[The Man With The Israeli Accent—USS LIBERTY Survivor’s Life Threatened by Mossad on American Soil While Uncle Sam Yawns](#)

One would think that in this—the post 9/11 age—that a direct, face-to-face threat against the life of a decorated American war hero by someone claiming to be an agent working for a Middle Eastern country tied to previous acts of terrorism against the US would rouse some concern.

That is of course, unless the country from which this foreign agent hails is Israel and the war hero being threatened is a survivor of the USS LIBERTY, attacked by the Jewish state in 1967, leading to the deaths of 34 American servicemen.

As surreal as it sounds (again, in this the post 9/11 age) this nevertheless is exactly what transpired on the evening of Friday, August 6, to Phillip F. Tourney, decorated war hero and survivor of Israel’s deliberate and pre-meditated attack upon his ship USS LIBERTY 43 years ago who was verbally threatened by a foreign national claiming to work for the government of Israel.

No stranger to threats, Tourney has been subjected over the years to a smorgasboard of such business resulting from his refusal to remain silent concerning the deliberate attack on his ship 43 years ago and the cover-up nursed along every day since. These threats have included middle-of-the-night phone calls where the names of his children and grandchildren have been read aloud, guns fired a mere few inches from the phone’s receiver, swastikas painted on his home and, more recently, 2 occasions where the lugnuts on both his trucks were loosened, resulting in both vehicles being totaled in ensuing crashes.

What makes this most recent threat more ominous in its nature (and indicating that the same interests responsible for murdering his shipmates 43 years ago are beginning to take Tourney’s “activism” these days more serious than before) is that this time it took place in a manner “up close and personal,” meaning in a face-to-face encounter in the lounge of a Holiday Inn located in Southern California.

Vacationing the first week of August with Lisa, his wife of almost 30 years, as he sat in the lounge one Friday, August 6th evening, the seat to his immediate right was taken up by a well-dressed man speaking with an Israeli accent who wanted to strike up a conversation about—of all things—the USS LIBERTY. According to both Tourney and his wife, the man in question was in his mid-40’s, well-dressed and carried himself in a very “professional” way. Within seconds of the discussion’s beginning, the Israeli national referred to the LIBERTY as “that horse transport” (the lame excuse Israel has maintained these last 43 years in “mistaking” the USS LIBERTY for the El Quesir, an Egyptian horse ferry ¼ the size) thus conveying the message to Tourney that his new-found friend was indeed an official from the Israeli government. Tourney asked the man what he did, only to be told that he was a “doctor”. When Tourney challenged him to produce a business card, the “doctor” said he didn’t carry them, not bothering to disguise the slight smirk on his face underscoring the deliberate farcical nature of his response.

Obviously trying to get Tourney unhinged (no doubt in the interests of creating a public scene that might eventually turn violent and leading to Tourney’s high-profile/media-intensive arrest) the Israeli then went on discussing the June 8, 1967 butchering of 34 Americans by the government of Israel in mocking, taunting tones.

During the initial few moments of the verbal exchange, the man with the Israeli accent—wearing an outlandishly-over-sized watch—repeatedly put the watch menacingly and directly in Tourney’s face as if he—the Israeli—were a news reporter shoving a microphone in the face of a prospective interviewee. Tourney recognized immediately what was going on, indicated he knew he was being taped and told the man to get the watch out of his face. Again, it can be assumed the man with the Israeli accent was trying to provoke Tourney into some sort of physical action that could result in the police showing up and subsequent newspaper headlines damaging to the USS LIBERTY cause such as USS LIBERTY SURVIVOR ASSAULTS JEWISH DOCTOR IN HOTEL LOUNGE.

Finally, unable to provoke Tourney into throwing that hoped-for first punch, from there the dialogue turned into something right out of an episode of the gangster mini-series The Sopranos. After telling Tourney that the men of the USS LIBERTY “got what they deserved that day”, the man with the Israeli accent admitted he was in fact not a doctor but rather an employee of the same people who murdered the men aboard the LIBERTY 43 years ago. Tourney asked the man what he did specifically, to which the response over and over was “*many things*” and “*I do whatever my government asks of me*”.

The Israeli national then went on to say that his bosses were “not happy” with some of Tourney’s recent “activities”. He mentioned specifically the radio programs Tourney has either hosted or appeared on in recent years as well as the book he recently co-authored along with independent journalist Mark Glenn entitled “*What I Saw That Day...Israel’s 1967 Holocaust of American Servicemen Aboard the USS LIBERTY and Its Aftermath*”. The man made clear the fact that his government—the government of Israel—planned on putting a stop to all of this sooner rather than later, adding that “*We plan to pay a visit to your friend Mark Glenn soon as well*”.

At this point, Tourney, wanting to keep the man with the Israeli accent talking as much as possible, then asked how he planned upon silencing him. Was he (Tourney) going to be shot right there in the lounge in front of all present witnesses, and if not, when and where? The man with the Israeli accent merely maintained the same smirk on his face he had displayed before. Tourney then asked him when the next war was going to start, to which the foreign agent replied “Soon...My sources tell me between 30 and 60 days” and to which Tourney responded with another question “And what about me?”, to which the man with the Israeli accent responded “*You are on the same list as the Iranians.*”

At this point, Tourney’s wife Lisa, hearing what was taking place a mere few feet off to her right and experiencing for the first time the kind of threats that her husband has endured for decades (but which he never shared with her) decided she had heard enough. She got up from her seat, went around her husband so she could stare eye to eye with her husband’s would-be murderer and let loose in the way any devoted wife would—She referred to the man with the Israeli accent as the devil and told him he had no right to do what he was doing, asking him who he thought he was threatening Americans in such a way.

At this point, the elevated discussion was obviously attracting attention from the other patrons in the lounge and as if on cue, the man with the Israeli accent fawned surprise, shock and contrition, loudly protesting with apologies, all the more so as to make Tourney and his wife appear irrational, irascible and out of control and he the innocent victim. Shortly afterwards, hotel security showed up and the Tourneys left the lounge.

Tourney’s first action upon arriving at his hotel room was to call the aforementioned co-author of his book Mark Glenn and relate to him what took place and make him aware of the fact that threats had been made against both of them personally by a foreign national claiming to work for the government of Israel.

The following Monday, a visit to the FBI office in Coeur D’Alene, Idaho was made by Glenn where he met for close to an hour with a special agent and described in as much detail as he was capable of delivering the events of the prior Friday evening. According to Glenn, the agent doing the interview was courteous and professional but at an obvious disadvantage in terms of the nature of what had just taken place, as he seemed to have no working knowledge concerning the slaughter of Americans aboard the USS LIBERTY or even with violent Jewish groups tied to Israel’s Mossad operating in the U.S. such as the JDL or JDO, despite the fact that both organizations are categorized by both the US Justice Department and the US State Department as some of the most dangerous terrorist organizations operating on American soil.

Tourney fared no better in his encounter with the FBI in his hometown in relating what took place. According to Tourney, the agent taking down the report gravitated between boredom and aggravation at his being forced to deal with such business, although he indicated he would contact the Coeur D’Alene office and “compare notes”.

As of the moment of this writing, no follow-up calls have been paid by either FBI office to either parties filing this complaint.

The obvious (which needs no mention but will be nonetheless) are the political realities surrounding this event. If the roles of the various players involved with this event were slightly different, in that they featured an American—war hero or not—being threatened by agents of a foreign country in the Middle East (not Israel) it would make headline news all over the world. Law enforcement officials from virtually every federal agency down to and including the FDA would be pulled off other pressing details in order to bring the full resources of the US government to bear in dealing with the situation and all other news would take a back seat as Americans would be fed a constant din of noise surrounding the latest “terrorist” threat from the Middle East.

However, just as the world learned in the days and weeks following 9/11, where scores of Israeli intelligence officers (some in circumstances as “interesting” as filming the destruction of the Twin Towers and cheering and others arrested while driving an explosives-laden van around New York City) were apprehended by U.S. law enforcement personnel and then quietly sent back to Israel, the Jewish state can literally get away with mass murder against Americans and nothing will be done. Whether it is the attack on the USS LIBERTY, Israel’s role in 9/11 or the fact that two American families were threatened with death by the government of the Jewish state, Israel and her paid assassins are given a free pass out the back door to a waiting getaway vehicle after their crimes have been committed.

The likely factor that bears consideration as to why Israel has suddenly taken such an interest (and gotten nervous) about the activities of USS LIBERTY survivor Phil Tourney is the fact Americana Pictures has just finished the first draft of a screenplay based loosely and not-so-loosely on the events as recounted in Tourney’s new book. The president of Americana Pictures, Merlin Miller, is a graduate of West Point Academy, spent many years working in Hollywood, has directed and produced several of his own films and has now made the project of producing and directing a new film telling the story of what took

Apartheid Israel and her rabid supporters fear truth and someone who has enough balls to shine a light on their blood soaked, nefarious activities.

They will not be satisfied until ALL of the ME, except their home, is aflame.

And they don't give a damn about the USA, except to drain it of blood and treasure, until we collapse, at which point the Zionists will toss us aside like a used condom \

From the murder of JFK, to the USS Liberty attack, to the attack on the Marines barracks in Lebanon, to the looting of the S & L's in the 1980's, to 9/11 and the subsuequent looting of Wall Street pension funds and 401K accounts, there is one common factor, ISRAEL.

It is not surprising that these bastards who run the most criminal of all crime syndicates feel free to threaten people in their own country. After all, they did assassinate JFK and got away with it. Mark and Phil, may God protect you and yours. Please be extra careful.

Israel is NOT a Jewish state... it is in reality, a ZIONIST state...two VERY different things. They hide behind the Jewish label in order to gain sympathy and support for their crimes, crying ant-semitic anytime they are challenged, when in fact, Zionism is in reality a very anti-semitic political movement that defies the Jewish Torah.

Thank you for all you do to really free the West, Mark.

One can only wonder what the FBI response might have been had Mr. Tourney reported an Iranian agent or an Al Quaeda operative making those threats. The fact is if you are a white male, you are on your own. Rest assured, unless they are politicians, the only follow up cops do for white males is the post murder report on them. What is odd is how the white cops doing this have no clue as to the fact they are in the same boat. Eventually when their usefulness has been expended, their time will come as well. Therein lies our biggest problem while the jews go to great lengths to assist their racial kin, white people obligingly feed their own to the dogs. Here is an interesting comment:

"Have you noticed how the media are trying to downplay the fact that the election of Obama has been in fact the most racist election in American history?"

Obama has not united America, he has divided America.

96% of blacks voted for Obama.

96% reveals that they did not vote on politics – they voted on the grounds of race.

That is simply the most racist vote in American history.

That is a racist block vote – that is a declaration of racial separation, it is not a declaration of unity. That is the declaration of a community that sees itself as a racial block – and it is the declaration of a future civil war.

When a racial group has become so racially polarized that it votes for a politician simply on the grounds of their race – then this is the fundamental precursor to a race war.

That 96% vote says "we are black first and foremost and our politics are based simply on race.""

Anyone who accepts the jew's egalitarian bullshit is a suicidal fool. It's all about race. This is not a call to hate or reject other races, rather it is notice to support your own race. One need not attack or exclude other races to support their own. It is time for whites to accept the fact that other races have far more pronounced racial recognition and solidarity than whites. This is due to years of racist jews programming white people to become "color blind". One can clearly see the most racist people in the world hammering on white westerners to ignore and reject their racial roots even as they are actively encouraged to embrace those of other races. Their biggest lie in this? "Diversity is our strength!" Really, how so? if this is in fact the case why isn't Israel a polyglot of various races and cultures? How

many Mexican and Chinese restaurants do you think you might find in Tel Aviv? Look around western civilization; look at the Turks in France, or the Arabs in Germany, or the realities fit the myth of that hackneyed jew's big lie "diversity is our strength"? Has this sacred "diversity" helped unify and strengthen any of these formerly white cultures? Apparently, jews do not practice what they preach because what you find most exclusively in Israel are Ashkenazim jews. Even minority jews, like the Sephardim and Ethiopians, are largely rejected by the Ashkenazim jews who actively dissuaded them from participating in politics or immigrating to Israel. In this, one can see the jew's true virulent racism for they even reject certain elements of their own race in the expectation that these people will eventually no longer be a part of them.

One might well ask the corollary question here, where have the jews spent any time telling Blacks, Hispanics or Asians to reject their racial roots? Where do we find jewish media destroying the heroes of those races while telling the people they are the worst, most vicious murderous horrible people that ever walked on earth? In fact was their not a TV show called "Roots" that highlighted the racial roots of blacks? How about all those other TV shows, both fictional and fact based, that highlight the heroics of blacks? What about "black history month"? Where is our white history month? Where are our white heroes? All have been defamed, slandered and destroyed! Now every time Americans turn around they find a here-to-fore unknown black hero being thrust in their face, the latest of these being Doris Miller. When was the last time you heard of a white man being held up as such a hero? Instead we find our founding fathers like Thomas Jefferson, being denigrated and defamed as slave owners. What can clearly be seen in these examples is the jews full support, recognition and validation of other races while serving up virulent hate for the white race. Rest assured if white people do not speak up in defense and support of their race, no one else will. To put this in a nutshell, don't hate other races, instead, begin loving your own.

I agree w/ everyone's comment, and want to put it 1 step further. America WILL one day get their act together and will destroy these children of the devil, but not until the devil's children loot rob and kill more Americans. If our zionist-bought politicians are locked up for doing business with foreign-born terrorists, for treason, conspiracy, ect., then 1/2 the battle will be won. Instead of bitching about the zionists, we should be looking at WHO is accepting "contibution\$" from AIPAC and how they vote on bills that benefit israel, and then get rid of those jerks that would vote against a politician you need to vote for America not israel.

I am not surprised Mr Tournay that this individual confronted you in the presence of your wife, given that the legendary courage and cunning of the Israelis is nothing more than propaganda perpetrated by treasonous American mass media. Your mates and you conducted yourselves with the kind of courage that is common to true American servicemen during your Liberty ordeal. I'm not surprized of course that the venerable FBI agents had no inkling of that infamous day in '67. Most of us are just learning due to you and others finally coming forward. I know that had you come forward sooner, you would be a goner at the hands of your own government, and so I salute you sir.

What concerns me is the arrogance of these vile cretins of Israel. That and the inexcusable ineptitude of our elected officials here and in my Canada, regarding the Israeli lobby.

Please take care sir and know that your greatest protection from harm will be your continuing call to your fellow patriots both in the US and Canada, in fact throughout the world, to name the enemy within. Truly the enemy are the zionist, neo-con, power hungry devils that seek to vanquish us through the control of money.

Our enemies are not jews, muslims christians etc., they are souless degenerates that I would gladly confront shoulder to shoulder with any right thinking human being, be they muslim, jew, hindu or other. This started out as a note of respect. It turned into a bit of a rant. Nevertheless, your courage inspires me. Please take care and godspeed. James Dunlop.

You know, after reading all those anti-semitic posts, I had a tear in my eye. I've never felt so at home. What? You think I was getting all teary-eyed over the feelings of the jew bastards who hide the

murder of American military men? HA! Not likely!

Thank you all for recognizing the Jews for what they are and having the guts to come out and say it.

As we all should know by now, the ADL is obviously behind this. I suggest we show Abe Foxman the same treatment he showed the German POWs at Neuremburg and see if HE confesses. The hammer to the testicles treatment should do it. While we're at it, let's ask if 6 million Jews really DID die or it really IS a scam.

This is of course disturbing to me as a veteran – a patriot and an American – BUT – NOT SURPRISING! As a very young man and naive idealist more than 50 Years ago – It was my ambition to become an FBI agent. We lived next door to the 'then' Tampa FBI Director and the prospect of becoming part of that FORMERLY RESPECTED and HONORABLY INVIOLE organization was a personal noble ambition.

Today – with the experiences I have personally had and those I have learned of through reliable sources make me SICK! Today's FBI is a lame duck extension of Jewish interests. The very FACT That an FBI agent (NOT a clerical person or receptionist) was that abysmally ignorant of such a benchmark precedent historic event is an embarrassment to me as an American. He should have been fired by a superior IMMEDIATELY! Mark's experience with that moron was no less outrageous than for a prospective student in a dive shop to ask an instructor what nitrogen narcosis is and get a blank stare.

For God sake! – the attack by the Jews against the USS LIBERTY was by PUREST LEGAL definitive connotation – AN ACT OF WAR AGAINST THE UNITED STATES OF AMERICA – no different in nature -qualitatively – than Pearl Harbor! I have MYSELF – been blown off by the FBI in the past regarding valid requests for assistance with matter directly pertaining to their scope of responsibility – and I have a FLAWLESS 100% pristine civic and military record!

The current Israeli friendly FBI director is arguably CRIMINALLY negligent in his blatant dereliction of duty to American citizens. Of that – there can be NO QUESTION! Do a search on the background of FBI Director Robert Mueller, yourself!

The Jews have so far UNQUESTIONABLY bought our Congress – our Judiciary – the Office of the President – our entire news media – our entire entertainment industry – our financial security – our military – our former Christian identity – especially virtually ALL Bapt-duhs – and now, even the Pope – lock stock and barre! As a lifelong Catholic AND with some 40 years of investigative geo-political intelligence and journalistic experience behind me – I have more than token confidence to make that last statement with authoritative certitude!

Now – they have castrated our FBI as well – into impotent moral cowards whose best deeds are to harass and prosecute citizens who copy CDs – while they turn the other way when their Jew 'handlers' make mortal terrorist threats against decent law abiding citizens like Naval hero Phil Tournay and Christian patriot Mark Glenn. What a disgrace!

What is left? Does ANYBODY in this country in ANY position of responsibility – have the balls anymore to say and do the right thing – or am I and Mark and a handful of others – the 'LAST BOY SCOUTS' left in America?

Dear Mark and Family

I am dead tired with such a satanic world!

I am very sorry to hear of the threats Mark and Phil received recently from Israel, a demonic creation of Dr Amerikenstein and B'nai B'ritain.

The German and American Nazis created that monster at the same time the Jewish Bohemian Grove Satanists and perverts, Nazi Oppenheimer and his Jewish cohorts created weapons of mass destruction meant to terrorise the world and decimate its inhabitants. Finally, Jews got what they always wanted from the world and from Christendom, total ownership and subservience. "I AM BECOME DEATH, THE DESTROYER OF THE WORLDS!"

But, instead of quoting Hindu God Vishnu while exploding his Satanic bomb, the Satanic Jewish scientist Oppenheimer should have quoted the Talmud, Lucifer, Baphomet or Elohim, the Gods who created this world exclusively for the Jews!

But, as Alex Jones said over and over again, nobody can kill him unless GOD wills it! This is the Islamic point of view too! William Milton Cooper, blacklisted by William Jefferson Clinton as the most dangerous man in America, was warned by the FBI to shut his mouth or else they would kill him. They (Sheriff Goldsmith and his gang) first crippled him and then murdered him in cold blood on his own property near midnight. America applauded, some mourned and then we all forgot!

One Palestinian guy was not very lucky and Jews claimed his blood on their hands and on those of their descendents, but two thousand years later, those calling themselves Christians, and although armed to the teeth, thanked the Jews for having murdered their Messiah and kissed more than their feet! Muslims who claim the Messiah was theirs too are scared to death. Totally unarmed and disarmed (due to their own fault!), Muslim nations are unable to efficiently fight back.

But, because Muslims started as Freedom Fighters, Freedom Fighters they will remain for ever, but as those living as minorities cannot call up to arms, they can still cripple the enemy by a total economic and cultural boycott, and by civil disobedience until Satan understands that he simply cannot do whatever he pleases with Believers in GOD! But, here again, because of our addiction to materialism, we lack the will, the courage, and the BRAVADO!

I am retired from the world because it is too dangerous for me out there as the devil is everywhere! I do not know what to say, Mark, I am devastated. I heard Bill Cooper say how he was threatened, how the FBI ran him down, and how in July 2001 he warned America about the coming "Pearl Harbour" that would be blamed on Sheikh Usama Bin Ladin, and as planned and predicted, America was attacked from within by Israel on 9/11, and we could do nothing to prevent it. Nine years later, instead of hanging the guilty parties, we are giving them more and more of our tax money, more weapons of mass destruction, more monopolies, total freedom to threaten and murder our citizens at will! This world is insane! It seems obvious that we have been put to sleep by the Jewish Kabbalah!

I lost my beloved mother-in-law last year. Ten days later, I lost my bed-ridden father-in-law, one of the best human beings I ever met. This year I lost my adoptive father who was 99, a kind of a Saint. All three loved me and my small family dearly. But, my greatest loss was my mother-in-law, because she was not sick at all, and the Jews had released deadly chemicals in March 2009 in our skies over Britain (I took a few pictures of the chemtrails over my house) that many people died of so-called flu baptised also as "swine flu". She was retiring for the night when she had a bout of cough and suffocated! She was so lively and we had great times together, a very good human being full of knowledge of the past. I was so devastated that my immune system went down and I caught a bizarre flu that lasted more than three months, for the first time in my life!

I have been so upset with people dying around me and around the world that I started questioning GOD! (It's not true; I always question GOD!)

I pray to GOD that nothing happens to you and to your loved ones and to Phil. I do not see what I can say more. It is useless to get angry. Life and the fight must continue no matter what! However, I need to tell you about the Islamic position (and mine too) regarding those threats. Islam does not allow a father of nine children and a husband to put his life at risk any further because it is incumbent only on those who have less domestic responsibility to continue the fight! You can still continue the fight but in a less exposed way. You need to call your entire household and ask for their advice and accept their advice.

America has been hijacked by the Devil and there seems to be no way out EXCEPT A REVOLUTION! But, how to carry out a revolution with Zombies? ONLY A MIRACLE CAN SAVE US, AND I BELIEVE IN MIRACLES!

Take care, Mark, my Son, and GOD bless you and your loved ones. I am wholeheartedly with you all. I will not stop praying for your safety.

Everyoner who still believes the jew lie that Hitler was the devil needs to read "Mein Kampf". I'd like to also post here what one of America's greatest historians had to say about Adolf Hitler;

"Adolf Hitler an Appreciation"

Eventually America must admit her debt to Adolf Hitler for it was Hitler who first called upon all Aryan people to unite and challenge Jewish economic and political power. It was Hitler who first enunciated the doctrine of national self-determination and led the armies of Christian Europe in a great crusade against the godless Jews of the Kremlin. Hitler, like Christ before him, was crucified on a Cross of Gold through the duplicity of his own Christian people.

America will never forget that the Jewish International bankers, together with Franklin D. Roosevelt, their tool, led us into World War II. Why? Because Hitler drove the economic leeches of the Rothschild and Warburg families out of Germany. The Jewish "refugees" poured into America and enlisted us as cannon fodder and errand boys in Europe. Hitler warned America in 1945, that we would have to face the ultimate battle against the Jewish Frankenstein Monster of Communism alone. America had helped created the monster, now it would destroy her.

It is no longer a question of defending America's independence. It is a question of defending the remainder of Western Civilization from the colored hordes of Asia and Africa led by Jewish Communism toward the ultimate goal of Jewish World Domination. The Jew plays for high stakes; world domination or the extermination of their race. America is the last obstacle in the path of Jewish conquest. Either the Aryan or the Jew must yield in the world struggle. The goal of our National Renaissance movement becomes clearer.

When I was working in Los Angeles, at Mattel Toys, I met a Co-worker who happen to of been a Israelis Tank Commander in that War when the USS LIBERTY was Attacked.. This was in the late 70's.. For some reason he started to Brag about what happened.. We had become friends, I guess that's why it came up for a talking point.. What he told me was, The ISRAELIS was affraid that the USS LIBERTY, Being in a LOCATION OF being able to watch Troop MOVEMENT ON BOTH SIDES of the Militaries.. That the ISRAELIS MILITARY was AFRAID that the USS LIBERTY would give away their troop movements, so THEY had orders to Totally SINK THE USS LIBERTY AND KILL EVERYONE ON BOARD... NO SUVIVIORS..... I remember what he said, as I had gotten out of the SS Navy in 1966. Sam

It's great that the apologist for the so called hollowcost machine,in todays newspaper ,admitted about' 1 million jews died at Auschwitzs' in gas chambers.The fool brought it up to again brow beat anyone who would compare 9/11 with their 'sacred hollowcost'.Well,what happened to the other 3 million who supposedly died there?Haven't the CFR and countless jewish lobby groups demanded acceptance of their version of reality and subsequent non tolerance of anyone speaking out against it;with the help of state department collusion?

Did 3 million of them resurrect?Could they ,maybe ,believe in Jesus causing them to become undead? Truly amazing..... Oh,then doesn't that queer the 6 MILLION occult figure (Abe Foxman and other associates,among them all too many non-jews propagated the past 4 decades)?It is an untruth that has been beat down our collective throats ,thereby silencing any and all righteous criticism thereby granting jews and Israel anything they want .Just dare you to speak out against the mind set that they established!

So,since you charged us for being responsible for the 6 million jewish hollowcost and 4 decades latter we now know that no more than 3 million died by your admittance(I don't believe anywhere near that # were gassed), don't you bastards in the state department and the 300 jewish lobby groups OWE us 3 MILLION JEWS to be slaughtered at our discretion ;you know just to even the score.

Elaine – Don't lecture me about good Jews – bad Jews. I feel compelled to correct your disinformative statement about IsraHELL NOT being a Jewish State. I have been steeped in intelligence work and on-site journalism for a LONG LONG time. I spoke with many 'Jews' in Israhell under very unique circumstances as an 'insider'.

True – not all Zionists are Jews. As matter of FACT – most are NOT Jewish. Conversely – not all Jews are Zionists either. Most know less of the history and background of Zionism than I do. the TRUTH is that virtually ALL the 'Jews' in IsraHELL support their stolen country to the HILT! The VAST – and I mean VAST MAJORITY of IsraHELL Jews STRONGLY support their terrorist IDF. That is not an 'armchair' opinion – been there – seen that – done that.

For you readers out there – unless Elaine has lived a LOT longer than I have – spent more than the tens of thousands of hours of travel and research that I have – witnessed helpless 5 year old kids murdered in cold-blood – seen Jesus CONSTANTLY blasphemed in public and threatened death to Christian inhabitants of Palestine – had better intelligence conections that I had – or done more on site interviews than I have – she has no basis for her innaccurate misleading Jew apologist comments.

'Jews' are NOT a people. As a whole they are as evil as can be. Their actions differ from other ethnic groups on earth. That has been a truism for over three thousand years and no amount of Jew money and Madison Avenue makeup can ever cover up the true ugly evil face of the Jew! The ONLY Jews who have really suffered INJUSTICE in this world are those precious few decent Godly people – guilty by genetic association ONLY – made to suffer for the sins of the other 99.9% My heart goes out to these few – who have broken the bond of evil.

Even their children are taught to be evil. I have NEVER EVER witnessed such sadistically evil child monsters as Jew children!

Of ALL the contact I had when I was there – very few 'Jews' identified themselves as Zionists (and BELIEVE me -Zionists are not the LEAST BIT BASHFUL ABOUT THEIR SUPPORT) BUT virtually ALL IsraHELL citizens were vociferously anti- Palestinian – Pro-IDF – PRO traitor Pollard – and VENEMOUSLY anti-Christian. I saw crime after crime committed by 'Jews' in Israhell – In Gaza City in Herbron and other places. Not ONCE did I witness even ONE -'Jew' come to the aid of these poor terrorized Arab people – many who were Christians who had lived there almost since the time of Christ!

The REAL problem dear lady – is not Zionists – IT IS JEWS – PERIOD! Talmudic laws were NOT created by 'Zionists'. Most 19th century and pre- 19th century major wars in Europe were financed by JEW bankers before Zionism existed. Slave ships and their crews were financed by non-Zionist Jew bankers. Classic greedy Jew characters like Shakespeare's Shylock – were of course not 'Zionists' I could leave a 10 gig compendium of Jew crimes throughout the years and ages that had nothing to do with 'Zionism' if need be.

The Jews damned by Christ as "sons of the Devil" were not 'Zionists' And of course – Christ was not crucified by 'Zionists' – but BY JEWS! Official Zionism was not even 'born' till 1897. AS A MATTER OF FACT -one of the biggest deceptions by Jews is to agree that "Zionism is bad but ordinary everyday Jews are good decent folks – just like you or me". It is simply more deception- more lies – more deceit by JEWS – not necessarily Zionists! The proof of what i say is LEGION and arguably TRUE!

DON'T BUY THAT INANE NONSENSE! Apparently Elaine has never read John 8-44. So whats you're answer Elaine? Are you going to new tell us that Jesus was full of crap – and that He was simply WRONG and hateful? Are you going to turn Him into the ADL for hate crimes?

Here are some simple HONEST infallible litmus tests that separate the wheat from the chaff.

Ask a Jew if he or she supports IsraHELL an its inseparable terrorist group the IDF – IN ANY WAY WHATSOEVER! An informed Godly truly moral decent Jew can ONLY answer HELL NO!

Ask a Jew if he or she supports the current Jew puppet President OR SUPPORTED former war criminal Jew puppet George Bush. An informed Godly truly moral decent Jew can only answer HELL NO!

Ask a Jew if he or she supports our Jew instigated serial wars against Arab people and our inane baseless Jew inspired racist hatred of Islam and Muslims. ONLY right answer -HELL NO!

Ask a Jew if he or she supports in any way their filthy blasphemous demonic Judaism crap along with its pedophile criminal sharp business usury mentality gang of Rabbi demons. Again – only right answer HELL NO!

Now tell me honestly if you found more than literally a handful of these TRULY decent people. I haven't. Think I am hard on Jews for all the hardships destyruction and evil they have caused in my beloved country? Want a more qualified opinion? Just go to the RZN site and ask it's Jewish born and bred intellectual founder – Brother Nathanael Kapner – now a Christian convert – how HE feels about the bad Zionist /good Jew thing.

Tourney should go straight out and buy the best video/picture cell phones on the market, just in case this ever happens again. It would also be wise for them to install an alarm/surveillance system at their residence.

@ Mark Glenn: Do you have a good quality cellphone on your person at all times? You, and every other truth teller, have a responsibility to capture this kind of thing on video and post it on the internet ASAP. Also, for about \$2,200. you can have a hidden camera system installed in your vehicle...perfect for counter-surveillance, and for capturing corrupted police officers doing naughty things.

There's no excuse for not being prepared...if you're gonna put yourselves out there as truth-tellers then you accept the responsibility that comes with it. How much more so when dealing with the vicious, bloodthirsty Jews?!

Mr. Tourney or anyone who is subject to confrontation should make arrangements for video/audio taping wherever they may be. It is not just the Israeli's who are dangerous. It is anyone from within that international subversive nation known as jewry, or from the police state apparatus that the jews are deceitfully taking control over from within our own country. That is the reason that the FBI is no longer responsive to true Whites and Americans.

Anybody in this situation, take note Phil, should be carrying their own recording devices. There are small unobtrusive audio and video recording devices in watches and pens which are cheap and effective. I have an 8 GB pen which takes full colour and audio and it looks and works like a normal ballpoint pen. I have recorded in Court with it and nobody knew a thing. I switch it on everytime I am stopped by police now also. Stuff the law on recording people, I don't tell them usually and the day I need the evidence that will be a very minor detail.

If they behave themselves, they have no need to worry, but if they get up to their thug or lying tricks, they are going down.

Hezbollah: Model for Manliness — by Joanna Francis

As I watch the genocidal war crimes being committed against the Lebanese people, I'm struck by the images that come across my television screen. I see women and children badly burned by the illegal chemical weapons our tax dollars provide to the Israelis for the incineration of their enemies; bridges, homes and roadways bombed into oblivion; hundreds of thousands of internal refugees; and death and misery palpable from halfway around the world.

But I must confess that what strikes me the most profoundly is the sight of young Lebanese men marching proudly, as they trample an Israeli flag underfoot.

Hezbollah!

Many of them don't even look old enough to shave, and yet, they are truly men. The rest of the world hems and haws at the carnage the Jews have wrought on the once modern and beautiful country of Lebanon. But the average (so-called Christian) American merely echoes the mantra of his Zionist masters as he has been trained to do all his life. Americans confidently state that the Khazar Jews have a right to "defend their country" and that Hezbollah are terrorists, militants, and now, insurgents. What they fail to mention is that those Khazar Jews have about as much right to Palestine or Lebanon as the Chinese have to France, i.e., none.

They are simply Jewish squatters on Arab land.

And the Arabs intend to evict them.

That is not terror.

That is justice.

And that is manly.

So, Mr. Brave Christian Weekend-Warrior, call Hezbollah terrorists if you will, but one thing you cannot call them is: cowardly. With few exceptions, they are the only people brave enough to stand up to the Jew and spit back in his face. They are willing to fight to the death for their homeland, their honor, their religion, and their women. Yes, I said "their women." You see, unlike you, they will not let the Jewish pornographers and abortionists defile their culture and turn their women into whores. You have been brainwashed into believing that Muslim women hate their plight of being protected from sexual predators, getting married young, becoming mothers, being treated with respect and dignity, being taken care of in their old age by their children, and living like innocent, strong, beautiful women. To your surprise, they do not seem to miss the beer-guzzling, Playboy reading, commitment-phobic, narcissistic men-children who turn their women over to the Jewish enemy. Their men are truly manning the frontlines, as you strain your back to bow as low as possible before your Jew masters, in true lackey fashion. They own you, because you have sold yourselves (and us) out to them.

You, Mr. Macho, have become their bitch.

You are the unworthy sons of the great Christian men who built Western Civilization. They were not cowards, and they did not fight for the Jew, but for their own religion, for Europe, and for the safety and honor of their women. They kept the evil Khazar monsters locked up in cages where they belong; only to see their descendants unleash those beasts at the time of the Protestant Revolt. How our Christian ancestors must be turning over in their graves. Today, Christian men will only fight against other Christians (World Wars I and II) or against brave, honorable Muslims, at the behest of the Jew. Now, the Christians are the beasts in cages, only allowed out long enough to pimp for their Zionist masters, and buy the latest edition of "Girls Gone Wild."

Those "girls gone wild" are your sisters and daughters, yet you contribute to their exploitation for your own dirty, secret pleasure. You have abdicated your role as men and defenders of the Faith. You have allowed yourselves to be emasculated by a bunch of ugly, Jewish feminists. You did not fight for our honor. It is truly stunning how quickly you ceded Western Civilization, deciding that if you can't beat them, you'll join them. And so you gleefully set about exploiting our vulnerability, using us like unpaid prostitutes, too weak and selfish to accept your responsibility as head of a family. As a Christian, I do not believe in polygamy, but I can't help but admire the kind of man who can take care of four wives, and all their offspring; while American men put their one wife to work and then expect her to cook, clean, feed their insatiable egos, and then have to compete with their childish, Jew-inspired fantasies in bed at night.

So admit that you are powerless before the Khazar, step aside, and let "your women" do the fighting. I have only my pen with which to fight, but at least I'm not afraid to wield it, full blast, aimed right at my enemy. Criticize me if you will, but I will pull no punches, use euphemisms, or grovel before my enemies. I have lost too much to them. I will not be their bitch. Unlike you, with your sycophantic pen, when you dare even broach the subject at all, regarding who has usurped the great heritage our ancestors created. You make me ashamed to be an American woman. Muslim women need feel no such shame. Their men would die (and are dying) rather than hand their daughters and sisters over to the Jew to be defiled and degraded.

Their honor is safe in the hands of their Muslim mujahadeen.

That is manly.

Don't tell me that Jesus Christ was a pacifist and that you are only turning the other cheek. Christ was not the effete, kumbaya, Birkenstock sandal-wearing, proto-hippie that the liberals would have us believe. He wanted us to love one another but He also believed in justice. Render unto Caesar, and all that. He confronted the Pharisees face to face with words that you could only fantasize about using, and wouldn't dare utter, even though we live in the last country in the West where it's legal to confront the Pharisees. Yet you cower before them, justifying their incineration of Lebanese babies, while you pay the Jew to murder the babies you create with us. You bow before the Israeli flag, a foreign flag, while the young men of Hezbollah march on top of it. Don't hide behind Christianity. It is not for wimps and cowards. Let us not forget the image of Christ turning over the tables of the money changers and whipping them out of the temple!

That was manly.

So the next time you turn on the Zionist-controlled television news and see images of dead and wounded women and children in Lebanon, just remember: their men are fighting for them against a far superior military force (thanks to us). But they are not cowering in fear. And I wouldn't be surprised if they were to steal victory after all of this is over (if it ever is). Because all they have to do is survive and they have won. The Israelis have to eliminate Hezbollah to win, and that is unlikely. You can't beat a force that is fighting for their families and for their homeland — in their own homeland. The home team always has the advantage.

Truly, a moral victory is already assured for Hezbollah.

And regardless of the outcome, they win just for having withstood so much firepower, and still being able to launch their hapless little Katyusha rockets back over the fence. Yes, that is manly. Maybe you American Christian men could learn something from them about fighting for honor, family and homeland.

Maybe you could try to emulate Hezbollah?

They might teach you a lesson or two in manliness. And if you're nice, they might even lend you some testosterone.

Postscript: This was written during the July 2006 Israeli-imposed war against Lebanon. Hezbollah soundly defeated Israel in that war.

JOE CORTINA: "What is left? Does ANYBODY in this country in ANY position of responsibility – have the balls anymore to say and do the right thing – or am I and Mark and a handfull of others – the 'LAST BOY SCOUTS' left in America?"

Yes, unfortunately, you are indeed the 'LAST BOY SCOUTS' in America! It is just a handful and not enough to make a difference. Secret Services and Assassination Organisations like the F.B.I. should not exist in the Republic, and not even in a democracy! In US democracy, the Jews rule, not the people.

Regarding the JEWISH ENTITY ISRAHELL, why should it not be called Jewish when more than 90% of its Jews are for mass murder, torture, theft, global plunder and immorality? And, all its Allies call it A JEWISH (SATANIC) STATE!

Here, in the U.K. (Greater Israel), we cannot move a few yards without being on surveillance camera. Believe me, my dear human friends, it is worse than in the 'former' Soviet Union! The time of Moses is back when the oppressed was looking for a deliverer according to myth or history! Our today's plight is not mythical; it is real.

I see the solution, but I do not see many of us ready for it in a sufficiently great number to put the Jews and their Satanic Allies back in their proper place.

The threats that the Liberty Survivors have been through (since day one) are chilling. Of course the US Government and Israel are on the same page as many of the aforementioned threats have come from the USG. The USG wants the Liberty attack to simply disappear (at all costs) just as much as Israel does. We now live in the "US-Israel Empire." These are very sad times indeed.

As a real possibility, this seems an opportunity for the beginnings of a Christian fundamentalist backlash to a false flag involving "Iranian" hit men, nailing one of you guys--You know the big corporate media could spin it this way, for the very reason that the FBI agents taking the reports had no idea of what is really going on. This info is boxed up in a fairly small audience, called "conspiracy theorists"--that is how the general public is spun to think in the MSM.

But this is just one of many factors that leads me to think that the Zionist have modeled a civil war for the US.

But we must look deeper--Israel is just a hit team for the 'Crown', they are expert assassins. The 'Crown' uses the US as the major war machine for empire occupation.

The 'Crown', of course is not the Queen of fairytales, it is ruled by the Crimson King in the City of London, The House of Rothschild. All western intel answers to the Crown. The national meme is a ruse. This is deep intrigue with long strings of connecting modules. It is complex, but clear from a panoramic frame of reference.

The true architecture of modern political power is hidden in plain sight by perception manipulation. As H.G. Wells wrote in his book on political science, the OPEN CONSPIRACY, he felt the concept itself was beyond the average mind to comprehend or imagine. To the masses, many who were exposed to his fiction, were seeing the world they actually planned as "science fiction". Thus in the common mind, we have recent conspiracy theory shrugged off as "X-Files", if you believe that you are watching too much TV. Which is two levels removed Doublethink, as someone with this opinion is much more likely to be the one addicted to television, than someone who has spent the time researching such things.

At any rate, I sense a Christian Zionist/Muslim civil war is being brewed by the tactical gamers.

If the retired U.S. Navy man Phillip F. Tourney finds his life or any of the forementioned family members that have been threatened are actually killed, and the usual enforcement agencies refuse to take the investigation seriously, it is time for gorilla warfare within our nation against a foreign invader gang. The best part is we can easily find their meeting locations on line. How many 'suspicious deaths' are we going to sit by and do nothing about? Those that we pay to carry out these legal functions, if they refuse to serve justice what is our recourse,,, you betchuh. Let no next man or Phillip F. Tourney go down without this thing we brag about called justice, legal justice or extralegal justice,,, when will we really act on this thing called justice?

Getting a recording device video and or audio is imperative if you have received threats. The audio is the important part, you can have the video record the inside of your pocket for all that matters or get the perps face recorded if you don't mind breaking stealth recording mode. If the recording device contains threats of death, use deadly force on the threat maker immediately, and make sure your "to serve and protect" gang knows you were defending the lives of others as well as yours in your actions. That is your duty in any war against you and yours. Remember the concept of "pre-emptive strike", it was coined by those that threatened this man, Phillip F. Tourneys life, so it is on the table regarding the threats from this certain gang of criminals.

Has anyone heard a denunciation or a condemnation of these threats by any official jewish party? No?? That is all we need to hear. Speak up or consider yourself complicit in criminal acts as well as acts of war. Remember the war time fact of engagement, those in civies are spies!

I would have ripped his face off, framed the smirk and hung it on my wall next to the Moose. Fair game. If all the ships that are used to break the Israeli blockade of Palestine were called Liberty, like the first one that went there, then we would have a win win situation. If they stopped them the story of the USS Liberty would come out and if they let them pass in order to avoid the issue, the Palestinians would really get the supplies they need rather than have them stolen by the thieves called Israeli's.

This should be put on billboards everywhere. The Jewish bastards attacked an American ship. But the Jewish LBJ let them get away with it. Since WWII, we have had Jewish presidents, starting with FDR, then Eisenhower, and LBJ. These Jews made America look bad. If LBJ hadn't called back the fighter jets when the U.S.S. Liberty was attacked they could have kicked Israel's ass.

The Jews will always win, because all they have to do is start a war and silence everyone. It seems like the whole world wants to explode. If war breaks out in several places the Jews will pull off many other dirty deeds.

The Jews know people are learning about the mass graves of the millions they killed in Europe. They are learning the holocaust is a hoax. They are learning about the U.S.S. Liberty. They are learning about everything the Jews are responsible for. So the Jews just eliminate 5 billion on earth.

I got news for you people in the USA. It's getting ready to get bloody here. Don't even think of turning in your guns. Remember the Eastern Europeans and Russians were disarmed and the same with the Chinese and then the government gave them Communism. We are going to have a war with the Cops and military, because these people get paychecks while society falls apart.

Let's hope that Merlin Miller lives long enough to make the movie and release it widely. I expect he's now a target for the same creeps. A "creep" is my word for the lowest form of life on the planet. It's unfortunate that decent and honourable Jews will suffer when the world turns on the Zionazis, as it already has begun to do so. A universal boycott of all things Israeli would be best, just as the Zionists did to Germany before WW2.

"I only pray our military double crosses the Zionists."

Sorry, Jerry, but "our military" works for the Jewish Banksters and other International gangsters!

Do you remember how "our army" threatened to use microwave canon on the people if they did not give the Jews and other gangsters \$700 billion on unmarked bills they had demanded?

Jews operate Banks in New-York, Beijing, Ryad and London, and they got all the money while the people get all the debts and promises. Did the Jewish US government not terrorise and threaten the nation with Martial Law and "markers" dropping by 4,000 points, blood flowing on the streets, lions devouring children in the parks of Los Angeles if the Banksters' Bill was not passed and the money not given to Dictator Paulson? (Check the details, please!)

The army or Senate is all willing and ready to doublecross the people, not the Jews!

"I'm gonna have to turn into a warrior one day whether I like it or not."

It looks like I have been a warrior all along, ever since my college days. My first ever article in the Royal College yearly Magazine was rejected/suppressed by the editor, around 1963. I was maybe 17 then, and already debating hot stuffs like homosexuality, pornography, religions, Jesus, Muhammad!

We have been at war for many centuries, but we did not realise it until the war dogs struck home: JFK, Malcom X, RFK, MLK, Cooper, Wako, Oklahoma, Twin Tower, Pentagon, and all the adversaries Bill Lewinsky had murdered..., but it took a long time for only some of us to realise it.

I am more a warrior hidden in a cave like Sheikh Usama Bin Ladin, waiting for the right moment to send out my Islamic Angels of Death (with box cutters, indestructible passports, with a complete list of the Angels to be left behind as signature, just in case they do not look very Islamic because of their addiction to whores, vodka, lap dancing and heroine!) to PULVERISE the Twin Towers and Solomon Bunker Building, and blow up one wall and pierce through two others of the Pentagon, the strongest building on earth, with NOBODY to stop or catch me on camera, not even the greatest military super power on earth, the United States of America! Of course, Angels would defy all the laws of Physics! By the way, where are the videos shot by those poor and innocent MOSSAD operatives who filmed the Celestial Islamic attacks?

From my cave, I can do a lot, and I did! BOYCOTT AND INFORM! And, I do not give a d... (I am fasting, sorry!) if they come after me! The word is out already. I am just waiting for the DELIVERER and some courage from our Freedom-Fighters!

It would be quite understandable, were I a Juror, to hear that Mr Tournay feared for his life, which was threatened again, by the same that perpetrated that attack in 1967, and had taken measures to protect his life and person, by emptying an entire magazine at the perp, I mean Israeli thug.

And Had he felt compelled to protect his life, I would have found in favor of a self defense and reason of insanity plea.

Im glad it didnt come to this, but had it, there would be no doubt in my mind that this was reasonable force and reasonable action.

Ive personally witnessed these israelis' sick, pathetic attempt to shut down a peaceful music festival in the US, (a muslim group was performing), by Trying to create a bomb scare....only evil, miserable, sociopathic, poor excuses for human beings would do something like that...and the only sociopaths who know they can get away with such behavior are the israelis. Peace, in-spite of these liars and their servants in the US congress, who would have it otherwise.

Most All of the power they exhibit is found in the power of the purse.

The authority to issue money is the "organizing principle." Money itself is an "Abstract receipt of labor."

"Displace the economic authority" and return the issue of money to where it belongs, the people, and we can use this power of the purse to Peacefully transit into a Just world, with the prison system

closed down for good.

No force is necessary, merely a general strike and they will crumple without a shot fired in anger.

A general strike will also help to re-establish the power of labor.

The economist Richard Cook has suggested that one flaw at the beginning of the government was that only three branches were created; executive, legislative and judicial. He suggests that we need a fourth branch of government. A branch dedicated to economics.

When the central bankers are tossed out, we will need economic assistance to maintain the basis of our wealth and enhance it. Mr. Cook and his associates may have the technical thing that we will need to bring on line, a branch of government to be found in the department of Economics..

He has also mentioned a guaranteed income for the people.

How about we call it an "Existence stipend." An assurance to all of access to the aggregate resource base; "Something for everybody."

A call for an end to what Brother Nathaniel Kapner has termed: "Jew bankers strangling America."

"They have demonstrated a weakness; an inability to accommodate others"

Toss them out!

Get a hold of the power of the purse and we will fund the people and not the war.

How many millions of horror stories would the Palestinians have to tell if they controlled the media? What about the millions of Chinese in China? Have you ever heard any of them have any stories to tell about torture or murder?

No, but there will be someone like Kathy Lee Gifford who will complain about children working in sweat shops over there. Do they think anything changes? They are murdering people and they are our number one trading partner.

Do we declare war on them? No, but all we heard was how Saddam had treated his people. I would much rather live under Saddam than what we got. The Iraqis had plenty of guns. Their gasoline was cheap. They didn't have to get driver's licenses. They had low or no taxes. But you don't challenge the guy. They had it better than we do. I'm sure the Iraqis live better than we do, but I wouldn't want to live in the desert. Soon we will make their lives more miserable.

the only real hope remains in Amerika that its 27 million veterans – albeit not the bravest or brightest of people understand their strength and how their leadership became hijacked by forces with agendas likely different than their own.

These veterans and acting military need to turn off NASCAR and the NFL – and get off their collective bloated asses and demand and physically affect the future history of the country.

Start by targetting MSM – give FOX a taste of the hounds!

I agree with Charlie. The Jews run the show, but the politicians make the laws. If the Americans could work together. I think we solve a lot of problems and just get rid of the two party system and have one patriot party. We elect people and they are not allowed to talk to lobbyists and they only serve one term and then out of office and back to civilian life.

For sure the Jews have made the rules and they always have. But if we could watch the politicians like hawks we could go after the ones who vote for anything Israel, but we have to first hang the crusty old bastards in office and start over. A couple hundred patriots and the party is over with for them.

Nobody has mentioned this, but how can they keep creating hundreds of new laws? I mean they take forever to get shit done, but we keep getting all these laws liek they are actually doing something. I think they create laws to justify them even having a career. You get rid of the career politicians and you will solve your other problems.

You must keep in mind that professional intel operatives, folks like the wet-work team from MOSSAD, the CIA, or any of the other national powers DO NOT MAKE DEATH THREATS! All they do is find their target, observe it for a few days to get down the routine, decide where the best (and least populated) spot for a hit would occur, and then do it. And make it look like an accident, a suicide, or a mugging / drug deal gone bad. Death threats are made by amateurs, by folks with political or social axes to grind, usually misfits or simply frustrated people. It's fairly obvious from the article that he is dealing with an amateur...no doubt, amateurs can still be dangerous (just ask John Lennon), but MOSSAD would give NO hint that they were around, they'd just find the right place to do it and BAM! you're dead...and the killer disappears into the dark like Keyser Soze ("Poof! and he's gone.")

@ Patrick Sullivan: you are correct, of course...we should go to war with the Banksters. There have been three presidents who have tried to stand up to the Banksters – Andrew Jackson, Abraham Lincoln, and John Kennedy – all three men were then targeted by the Banksters for assassination.

This proves, beyond any doubt, what they [Banksters] really care about...it's not Israel, it's money! Pure and simple.

How much better could our lives be if WE controlled our own money supply? Vastly better! So, in order to improve our lives, and the lives of thousands of future generations, we MUST go to war with the Banksters and gain control over our money.

the answer to this problem was quite simple . to a texan. philly, should have just pulled out his trusty Tokarev semi-auto 7.62 and emptied the clip into this offending piece of trash and told the keystone cops, it was all in self defense.....even if philly went to the joint, no one would even so much as say boo to him about it. might as well do it. they are coming anyway. this way, they know you mean business and are not someone to mess with. the jews wouldn't ever bother him again. when this illegal alien dual citizen piece of trash, is loaded up and sent back to israhell, nobody in this place will shed a tear, that is for sure. but i digress. wait a minute. i am dreaming now, of another world, aren't I, or is this a reality that we must all face soon?

Excellent comments..Especially from Joe Cortina!

Lets face facts here, and that is the only solution left for America is for the people to rebel against the sinister Zionist Jewish controlled government, and have absolutely ALL of the Israeli-first skills in power arrested and removed from power. Then the people must have the will and the means for taking control of the military and police forces to prevent the Jewish money dominated corporations from fighting back. The next steps have to be implemented right afterwards:

- (1) End The Federal Reserve Zionist Jewish Debt Based Monetary System immediately!
- (2) End The Federal Debt Immediately, as it is owed to criminal Zionist Jewish bankers of the Rothschild empire
- (3) Remove all Zionist Jewish control of the media immediately, and demand that media sources start telling the real truth!
- (4) End ALL aid to the criminal state of Israel immediately
- (5) Declare agencies such as JDL, the Southern Poverty Law Center, and AIPAC as criminal groups and have these groups disbanded and their leaders arrested and placed in Jail!

- (6) Place into law that all currency is to be printed ONLY by the government, and that it is to be done interest, and therefore USURY free!
- (7) Remove all ill gotten wealth and property from Jews in America, and have it given back to the people.
- (8) Remove all dual citizenship from American citizens immediately, as no man can support two masters. Jews in America will have the choice: Either become true Americans, or be shipped off to Israel, and those who are shipped are to absolutely leave their ill gotten wealth behind.
- (9) Launch full and proper investigations into all Israeli attacks on America, including the USS Liberty and the killing of the American citizen on the Mavi Marmara, and have the Israelis rightfully charged with the crime
- (10) End diplomatic relationship with Israel, unless (A) Israel allows full inspection of its clandestine Nuclear Power program (B) Israel reveals its nuclear arsenal (C) Israel agrees to NPT and IAEA standards (D) Israel repays ALL of its monies obtained illegally since the passing of the Symington Amendment of 1976.
- (11) Have the evil and insidious Talmud removed from all libraries, synagogues, and education everywhere, as it teaches only racism, hatred, and criminal activities.

This list is just the tip of the iceberg, but it is a start...

i just cant believe we are still so paralysed or cowardly that we dont do anything against these creatures. im sure enough important people with true loyalties to america know what is going on. are they not organised? do they fear to act to save our country? even dr brzezinski, no modern revolutionary, has mentioned doing a reverse liberty on israel if they come into iraqi airspace to hit iran, u can bet admiral fallon knew all about it, and mullen too. they know about 9/11 too.

anyone who knows air force personnel that work in SAC u need to call em up and let them know who the real enemy is. my call to all sac personnel is read tourneys book, then read army war college dean dr sobrosky's writings on israel doing 9/11, and he has jewish ancestry by the way. then launch those ICBMs at israel!
