Israeli Apartheid Week (IAW) is an annual international series of events held in cities and campuses across the globe. The aim of IAW is to educate people about the nature of Israel as an apartheid system and to build Boycott, Divestment, and Sanctions (BDS) campaigns as part of a growing global BDS movement.

Israeli Apartheid Week (IAW) is taking place in more than 40 cities across the globe (the number of cities is growing daily). This year, IAW happens in the wake of Israel's barbaric assault on the people of

Gaza. Lectures, films, and actions will make the point that these latest massacres further confirm the true nature of Israeli Apartheid. IAW 2009 will continue to build and strengthen the growing Boycott, Divestment, and Sanctions (BDS) movement at a global level.

And as with all of the western governments that have seen their political systems, government sectors, and key social agencies thoroughly infiltrated by the Zionist and their sympathizers the Canadians are being denied the opportunity to decide for themselves if this is something wrong.

The only thing to remember is if you are allowed to see it, hear it, or know it from the Israeli's then it is bullshit and lies. If it is censored, blocked, or denied then in all likelihood it is partially true. Finally, if you see news items about obscure actors, politicians, or missing children on the alphabet news feeds, or you see a sudden rise in Nazi bashing movies, documentaries, news stories at the same time someone is trying to show or tell you something about Israeli atrocities then you know that it is completely true and there is likely much more to be learned.

Since not a day goes by where Israel, the people there, or the victims of their presence is not mentioned in the current events of the news on this planet it has become easy to spot the truth by how much effort is put forth to deny or erase the stories.

Israel is sponsored by the United States. Both are equally guilty of genocide. In fact, Americans have a genocidal history starting from the extermination of native Americans, bombing of millions of unarmed Germans during WWII (see Dresden), the massacre of several hundreds of thousands Japanese in Hiroshima and Nagasaki, Vietnam, Iraq.. This horror story must come to an end. How? America must be destroyed! From the very foundations.. I want to see America dying in a horrific and humiliating way.

Proving once again that the most dangerous thing in the world is people addicted to money and

power who feel they are better than the “masses” by divine and/or genetic right. People who have the wealth, power and privilege to cement, in their minds and the minds of the people they control, that they are the ruling class and should decide the fate of the rest of us.

THIS is the problem with this planet and nothing will change until we start viewing those in power for what they are ...Addicts. And like any addict they will lie, kill, steal, etc..too keep their “drug” and get more.

When we stop allowing people addicted to money and power to rise to positions of control we have the ability to really grow, stop the cycles of war and destruction and finally join our brothers and sisters among the stars. If we fail in this, we will surely join the ranks of countless worlds who now float silent in space, dead. A mute testament to those who were addicted to toys and who would not share them, destroyed by their own technology because technology rose faster than social and spiritual growth.

I read in the Ottawa Journal how Irwin Cotler,MP of our parliament is hammering at the drums of war again. This time Iran is in the crosshairs. Its bad enough that we were lied into war against IRAQ the pro-ISRAEL Cotler wants the goyim to go kill the Iranians for Israel.. Its time we tell him to go to hell!! If he loves Israel that much he can move there. After all isn't Israel for the Jews! Although I feel real bad about the Palistianians having to live next to those criminals.

Israel is a rogue state and needs to be held accountable for it's crimes on humanity. In addition, their organised attempts to control the media and internet are becoming tiresome and outrageous.

Mr Harper, supporting the murderous Israeli assault on the Gaza, where even the US abstained in the vote, Bob Rae a leadership hopeful and Frank McKenna, one-time premier of New Brunswick and mentioned leadership hopeful both sporting Stars of David on their collars, are some of the signs that Zionists have made serious infiltration into the Canadian body politic. It is possible to see a complete slide to American-type control of Canada by Zionists in the near future.

As Dave indicated above there appears to be a mass movement, resembling a Manchurian Candidate-like program by world Zionism to get the west involved in a war with Iran at all costs. This collective psychosis that seems to affect the vast majority of Western politicians - that Iran is bad; Israel good - will surely lead to the third world war. Our bought and paid for politicians, academia and media are leading the propaganda charge to that very end.

I never ever ever ever thought I would be ashamed of my country ~ always so proud to be a Canuck. And I am far from politically naive, however, the veils have been lifted from my eyes and I see things through very jaundiced and shamed eyes. When I learned about Canada Park in Israel last week, and learned about it, I was shocked. Now THIS?!!! And more drum banging.

I just spend the day working over the Protocols of Zion and ... well, frankly I am flat out disgusted. My local rep is a lovely lady, but I doubt she knows squat. We have spoken before and I got the idea she was here for us local folk who elected her but basically clueless on the international scale.

Our Canadian government is now a Zionist tool, Dave. As badly as the Obummer government is. I KNEW Harper would be bad, but I had not quite imagined THIS bad.

Well, so what if that is what the officials at Carlton do? We, the people will still stand in unity with those of Palestine and every other down nation. BY THE WAY, I think the term apartheid is inappropriate.

The new term is WAREHOUSING. And it is my belief that Gaza is a test caste for the rest of the world because this is how they plan to get rid of their "surplus humans". There is little chance for

apartheid in Palestine now with those crazy mad settlers, but there is a good chance of fencing a people in until they either leave or die.

Not optimistic, but just a thought. Try warehousing as a new term. I think it fits.

Its not only Israhell. It is largely the banksters that rule from the City of London. Although their roots shall be in Canaan and Egypt, the surly and bigoted elitist that orchestrated the worlds demise can be found in NY and City of London. Israel is simply a launching pad for extremism towards arab people and a home for their weapons, including nuclear weapons.

Remember the evil nature of our society was not meant to be. They have been brought about by the UN, the IMF and all central banks of the world. Many people wish to live in peace and prosperity. When will realize who the real terrorist are in this world
