11 Neoconned again

FEB Category: [Conservatism Is Dead](#), [Palin](#), [Republicans](#) | [GOP](#)

I've been meaning to write about the Tea Party movement being hijacked by the neocons of FOX News and the Republican Party, and I'll have more to say in the next couple days, but I wanted to pass this along from my friend Joe McCutchen.

The Tea Parties flying under the aegis of 501 c3 & c4 non-profits....anything but!

The 501's championing the Tea Party Movement with catchy patriotic, American, & religious names are springing up like Bermuda grass in a pile of manure.

The Tea Party Movement, which I believe to be the second most beautiful idea & means to reclaim our Republic, is being co-opted (corrupted) by the same types of organizations that I deem the most beautiful experience in my lifetime, the Minuteman Project.

In the month of April, 2005 thousands of citizens from all walks of life descended on the little town of Tombstone, AZ, the town too tough to die. We all coalesced and carried out our duties as we saw them both on the Naco line and the canyons of the San Juan Mountains. Everyone functioned on their own dime for the month of April and then the moneychangers struck, took over the movement and ultimately destroyed it. There was not nor is there any accounting of the thousands sent voluntarily to Tombstone. The continuing flow of money was put in caged accounts in Houston.

Now a second coming of the Minuteman Project, commonly known as the Tea Party Movement, has been taken over by moneychangers, nationally and statewide. In my opinion the most damning attack on the voluntary Tea Party Movement was and is instituted by Sarah Palin, the shill for "eternal war for eternal peace" warmongers and an Israel-firster. A deadly combination if you are a freedom-loving soul.

I refer you to Barbara's article on our site www.arkansasfreedom.com titled "[Beware the return of the Neo-Cons](#)", which deals with Sarah Palin, progressivism, and neo-conservatism.

501 c3's & c4's billing themselves as against illegal immigration, big government, socialized healthcare, gun control and for free speech, have never influenced a piece of legislation or defeated legislation and certainly have never instituted an aggressive attack on politicians who are subverting the Constitution. They are cowards and fundraisers, period. I name the most prominent two out of literally hundreds, FAIR & NumbersUSA. Their CEO's each taking home \$300,000+K per yr plus lucrative benefits. Not bad for an occasional sound bite and a few thousand faxes.

Another reason to stay away from political parties: Leadership of both parties has given way, in the case of Democrats, to a corrupt progressive philosophy (Marxism) and in the case of Republican leadership; it sank into the abyss of Irving Kristol's (father of William Kristol) Trotskyite neo-conservatism. THERE IS NO LONGER A DEMOCRAT OR

REPUBLICAN PARTY.

Again, I want to reiterate, there are already hundreds of these phonies popping up over the continental landscape, championing all the right causes, accomplishing nothing but bringing in tons of filthy lucre. I challenge anyone to refute the aforementioned. Before you write that check, know who you are dealing with and what they have accomplished, if anything, in our battle for freedom. Lip service and "conventions" don't count.

The Tea Party movement has left the realm of a voluntarism and has succumbed to fundraising pond scum.

In Arkansas there is one organization that is staffed with ONLY VOLUNTEERS, giving speeches, sometimes 2 or 3 per day, fighting for recognition of the 10th Amendment, monitoring legislative sessions, implementing statewide initiatives, i.e. illegal immigration, healthcare, to be put on the November ballot which I heartedly recommend. If you want to make a contribution please make it out to [Secure Arkansas](#). You will be proud you did.
