Joe Lieberman's Fascist agenda to strip Americans of their Constitutional Rights

Senator Joe Lieberman is sponsoring a Bill with Massachusetts Republican Scott Brown called the "Terrorist Expatriation Act" that would strip terrorist suspects on their citizenship.

Lieberman introduced the Bill stating "The State Department will make an administrative determination... the State Department will now have the authority to revoke their citizenship... they will not enjoy the rights and privileges of American citizenship in the legal proceedings against them.... he could then be tried by military commission as the Unprivileged Enemy Belligerent that he is."

Even though Lieberman claims the Bill is to target Americans who have joined Islamic Terrorist Organizations such as Al Qaeda, it has implications affecting many American political dissidents not just those who one would usually think of as terrorist.

Another scenario is American Patriots who are helping out the Afrikaner Resistance Movement which is secessionist movement in South Africa.

Joe Lieberman also sponsored another Bill in the Senate with John McCain called the "Enemy Belligerent, Interrogation, Detention, and Prosecution Act. This Bill which has been described as the "Patriot Act on Steroids" gives the President the power to determine if an individual poses a terrorist threat so that they can be detained and interrogated.

McCain explained it stating "we still don't have a clear mechanism, legal structure, and implementing policy for dealing with terrorists who we capture in the (alleged) act of trying to bring about attacks on the United States and our national security interests at home and abroad."

Lieberman added "These are not common criminals. They are war criminals. Anyone we capture in this war should be treated as a prisoner of war, held by the military, interrogated for information that will protect Americans and help us win this war and then where appropriate, tried not in a normal federal court where criminals are tried but before a military commission."

These two bill sponsored by Joe Lieberman tie in to each other. One bill strips Americans of their citizenship and other of their right to a fair trial once they loose their citizenship.

Lies about Zionism and the New World Order from the left and the right Friday, May 7, 2010 There has been a lot of debate about whether

labeled by the establishment as "domestic terrorist".

These bills create a dictatorship were the State Department is given the power the strip the rights of any American citizen especially political dissidents. Maybe some day when Americans take back their country this law may be used against the same traitors who are behind this bill who also happen to have ties to foreign terrorist.

"We believe all Jews in the US must be legally armed and trained," Stern says, "and towards this goal we hold paramilitary training camps to train and equip Jewish American youth." The group's literature notes emphatically that all firearms used in training "are 100% legal and in compliance with all federal, state and local laws."

"We strongly believe in the constitutional right to bear arms and we express this right to its fullest," it adds. The group claims to be "well-connected with the New York police and fire departments" and it invites "all members of the law enforcement community to join in our life-saving activities."

**Paul Isaac Jr says:**

On Friday, the third session of the group's training camp will begin in the Catskills woodlands of upstate New York, on land belonging to a Jewish supporter of the organization. With tuition at \$400, the group expects 15 participants and five instructors for the 10 days of training. Participation has doubled since the group began three years ago.

Kitat Konehut New York is modeled on the rapid response teams in the West Bank settlements that are often the first to act when terrorist attacks or other emergencies take place. The group bills itself as religious-Zionist but nonpolitical. American Jews have "felt a false sense of security in the United States," Stern believes, "because historically there has been less anti-Semitism than in other countries. But there have been incidents - neo-Nazi terrorist attacks, Arab terrorist attacks. Jews have to be vigilant."

"The threat is not from the American people or government," he adds, but from "terrorist sleeper cells that want to target

Jul. 25, 2008 Haviv Rettig , THE JERUSALEM POST Yonatan Stern, the "Sgan Mefaked Hakita" (deputy squad commander) of Kitat Konenut New York, insists his "paramilitary emergency armed response team" is no "group of vigilantes or a JDL [Jewish Defense League]."

"The goal of the organization is to have a competent and professional group of armed volunteers ready to respond to a threat at a moment's notice in any area where Jews reside," explains the Israeli combat veteran. ("field trip" photo Monticello, NY Catskill Mountains)

Whose intent is to maximize the use of "Terror" to take our rights away. I am ready to rise against such a threat.

Hmmm  
Follow up. Bye the way the statement by Lieberman that "they" are "criminals" is an act of terrorism itself. Why? because without due process there can be no legitimate definitive method of determining who is guilty and who is innocent. That is why all free democratic societies have a presumption of innocence. The power Lieberman and Obama want (Bush used before them) is to just arrest and take away anyone they feel is a ....pick one threat, terrorist, criminal etc. ..or maybe just a political or business enemy is is getting in the way. Look around the world, every 2 bit dictatorship in the world has bestowed the same powers on its "leaders". Without the presumption of innocence and due process there is zero chance that the system will not be abused. I mean honestly are any of you willing to trust such an abitrary system without safe guards with your children? If the anser is yes don't come crying when one of your politically incorrect children disappears without a trace

hmmm  
Lots of idiotic comments about spelling. This type of comment is the internet equivalent of shooting the messenger. Usually this tack is taken in a pathetic attempt to deflect attention away from the main issue(s) raised in the article.  
The main issue in this case is simple Lieberman and Scott are TRAITORS AND LIARS!. They both swore an oath to uphold the Constitution not destroy it. This bill is flat out illegal. Like the Patriot Act and so many other "anti-terror" laws. Which in reality are designed to take away the rights (hence power) of the average citizen. The war on terror is really a war on you and me! But by all means lets worry about the spelling, forget the traitors.
