September 11th, 2008–America’s Economic 9/11?

“...Then I saw another angel descend from heaven who shouted with a mighty voice: ‘Fallen! Fallen is Babylon the Great! For she has become a dwelling for demons and every evil spirit...All the nations have drunk the maddening wine of her adulteries...The kings of the earth committed adultery with her, and the merchants of the earth grew rich from her...But now the music of harpists and musicians, pipers and trumpeters will never be heard in her again, nor will any worker of any trade or even the sound of a millstone ever be found in her again...Woe! Woe to you, great city, you mighty city of Babylon...For in one hour your doom has come...”

Book of Revelations, Ch 18

In an admission stunning for its frankness (and particularly given the fact it originated with a politician whose country is held prisoner by foreign, criminal interests) Rep. Paul Kanjorski, (D, Penn) Chairman of the House’s Capitol Markets Subcommittee recently admitted on C-SPAN that the current economic problems faced by—not just the United States, but indeed the entire world—were the result of an “electronic run on the bank” that resulted in the hemorrhaging of \$550 billion dollars in just “an hour or 2”.

Speaking the last week of January on the Washington DC-based television program, Rep. Kanjorski was verbally accosted by an irate American caller charging that the economic stimulus package currently up for debate in the Congress (as well as the previous \$700 billion bank-bailout) is solely for the benefit of fat cats on Wall Street rather than for Joe Six-pack on Mainstreet. With barely-concealed panic in his voice, the Congressman tried explaining the severity of the current financial problem faced by the US with the following comments—

“Why did we do that? We did that because...Look, I was there when the Secretary of the Treasury and Chairman of the Federal Reserve came and talked with members of Congress about what was going on, it was about September the 15th...Here’s the facts and we don’t even talk about these things...”

*“On Thursday at about 11 am the Federal Reserve noticed a tremendous drawdown of money market accounts in the United States to the tune of 550 billion dollars, being drawn out in the matter of about an hour or 2. The Treasury opened up its window to help, pumped 105 billion dollars in the system and quickly realized they could not stem the tide...We were having an electronic run on the banks. They decided to close the operation, close down the money accounts and announce a guarantee of \$250,000 per account so there wouldn’t be further panic out there. **If they had not done this, their estimation was that by 2 o’clock that afternoon, 5.5 trillion dollars would have been drawn out of the money market system of the United States, would have collapsed the entire economy of the United States, and within 24 hours the world economy would have collapsed...**”*

*“We talked about what would happen—it would have been the end of our economic and political system as we know it, and that’s why we had to act and do things quickly. Why? **Because if you don’t have a banking system you don’t have an economy, and although we did that it wasn’t enough.** The economy has been falling and we’re really no better off today than we were 3 months ago, as other assets are going sour by the moment...**Somebody threw us in the middle of the Atlantic ocean without a life raft and we’re trying to determine which is the closest shore and whether there’s any chance in the world to swim that far. We don’t know...**”*

Put in less “gentle” terms, the 2-hour/half-a trillion dollar/\$4.6 billion-per-minute event Kanjorski described was the equivalent of having a major economic artery “Jack-the-Rippered” in a way that threatened the very existence of not only the US but the entire world whose economies and political stability are intrinsically tied to the monetary good mood of the land of the free and home of the brave. According to some of the economic experts interviewed for this piece (who insisted upon anonymity, due to the “sensitive” nature of the topic) it is one of the largest—if not THE largest—singular transfer of money in history in such a short time frame. Furthermore, the general consensus of those interviewed is that had the bloodletting been permitted to run its course—meaning the evaporation of 5.5 trillion dollars—it would have resulted in the elimination of 90% of America’s liquidity (again the “blood” that keeps the economic body alive) in the span of just 5 hours.

In a word, ‘unprecedented’...

Based upon the unnerving words of the Congressman in this very short television exchange, what is known is as follows—

First, that the potentially-apocalyptic events leading up to the bailout of America's banks are not "talked about", something to remember when President Obama or his monetary magicians are promising "this and that" with regards to curing America's economic ills. By the very words of Rep. Paul "Vallachi" Kanjorski, a "code of silence" exists amongst the 'made members' of the political and financial elite preventing them from telling the truth, the whole truth and nothin' but the truth, so help them 'G-d'. The fact that it took close to 5 months for this information concerning a deliberate run on the banks to be made public is proof positive that the Captain and crew of the Titanic have decided to allow the passengers to go about their lives unencumbered while they try and find a way to "deal with" the current situation.

Second, that on September 15, Treasury Secretary Paulson and Chairman of the Federal Reserve Ben Shalom Bernanke testified before Congress that on the previous Thursday, **September 11th, an "electronic run" on the US banking system took place between the hours of 9 and 11 am...That had stop-gaps not been executed, by 2 pm that afternoon (again, on September 11th) the hemorrhaging of "5.5 trillion dollars" would have taken place, resulting in the collapse of not only "the entire economy" of the United States but as well of the world within just "24 hours," leading to "the end of our economic and political system as we know it"**.

And, last but not least, eliminating the possibility that the event was all part of some fluke or "market correction", the honorable Congressman (who one day will doubtless dearly regret his recent "honesty" with the American people on C-SPAN that morning) ended his comments by saying **"someone"** was responsible for the slashing of that financial jugular that nearly bled America to death, as well as indicating the worries on the part of the power elite in Washington DC as to whether or not at the end of the day America will survive it, despite the unprecedented transfusions she is currently receiving.

Of the many things in Kanjorski's comments sticking out like the proverbial whore-in-a-red-dress-at-a-1st-communion-ceremony, obviously the most prominent is the date on which the hemorrhaging is said to have taken place, **none other than on September 11th, the same date America's financial headquarters (and by extension, the financial headquarters of the world) were attacked 7 years earlier and the starting gun as it were for the current "war on terror" benefiting a certain ethno-theocratic state in the Middle East. The other thing equally important (and yet hiding in plain sight) is the time frame this monetary hemorrhaging is said to have taken place—between 9 and 11 am, which also coincides closely with the time frame of the terror attacks of September 11, 2001, with the first tower being struck by an airliner shortly before 9 am and the 2nd tower collapsing at roughly 10:30 am.**

Realizing in an instant the immense implications in all of this, some of the "see no evil/hear no evil/speak no evil" variety of today's "freedom-lovin' 'merkins" will doubtless prefer to put their landing gear down on "terra firma" in this case, maintaining that the economic crisis faced both by the US and the world is all the result of "market corrections" no more sinister in their nature than a person sneezing when catching a cold.

However, other persons (and particularly those who note the hundreds of "odd" items dealing with 9/11, including but not limited to the arrest of hundreds of Israeli intelligence operatives, some seen cheering as the Twin Towers were crumbling) will see with good reason that the current financial crisis—rather than being an "accident"—may very well be an act of sabotage on the part of certain interested parties who stand to benefit from it all, and that out of all the possible players most likely to pull off an "economic 9/11" such as this—it is none other than Israel that may have done the dirty deed in order to maneuver the US into fighting those deemed "enemies of the Jewish state".

The idea that Israel would do such a thing—whether it be the terror attacks on 9/11/2001 or the financial attacks on 9/11/2008—should be no surprise to those even vaguely familiar with the Jewish state's well-documented history of false flag attacks in creating certain pre-desired political outcomes. Besides the myriad of bombings, shootings and assassinations throughout the world engineered by Israel and then blamed on "Ahab the Arab" for the last 60+ years, there are events such as her deliberate attack on the USS Liberty June 8, 1967 resulting in the deaths of 34 American servicemen, the Lavon affair and many, many others proving that Israel is more than ready, willing and able to dirty her hands in the dirtiest business imaginable. Anyone still doubting this should sit down and talk with the 5 Mossad agents arrested on 9/11 as they cheered the destruction of the Twin Towers with congratulatory "high-fives", an event they later said on Israeli TV they were sent "to document" after being released by then-Justice Department Official Michael Chertoff.

It is on the basis of these and many more similar instances of blatant terrorism and acts of war against the people of the United States that sane, rational persons can dismiss then the idea that Israel is "incapable" of doing such things as causing total economic meltdown to her bestest buddy in the whole wide world, America. A leopard does not change its spots, and what a criminal has done once he can (and will) do again.

Besides, what must be remembered is that—religiously speaking—doing such a thing can hardly be considered immoral within the Judaism's "code of ethics" as it is something celebrated annually during the feast of Passover when Jews worldwide recount with great nostalgia how their forefathers looted Egypt of all its gold and silver before high-tailing it to the new "promised land" with Pharaoh and his army in hot pursuit.

When considering the recent remarks of Rep. Kanjorski what must also be kept in mind is the fact that NOTHING has been

said in the almost 5 months following this bloodletting as pertains the highly-relevant date and time frame the aforementioned “run on the banks” took place. In a day and age when everything from bad breath to unwanted facial hair is being blamed on Muslim terrorists, where carefully-placed, fifth column agents working throughout Western media loyal to Israel never miss an opportunity in propagandizing Americans into throwing their support behind the current “clash of civilizations” between the Christian West and Muslim Middle East, the fact that a Zionist-dominated media has made NO MENTION of the “coincidental” nature of this date is striking to say the least.

However, one thing mentioned (and quite prominently, by the way) is how the most “persecuted and misunderstood people in history”—the Jews—have suffered as a result of the current crisis, first in the form of all the “old canards” concerning their involvement in banking being resurrected and secondly, the Bernard Madoff affair.

Within days of the now-infamous 9/11 run on the banks, Israel’s domestic branch of the Mossad—the ADL—was feverishly at work doing what it does best—spying on what people say about Jews and doing everything in its power to muddy the waters of current events by twisting facts and figures. Seemingly every other day a new “poll” was commissioned by the spy agency, citing Gentile suspicion that the current financial mess indeed was not part of some accident but rather by design and that those responsible were Jews, how “unfair and unjust” it all was, and, more importantly, how ridiculous and baseless such suspicions were, despite the fact that the western banking system is dominated by a handful of Jewish families with names such as Rothschild, Kuhn Loeb, Mendelsohn, etc, etc, etc.

What is particularly interesting about the ADL getting involved in this situation at the onset is that this is EXACTLY what it did following 9/11 with regards to the various stories (some actually making their way to mainstream news sources) dealing with Israeli foreknowledge of that day’s events. Not only did the spy agency attempt to shout down any discussion of the HUNDREDS of Israeli spies arrested before, during, and after 9/11 (and again, some in circumstances as incriminating as conveniently being at a locale where they had a bird’s eye view of the destruction and cheering) but as well personally visited news headquarters and warned them to stop reporting on Israeli involvement in 9/11, ADL’s “capo-di-tutti capi” Abe Foxman’s words being “*What are you doing putting this stuff out there? You’re killing us*”.

Given that the ADL’s “typical” magic did not work with regards to throwing Americans off track regarding the current financial collapse and the “who dunnit” of it all, Israel then needed something more potent, a stronger anesthetic that would confuse and disorient Americans and dull their sense of smell with regards to all those “old canards” involving Jews and money.

Enter one Bernie Madoff, the financial swindler who literally went from being a nobody’s nobody to OVERNIGHT being more familiar to the average American than Osama Bin Laden himself. Like a bomb going off in the middle of rush hour in Manhattan, suddenly the economic downturn that was a Gentiles-only club now claimed all sorts of new, important victims whose tale of financial woe every soul in America learned about 24/7, and all of them Jewish. Eli Wiesel’s organization, synagogues, yeshivas, charities, all of them suddenly became victims as well, thus throwing water on all those “anti-Semitic” fires and conspiracy theories involving Jews and the current financial meltdown that, at least according to Rep. Kanjorski, began the morning of September 11, 2008. Therefore the stories dealing with Jewish losses as a result of the Madoff affair should be seen as being no different in their use as a diversionary tactic than all the stories that “popped up” dealing with “anti-Semitic hate crimes” taking place in the aftermath of Israel’s holocaust on Gaza in December/January .

What can be inferred about this then is that the recent “economic 9/11” taking place 5 months back was in effect much like other false flag attacks engineered by the Jewish state that went awry, and Israel thus was forced to backtrack into the shadows lest too much attention be paid to her involvement. Recall that in June 1967 the Jewish state “accidentally” attacked a US ship for 2 hours—the USS Liberty—“accidentally” hitting it with 1,000 rockets, tens of thousands of armor-piercing rounds, hundreds of gallons of napalm and 5 torpedoes. Unable to sink her but understanding as well that dead men tell no tales, she then “accidentally” sent a team of machine gun-wielding commandos by helicopter, assassins whose job was to board the ship and kill everyone on board. As the helo hovered above the deck at a distance of barely 12 feet for a minute, Israeli headquarters intercepted an American radio transmission indicating fighter jets were on the way, at which point the flying assassin transport scurried off and Israel donned her most embarrassed, regretful face and said the entire “accidental” attack (lasting as long as the attack on Pearl Harbor) was all a “big mistake”. Had things gone as planned and the Liberty sunk as intended, Egypt would have been blamed, and America would have been drawn into the Middle East in exactly the way as took place immediately following 9/11.

It should be recalled that within minutes of the attacks in New York and DC 7 years ago Big Brutha knew EXACTLY and without question that it was none other than Osama Bin Laden and his band of swarthy, Islamo-fascist thugs who carried it out, and with evidence as flimsy as Mohammed Atta’s paper-and-plastic passport that somehow survived the same heat said to be responsible for melting the steel beams that brought down the Twin Towers. And yet, the fact that 5 months after Jack the Ripper slashed the financial throat of America, leaving a gash that has yet to be contained and as of this moment no one is saying a word about the culprit or culprits involved in this recent bloodletting of American wealth speaks volumes, and particularly in a day and age when computers can detect and track down a micro-penny discrepancy tens of thousands of miles away and within seconds.

If there is any player with such capabilities in bringing about such an act of economic sabotage on the American financial

system such as occurred on 9/11/2008, it is Israel. Besides the fact that she is the world leader in not only computer technology but as well computer theft, it is also no theory that the economies of America and the entire western world are not dominated by Muslims, Buddhists, Hindus, Druids or any other group, but rather by Jews whose loyalty to their Old Testament-created state takes precedence over anything and everything else in 99 cases out of 100.

Secondly, it is no secret the Jewish state wants certain nations in the Middle East attacked by the US—and not today or tomorrow, but yesterday—Iran obviously being at the top of that list. It is also no secret that for reasons known or unknown the US is not as enthusiastic about such a prospect as she was about attacking Iraq in 2003. Recall that Israel all but busted a vein in her head when the National Intelligence Estimate stated unequivocally in December 2007 that Iran had no nuclear weapons program, which by extension means no US attack on Iran. Since that momentous day, when all appeared lost in getting America to smite Judea’s ancient Persian enemies, it has been a daily spectacle of threats and bluster on the part of the Jewish state. Israeli Defense Minister Ehud Barack recently threatened in coded words that an American east coast city would be devastated by a nuclear weapon if Iran was not stopped, while other media outlets in Israel have predicted a whole smorgasbord of unfortunate events befalling the US, including an American version of the recent Mumbai terrorist attacks in India. So convinced were certain elements within the American power structure of an imminent false flag operation by Israel that persons no less in stature than Chairman of the Joint Chiefs Admiral Mullen personally cut short his trip to Europe in the summer of 2008 to go to Tel Aviv and tell his counterpart Gabi Ashkenazi how vital it was that no “USS Liberty Pt II” takes place.

The idea that America was not warned that an event as apocalyptic as her economy going down in flames was in the making is not accurate. During George Bush’s recent visit to Israel in May 2008 to help celebrate 60 uninterrupted years of good, old-fashioned/Old Testament-type butchery and oppression against the non-Jewish peoples of the Holy Land (Christian and Muslim alike) he was met by rabbis closely-associated with ultra-violent elements of the Israeli right (as opposed to the moderately-violent of the Israeli left) who presented him with a list of demands. The commandments, collectively called ‘Megillat Bush’ and written on a specially-made scroll as if scribed personally by some Old Testament prophet were of the typically haughty, pushy, demanding, threatening, obnoxious and condescending tones universally-known to be part of the Jewish state’s character. The document—in effect a diplomatic message from Israel to America—threatened (again, in coded language) that “God ordained that the role of the nations of the world is to strengthen the nation of Israel” and that if America did not go through with vanquishing Israel’s enemies (namely Iran, Pakistan, Saudi Arabia, Syria, Egypt, and Lebanon) that “**certain doom**” would result, endangering “**all life on earth**”. The mafia-esque diatribe ended ominously with “*Your fate and that of all those with you hangs in the balance of the destiny of our land...*”

In sum, the logical explanation as to what took place now resulting in the economic freefall in America and elsewhere is that—much like what took place on 9/11/2001, Israel and her network of assets and intelligence agents working in the American financial infrastructure coordinated an attack on the US banking system on the morning of September 11th, 2008 between the hours of 9 and 11 am for the purpose of destroying the US economy and throwing the world into chaos as a prelude to blaming it on Al Qaeda or some other affiliated organization. The results would have been all-too-predicable—fathers responsible for feeding their families would get calls on Sept 12, telling them not to come to work. Within less than a week, the system would be paralyzed as a result of being bled of its cash, martial law would be declared (exactly as Rep. Brad Sherman, Democrat from California stated on the floor of the House of Representatives recently) Ahab the Arab would get the blame and Israel would get the war she demands.

The fact that the attack was stopped and did not achieve the full intended effect, along with likely warnings to the Jewish state from US intelligence and law enforcement agencies who knew where the money went and what was afoot is the likely reason why for the last 5 months the Zionist media has been as quiet as death and why there has been no blaming of “Islamists” or any other group.

In the meantime, the US is scrambling to get the severed artery and accompanying bleeding under control before it reaches the point of no return, if indeed it has not already.

And while all this takes place, thousands of miles away, Israel sits, stewing as she sees her plans fall apart yet again, inching an itchy, apocalyptic finger towards the “button” in what she considers to be “the final solution” to the problem of “anti-Semitism” in the world Yahweh gave to the Jewish people and to them alone—the Samson Option and accompanying nuclear destruction of all creation.

I PERSONALLY watched that exact trembling respnse in a panic voice of Rep Paul Kanjorski on C-Span. It was enough to make ANY REAL American want to vomit! The scope of the crimes committed against my country by the Jew is so enormous that it needs a new word. Perhaps that one suggested by blogger Mike Knapp says it best TYRANNACIDE!

The list he thoughtfully left MUST Be a reminder of just who the REAL enemies of America are - criminals of a magnatidue for which just punishments haven't even been invented yet! Crucifixion would be a slap in the fact to real justice - being fed to wild beasts might be a good place to start.

Part of Knapp's comment should be emboldened in 50 point type in every magazine - very journal - every newspaper and every electronic media headlines for the next 60 days straight - along with a simple two words in EVEN LARGER BOLDER TYPE at the end that simply sanys - GET IT? - untill even the most feeble minded imbecile gets the point.

That point being that our once proud great nation - "land of the free and home of the brave" nonsense is HISTORY - DONE - FINITE' KAPUT - and relegated to the ash heap of history thanks to the greed, cunning and pathological makeup of the ever present Jew!

AND - of course in no small part to OUR OWN criminal ignorance in allowing that destroyer of nations - that amoral decadent nest of parasitic universally demonic filth - to infect our once beloved land - a Camelot come true by the efforts and sacrifices of countless moral honorable men and women of vision love fo their fellow man - faith - hope- and charity.

We had it all! And then - the Devil opened his formal office on earth - that ignominious date that was the beginning of the end of ANY chance for world peace. The TRUE DATE OF INFAMY for ALL FREEDOM LOVING PEOPLE = 14 May 1948. There is NO greater threat to WORLD peace that that stinking filthy stolen nest of criminal psychopaths in their IsraHELL.

They are the most disgusting and frightening criminals I have ever witnessed in over a half century of travel as a diplomat - analyst and tourist. They will NEVER repent - They will NEVER change. They are indeed TRULY - as Christ accused them - the 'SONS OF THE DEVIL'!

I have lived among them for a short period. That are a SHIT people - with a SHIT religion whose history is replete with violence, hate, arrogance, racism, greed, averice and cruelty. These animals are the ones who nurtured financed supported and breathed life into two of the most demonic desructive Godless indeologies ever conceived by man.

One is Communnism - in all of its 'isms'. This horror of horrors has claimed more INNOCENT lives and more misery and humansuffering and destruction than all of the wars plagues and natural disasters of the same period. The second demonic creation of the Jew is ZIONISM - the fruits of which are the visible destruction of our own nation and untold millions of deaths to come.

Even in the Bible the legacy of the Jew is murder hate violence war misery and destruction to ALL non Jews. There is NO END to their capacity for evil and violence. Their high priest made no appologies for the murder of Christ and openly damned himself and all future generations for their bloody hands.

Their legacy of violence, thievery, murder, lies and blasphemy of our Lord is visible today in the Mid-East where they commit daily genocide of butchering the helpless starving terrified children in Palestine.

In ANY civilized society where justice prevails - a theif id arrested convicted punished and IF - TRUE justice is to be served - he is made to make restitution for his crimes to his victim.

This action MUST be done to IsraHELL before they destroy the entire world. They have DESTROYED our Christian 'Church' - they have destroyed our Government - they have destroyed the innosence of our children - they have destroyed our reputation in the eyes of the world - they have destroyed the goodness of our people - they have

destroyed our educational system - they have destroyed our economy - they have destroyed the former honor of our military and have stolen the very soul and goodness of what was once our beloved America. AND - it WILL get MUCH MUCH worse!

For God sake - WAKE UP and FIGHT for what we all once held sacred. I for one - would rather die on my FEET than live on my knees like a whipped dog - grovelling to the Jew and his Godless lies for the rest of my life.

The LOOTING of Egypt — being repeated in America.

For millenia the Jews have WAILED about their abject slavery under “Torturous, Inhumane” conditions in Egypt. As a matter of fact, their wailing is the same as their wailing about the “Torturous, Inhumane” treatment by the Nazis.

How is it that “impoverished, abject slaves” have lambs to slaughter, flocks and herds?

Exodus c.12 v.21

Exodus c.12 v.32&38

Exodus c.35 v.22-23

How is it that “abject impoverished slaves” have neighbors with GOLD and SILVER and JEWELS to LOAN to these “slaves”

Exodus c.3 v.22

Exodus c.11 v.2

Exodus c.12 v.35-36

While we are on the subject –

It was the Israelites that introduced to the world, and codified in their religion, Bigotry, Genocide, everything CRIMINAL that they now condemn in the Nazis

The Nazis called themselves “superior” people. The CHOSEN People of GOD do not like the competition.

The Nazis stole property from their victims.

Aside from stealing ALL of Palestine, as well documented in the Torah(the 1st 5 books of the Bible) “for a place to live”,

which they are repeating today, and the Nazis copied and called “growth room” how about

STEAL FROM YOUR NEIGHBORS:

Exodus c.3 v.22

Exodus c.11 v.2

Exodus c.12 v.35-36 (obviously “Thou SHALT NOT STEAL” does not apply to NON-Jews.)

The Nazis killed their own crippled and crazy.

KILL THE SICK and CRIPPLED

Numbers c.5 v.2-4 “putting them out of camp” means go die in the desert

The Nazis killed homosexuals

KILL HOMOSEXUALS

Leviticus c.20 v.13 well, really the whole chapter

The Nazis killed those who dissented from the “party line”

KILL ALL DISSIDENTS:

Exodus c.32 v.27

Numbers c.11 v.1-2

Numbers c.16 all
 Numbers c.21 v.5-6
 Numbers v.26 v.10

The Nazis held themselves apart from other people.....
 NO “diversity”, NO “integration”:
 Numbers v25 v.4-8
 Deuteronomy c.14 v.2

The Jews complain that Nazis demonized those they did not like, calling them perverts, parasites, unclean
 The Jews today call YOU “Gentile, GOYIM, Shiska” pejorative names equal to “the ‘N’” word.
 Demonizing, DEHUMANIZATION, is commonly used in order to justify killing people.
 The entire Torah/Books of Moses is a dehumanization of all NON-israelites.
 Accusing others of deviant sexuality, unclean practices, worshipping the “wrong” god, eating the “wrong” food.
 HATE codified in the Bible.

FINALLY, the BIG evil
 The Nazis engaged in GENOCIDE, deliberately killing men, women and children... because of their difference:
 After DEhumanizing the Native People of Palestine, the Israelites introduced GENOCIDE to the World:
 Numbers c.21 v.03 Canaanites
 Numbers c.21 v.24 Amorites
 Numbers c.21 v.33 Bashan
 Numbers c.31 all Midianites
 Numbers c.32 v. more Amorites
 Deuteronomy c.2 v.34 People of Heshbon
 Deuteronomy c.3 v.6 really the whole chapter. threescore cities
 Joshua c.12 A list of victims of Israeli GENOCIDE
 Where are THEIR “holocaust” Memorials!

Genocide codified in their religion:
 Numbers c.33 v.31-34
 Deuteronomy c.7 v.2
 Deuteronomy c.12 v.28-30
 Deuteronomy c.20 v.11-16

Terrorism codified in their religion:
 Deuteronomy c.2 v.2
 Deuteronomy c.7 v.16

BURNING FLESH is “A sweet savor unto the Lord” - JUST A FEW of MANY MANY examples
 Exodus c.29 v.18, 25, 41&42
 Leviticus c.1 v.17
 Leviticus c.2 v.2&&9&12
 Leviticus c.3 v.5

Now some will say “Oh, the Bible is not FACT, it is allegory.”
 To which I answer, FINE, then so is the portion where God supposedly “gave” Israel the land of Palestine.
 You cannot deny one verse, then use the next verse as justification to murder and steal land from People.

I would’ve skipped over your link at Whatreallyhappened if Mike Rivero hadn’t pointed out how important a read your column was.

It was shortly before that time that the US government officially branded the anthrax hoax as being not of Muslim origin. 9/11/08 was the retaliation.

Your not alone, I’ve become a devoted anti-Semite myself. I started looking around me and seeing what has been done to this country in my life time and it is pretty clear what group deserves the most blame for the gutting of the country that I grew up proud of. While I agree that most Jews aren’t involved in any conspiracy, I believe that most of them

help the criminals by screaming anti-Semite at every non-Jew that dares to point out that most of these psychopaths are Jewish or anybody that criticises the Jewish State. They lie for them and by doing that, they help cover up for them. Try going on any Internet site that discusses politics. Mention crimes committed by Jews in this country or by the Israelis and watch the Jews come on and call names and declare your a liar. Anybody that really believes that most Jews are completely innocent and it is just a tiny minority that is causing the problem needs to try posting comments on political sites that are less than favorable towards the Zionists. Watch the attacks that follow. The Israelis couldn't infiltrate our country and countries around the world without the help of many of the worlds Jewish population taking part. That doesn't mean that there isn't any Goy involved. Our government and the media has many non-Jews that tow the line and make sure they don't offend the Chosen Ones.

When I look at it and try to figure out how to stop all of this, I keep coming back to the same conclusion. The only way is to round every Jew in America and the nations of the world and give them a one-way trip to the "Jewish State". I know that expulsion is a very old solution, that has been used many times through history, but it works. That is until the people drop their guard and let them back in. If anyone has any better ideas, I would be interested in hearing them. In the end, that will be the only one that works. If Arabs were responsible for half the crimes, that Jews have committed in this country, they would have been rounded up long ago!

The 'Godfather' of THE Subprime mortgage, was Roland Arnall...He is credited with packaging these loans and partnering with Wall Street.

A Multi Billionaire, Bush appointee to the Netherlands and Holocaust Survivor.

Now deceased, his obituary is in the LA Times.

Zionists would have no power to do all the things they are doing to this nation if we did not choose to do evil constantly. They are being used to perform their purpose throughout history of bringing judgment on nations that reject the rule of the Creator. They don't understand that that is their appointed purpose just as they brought salvation to the world by killing the Son of the Eternal Father. They did not know what they were doing then and still reject Him as their Savior today.

The reason we are their victims is because we have killed 50 million of our own children by abortion since 1973. Zionists were also involved in bringing legalized child killing to this land because they understand that by shedding innocent blood we bring a curse upon ourselves which allows them to dominate us. They cannot be stopped while we choose to continue killing our children and we fully deserve all that happens to us because we have rejected the rulership of the Most High. Just as the opening Scripture says we have become a dwelling of deamons and every evil spirit. we are a people of adultry and bloodshed.

Now, who here is ready to demand that this nation stop the legalized murder of its children in the womb? Who is ready to insist that all abortionists be tried for mass murder, found guilty and executed? Probably almost no one. So we deserve to be the Zionist's slaves and victims. They are our proper hateful masters. Our wickedness gives them the power they have over us to destroy us in judgment for what we have done and continue to do.

The whole reason we are in Iraq had to do with Israel. If you will notice that before Saddam was taken down, Israel hated him the most. The US gained nothing from the invasion. I don't even think we got oil. Check it out. I think it was in "War for Muslim Minds."

I see no evidence that any particular group of people initiated this attack. Surely someone or some group did it but we do not have the evidence yet.

This was a good article until you went on a rant you had no evidence to support.

Why dont we demand an investigation? I have already started contacting people about this. The sub-prime debacle is nothing compared to this attack and I find it rather off-subject.

The Kingpin of the Corporatocracy in America is the Federal Reserve Corporation. This institution is responsible for every economic malady since its illegal inception in 1913. First Order of Business for All Americans should be to put these bastards out of business and restore this nation to sound money as prescribed by Congressman Ron Paul. Anything short of cutting the head off the beast known as the Federal Reserve will render economic suicide for this falling nation.

No, I’m NOT anti-Semitic. Arabs are Semitic as well as the Jews. So let’s be clear, the guilty parties here are those who subscribe to militate Zionism. I seem to remember our current vice-President Bidden called himself a “Zionist ” at on time. I think now would be a good time for him to retract that statement. Our nation is a sinking ship, the ugly truth is we have Zionist at the helm. Time for a Ron Paul style R3VOLution! Let’s get our Republic back, return to Constitutional money, and restore the Bill of Rights.

Thank you Mark, for your great writing and for making these clear for all of us.

I have no words left. These disgusting people - if they are actually people - are so strange, so vicious and vile that I just do not know how they can be anything like human. They have no kindness, nothing gentle, no truth in them. How does one live like that? How can any human being live with such filth for a mind, the sort of mind that sees nothing wrong in the death of little children, over and over and over again?

What KIND of creatures are these? Where do they come from?

First, I’d like to thank Mark Glenn for this important and informative article. Unlike the bloviating torture enthusiast O’Reilly, Mark really is looking out for America’s interests.

Second, I’d like to validate the comments of Frank Fredenburg regards getting to know how Jews think via online political forums. I recommend that more people do it. You’ll find that Frank’s being generous with his comments. Gentiles should be advised that even the majority of Jews that have protested the Iraq war and the recent Gaza Hanukkah Massacre are zionists who don’t consider themselves zionists. It’s just that they want to have zionism [Jewish supremacism, Jewish exceptionalism, Jewish apartheid] nicely. That’s kind of like a chain smoker protesting lung cancer. Most of these Jewish altruists may in fact be that incredibly naïve; I’d chalk that cup to Jewish culture.

But besides these naïve Jewish altruists there are the less overt Jewish zionists [who for the most part also don’t consider themselves zionists] that want to revert back to covert, low-intensity genocide for zionism. They’re not opposed to the goal of the overt rabid zionists. They just want the job done more discreetly. Part of their morbid motivation is to prolong the good life they’re currently living amongst the dumb and docile American goyim and put off the inevitable finality/conflict that zionism must engender: either them or us.

Regards a solution: I totally disagree with giving the Jews Palestine. The Palestinians don’t deserve that fate.

I believe that zionism should be outlawed, along with all of its supporting structures and arguments, which includes proselytizing the holocaust myth.

And since this supremacist/paranoid community has monopolized dialog and debate in destroying the country, and its members have proven Jesus correct in being nothing but liars, they, its members, should have no voice in saving it, from its supremacist/paranoiac control. In fact, its members have proven to be such liars and so destructive when they’ve had so much control, they should be banned en masse from positions in society where they’ve proven to be such harm before. On an individual basis, perhaps, its members could prove themselves trustworthy and earn more participation in the whole society. Of course these persons would be renouncing Judaism because Jewish culture and trustworthiness is proven to be an oxymoron. Sorry, but that’s the truth. Isn’t it?

Finally, I agree whole heartedly with Frank’s caution to not ever let our guard down regards this supremacist/paranoiac community that has proven Jesus correct in being nothing but liars and manipulators, for evil, selfish ends.

You boys forget who has been running America for the last 25 years or more. They ain’t Christians, and you darn well know it. I suspect they are running scared right now because if their plans fail, their paradise will be swinging from a lamp post, or a good old fashioned BBQ...Already too many people know their plans, and that puts their chance for success less than 1 in 3.

What is the relevance to September 11? I always pondered that until I converted to the Russian Orthodox Christian faith.

It is the day that ‘Old Calender’ (Julian)Orthodox remember “The Beheading of the Glorious Prophet, Forerunner, and Baptist John.” (See <http://www.holytrinityorthodox.com/calendar/index.php?year=2008&today=11&month=9&trp=0>)

The American People should fight fire with fire. we all know that influence can be purchased in Washington D.C. Look at the influence Isreal purchases with money the U.S. gives them.

The American People should defer their Federal Income Tax payments to a fund to buy influence in Washington.

There are 2 great reasons why this will work. 1stly, giving your money to the IRS only goes back to the privately owned Federal Reserve Corporation to pay the interest on money created out of thin air and lent to the Federal Government.

Since there is no law that requires us to file a Federal Tax Return and no law that requires us to pay a direct unaportioned tax on our wages, we are not breaking the law by taking this action.

2ndly, just think how much influence we could buy with a trillion dollar a year budget!

Lets get the ball rolling here folks. Send this message far and wide.

Now I’m surely no Jew Lover and despise Judaism as equally as I the other monotheistic faiths of Christianity and Islam. But I find this new found hate of Jews by Christians so very hilarious in its hypocrisy from the past support of Jew NeoCons and the Zionist agenda.

If not for the support of the Christian right, there would not of been a Bush admin in office responsible for this nation’s ruination over the last 8 years... You can bet at least 1/2 of the Christians citing biblical Bull Shite here also voted to put the warmongering Jew NeoCons into power in the US for these last 8 years..
