:: ONU - XX
Assemblea Generale
(1965):

La XX Assemblea Generale dell'ONU (1965) dichiara "la legittimità della lotta da parte dei popoli sotto oppressione coloniale, per esercitare il loro diritto all'autodeterminazione e all'indipendenza". Inoltre, l'Assemblea invita "tutti gli Stati a fornire assistenza morale e materiale ai movimenti di liberazione nazionale nei territori coloniali".

Gaza is littered with the depleted uranium Israel uses to strengthen its warheads. Now there will be many children born with deformities and even more precious land beyond human habitation or farming.

Gaza / PNN - 'Citizens Action to Dismantle Nuclear Weapons Completely' has prepared a 33 page report showing the presence of tens of tons of depleted uranium in the Gaza Strip.

The Israeli attacks of late December and January are the culprit, report the international organization.

"The quantity of depleted uranium may amount to no less than 75 tons found in the soil and subsoil in the Gaza Strip," is the study's quote.

As many have suggested, the Israeli military used or may have used depleted uranium in the ground and air assaults on the Strip during the operation in the period between 27 December 2008 and January 18, 2009.

The report indicated that Norwegian Dr. Mads Gilbert, during the first few days of participation in voluntary humanitarian work at Gaza City's Al Shifa Hospital, condemned the presence of radioactive material that may have been depleted uranium in the bodies of the victims.

And now the accusation emerged more strongly after several months of investigations carried out in close association with the peoples concerned, and with the assistance of international expert on sustainable development and use of prohibited weapons Jean - Francois Feacheno.

The international mission itself was composed of four members, including expert Feacheno, adviser to the reduction of pollution, and experts accredited to the United Nations Environment Program (UNEP). [more](#)

:: ONU - Risoluzione 1514

"L'Assemblea Generale dichiara che: la soggezione dei popoli a dominio straniero, conquista e asservimento costituisce una negazione dei diritti umani fondamentali, contraria alla Carta delle Nazioni Unite ed un impedimento alla promozione della pace e della cooperazione mondiali. Tutti i popoli hanno diritto all' autodeterminazione; in virtù di tale diritto essi devono liberamente determinare il loro status politico e liberamente perseguire il loro sviluppo economico, sociale e culturale".

:: Convenzione di Ginevra, Protocollo Addizionale I (1977): La lotta armata può essere usata, come ultima risorsa, come mezzo per esercitare il diritto all' autodeterminazione.

:: Tribunale penale internazionale In base allo Statuto del Tribunale penale internazionale, sono definiti crimini di guerra: (1) attacchi lanciati intenzionalmente contro popolazione civili in quanto tali o contro civili che non prendano direttamente parte alle ostilità; (4) attacchi lanciati intenzionalmente nella consapevolezza che gli stessi avranno come conseguenza la perdita di vite umane tra la popolazione civile, e lesioni a civili o danni a proprietà civili ovvero danni diffusi duraturi e gravi all'ambiente naturale che siano manifestamente eccessivi rispetto all'insieme dei concreti e diretti vantaggi militari previsti.

"Israel's only reason to shower Gaza with depleted uranium is to trigger further health problems for the Palestinians."

- and also to trigger (by proximity) further health problems for the Israelis as well.

Israel has the goal of exterminating Palstinians slowly to always have a scapegoat for the actions of the filth called "the Knesset" and the putrifying cesspit called "Mossad"...all vile perverts and criminals. That aside the solution is to plague the UN with letters demanding an assessment of the radioactive threat and ask it to prosecute Israel and the USA though the International court of justice. Remeber if decent Americans control Washington and decent Jews control Israel, the world will become peaceful...but also remember...de Rothschild's Bilderberger reptiles don't want peace...not at all.

This is a fake story. Depleted Uranium has the radioactive part removed from it . It has the same poisonous properties as lead. So it is no different than a lead bullet.
