## **The 14 Israeli 'Art Students' Were Inside The WTC Towers Camping With Construction Passes**

From Dick Eastman  
10-12-9

The 14 Art Students, it has now been confirmed, were in the World Trade Center Towers with Construction Passes, Connection to Mossad Spy Ring

More Mossad in the towers before 9/11:

=====

I was contacted by an individual who led me to this information about the art students living in WTC Tower 1 before 9/11. In fact, in May of 2000, they were living on the 91st floor where they were doing construction and sleeping in tents. They did have construction passes. I do believe that ACE Elevator and Securicom, as well as Kroll Associates should be focused on, however, this is important information that has never been confirmed, until now.

-

These art students were apart of the art group, gelitin, and were pulling off a large stunt in the name of art, at least that is the official story. Gelatin is notorious for encouraging and participating in various stunts and elaborate adventures to push art into the pop culture by performing publicity stunts. The project these art students from Austria and Germany were apart of was called, "The B-Thing."

-

I am in the process of uploading all of the photos and information to make available to everyone online, so be looking for that soon. In the meantime, I broke the story on Kevin Barret's radio show, "Truth Jihad" which airs every Saturday on American Freedom Radio. The audio from that interview is in the Youtube clip at the top of this post, but if you want to download it, it is at the following link:

<http://radiodujour.wordpress.com/2009/10/10/art-students-camping-on-the-90th-floor/>

-

The art students released a book about their art event out of Austria and the book is extremely hard to come by. IN fact, it is limited release and most copies are sold, I had to search very hard to find a copy but I found one. Here is a link to one of the stores that used to sell it:

-

The New York times did an article on the Gelatin crew made up of up to 14 Austrian and German students. You can view the original New York Times article here:

Again, stay tuned for more on this coming in the near future and also sign up on my newsletter here at CoreOfCorruption.com to receive the update on the sequel in the series titled, "Echoes of Treason" which is soon to be released.

Background: Don't read this until you have viewed the above.

Here is the older information regarding this Israeli agents who laughed and danced and high-fived when the towers collapsed -- for those who still think Arab terrorists with box-cutters did 9-11 -- note too the articles of mine (further down) including the Israelis infiltrated at Dulles and Reagan airports on 9-11, each with illegal top security clearances -- whom Attorney General Ashcroft quietly sent back home to Israel after holding them, without Guantanamo-style interrogation, for 3 months. They later were on Israeli radio and mentioned, in Hebrew, having been there to record the event.

The Israeli "art student" story, which first surfaced in 2001 in news reports, has yet to be explained by U.S. authorities. A memorandum sent to the 9/11 Commission, and Senate and House intelligence committees in September 2004, suggests that young Israelis who canvassed dozens of U.S. Drug Enforcement Administration (DEA) offices in 2000 and 2001 trying to sell paintings to federal workers, may have been spying not only on the DEA, but also on Arab extremists in the United States - including the Sept. 11 hijackers who were living in Florida and New Jersey.

Many reports describe incidents of government employees spotting individuals in office hallways or elevators carrying large art portfolio cases. The art sellers would typically make a pitch to sell paintings, but if they were told that soliciting in government offices was prohibited, some replied that the art wasn't actually for sale but was promoting a future art show, the DEA report said.

During the first five months of 2001, according to Shea's memorandum, the "Israeli DEA Groups" visited a total of 57 DEA locations - 28 offices and 29 private residences

Other individuals that Shea calls the "Israeli New Jersey Group" were based in Bergen and Hudson counties, in New Jersey, according to the well-annotated memorandum that also cites the 9/11 Commission report, the 2002 congressional intelligence committees' joint inquiry into the terrorist attacks, newspaper and magazine reports, Fox News telecasts, 9/11 hijacker timelines, FBI suspect lists, and an East Rutherford (New Jersey) Police Department report.

Dozens of the more than 100 Israelis were stopped and questioned by DEA agents, and other federal government authorities. The individuals were vague about why they were in the U.S. or what their purpose was for being here. Dozens were arrested for visa violations and deported, according to the memorandum. Many in the groups had served in the military, which is compulsory for Israeli citizens, and group leaders had been in intelligence and electronic communications units. With such expertise, it strikes many as odd that the Israelis would be hawking inexpensive artwork. In the report, the DEA concluded that the agency was being spied on by the Israelis.

In 2001, a Fox News report by Carl Cameron laid out the Israeli spy scenario, however, the story was short-lived, and Shea was told by a representative at the news organization that there was outside pressure to kill the story.

The way the corporate media would have it believed is that Israeli "art

students" who aggressively sell cheap art door-to-door, usually at federal office buildings and the houses of government employees, are merely traveling abroad after their military service in Israel to "see the world." In fact, these "art students" are classic intelligence operatives who have appeared before and after major terrorist events and covert operations conducted by the Mossad.

WMR has learned that an Israeli art student cased the offices of an investigator of the suspicious February 26, 2004, death of Macedonian President Boris Trajkovski. Trajkovski's Beechcraft King Air 200 crashed near Stolac, Croatia, in southern Bosnia while en route to an investors' conference in Mostar.

After the crash, U.S. Ambassador to Macedonia Lawrence Butler quickly met with Nikolai Gruevski, the minister of finance in the VMRO-DPMNE government. Gruevski was an ardent supporter of denationalization, a globalist, and supporter of NATO membership for Macedonia. Prime Minister Branko Crvenkovski, although a Social Democrat, was also seen as close to the globalists.

Although Trajkovski, a Methodist minister, was also a member of the VMRO-DPMNE party he was viewed as less accommodating to international demands for privatization of state enterprises in Macedonia.

After Trajkovski and his party were killed in the plane crash, Macedonian and Bosnian authorities complained that NATO's investigation of the plane crash was secretive and the two countries' aviation authorities were kept in the dark. Many Macedonian officials were opposed to allowing the United States to investigate the crash and there was confusion about who had access to the two "black boxes" on Trajkovski's plane. NATO troops stationed in Bosnia were the first to arrive at the crash scene.

## HUNDREDS OF MOSSAD AGENTS CAUGHT RUNNING WILD IN AMERICA

By Warren Royal

We spoke earlier about the five celebrating Israeli "movers", (Mossad agents), who were arrested and placed in solitary confinement for weeks after they were spotted in a white van suspected of attempting to blow up the George Washington Bridge. We also reviewed how the Israeli owner of Urban Moving Systems - Dominick Suter - then suddenly abandoned his "moving company" and fled for Israel on 9-14. But there were still more

Israeli "movers" and other Israelis whose actions raise serious suspicions. Even more suspicious is how they are always quietly released and deported.

In October of 2001, three more Israeli "movers" were stopped in Plymouth, PA because of their suspicious behavior. These "movers" were seen dumping furniture near a restaurant dumpster! When the restaurant manager approached the driver, a "Middle Eastern" man later identified as Moshe Elmakias fled the scene. The manager made note of the truck's sign which read "Moving Systems Incorporated" and called the police. When the police spotted the truck, two other Israelis - Ayelet Reisler and Ron Katar began acting suspiciously. The Plymouth police searched the truck and found a video. The Israelis were taken into custody and the video tape was played at the police station. The video revealed footage of Chicago with zoomed in shots of the Sears Tower. The police quickly alerted the FBI and it was also discovered that the Israelis had falsified travel logs and phony paperwork on them. (1) They were also unable to provide a name and telephone number for the customer that they claimed to have been working for. These Israelis were up to some sort of dirty business, and you can be sure it had nothing to do with moving furniture. These Israeli spies may have had a dark sense of humor. The name of their "moving company" actually contained the word MOSSAD embedded inside. Moving Systems Incorporated. MOving SyStems IncorporAteD...MOSSAD

On October 10, 2001, CNN made a brief mention of a foiled terrorist bomb plot in the Mexican Parliament building. They promised to bring any further developments of this story to their viewers, but the incident was never heard of again in America. But the story appeared in bold headlines on the front page of the major Mexican newspapers (2) and was also posted on the official website of the Mexican Justice Department. (3) Two terror suspects were apprehended in the Mexican Chamber of Deputies. Caught red-handed, they had in their possession a high powered gun, nine hand grenades, and C-4 plastic explosives (great stuff for demolishing buildings!) Within days, this blockbuster story not only disappeared from the Mexican press, but the Israelis were quietly released and deported! The two terrorists were Salvador Gerson Sunke and Sar ben Zui. Can you guess what their ethnicity was? Sunke was a Mexican jew and Zui was a colonel with the Israeli special forces (MOSSAD). (4)

The story in El Diario de Mexico went on to reveal that the Zionist terrorists had fake Pakistani passports on them. Can you say "false flag operation?" The probable motive of this particular botched terrorist operation was to involve oil rich Mexico in the "War on Terrorism". (The War on Israel's enemies would be a more accurate description). Mexico is no military power, but the psychological trauma of an "Arab" attack on Mexico would surely have induced Mexico to provide unlimited cheap oil to her American "protector". With cheap oil flowing to America at low prices from Mexico, the US could better afford to break off relations with the oil rich Arab states in general and Saudi Arabia in particular. That's why the planners chose 15 Saudi identities to steal for the 9-11 operation.

Many Mexicans expressed shock at the release of the two Israelis. But when you learn that Mexico's Secretary of Foreign Relations is a Zionist named Jorge Gutman, it's not surprising! The Zionist tentacles reach even into Mexico! La Voz de Aztlan (Mexican-American news service), in its excellent investigative report revealed:

"La Voz de Aztlan has learned that the Israeli Embassy used heavy handed measures to have the two Israelis released. Very high level emergency meetings took place between Mexican Secretary of Foreign Relations Jorge Gutman, General Macedo de la Concha and a top Ariel Sharon envoy who flew to Mexico City specially for that purpose. Elías Luf of the Israeli Embassy worked night and day and their official spokeswoman Hila Engelhart went into high gear after many hours of complete silence. What went on during those high level meetings no one knows, but many in Mexico are in disbelief at their release." (5)

In November of 2001, 6 more suspicious Israelis were detained in an unspecified mid-eastern state. They had in their possession box cutters, oil pipeline plans, and nuclear power plant plans. (6) The local police called in the Feds and Immigration officials took over the scene and released the men without calling the FBI. The Jerusalem Post, the Miami Herald, (7) and the Times of London (8) all carried this amazing story and all revealed how furious FBI officials were that these terror suspects with nuclear power plant plans were allowed to go free. Of course, the corruption riddled FBI would only have caved into Zionist pressure from the Justice Department's Criminal Division boss, Michael Chertoff, and also from the ADL's "partner", FBI boss Robert Mueller - who would no doubt have found a way to eventually release those Israeli terror suspects too.

In December, 2001, the Los Angeles Times published the story of how two Jewish terrorists were arrested by the FBI for plotting to blow up the office of US Congressman of Arab descent - Darrell Issa (R- CA), and a California mosque. (9) Irv Rubin and Earl Kruger of the Jewish Defense League (JDL) were charged with conspiracy to destroy a building by means of explosives. This story got brief national coverage but quickly disappeared too. These Zionists sure love blowing up buildings and killing innocent people don't they?

In May of 2002, yet another moving van was pulled over in Oak Harbor, Washington near the Whidbey Island Naval Air Station. Fox News reported that the van was pulled over for speeding shortly after midnight. The passengers told the police they were delivering furniture, but because it was so late at night, the police weren't buying the story. A bomb sniffing dog was brought in and the dog detected the presence of TNT and RDX plastic explosives in the truck (great stuff for demolishing buildings!) Both Fox News (10) and the Ha'aretz newspaper of Israel (11) reported that the two "movers" were Israelis.

In December, 2002, Ariel Sharon made the amazing claim that Al-Qaeda agents were operating inside of Israel. But when Palestinian authorities

apprehended the suspects, they turned out to be Palestinian traitors impersonating Al-Qaeda agents for the MOSSAD! From the Sydney Morning Herald of Australia:

"Palestinian security forces have arrested a group of Palestinians for collaborating with Israel and posing as operatives of Osama bin Laden's al-Qaeda terrorist network, a senior official said yesterday. ..The arrests come two days after Israeli Prime Minister Ariel Sharon charged al-Qaeda militants were operating in Gaza and in Lebanon.

It was considered a surprise because the Gaza Strip is virtually sealed off by Israeli troops. The hardline Israeli leader also charged other members of the terror group were cooperating with Lebanon's Shi'ite militia Hizbollah" (12)

You know, if Sharon wasn't so dangerous, I'd almost be amused by his bullshit!

According to FOX news, throughout late 2000 and 2001, a total of 200 Israeli spies were arrested. (13) It was the largest spy ring to ever be uncovered in the history of the United States. The Washington Post also reported that some of these Israelis were arrested in connection with the 9-11 investigation. (14) US. Carl Cameron of FOX News Channel did a excellent four part, nationally televised, series of investigations into this blockbuster scandal. But FOX pulled the investigative series after Zionist groups complained to FOX executives. FOX even went so far as to remove the written transcripts of the series from its website! In its place was posted a chilling, Orwellian message which reads: "This story no longer exists." (15) Fortunately for the sake of history, the FOX transcripts were copied onto to many other websites and all four parts are available for your review. (see footnotes.)

The FOX series and other mainstream news media sources revealed that many of these Israelis were army veterans with electronics and explosives expertise. Many of them failed lie detector tests. FBI agents told FOX that some of their past investigations were compromised because suspects had been tipped off by Israeli wiretapping specialists. It was discovered that Israeli companies such as Comverse and Amdocs have the capability to tap American telephones (great for blackmailing all those wife-cheating politicians!) FBI agents also told FOX they believed the Israelis had advance knowledge of the 9-11 attacks. (which certainly would explain why no Israelis died in the WTC) Still another US official informed FOX that some of the detained Israelis actually had links to 9-11, but he refused to describe the nature of those links. The FBI official told FOX's Carl Cameron:

"Evidence linking these Israelis to 9-11 is classified. I cannot tell you about the evidence that has been gathered. It is classified information." (16) (emphasis added)

Then there was that small army of Israeli "art students" who were arrested

for trying to sneak into secured US Federal buildings and staking out 36 Department of Defense sites. Some of these suspicious "art students" even showed up at the homes of Federal employees. (17) Ron Hatchett, a Department of Defense analyst, told Channel 11, KHOU news in Houston that he believed that the "art students" were gathering intelligence for future attacks. Here's an excerpt from the October 1, 2001 KHOU investigative report by Anna Werner:

"Could federal buildings in Houston and other cities be under surveillance by foreign groups? That's what some experts are asking after federal law enforcement and security officials - nationally and in Houston - described for the 11 News Defenders a curious pattern of behavior by a group of people claiming to be Israeli art students."

"Hatchett says they could be doing what he would be doing if he were a terrorist, sizing up the situation: "We need to know what are the entrances to this particular building. We need to know what are the surveillance cameras that are operating. We need to know how many guards are at this operation, when do they take breaks?" Says Hatchett: This is not a bunch of kids selling artwork."

"A former Defense Department analyst, Hatchett believes groups may be gathering intelligence for possible future attacks. "Some organization, thinking in terms of a potential retaliation against the U.S. government could be scouting out potential targets and . looking for targets that would be vulnerable."

And a source tells the Defenders of another federal memo, stating that besides Houston and Dallas, the same thing has happened at sites in New York, Florida, and six other states, and even more worrisome, at 36 sensitive Department of Defense sites. "One defense site you can explain," says Hatchett, "well that was just a serendipitous, .... Thirty-six? That's a pattern." (18)

A Federal memo stated that these "art students" may have had ties to an "Islamic terror group". More likely, they were the "Islamic terror group"! Remember the bombing of the King David Hotel in 1946, and how the "Arab terrorists" were actually Irgun terrorists? Remember the Zionist terrorists caught in Mexico with Arab passports? Remember the official motto of the Mossad - By Way of Deception Thou Shalt Do War. Are you getting the picture? Can you say "false flag operations"?

In a follow up report a few days later, KHOU Channel 11 revealed that Dallas was also targetted:

"11 News reported how people claiming to be "Israeli art students" might be trying to sneak into federal buildings and defense sites, and even doing surveillance. And at least one expert said he thought it could all be preparation for an attack. Well, now federal sources say they are not ruling out that all of this could be connected with the hijackings on September 11,

because of events in another Texas city.

In Dallas, the so-called students hit early this year at the city's FBI building, the Drug Enforcement Administration and at the Earle Cabell Federal building, where guards found one student wandering the halls with a floor plan of the building.

So the Dallas INS went on the alert, finding and arresting 15 people in March. Thirteen claimed to be Israelis and two are professed Colombians. But according to sources, once again their passports were phony. And another federal source says some of those arrested also appeared to have lists of federal employees and their home addresses.

All 15 "students" have now been deported. Now, since our first story ran Sunday night, some viewers called who said that they've been visited by people who claim to be Israeli students selling art." (19)

Absolutely mind boggling! Why were Israeli explosives experts, posing as "art students" roaming the halls of US Federal buildings? Why were Israeli army vets, armed with explosives and detonators, roaming the halls of the Mexican Congress? Why were Israeli "movers" caught invans with explosives residue ? Might some of these shady characters have once also "roamed the halls" of the World Trade Center prior to 9-11? Why aren't "60 minutes", "Nightline", "20/20", and the rest of the Zionist media aggressively pursuing the story behind the Israeli "art students" and "movers" with 1/1,000th the zeal that they pursued Martha Stewart over allegations of insider trading (who cares?), or 1/10,000th the zeal that they pursued the Catholic Church over an occasional pedophile priest? (funny how we never hear about the documented cases of pedophile rabbis!) or 1/100,000th the zeal that they pursue the Muslim bogeyman on a daily basis? Something smells rotten here!

One would think that these intriguing mysteries would have great TV audience appeal, especially in light of the fact that the Oklahoma Federal building was blown up in 1995 by the since executed Timothy McVeigh (dead men tell no tales), and a "John Doe # 2" of "Middle- Eastern appearance", who was never tracked down or pursued despite numerous eye-witness accounts and despite an FBI All Points Bulletin which clearly described him as such.

Of America's major networks, only FOX News made a meager attempt to investigate these mysteries, but FOX was quickly silenced by Zionist pressure. This alone is evidence of criminal activity! Before his excellent work was silenced, FOX's Carl Cameron reported this amazing bit of information:

"Investigators within the DEA, INS, and FBI have all told FOX News that to pursue or even suggest Israeli spying is considered career suicide."(20)  
(emphasis added)

Did you catch that? If a Federal investigator dares to "even suggest" Israeli spying, he has committed "career suicide"! And if a journalist like FOX's Cameron dares to bring this scandal to light, he is told to shut his mouth. If they persist, they may even be called "anti-Semitic" - a label which has served as the kiss of death for many a career. This means that Zionist Mafia can do whatever it wants, whenever it wants, and however it wants - including orchestrating, financing, executing, and covering up the true story of events in the Middle East, the 9-11 massacre, and the ensuing "War on Terrorism" (war on Israel's enemies).

Now do you remember the Mossad's "warning" about the 200 "Al-Qaeda terrorists" said to have been preparing major attacks in the US? (21) At the time of this writing, we are one year into the largest investigation in American history, and not one of these 200 "terrorists" has yet to be uncovered. (22) But 200 Israeli spies were uncovered, among them many military members, electronics experts, wiretapping and phone tapping specialists, and explosives experts with the skill to bring down tall buildings. (23) Logic and common sense leads to the conclusion that the "200 Al Qaeda terrorists" were in reality, 200 Zionist terrorists sent to frame the Arabs for terrorist attacks and drag America into a war.

On December 11, 2002, Senator Bob Graham (D-FL), a leading member of the Senate Intelligence Committee, appeared as a guest on the PBS Newshour with Gwen Ifill. Graham surprised Ifill by expressing his belief that a foreign government or governments had to have funded and supported the hijackers. Here's part of the exchange:

IFILL: "Are you suggesting that you are convinced that there was a state sponsor behind 9/11?"

GRAHAM: "I think there is very compelling evidence that at least some of the terrorists were assisted not just in financing - although that was part of it - by a sovereign foreign government and that we have been derelict in our duty to track that down, make the further case, or find the evidence that would indicate that that is not true and we can look for other reasons why the terrorists were able to function so effectively in the United States."

IFILL: "Do you think that will ever become public, which countries you're talking about?"

Now listen to Graham's bombshell.....:

GRAHAM: "It will become public at some point when it's turned over to the archives, but that's 20 or 30 years from now. And, we need to have this information now because it's relevant to the threat that the people of the United States are facing today." (24) (emphasis added)

Senator Graham is suggesting that US intelligence knows which foreign government helped the terrorists, but the government isn't going to tell us for another 30 years! Given the current state of anti-Muslim war hysteria being

promoted by the media and government, common sense dictates that if an Arab government was ever discovered to have sponsored 9-11, we'd be seeing the evidence night and day on the controlled media, and hearing about it non-stop from all the President's warmongers as well as the Israeli-occupied US Congress and Senate. This alone is evidence that no Arab government was involved in 9-11.

It can't be an Arab government. Why would any Arab government sponsor "Al-Qaeda", an organization dedicated to overthrowing what it sees as corrupt, US-backed Arab governments? What Arab government would have incentive to attack America- its best oil purchasing customer? What Arab government would have the ability to shield itself from US media exposure? What Arab government would be so suicidal, so hell-bent on its own destruction, as to attack a mighty nuclear superpower like the United States? So who, if not an Arab government could be the chief sponsor of 9-11? Again, let's go back to FOX News quoting an FBI official. Pay close attention to the specific language used:

"Evidence linking these Israelis to 9-11 is classified. I cannot tell you about the evidence that has been gathered. It is classified information." (25)  
(emphasis added)

In order for evidence "linking these Israelis to 9-11" to become classified, the evidence has to have existed in the first place! Furthermore, but it must have been very, very serious stuff indeed. Only the really ugly stuff merits the distinction of being "classified!"

It may be possible that the good Senator doesn't know himself which country or countries are involved. Graham may still be under the delusion that it's an Arab government. Or, perhaps he's a disgusted patriot just trying to throw a subtle shot at Israel in his own little way, without actually having to commit "career suicide" as so many other anti-Zionist politicians have in the past. History will reveal the truth one day, just as it did for Pearl Harbor. The trouble is, by that time, no one will care about 9-11 and this phony war "War on Terrorism" anymore. The American attention span does not reach "20-30 years". It's closer to 20-30 minutes, about the length of an average Dan Rather, Peter Jennings, or Tom Brokaw infomercial. If even that!

History always repeats itself. But who will teach this history to the American people when the Zionists control the information industry? The Zionist Mafia and their ass-kissing careerist henchmen in media, government, academia, and business have all of the bases covered.

---

On the day of the 9-11 attacks, former Israeli Prime Minister Benjamin Netanyahu was asked what the attacks would mean for US- Israeli relations. His quick reply was: "It's very good. Well, it's not good, but it will generate immediate sympathy (for Israel)"

The Five Dancing Israelis Arrested On 9-11 A Mossad surveillance team made quite a public spectacle of themselves on 9-11.

A Mossad surveillance team made quite a public spectacle of themselves on 9-11.

The New York Times reported Thursday that a group of five men had set up video cameras aimed at the Twin Towers prior to the attack on Tuesday, and were seen congratulating one another afterwards. (1) Police received several calls from angry New Jersey residents claiming "middle-eastern" men with a white van were videotaping the disaster with shouts of joy and mockery. (2)

"They were like happy, you know They didn't look shocked to me" said a witness. (3)

[T]hey were seen by New Jersey residents on Sept. 11 making fun of the World Trade Center ruins and going to extreme lengths to photograph themselves in front of the wreckage. (4) Witnesses saw them jumping for joy in Liberty State Park after the initial impact (5). Later on, other witnesses saw them celebrating on a roof in Weehawken, and still more witnesses later saw them celebrating with high fives in a Jersey City parking lot. (6)

"It looked like they're hooked in with this. It looked like they knew what was going to happen when they were at Liberty State Park." (7) One anonymous phone call to the authorities actually led them to close down all of New York's bridges and tunnels. The mystery caller told the 9-1-1 dispatcher that a group of Palestinians were mixing a bomb inside of a white van headed for the Holland Tunnel. Here's the transcript from NBC News:

Dispatcher: Jersey City police. Caller: Yes, we have a white van, 2 or 3 guys in there, they look like Palestinians and going around a building. Caller: There's a minivan heading toward the Holland tunnel, I see the guy by Newark Airport mixing some junk and he has those sheikh uniform. Dispatcher: He has what? Caller: He's dressed like an Arab. (8) (\*Writer's note: Why would this mystery caller specifically say that these "Arabs" were Palestinians? How would he know that? Palestinians usually dress in western style clothes, not "sheikh uniforms")

Based on that phone call, police then issued a "Be-on-the-Lookout" alert for a white mini-van heading for the city's bridges and tunnels from New Jersey.

White, 2000 Chevrolet van with 'Urban Moving Systems' sign on back seen at Liberty State Park, Jersey City, NJ, at the time of first impact of jetliner into World Trade Center Three individuals with van were seen celebrating after initial impact and subsequent explosion. FBI Newark Field Office requests that, if the van is located, hold for prints and detain individuals. (9) When a van fitting that exact description was stopped just before crossing

into New York, the suspicious "middle-easterners" were apprehended. Imagine the surprise of the police officers when these terror suspects turned out to be Israelis! According to ABC's 20/20, when the van belonging to the cheering Israelis was stopped by the police, the driver of the van, Sivan Kurzberg, told the officers:

"We are Israelis. We are not your problem. Your problems are our problems. The Palestinians are your problem." (10) Why did he feel Palestinians were a problem for the NYPD?

The police and FBI field agents became very suspicious when they found maps of the city with certain places highlighted, box cutters (the same items that the hijackers supposedly used), \$4700 cash stuffed in a sock, and foreign passports. Police also told the Bergen Record that bomb sniffing dogs were brought to the van and that they reacted as if they had smelled explosives. (11)

The FBI seized and developed their photos, one of which shows Sivan Kurzberg flicking a cigarette lighter in front of the smouldering ruins in an apparently celebratory gesture. (12)

[Click for full size](#)

The Jerusalem Post later reported that a white van with a bomb was stopped as it approached the George Washington Bridge, but the ethnicity of the suspects was not revealed. Here's what the Jerusalem Post reported on September 12, 2001:

American security services overnight stopped a car bomb on the George Washington Bridge. The van, packed with explosives, was stopped on an approach ramp to the bridge. Authorities suspect the terrorists intended to blow up the main crossing between New Jersey and New York, Army Radio reported. (13)

"...two suspects are in FBI custody after a truckload of explosives was discovered around the George Washington Bridge ... The FBI ... says enough explosives were in the truck to do great damage to the George Washington Bridge." WMV video download (545kB)

It was reported the van contained tonnes of explosives (14).

What's really intriguing is that ABC's 20/20 (15), the New York Post (16), and the New Jersey Bergen Record (17) all clearly and unambiguously reported that a white van with Israelis was intercepted on a ramp near Route 3, which leads directly to the Lincoln Tunnel.

But the Jerusalem Post, Israeli National News (Arutz Sheva) (18), and Yediot America, (19) all reported, just as clearly and unambiguously, that a white van with Israelis was stopped on a ramp leading to the George Washington Bridge, which is several miles north of the Lincoln Tunnel.

It appears as if there may actually have been two white vans involved, one stopped on each crossing. This would not only explain the conflicting reports as to the actual location of the arrests, but would also explain how so many credible eye-witnesses all saw celebrating "middle-easterners" in a white van in so many different locations. It also explains why the New York Post and Steve Gordon (lawyer for the 5 Israelis) originally described how three Israelis were arrested but later increased the total to five.

Perhaps one van was meant to drop off a bomb while the other was meant to pick up the first set of drivers while re-crossing back into New Jersey? If a van was to be used as a parked time-bomb on the GW Bridge, then certainly the drivers would need to have a "get-away van" to pick them up and escape. And notice how the van (or vans) stayed away from the third major crossing -the Holland Tunnel- which was where the police had originally been directed to by that anti-Palestinian 9-1-1 "mystery caller". A classic misdirection play.

From there, the story gets becomes even more suspicious. The Israelis worked for a Weehawken moving company known as Urban Moving Systems. An American employee of Urban Moving Systems told the The Record of New Jersey that a majority of his co-workers were Israelis and they were joking about the attacks.

The employee, who declined to give his name said: "I was in tears. These guys were joking and that bothered me." These guys were like, "Now America knows what we go through." (20) A few days after the attacks, Urban Moving System's Israeli owner, Dominick Suter, dropped his business and fled the country for Israel. He was in such a hurry to flee America that some of Urban Moving System's customers were left with their furniture stranded in storage facilities (21).

Suter's departure was abrupt, leaving behind coffee cups, sandwiches, cell phones and computers strewn on office tables and thousands of dollars of goods in storage. Suter was later placed on the same FBI suspect list as 9/11 lead hijacker Mohammed Atta and other hijackers and suspected al-Qaeda sympathizers, suggesting that U.S. authorities felt Suter may have known something about the attacks. (22) The Jewish weekly The Forward reported that the FBI finally concluded that at least two of the detained Israelis were agents working for the Mossad, the Israeli intelligence agency, and that Urban Moving Systems, the ostensible employer of the five Israelis, was a front operation. This was confirmed by two former CIA officers, and they noted that movers' vans are a common intelligence cover. (23). The Israelis were held in custody for 71 days before being quietly released. (24)

"There was no question but that [the order to close down the investigation] came from the White House. It was immediately assumed at CIA headquarters that this basically was going to be a cover-up so that the Israelis would not be implicated in any way in 9/11." (25) Several of the detainees discussed their experience in America on an Israeli talk show after

their return home. Said one of the men, denying that they were laughing or happy on the morning of Sept. 11, "The fact of the matter is we are coming from a country that experiences terror daily. Our purpose was to document the event." (26)

How did they know there would be an event to document on 9/11? It doesn't take Sherlock Holmes to connect the dots of the dancing Israeli Mossad agents - here's the most logical scenario:

1. The Israeli "movers" cheered the 9-11 attacks to celebrate the successful accomplishment of the greatest spy operation ever pulled off in history. 2. One of them, or an accomplice, then calls a 9-1-1 police dispatcher to report Palestinian bomb-makers in a white van headed for the Holland Tunnel.
3. Having thus pre-framed the Palestinians with this phone call, the Israeli bombers then head for the George Washington Bridge instead, where they will drop off their time-bomb van and escape with Urban Moving accomplices.
4. But the police react very wisely and proactively by closing off ALL bridges and tunnels instead of just the Holland Tunnel. This move inadvertently foils the Israelis' misdirection play and leads to their own capture and 40 day torture.
5. To cover up this story, the U.S. Justice Department rounds up over 1000 Arabs for minor immigration violations and places them in New York area jails. The Israelis therefore become less conspicuous as the government and media can now claim that the Israelis were just immigration violators caught in the same dragnet as many other Arabs.
6. After several months, FBI and Justice Department "higher-ups" are able to gradually push aside the local FBI agents and free the Israelis quietly.

Osama bin Laden was immediately blamed for the 9/11 attacks even though he had no previous record of doing anything on this scale. Immediately after the Flight 11 hit World Trade Center 1 CIA Director George Tenet said "You know, this has bin Laden's fingerprints all over it." (27)

The compliant mainstream media completely ignored the Israeli connection. Immediately following the 9-11 attacks the media was filled with stories linking the attacks to bin Laden. TV talking-heads, "experts", and scribblers of every stripe spoon-fed a gullible American public a steady diet of the most outrageous propaganda imaginable.

We were told that the reason bin Laden attacked the USA was because he hates our "freedom" and "democracy". The Muslims were "medieval" and they wanted to destroy us because they envied our wealth, were still bitter

about the Crusades, and were offended by Britney Spears shaking her tits and ass all over the place!

But bin Laden strongly denied any role in the attacks and suggested that Zionists orchestrated the 9-11 attacks. The BBC published bin Laden's statement of denial in which he said:

"I was not involved in the September 11 attacks in the United States nor did I have knowledge of the attacks. There exists a government within a government within the United States. The United States should try to trace the perpetrators of these attacks within itself; to the people who want to make the present century a century of conflict between Islam and Christianity. That secret government must be asked as to who carried out the attacks. ... The American system is totally in control of the Jews, whose first priority is Israel, not the United States." (28) You never heard that quote on your nightly newscast did you?

[A] number of intelligence officials have raised questions about Osama bin Laden's capabilities. "This guy sits in a cave in Afghanistan and he's running this operation?" one C.I.A. official asked. "It's so huge. He couldn't have done it alone." A senior military officer told me that because of the visas and other documentation needed to infiltrate team members into the United States a major foreign intelligence service might also have been involved. (29) Bin Laden is not named as the perpetrator of 9/11 by the FBI:

When asked why there is no mention of 9/11 on Bin Ladens Most Wanted web page (30), [Rex Tomb, Chief of Investigative Publicity for the FBI] said, The reason why 9/11 is not mentioned on Usama Bin Ladens Most Wanted page is because the FBI has no hard evidence connecting Bin Laden to 9/11. (31)

"So we've never made the case, or argued the case that somehow Osama bin Laden [sic] was directly involved in 9/11. That evidence has never been forthcoming" - Dick Cheney. (32) To date, the only shred of evidence to be uncovered against bin Laden is a barely audible fuzzy amateur video that the Pentagon just happened to find "lying around" in Afghanistan. How very convenient, and how very fake. (33)

There is no evidence, be it hard or circumstantial, to link the Al Qaeda "terrorist network" to these acts of terror, but there is a mountain of evidence, both hard and circumstantial, which suggests that Zionists have been very busy framing Arabs for terror plots against America.

"I think there is very compelling evidence that at least some of the terrorists were assisted not just in financing -- although that was part of it -- by a sovereign foreign government ... It will become public at some point when it's turned over to the archives, but that's 20 or 30 years from now" - Senator Bob Graham. (34) If the sovereign foreign government mentioned by Senator Graham was an enemy of the United States the "compelling evidence" would not be kept secret for 20+ years.

One final point; at 09:40 on 9-11 it was reported that the Democratic Front for the Liberation of Palestine claimed responsibility for the attacks (35). This claim was immediately denied by the DFLP leader Qais abu Leila who said it had always opposed "terror attacks on civilian targets, especially outside the occupied territories." (36)

Why would a Palestinian organisation comprising of less than 500 people (37) make the suicidal move of immediately claiming responsibility for the attacks?
