless, that article does clearly state that a problem is our members of the armed services and we can't abide by that here at Veterans Today, can we? It doesn't seem to me like we can, but we'll see what the Bossman has to say about all this.

Oh yes, the paragraph:

The first thing we must do is get it in our minds that all war criminals must be hanged. We must stop acting as we have been programmed to act for generations, which is to acquiesce in every evil policy and law made up by these sadistic criminals. We, too, have been part of a huge Zionist program in mind-control. So far, we have not broken the spell cast by these masters of horror. They have millions of Americans believing that American brutality is a good thing. I believe the only way to break the spell is to call for their hanging.

What's wrong with hanging criminals who collectively, have murdered millions? I don't care who they are. The men and women in our military are responsible for educating themselves and this site is extremely helpful in doing that. Then they can decide for themselves if they want to continue assisting rich men in slaughtering innocent people.

Amen kelli,

Seems folks are of one accord when condemning "politicos" (one clear and certainly verifiable element of the equation of criminality foisted on countless nations around the globe under the red, white and blue banner), but yet scream and rail like prissy schoolgirls as soon as anyone demands consistency of principle by pointing out the FACT that our soldiers are RESPONSIBLE for their actions too.

When militaristic boondoggles encompass (as they always have) innumerable crimes against humanity under US ratified international law (not least of which the Nuremberg Principles crafted by the US), those who swear oaths to uphold and defend the Constitution and then subsequently comply with patently illegal orders to invade, occupy and subjugate nations and peoples – who never so much as threatened us, let alone actively set out to invade OUR SOIL – are accountable for every man woman and child murdered, raped, beaten, tortured or wrongfully detained.

The corrupt politicians are guilty of launching these crimes, but those who bear the arms in the furtherance thereof are BY LAW complicit.

The true “heroes” who deserve medals are these:

<http://www.couragetoresist.org/x/>

I do NOT, however, believe that “hanging” would solve anything. Better that they brought to face their criminal acts and their obligation to make restitution and reconciliation for them. That is the fundamental principle behind Common Law.

■ *kelli* says:

[December 6, 2010 at 4:52 pm](#)

Of course Penumbra, bringing them to justice is the more humane thing to do. Unfortunately, that would give them the opportunity to go free since the system is rigged, it is corrupted. Someone mentioned on another post to start with three people and make examples out of them to scare the rest. I really liked that idea. I think we have no other choice unfortunately.

■ *Penumbra* says:

[December 6, 2010 at 6:13 pm](#)

kelli,

you are filtering my comment and its recommendation through the filter of “present ‘da facto’ judicial reality” not COMMON LAW to which I expressly and purposefully referred.

That reference is more than just a simple nuance, it is a systemic indictment in and of itself, precisely because our “legal” system does NOT operate under the COMMON LAW principles intended as the ONLY LAWFUL judicial system by our founders.

What we DO have is the result of an IMPOSITION of a legal framework adapted from COMMERCE and COMMERCIAL LAW into “The Law of the Land”, which it is not. That is to say, what is currently popularly accepted as LEGAL, is not truly LAWFUL. (find Black’s Law Dictionary 5th Ed. for the difference between the two terms and/or try to find Bouvier’s Law Dictionary 6th Ed.).

Common Law has but two essential foundational principles which can be boiled down to:

1. Do no harm to individuals or property (the root of civil society)
2. Do what you say you will do – fulfill contractual obligations (the root of commercial transactions)

Instead – with the perversion of our organic Constitutional Republican framework as enumerated and delimited by the Constitution into a CORPORATE entity with a de facto CHARTER designed to mimic the Constitution whilst altering it slightly so as to be another document

altogether – came the superimposition of ROMAN civil code (the basis of European jurisprudence locating sovereignty in the state to judge by decree) and ADMIRALTY LAW (the Law of Sea) for all, even on land.

The significance of these usurpations from the COMMON LAW of our founding is not trivial. They were designed to relegate the private individual to the status of both subject and chattel (property) of the ruling oligarchy.

All this was done under the fog of the Civil War, aided and abetted directly by Lincoln (dishonest Abe) and sealed as de facto with the fraudulent insertion of the 14th Amendment (which was not to give blacks equal rights but rather to declare ALL Americans, identified now as American “citizens”, to be EQUALLY chattel and subjects to the presumptions of Washington (which through martial law enacted by Lincoln simultaneously usurped the “de jure” sovereignty of the Several States into a homologous corporate entity as “political subdivisions”, a term you will find throughout “US Code” citations).

Thus, my point is that those who VOLUNTARILY align themselves with an exposed criminal fraud by taking up arms and willingly visiting aggression upon other nations in defiance (ignorantly or not) of unambiguous legal precept (duly ratified as US Law by act of Congress) and moral principles should be judged according to COMMON LAW by de jure Grand Juries, not commercial courts serving the criminal bankster syndicate.

If it were done in this way, only two outcomes could be possible:

1. Being clearly at verifiable fault for aiding and abetting criminal destruction of lives and property, they would be offered the opportunity to make restitution and reconciliation to those they injured (or in many case the families thereof).

If the individual belligerently refused to acknowledge their wrong in the conciliatory manner afforded them to regain their personal honor and right standing before God and man:

- 2: They would be adjudged as “OUTLAW” (outside the law and its protection and avenue of rectification for wrongs committed) and thus – as in times long past in this country as well as found in cultures going back throughout time – they could be maltreated, enslaved or even killed by whomsoever deemed it appropriate, without lawful recourse.

In such a system few individuals would choose to defy the chance afforded them to make things right. Being an “OUTLAW” holds no bright future for anyone, only fear of being hunted and on the run for the rest of their lives.

I do not concur with any suggestion of “making examples” of even a few for the very reason I do not concur with the legitimacy of the present legal system nor the fraudulent corporate mockery of de jure

government it is designed to reinforce.

I hope that both clarifies my position and offers you food for research on the difference between the systems and the purposes they serve.

- *Kelli* says:

That was brilliant Penumbra, thank you! I understand and agree. If only we could get that back. I didn't know that about Lincoln, not common knowledge, Common Law.

Another Jewish extortion racket that hardly anybody knows about is the Kosher Tax. Watch this video below,

Zionist Kosher Tax and the symbols on YOUR food supporting Israel
<http://www.youtube.com/watch?v=oNKOq2PPKdU>

The numbers work out to be something like for every 30 dollars you spend at the grocery store, 1 dollar goes to the rabbis who certify the food Kosher. But Jews only make up 2% of the population so why is the other 98% of the non-Jewish population paying for the bulk of the Kosher Tax? Because the Goyim has no idea that their grocery bill is a little bit more expensive than it should be.

Not all Jews are Zionists and NOT all Zionists are Jews.

I think when one confuses the two, it can border or even cross over into religious racism. I don't not think the author intends to paint all people who practice Judaism with the same brush as the intent of his position seems to suggest that Zionism is the driving forces behind the gift and that's where his, and our beef, should be directed.

As for his call for physical violence against IRS agents. I strongly denounce this call. Violence against a soldier in the IRS army may harm the soldier but the leaders just get another to replace him and march on. That's not a solution. Moreover, violence is against the law and we, the American people, who stand for law and justice must stay true and do right even if others do wrong. We must stand for something better, something we can aspire to,

something we can tell our children to be and do it with integrity.

In my view, non-violent Ghandi-esque resistance is the only way....don't pay, protest, get arrested, go on strike, encourage your bosses at work to join you and protest more, don't pay again, tell your neighbors...it must be a political overthrow, not a violent one. I believe that if we try to win this war by violent means, we become the same oppressors that we tried to replace and I am NOT for becoming a Zionist myself.

Ghandi and his movement of non-violence against oppressors got rid of the British and we can get rid of the Zionists in the same manner and then jail them in a court of justice just like we did with Nazi's during WWII. We need to do this thing right.....

agreed. re banks, all merchants who take credit cards should be encouraged by consumers to give a small (perhaps 1%) discount for cash- buyer and seller benefit, banks lose. Also, people should remove cash from banks.

JB Campbell,

Dont change your writing style. Just write the truth like what you have been doing because truth is viable. Brother Nathanael born into a Jewish family uses the tern "Jews" and Joe Cortina does the same. We talk about Italian Mafia and all Italians dont jump at us because majority of them are sensibl people. Communist Jews killed millions of Russian Muslims and Christians even before Israel came into existence. Were they Zionist Jews or Jews who were just murderers? Why are all Germans being called Nazis? Why are White people who try to preserve their heritage being called Nazis? I dont see anybody coming to their defense and I dont see White people jumpinf all over the culprits. When it comes to Jews there are so many spineless idiots jumping on the bandwagon to impress Jews to hang on to some power through them.

All Jews may not be Zionists but most of them are aiding and abetting Zionist Jews. If you are not a Zionist Jew and if you are not aiding and abetting Jewish crime you dont need to take offense. It is as simple as that.

Read "Hidden Tyranny" by Harold Wallace Rosenthal. Was he a Jew or a Zionist Jew? How about the people Benjamin Freedman is referring to. He calls them "Jews".

The reason we need to out ZIONISTS and use this term when describing the bankster, creeps, pyschotic criminals and traitors to the USA and its' people is precisely because there are ZIONIST CHRISTIANS, ZIONISTS MUSLIMS, ZIONIST JEWS and ZIONIST PAGANS

It would be categorically correct to acknowledge this fact because ZIONISTS are the grifters and we need to drag ALL OF THEM through the proverbial mean streets, not plain ole folk who happen to practice Judaism, Christianity, Islam or some statue of Joe Strummer. ZIONISTS are the culprits. They wear blue and brown and they are working for the clampdown!

“Our enemy is a journalist who has no grasp of the real history but only the programming of the slick Jew who writes his bloated paycheck, and every time they want a war this journalist plays a trick on you, and throughout the last century the people have always accepted what he said, endured the privation, and then asked for more.

Our enemy is someone who pretends to be on our side, but you don’t find out that they aren’t until the worst possible time. A lot of internet personalities fit into this category, and sad to say, most of you haven’t figured out who they are.

Our enemy is all dual Israeli-American citizens, who are committing treason by definition, and are the principal architects and engineers of the destruction of America, beginning with the constant causing of financial panics throughout the 19th century as justification for the creation of the Federal Reserve, which is the legendary war machine created, imposed and always owned by Jews, that has ravaged the world ever since.

Our enemy is anyone who blanches at the loud use of the word Jew in connection with

- Systemic crime that seems to have originated in Babylon, financial tyranny that got them kicked out of 82 countries before Rothschild was able to buy every single system in the world and that’s exactly the tyranny that is oppressing the world right now. The main fallacy is that a private organization should control the welfare of every person on the planet with no oversight. No genuine freedom is ever possible under this system.
- Corrupt government means no oversight on a medical community more interested in creating diseases than curing them, as recent mass murder attempts like AIDS and swine flu have tragically demonstrated. The biowar now underway against every person on the planet continues to be understood by increasing numbers, but governments remain locked in the callous grasp of the Jewish money machine, and people die so bogus debts can be repackaged and used as a basis for more bogus loans, while Americans remain deliberately misnourished and Israel fattens itself further into a morbid moral obesity with all the cash it has stolen from America and everywhere else”....

–Taken from the article “Identifying our enemy” by John Kaminiski

Feel free to use the word “Jew” freely where it is applicable.

Is money the Budda Finger ?

Silver now \$30.00 oz

<http://www.youtube.com/watch?v=HH5DQPsYWoU>

Anthony J Hilder reveals how the public is controlled by the use of money. Money that is created out of nothing and is not backed up by precious metals any more. He interviews a man, Kevin (the Liberty Dollar), who has minted genuine silver coins (not us coins) but was arrested for doing so by the FBI. Most of our 'money' is digital...that is ones and zeros on computerised storage. Kevin states: "We are controlled by what we desire". "We have a Corporate State". "if they control what we desire..we are controlled indirectly by them". "If we desire Federal Reserve Notes, and are willing to compromise our ideals... there are all kinds of changes that take place in society...a drop in values." "We have a Corporate State" "A Fascist type of model" "The Corporations are running government like a business"

Max Keiser, a financial expert (he's also on youtube), is saying that if each person buys 1 oz of silver, we can bankrupt JP Morgan. They've been manipulating the price of silver for a long time. Currently, they're under investigation and are being watched closely, so it's likely they can't get more "air dollars" from Bernanke right no to cover their "short" poisiton on silver.

"Now just think for a minute about the RAMIFICATIONS of a JP Morgan implosion. Will ANYTHING financial be left standing after the LARGEST ELEPHANT IN THE DERIVATIVE CHINA SHOP is blown to bits?"

"I don't think anything will survive the crash."

When the IRS commissioner was asked where in the entire tax code book does it show that Americans are obligated to pay taxes, he laughed nervously and muttered something about how "all of us have to".

The worst part of the interview was that the mainstream media who were recording the exchange laughed and snickered at the question as well, that is the reason that Americans don't know any better.

We're little more than sheep and sheep eventually get slaughtered.

Anyone who pays all of their taxes that can get away with not doing so is a sucker.

Russo's film shows a jury "discovering" there is NO LAW requiring income taxes. Only corporations are required to pay them. The jury was all set to convict before learning the truth. We should spread the word to family and friends that if they are ever on a jury in a Tax case, they should NOT convict.

The judges "know" there is no law, but they will convict you. Juries will also normally convict, because if THEY have to pay taxes, so should YOU. Therefore, education of family and friends about this issue (and maybe giving them the Russo CD) is a good idea.

Please be aware of the Tax Relief hucksters on tv. They have taken \$\$ from people claiming to bring relief from back taxes unpaid but not followed through. Employers require one to fill out a w4 when it is voluntary, thus aiding and abetting these criminals. They do so out of fear and they go on collecting and paying taxes for employees. Ask your congressperson if they have paid their taxes. Geithner didn't and was appointed anyway. Wonder who controls the gov't?

Wesley Snipes the actor should flee the country if he has the resources to do so. My understanding is that 25% of the population no longer files or pays.
