If you've been watching the Jew box coverage of this incident you probably already know that VNN and Stormfront have featured prominently in the stories being related by the media.

Someone else wrote the below:

Okay, this whole story is starting to smell kinda funny.

B. The guy was 100% expendable. The U.S. media is publishing pictures from years ago, where he looks all young and healthy, for some weird reason, while the foreign media is showing him as an old man:

C. William Cohen, former Sec of State, was in the place with his wife when the shit went down:

<http://cryptogon.com/?p=9091>

His wife just happens to have a play opening tonight that ties into this:

Quote:

Cohen was at the museum with his wife, who has a written a play entitled "Anne & Emmitt" that was to debut Wednesday night at the museum.

The play is an imaginary conversation between Anne Frank, the young girl who kept a diary while hiding from the Nazis during World War II, and Emmitt Till, a young black boy who was murdered for allegedly whistling at a white woman in 1955.

"This is something the world needs to stand up to," Cohen told WTOP. "This is just another pathetic example of a hater."

Mrs. Cohen was immediately, and I mean immediately, on CNN with Wolf Blitzer, in "the situation room" going on and on about how the Jewish people have had to deal with hatred over the millenia, blah blah blah.

William Cohen is the guy who once let it slip about "Seismic weapons" and "electromagnetic weapons" and that sort of thing that the U.S. has been developing.

Also, there were people in the place who didn't hear gunshots:

Well, he's dead. He ain't talking.

Media Subterfuge and School Shootings: All of the Media's Lies are Connected

I wrote the below article a couple of years ago, but it applies today in respect to the media's focus, concentration and obsession with Mr.

von Brunn - as far as I'm concerned the jury's still out on whether or not this latest shooting was staged and/or the real deal. I am 100% convinced that the shooting highlighted in the below article was in fact a "false flag" operation.

Media Subterfuge and School Shootings: All of the Media's Lies are Connected

By Curt Maynard

Darn it, my wife is going to be angry with me again today. I'm suppose to mow the lawn and do some work on the house, but some crazy bastard went and murdered 32 people at Virginia Tech today and the media is already fixated on utilizing this story as another reason Americans should agree to reject the Second Amendment and voluntarily disarm ourselves. I won't get into my feelings about these seemingly random school shootings we seem to hear about so often anymore or who or what motivates them other than to say I'm a bit skeptical that they are what the media presents them to be. Why am I skeptical?

Facts behind the Columbine shootings have absolutely been covered up, there is no doubt, most of what we heard in the media about Columbine was skewed in such a way as to suggest that Klebold and Harris were neo-Nazis, when in fact the opposite was true, Klebold was Jewish and he and Harris believed themselves to be the persecuted victims of Nazi like thinking, i.e. they hated Christians and sought to [and did] single them out for murder. Their diaries clearly reveal this fact, but thanks to a judge named Lewis T. Babcock, you'll never hear about this, because he just ruled a few days ago that [facts behind the Columbine shootings](#) will be sealed for twenty years, quite convenient timing given that this newest shooting followed his ruling by less than two weeks [and nearly on the anniversary of the Columbine shooting – within the same week in fact]. Trust me, I guarantee you that this latest shooting too will have many inconsistencies that the media will not tell you about. I can smell these things any longer. The Columbine shooting was NOT what it was portrayed to be by the media, [there were more than 100 witnesses whose testimony called into question the "official story"](#) of what happened that day in Littleton Colorado, but many of you aren't aware of this because the media suppressed this information, something they can easily do, because there are no longer any networks, newspapers, or news magazines that are independent of Zionist control.

So on to the point of this article. We cannot trust the media to tell us the truth, which means that we cannot trust what the media will tell us about the latest shootings at Virginia Tech. The sad fact of the

matter is, we cannot trust the media period. I don't know about you, but it has come to the point for me, where if Fox News reported that the sun rises in the East, I'd go outside to confirm this for myself before I'd pass along this information to anyone else.

As of right now, we do not know who the shooter was or who may have killed him, or if he even intentionally shot himself. The reason I bring this up, is that the media has played fast and loose with important facts in the past so as to reinforce their primary agenda which is to convince Americans that they should voluntarily disarm themselves in the name of a better, safer society. Bernard Goldberg, a major league Zionist propagandist spilled the beans on this in his latest book "Arrogance", which was essentially a worthless piece of pro-Israel propaganda with the exception of this single important story.

As described by a [Rogers University](#) website:

"Goldberg analyzed media coverage of a school shooting that occurred at the Appalachian School of Law in Grundy, Virginia. According to Goldberg, what made this story newsworthy is that the shooter in this event was subdued by several students who themselves used guns to 'overpower' the gunman. Conducting his own Lexis-Nexis search, Goldberg pronounced himself 'stunned' to discover that in a search of one hundred news sources, "only a few papers in the whole country reported the rescuers had guns" (p. 186). That many newspapers then used this case to editorialize their opposition to private ownership of handguns simply reaffirms Goldberg's belief that a liberal media embraces a reflexive anti-gun bias."

No doubt this is true, which is reinforced by the following excerpt from a CNN article entitled "[Suspects in Law School slaying arraigned](#)", which overtly neglects to mention that those students that "tackled" the gunmen were themselves armed with firearms, which undoubtedly made their job much easier:

["Students apparently tackled the gunman, said Ellen Qualls, press secretary for Virginia Gov. Mark Warner."](#)

Now I'll bet anyone \$100.00 today that you and I will never see, not even once, Fox News, CNN, MSNBC, CBS, or CBS, mention the fact that armed students disarmed a shooter at the Appalachian School of Law back in 2002 on [this is important] National Television. You will NOT hear about this story because it does not support the primary agenda the Zionist media which seeks to imbed into the forefront of our thinking, i.e. that its better to give up our guns and live in alleged safety than to insist that our Second Amendment rights to gun

ownership be respected by our treasonous government. The reason for this is that the Zionist media and the traitors in our government fear us; they fear us because we are a heavily armed society and are becoming more and more aware of the stink emanating from Washington DC. Hell, if I were these people, I'd be afraid too.

The Zionist media also won't tell you that [Britain and Australian crime rates have skyrocketed since they willingly gave up their guns a few years ago](#), but nonetheless it's true.

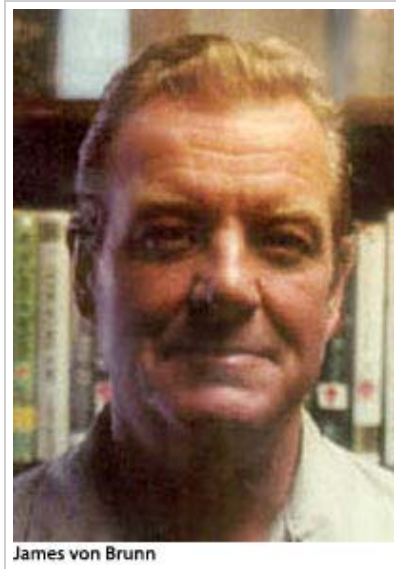

In an article I wrote some time ago entitled, "[Don't let go of your guns](#)," I emphasized how important it is not to fall for the medias lies, I wrote "now is not the time to even consider giving up guns – now is the time to buy them, in large numbers, in large calibers, for yourself, every member of your family, and your neighbors. I meant it when I wrote it and I mean it even more now.

As an aside, I'm watching Bush at this very moment on television as he attempts to convince Americans that he's "shocked" by what took place at Virginia Tech today. The more enlightened reader might ask; how it is that a man who actively participated in the murder of some 3000 Americans on 9-11 could be "shocked" by the comparably insignificant number of 32? Fox News has done its best for the last few hours to convince us all that "Bush cares," that he's "horrified," and "shocked," they're doing their best to rehabilitate this wicked man in the minds of Americans, but it won't work the media's time is nearly at hand. Lastly, I strongly encourage the reader to become immediately suspicious of any story they see or hear in the media that is prefaced with the word "shocked," no matter who or where it is coming from, because this word has been so overused and abused, that it's real purpose is now more than apparent, to manipulate and persuade.

At the very moment I'm posting this [April 16, 2007 @ 1519], Fox News is interviewing a student named Kelly that saw with her own eyes an Asian man being detained by police. After she said that, Neil Cavuto immediately interjected and stated that police are reporting that there was only one shooter and he was killed. So you see, the story is already unraveling.

[You'd think the world has come to an end - James von Brunn shoots up the Washington DC holohoax Memorial](#)

James von Brunn

Big fucking deal - the guy [James von Brunn] was getting old and decided to lash out at those that had been persecuting him, before dying of old age. I commend him. The last time it was the Federal Reserve, which has fucked over every American citizen in this country from cradle to grave since its inception in 1913, this time it was the Jewish holohoax museum [alter for the holocaust religion being forced upon us all]. **There is ZERO doubt that the Federal Reserve was founded by Jewish bankers and continues to be under the thumb of Jewish bankers to this day.** Anyone that suggests otherwise is either stupid or a liar.

The **Jewish media** has already gone batshit with this story, "White supremacist" this, and "Racist" that.. You'd think this was a bigger story than the fact that a **Jew named Asher Karni** was caught selling more than sixty nuclear weapon detonators to Pakistan [a story the Jews media never covered], or the recent stories related to how Jews escape all consequences related to betraying the United States of America, **1, 2, 3**, or when **Yehuda Abraham**, an American Jew jeweler from New York sold FBI agents posing as Al Qaeda operative Russian made, shoulder fired surface to air missiles with the understanding that they'd be used against American civilian airliners [another story the Jews media never covered].

James von Brunn believed that Jews dominate and control the media. The news media would love for you to believe that only crazy haters would believe such a thing. **HERE** are the facts, go argue with them, you'll quickly see that James von Brunn isn't crazy, he's 100% correct.

It's funny how the media works huh? Major Jewish criminals manage to somehow avoid media coverage and some 88 year old shoots a guard at a museum honoring an event that never took place, at least like the museum says it did, and the ENTIRE FUCKING

MEDIA APPARATUS, television, newspapers, news magazines, etc... covers the story as if it was the biggest terrorist incident that had happened since 9-11. Yet, the media never mentioned a single word about the empirical fact that **over 95% of all the recent economic criminals that drove our economy into the ground were JEWS**. The media gave Russian Jews the same level of attention [none] during the 1990s when they stole trillions of rubles from the Russian people. **It's the Jews Stupid!**

Elderly gunman kills guard at Holocaust Museum

By NAFEESA SYEED and DAVID ESPO – 11 minutes ago

WASHINGTON (AP) — An 88-year-old gunman with **a violent and virulently anti-Semitic past** opened fire with a rifle inside the crowded U.S. Holocaust Memorial Museum on Wednesday, fatally wounding a security guard before being shot himself by other officers, authorities said.

The assailant was hospitalized in critical condition, leaving behind a sprawling investigation by federal and local law enforcement and expressions of shock from the Israeli government and a prominent Muslim organization.

Washington Police Chief Cathy Lanier said the gunman was "engaged by security guards immediately after entering the door" with a rifle. "The second he stepped into the building he began firing."

Law enforcement officials said James W. von Brunn, a **white supremacist**, [von Brunn is NOT a "white supremacist," he's a "white separatist," meaning he prefers the company of whites like most whites do.] was under investigation in the shooting and that his car was found near the museum and tested for explosives. **The weapon was a .22-caliber rifle** [Very poor choice of weaponry for such a mission], they added. They spoke on condition of anonymity, saying they were not authorized to discuss the investigation just beginning.

Museum officials identified the dead guard as Stephen T. Johns, a six-year veteran of the facility. Director Sara Bloomfield said he **"died heroically in the line of duty."** [Good for him, maybe the Jews will make him a placque saying "I died to preserve Jew power and control over my fellow non-Jews]

At the White House, just blocks away from the museum, **President Barack Obama said, "This outrageous act reminds us that we must remain vigilant against anti-Semitism and prejudice in all its forms.**

No American institution is more important to this effort than the Holocaust Museum, and no act of violence will diminish our determination to honor those who were lost by building a more peaceful and tolerant world." [Pffft]

Von Brunn has a racist, anti-Semitic Web site and wrote a book titled "Kill the Best Gentiles," alleging a Jewish "conspiracy to destroy the white gene pool." [Hey nigger, read the fucking Talmud, "Kill the best of the Gentiles" isn't something von Brunn made up, it's in Jewish holy text!]

In 1983, he was convicted of attempting to kidnap members of the Federal Reserve Board [Good for him, glad he had a pair - had he been successful our economy wouldn't be where it is today] and served more than six years in prison. He was arrested two years earlier outside the room where the board was meeting, carrying a revolver, knife and sawed-off shotgun. At the time, police said von Brunn wanted to take the members hostage because of high interest rates and the nation's economic difficulties. [Fucking hero he is if you ask me]

Writings attributed to von Brunn on the Internet say the Holocaust was a hoax [It was] and decry a Jewish conspiracy to "destroy the white gene pool."

"At Auschwitz the 'Holocaust' myth became Reality, and Germany, cultural gem of the West, became a pariah among world nations," it says. [Absolutely spot on statement!]

The museum, which opened in 1993 and has drawn nearly 30 million visitors, houses exhibits and records relating to the Holocaust of more than a half century ago in which more than six million Jews died at the hands of Nazis. Its Web site says the museum "teaches [nee indoctrinates] millions of people each year about the dangers of unchecked hatred and the need to prevent genocide." [Jews are the ones that need lessons in genocide, they murdered more than 20 million White Christian Russians and Ukrainians in the 1920s and 1930s. look up "Holodomor

The museum was crowded with school children [Had to throw that in didn't they? Perhaps children shouldn't be allowed to enter the fucking place if it's so dangerous to be there] and other tourists at the time of the attack, but they all escaped injury in the outburst of violence.

Ashley Camp, 14, of Forsyth, Ill., on a field trip with more than 40 other students, said she heard two or three gunshots. Soon after, she recalled, a security guard ordered the group to run to the exit.

"We had to sprint as fast as we could out the door," she said. "I thought it was the movie (part of a museum exhibit), but then everyone started screaming and running."

The attack was the third in a recent wave of unsettling shootings that appeared to have political or ethnic underpinnings. [\[Unmentioned is that in the same period of time the Jews media has suppressed hundreds of crimes committed against whites by blacks and Mexicans in the same time period - see \[HERE\]\(#\)\]](#)

A 23-year-old Army private, William Andrew Long, was shot and killed outside a recruiting office this month in Arkansas and a fellow soldier was wounded. The suspect, a [\[Black male\]](#) Muslim convert, has said he considers the killing justified because of the U.S. military presence in the Middle East.

Late last month, abortion provider Dr. George Tiller was shot to death in his church [\[What the hell kind of church allows the murderer of thousands of human beings to be a member, and what kind of abortionist attends church?\]](#).

Johns, the security guard killed Wednesday, **was black**. [\[Oooh hate crime, hate crime, pass the hate crime bill quick, so we Jews can shut up all the people that are telling the truth about us!!!\]](#)

Only last week, Obama visited the site of a German concentration camp at Buchenwald in Germany where he noted, "There are those who insist the Holocaust never happened." He added, "This place is the ultimate rebuke to such thoughts, a reminder of our duty to confront those who would **tell lies about our history**." [\[Hey man, let's debate the holocaust. Ohh yeah, I forgot, the Jews refuse to debate it. The only people telling lies about history are the Jews\]](#)

In a statement from Israel's government, Information and Diaspora Minister Yuli Edelstein said the shooting was "further proof that anti-Semitism and Holocaust denial have not passed from the world." [\[Boo-fucking-hoo Jew, why is it necessary to consult an Israeli murderer on this matter - they're guilty of the mass murder of Palestinians\]](#)

And the Council on American-Islamic Relations, a prominent American Muslim organization, said in a statement, "We condemn this apparent bias-motivated attack and stand with the Jewish community and with Americans of all faiths in repudiating the kind of hatred and intolerance that can lead to such disturbing incidents."

Within minutes after the attack, federal agents were dispatched to

von Brunn's home in Annapolis, Md., to check his computer. [\[One wonders how they identified him so quickly? Starting to sound a bit like a false flag attack now\]](#) Joseph Persichini, assistant director in charge of the Washington FBI field office, said the shootings were being investigated as a possible hate crime or a case of domestic terrorism.

According to a relative, von Brunn attended Washington University in St. Louis and is an artist.

He was commissioned as a naval officer decades ago, and discharged from the Navy in 1956. A cousin, Virginia Gerker of St. Louis, said in an interview she hadn't seen him in 50 years. She said her family had "disowned" him believed him to be mentally ill. [\[the suggestion being anyone that doesn't see Jews as persecuted victims in all matters MUST bbe crazy LOL\]](#)

About a dozen years ago, he applied to have his art shown at a gallery in Easton, Md., according to two of the owners. Laura Era and Jennifer Wharton said they rejected his work and he stomped out.

Mark Potok of the Southern Poverty Law Center said von Brunn's Web site has long been listed as a hate site.

The Rev. David Ostendorf, executive director of Center for a New Community in Chicago, a national civil rights group, said von Brunn has described in his own writings a long relationship with Willis Carto, founder of the Liberty Lobby, the Spotlight Newspaper and a well-known white supremacist and anti-Semite.

Associated Press reporters Brian Witte in Annapolis, Md., Sarah Brumfield and Aaron Morrison in Baltimore, and Lolita Baldor, Devlin Barrett, Ted Bridis, Eileen Sullivan, Barry Schweid and Brett Zonger in Washington contributed to this report.

The Grimm Meister on Anti-Semitism

Where are you Patrick, you're tremendously missed.

Patrick Grimm on Anti-Semitism

"I marvel not that there is so much 'anti-Semitism', but that there is so little. The Jewish extremists have taken the gloves off, have removed the masks and are so bold as to not even bother denying the charges brought against them. They feign indignation, but what they don't do is disprove, or even lift a finger and try to disprove the barrage of crimes ascribed to them. The clamp-down they have instigated is only to stop the bleeding, the fact-finding missions splashed across the internet. The absurd reality that there seems to be, relatively speaking, so little anti-Jewish supremacist and anti-Zionist sentiment in the Western world, is either a paean to ignorance or an argument against excessive pluralism and tolerance. It is, in a word, astounding."

Classic Article: Big Pharma Pushes "Miracle Cure" for Holocaust Denial Syndrome

Well all I can say is thank God, there's a diagnosis and treatment for what I have. I always thought I believed as I do because of the enormous amount of research I've done over the last 25 years, but now I know I have a "syndrome" and there's an effective treatment for it in pill form no less. Hallelujah! One wonders if this is Huxley's soma?

Classic Article: Big Pharma Pushes "Miracle Cure" for Holocaust Denial Syndrome

By Michael James in Frankfurt, Germany

Governments, police services and prison authorities around the world are reportedly "overjoyed" by the launch of a new prescription drug that cures people who are suffering doubts about the veracity of the so-called Jewish Holocaust.

Shares in Israel-based Goy & Goy Pharmaceuticals Incorporated rocketed to 89 US dollars following the long-awaited announcement of a miracle cure for Holocaust Denial Syndrome (HDS).

Soon to be marketed and sold under the name Holozac, the drug works by rapidly closing down the brain's centre of intellectual inquiry. It also blocks the re-uptake of politically incorrect neurotransmitters involved in critical thought processes, making it more difficult to distinguish between truth and lies.

"We're simply overwhelmed by the response of the governments we control in the Zionist West," says Ari Scheister, Marketing Director for Goy & Goy's regional office in Germany. "Particularly so in the European Union where prisons are bursting at the seams with

professors, journalists and academics who are all suffering the symptoms of advanced and potentially fatal HDS and other diseases associated with human awareness and a passion for the truth."

Europe's most prominent sufferers, Ernst Zundel, Germar Rudolf and David Irving are said to be in a stable condition following incarceration in high-security prison facilities for People Who Read Books (PWRBs).

"Next to People Who Have the Audacity to Actually Write Books (PWHTATAWBs), the PWRBs are our most urgent concern," says Guenther Gutmensch, Parliamentary Chairman of the Federal Commission for Confiscating and Burning Books That Make People Think Something Ain't Right (FCFCABBTMPTSAR). "They ask lots of questions and they have an unnatural and very unhealthy obsession with finding out the truth. They simply do not believe a word we say." Read the rest [HERE](#)

**Obama, The Second Coming of Moses, Exodus
Preparations by Hesham Tillawi**

Hesham is 100% correct here, the fact of the matter is that Obama is a pro-Zionist house nigger, just like Bush before him, Clinton before that, Bush's daddy, and even ole Reagan. Dr. Tillawi points out all that's necessary to determine that Obama's policies won't change in any regard related to Israel, "Congress and the media whores haven't attacked him," which simply means that they're all playing a game and the game is, let's make believe that Obama intends to change the policy direction of the United States of America, so that we can once again pull the wool over the eyes of the lazy and stupid American public..

Obama, The Second Coming of Moses, Exodus Preparations

By Hesham Tillawi

"Israel must halt West Bank settlement activity..." –President Obama on May 28, 2009 after meeting Palestinian Authority President Mahmoud Abbas.

"I want you to know that today I'll be speaking from my heart, and as a true friend of Israel. And I know that when I visit with AIPAC, I am among friends. Good friends. Friends who share my strong commitment to make sure the bond between the United States and Israel is unbreakable today, tomorrow and forever." Obama June 4, 2008 during his speech to AIPAC (American Israel Public Affairs Committee) [In [THIS Haaretz article](#), Obama is quoted as saying the United States' relationship with Israel is "sacrosanct," which literally means "holy."]

On June 4, 2009 President Obama spoke to the Arab and Muslim "worlds". On the surface at least, Obama's speech marked a

turning point in the American Administration speech on the Middle East in the last 60 years. Predictably, his even-handed-with-the-Muslims-speech was received in all the typical ways. Political operative Dick Morris characterized it as America “turning her back on Israel” while Rep Gary Ackerman (D-NY) said in reference to the settlements issue that “I don’t think anybody wants to dictate to an ally what they have to do in their own national security interests.”

We are not witnessing the AIPAC controlled Congress waging the kind of war, **which those of us who are familiar with AIPAC’s capabilities expect**. Very strange indeed. [\[Dead giveaway that this "new" policy direction is just more bullshit\]](#)

From the beginning of this conflict in the Middle East, Palestinians and many others around the world have accused America of being one-sided when it came to the Palestinian-Israeli conflict. This speech (for the first time) however sounded **as if America actually wants to be “fair and balanced” as one infamous pro-Zionist news network likes to call itself**. It is obvious—considering some of what Obama said—why many in Israel have their collective underwear in a knot. Rather than the typical “let’s blame Israel’s enemies for all the unrest in the Middle East” the new president stressed that tried-and-true truism that it “takes two to tango” when he said—

“But if we see this conflict only from one side or the other, then we will be blind to the truth: the only resolution is for the aspirations of both sides to be met through two states, where Israelis and Palestinians each live in peace and security.”

During the recent Israeli war on Gaza where over **1300 Palestinians (more than half of whom were women and children) were butchered and Gaza destroyed beyond repair, Obama did not say a word publicly or privately in criticizing the Jewish state and not even when the rest of the world was**. He even went further than just remaining silent on the issue by sending a letter to Zalmay Khalilzad, the United States representative to the UN with the message that “The Security Council should clearly and unequivocally condemn the rocket attacks against Israel.... If it cannot...I urge you to ensure that it does not speak at all.” He also added that he understood why Israel was forced to close border crossings to Gaza where over one and a half million people were left to die of hunger and lack of medicine. Eric "My Sister is Married to Super-Zionist Rupert Murdoch's Son" Hufschmid Calls Yours Truly a "Zionist Agent."

LOL, Eric Hufschmid is such a fucking punk; both he and Mike Delaney dropped "Quest's" link off of their websites after John Martinson exposed Evren Hun Welshon AKA Quest, as a Jew informant. I doubt it'll be much longer that Hufschmid will continue carrying Prothink's link - Delaney has the same problem Quest does, a "sentence under review" caveat that most informants do.

Hufschmid's condemnation of me is like a badge of honor as far as I'm concerned. The fact that a well-known Zionist shill is smearing me is bound to increase my traffic and credibility. LOL.

Here's what Hufschmid has to say:

Now compare that to what comes from Alex Jones, Ted Gunderson, Anthony Hilder, Mark Lane, Mark Weber, **Curt Maynard**, Webster Tarpley, the antiwar groups, the veterans groups, the Institute for Historical Review, Don Harkins of The Idaho Observer, **and all other investigators and truth seekers**. [Damn, Hufschmid's definitely a Jew, what other motherless bastard would actually state in writing that he had done MORE than "all other investigators and truth seekers?"]

Bollyn and I are the newcomers [Hufschmid, YOU'RE the newcomer, and YOU have no credibility]. Yet in the span of a few years, we have produced more important material than all of the other people put together. And all of those other investigators try to ignore us.

There are not many ways to explain this. Either the other people are incredibly stupid, or they are Zionist agents.

If you look closely at any of the un-productive people, you will find that they are not stupid. Instead, you will find that they have mysterious connections to one another. **SOURCE**

OUTRAGE - Jewish Groups Get the Bulk of Homeland Security Funds!

Which NY nonprofits received the Homeland Security money?

Posted by [The Post-Standard](#) June 07, 2009 1:42AM

Categories: [Documents](#)

In the past four years, the federal government has given \$64 million in grants to nonprofit groups it considers at risk of attack from international terrorists.

The groups that won grants have not been threatened or attacked. In fact, federal auditors critical of the program said in 2006 that experts knew of no threats of foreign terrorism against any nonprofit.

The grant program was born after Sept. 11, 2001, when Congress feared al-Qaida would strike again. Eight years after the attacks, international terrorists have not attacked nonprofits in the United States. The Department of Homeland Security does not claim the taxpayer-funded security cameras and other improvements helped prevent violence.

New York, which received more money from the Urban Areas Security Initiative Nonprofit Security Grant Program than any other state, kept the nonprofit recipients' identities a secret until The Post-Standard independently obtained that information.

CLICK ON THE BELOW LINK!!!!

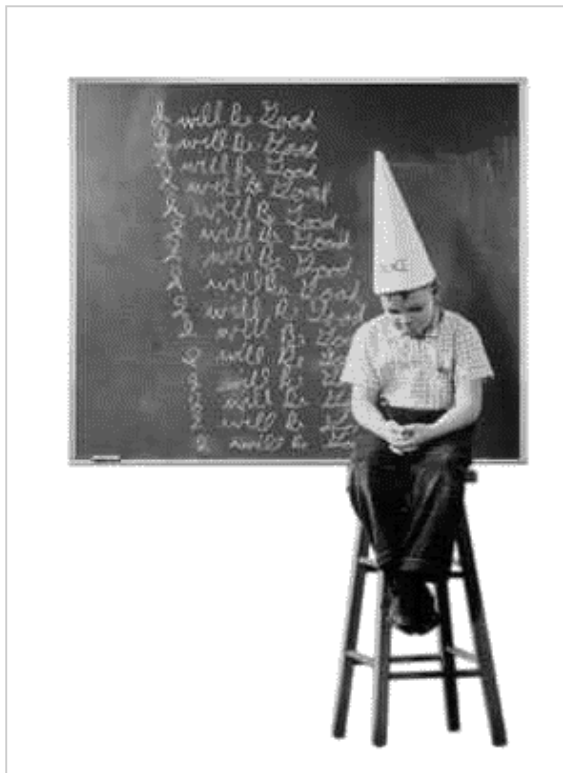

Look at all the nonprofit groups receiving money from the program.

The HOLOCAUST for Dummies

1. In 1939, there were nearly 15,700,000 Jews in the world. (1) After the Second World War that number had risen to over 18,000,000 Jews. (2) What this means is that of the 15,000,000 original Jews on the planet, 6,000,000 were gassed, leaving only some 9,000,000-plus. Then, the world Jewish population rebounded and doubled to over 18,000,000 in less than nine years—an astronomical feat, which

astounded biologists and baby doctors everywhere!

2. From the Beginning, there was the SIX MILLION, of which 4,000,000 were gassed at Auschwitz. Then, in 1990 it was discovered that only 1.5 million were gassed at Auschwitz, a difference of 2.5 million less. But somehow the magical SIX MILLION remained, even though no instant replacement was ever found. YHWH moves in mysterious ways!

3. At the same time, the director of the Auschwitz State Museum Dr. Franciszek Piper, announced that the so-called gas chamber there had been fabricated by the Soviets AFTER the war! Read the rest [HERE](#)

Today is the 42nd anniversary of Israel's deliberate, pre-meditated attack on the USS Liberty resulting in the murder of 34 Americans.

Folks,

today is the 42nd anniversary of Israel's deliberate, pre-meditated attack on the USS Liberty resulting in the murder of 34 Americans. A week's worth of radio programs are scheduled to begin this afternoon with Mike Rivero of <http://www.whatreallyhappened.com/>. The show can be found on gcnlive.com and today's program features USS Liberty survivor Ron Kukal. Tonight, Michael Collins Piper will begin the 1st of a 5-night series dealing with the subject. Several important personages, including Liberty personel, will be appearing. The show is found at <http://www.republicbroadcasting.org/> and airs

at 9 pm eastern time. Please pass this info around and try to call in with your comments if possible.

Finally, we are beginning to gain ground against the beast of the east, meaning Israel. The world is waking up to the fact that we have a dangerous predator in our midst and those who yesterday thought we were crackpots today are willing to sit down, shut up and listen. Therefore let's keep the heat on and not lighten up.

Here are a few articles worth passing around I did for AFP a few years ago dealing with the Liberty issue.

thank you

[Is Curt Maynard a Racist?](#)

Above, the ebil racist klansman Curt Maynard, ex-wife, step-daughter and daughter

Let's have a little fun shall we? Believe it or not, I'm often accused of being a racist. I know why this is, it's because I insist on telling the truth in my own unique and unapologetic manner. I often use terms like nigger, kike, meskin, and faggot in my missives, when describing various things you'd never otherwise hear about if it weren't for my blog.

I use these terms for several reasons:

#1. They tend to momentarily shock indifferent lemmings out of their omnipresent state of apathetic somnolence forcing them to confront facts they're uncomfortable with. My hope is that one day I'll so outrage someone that in their newly found state of indignation they'll actually investigate some of the things I write about and find out that they're true.

#2. I use these terms because the First Amendment permits me to do so; your average lemming may not give a rats ass about his rights related to Free Speech, but I do. The authority of the Constitution supercedes that of the states and federal government, when the illegitimate Obama administration passes its unconstitutional "hate crimes" legislation, I intend to be among the first martyrs that tell the Zionist Jews in Washington DC to kiss my ass, and by so doing, leave a legacy of truth, honor and fearless integrity behind for my children to learn from.

#3. I utilize terms like "nigger, kike, meskin, and faggot" because it

clearly reveals to others that lightning bolts won't come out of the sky and strike them down for violating the man made tenets of political correctness. I'm a politically correct apostate after all, I don't believe in the self censoring precepts of Zionist Jew indoctrination. I want others to know that they too can voice the truth without fear of nebulous consequences - I swear before God allmighty that if 1/100th of the US population were to insist tomorrow, without apology, on getting the truth from Washington DC, the Zionist's game would be over the next day. The entire MSM is geared, not to entertain, but to deceive. [Who owns the media?](#) Zionist Jews. [Who wants your guns?](#) Zionist Jews. [Who has thrown open the gates to the third world and prevents the American people from shutting them?](#) Zionist Jews. [Who's behind the porn industry?](#) Zionist Jews. [Who owns Hollywood?](#) Zionist Jews. Who's behind preventing the American people from learning about the true extent of crime in the USA, and the groups most commonly associated with it? Zionist Jews. [Who's behind America's current economic difficulties and the imminent economic collapse around the corner?](#) Zionist Jews. These same Jews are busily engaged at present in the fabrication of numerous "hate crime" hoaxes, in the hopes of seeing the Obama administration pass federal "hate crime" laws, so that the ADL and SPLC [proxy agents for world Jewry] can then attach "hate speech" provisions to the bill, in order to shut people like Curt Maynard up. Fuck em, I won't shut up, they'll have to kill me first.

#4. I use the terms "nigger, kike, meskin, and faggot," because it brings out the censors and exposes them to scrutiny. Censors like the Jew journalist Jim Rutenberg, who called me a ["White supremacist,"](#) knowing full well that I was married to a meskin woman and the father of two beautiful half-breeds at the time. Just in case you're wondering, the answer is "no," you can't be a White supremacist if your married to a meskin and fathering children with her, it's impossible. The Jews attempted to do the same thing with the revisionist historian Bradley Smith, whose work exposing the weaknesses of the holohoax narrative on America's college campuses scared the bejeeses out of them a decade ago. They [the national news media] labeled him a "racist" and "White supremacists," and then were chagrined and embarrassed to find out that he too was married to a meskin womenn and the father of a couple hybrids. LOL. My detractors are constantly doing their best to limit my exposure on the net, in [THIS CASE](#) someone called "Dave from Queens" goes after Michael Rivero, the webmaster of [Whatreallyhappened.com](#) for posting my articles. Dave drones on and on about what a racist sumbitch I am, but refuses to acknowledge, despite being informed dozens of times, that I'm the only "white supremacist" he can think of that's married to a Hispanic female. What's the problem Dave, don't like facts? In the comments section off this story about super-Zionist Michelle Malkin, someone I

detest, I'm accused of racism, and quoted as saying that I advocate the "culling of the nigger herds." When I do a google search of those words, i.e. "culling of the nigger herds," the only result I get is the same website I obtained the misquote from in the first place. LOL. In other words the commenter is a lying bastard.

#5. I utilize terms that offend the hypersensitive, because it gives me a great deal of personal satisfaction knowing that the very people that represent the problem, rather than the solution, find my words and views offensive.

The following is another uncomfortable truth:

If you're a hypersensitive, thin-skinned sissy, you'll never be able to tell the truth, nor will you ever be able to accept it, even when it's given to you on a silver platter with sources and citations. Nobody, and I mean nobody, hates the truth as much as Zionist Jews and lemmings. Got it?

If any part of what I wrote above offended you in any way - guess what?

No apologies.

Our Ignorant Negro and Chief Barack Obama Accuses His Betters of Being Ignorant

The biggest problem with building up peoples self esteem is that the ignorant have no problem voicing their ignorant opinions and/or accusing their betters of suffering from their condition, i.e. ignorance. Not long ago, Barack Obama, our "magic negro and chief" stated publicly that his uncle had ""liberated"" Auschwitz. The dumb nigger wasn't even aware of the fact that the Russians were the ones to have "liberated" Auschwitz, and that his uncle was never closer than 500 miles from the facility at any time in his life. The point here is that Barack Obama has NO FUCKING BUSINESS accusing anyone of ignorance when it comes to scrutinizing the holohoax, because he [Barack Obongo] couldn't name three German concentartion camps without the assistance of a White [or Jew] historian and a fucking teleprompter.

Above is a video of Barack Obama claiming that his American uncle "liberated" Auschwitz. In case you're an ignorant American and doubt my words about the Russians being the ones to have "liberated" the camp. [HERE is the proof.](#)

Barack Obama condemns '*ignorant and hateful*' Holocaust deniers

President Barack Obama used a visit to Buchenwald concentration camp to condemn the "ignorant and hateful" rhetoric of those who have denied the Holocaust.

In a thinly veiled attack on Iranian President Mahmoud Ahmadinejad, who on Tuesday branded the Holocaust a "big deception", he said the site was the "ultimate rebuke" to people who questioned the killing. [\[Dr. Mahmoud Ahmadinejad has a PhD in Engineering, Barack Obongo is an affirmative action recipient and dumb nigger extraordinaire\].](#)

Mr Obama laid a single white rose at a grey slate memorial in the former camp in eastern Germany, where 56,000 people died at the hands of the Nazis.

He then toured former barracks, crematory ovens and guard towers with German Chancellor Angela Merkel and a former camp inmate whose father died of starvation at Buchenwald. [\[What, you mean he wasn't gassed?\]](#)

"To this day, there are those who insist that the Holocaust never happened, a denial of fact and truth that is baseless and ignorant and hateful," said Mr Obama, the first American President to visit Buchenwald. [\[Ignorance is when you don't even know that the Russians liberated a camp you claimed your American uncle liberated you dumb fucking nigger!\]](#)

"This place is the ultimate rebuke of those thoughts – a reminder of our duty to confront those who tell lies about our history. These sites have not lost their horror with the passage of time."

The president's visit was seen as a gesture of solidarity towards Israel and American Jews, a day after he sought to reach out to the Muslim world with his keynote speech in Cairo.

He said the close relationship between Germany and Israel demonstrated how former enemies could come together. His own

pilgrimage was to "celebrate how out of that tragedy you now have a unified Europe, a Germany that is a very close ally of Israel, and the possibilities of reconciliation and forgiveness and hope," he said.

Mr Obama also listened to Holocaust survivor Elie Wiesel's recollections of camp life. Mr Wiesel was liberated from Buchenwald's complex of camps in April 1945 by US troops who included Obama's great-uncle, Charlie Payne. [\[See above video, our "educated chimp and chief" stated that his uncle liberated Auschwitz, not Buchenwald\].](#)

Mr Payne, 84, decided not to accompany the president to Buchenwald [\[Probably embarrassed to be associated with his ignorant half-breed nephew\]](#), but will join Obama's party at ceremonies for the 65th anniversary of the D-Day landings in Normandy, France on Saturday.

Dr Gary Smith, the executive director of the American Academy in Berlin, said Mr Obama's trip to Buchenwald would help balance the reaction in the Middle East.

"He is aware that his speech in Egypt may be making parts of the American Jewish community and the Israeli public nervous. This visit will comfort a very important constituency," he said.

The German stopover was intended in part to reaffirm America's relations with its European allies, after the ill will caused by the invasion of Iraq under George W Bush. [\[Obongo isn't doing anything to get the troops out is he?\]](#)

Analysts said it would also remind the American public of the country's record in fighting wars abroad.

Josef Braml, an expert on the US-German relationship at the German Council on Foreign Relations, said: "The Americans fought two great struggles here in Germany – one against Nazism and the other against Soviet Communism. His message is that they were good wars, and that today Afghanistan is also a worthwhile fight.

"The American public is asking why the US should spend so much money and risk so many lives in Afghanistan. Obama's message to the folks back home is that isolationism is not an option."

[\[Isolationism doesn't support the goals of Jewish Internationalism\]](#)

Earlier, Mr Obama held talks with Chancellor Merkel, in the former East German city of Dresden, which was all but destroyed by American and British bombers in February 1945 in an operation which remains controversial.

Once known as 'Florence of the Elbe', many of its historic monuments and museums have been restored, including the imposing Baroque Frauenkirche, or Church of Our Lady, which he visited.

The President dismissed suggestions that his relationship with Mrs Merkel had been strained by disagreements over issues ranging from the war in Afghanistan and the closure of the Guantanamo Bay prison camp to how to kick-start the global economy.

During a joint press conference in a historic castle in Dresden, he described the relationship between the two countries as "outstanding".

But Germany has resisted calls from Washington to greatly increase its contingent of 4,100 troops in Afghanistan and to shoulder more responsibility in fighting the Taliban.

The Germans are also unenthusiastic about a US request to accept prisoners released from Guantanamo, mostly Muslim Uighurs from western China.

Late in the day, Mr Obama visited wounded US soldiers at an American military hospital in Landstuhl before flying to France, where he will attend the 65th anniversary of the D-Day landings on Saturday.

Britain Fabricates another "Racist" Plot

Last time the British press covered the toxin ricin and terrorism together in the same article, it was related to [this HOAX](#) in which the British government sought to grab headlines accusing a few Muslims of manufacturing ricin for the purposes of engaging in terrorism. It was bullshit then, why should we believe their fucking lies this time? The British and American governments are firmly in the grip of Zionist Jews and as I've mentioned innumerable times on my blog, these Jews are desperate to silence dissent, they'll accuse anyone and everyone of racism and/or terrorism, if they believe it'll shut down the scrutiny world Zionism [organized Jewry] is currently being subjected to worldwide. "I say fuck em; don't believe a goddamn thing you hear via the Jews media, nada, nothing!"

Police seize deadly ricin at 'racist bomb factory'

A "white supremacist" plot to kill minorities is thought to have been uncovered, police said yesterday. [\[Bullshit, yawn\]](#)

A substance believed to be ricin and claimed to have been found in an old jam jar was being kept in what they thought to be a "bomb factory" in a terraced house. [\[Probably turn out to be sugar, but you'll never see the story retraction, just these fraudulent headlines\]](#)

Specialist officers found traces of the suspected ricin - 6,000 times more deadly than cyanide [\[Yeah, so let's keep this "super-toxin" in an "old jam jar."\]](#)- after a swoop in the village of Burnopfield, Co Durham. The raid on Tuesday followed tracking of internet activity and an operation involving Special Branch and MI5. [\[In other words, the British Secret Service is behind this "set up."\]](#)

Durham's assistant chief constable Mick Barton said: "We believe the people involved to be white supremacist extremists and one of our lines of inquiries is that they were going to target ethnic minorities. There was internet activity including the Anarchists' Cookbook traced to an address and that has given lines of inquiry in this country and abroad.

"White supremacists seem to hate an awful lot of people." [\[In other words, no need to look into this story any closer, we're just arresting people you'll never concern yourselves with, i.e. "haters."\]](#)

Officers were last night questioning two men. [\[Probably turn out to be a couple teenagers living at home with mom and dad that don't like blacks.\]](#)

Oh Here's A Surprise - NOT. Jewish Owned Magazine Says the Far Right is Forming Ties with Radical Islam

No surprise here, I knew this was coming soon enough. Jewry hopes to persuade lemming Americans that the far right, AKA anyone critical of Israel and Jewry, is forming alliances with radical Islam.

#1. The existence of Neo-Nazis is a myth, people like Bill White [1, 2, 3, 4, 5] of the so-called ANSWP [American Nazi Party] and Frank Collins of Skokie infamy are either Jews or informants. Most recently, a fella named Quest [nee Evren Kaplan] was exposed for what he really is, not a neo-Nazi, but a Jewish provocateur [1, 2, 3] working as an informant for the US government in an effort to have his [prison record expunged](#). Both White and Quest exist for no other reason than to create the impression that dangerous and radical Nazis exist and are a threat to mom, apple pie and Chevrolet. The fact of the matter is Nazis and Nazism do not exist in reality, at least insofar as representing any kind of political movement and/or threat. Most "hate crimes" committed against Jews [turn out to be hoaxes perpetrated by Jews](#) for the purposes of eliciting sympathy for the Jewish community and furthering Jewry's desire to get "hate crime" legislation passed in the United States in an effort to silence all dissent against Jewry. The Ku Klux Klan too is full of Jews, former Jewish grand dragons include [Jordan Gollub](#) and [Daniel Burros](#).

#2. Radical Islam is also a canard, a bogeyman designed to keep the American people afraid and distracted long enough for Jewry to impose its will upon the western world. The fact of the matter is Al Qaeda is 100% bullshit, its #3 spokesperson, Adam Yahiyeh Gadahn AKA "Azzam the American" is actually an American Jew named [Adam Pearlman](#). Numerous alleged [Al Qaeda cells have turned out to be MI5, CIA and Mossad operations](#). Although this article suggests that an Al Qaeda leader duped MI5 into trusting him, the fact of the matter is, it [\[this article\]](#) acknowledges the undeniable fact that one of Al Qaeda's most notorious leaders was in fact working for British Secret Service as a double agent at the same time he was allegedly serving as one of Al Qaeda's leaders. Recently, the former President of Italy, Francesco Cossiga, admitted publicly that Al Qaeda is bullshit, a Mossad/CIA front fabricated for the purposes of justifying war against Israel's enemies [\[Source\]](#) President Cossiga stated: *"From circles around Palazzo Chigi, nerve centre of direction of Italian intelligence, it is noted that the non-authenticity of the video is testified from the fact that Osama bin Laden in it 'confessed' that Al Qaeda was the author of the attack of the 11 September on the Twin Towers in New York, while all of the democratic circles of America and of Europe, in the front lines being those of the Italian centre-left, now know well that the disastrous attack was planned and realized by the American CIA and Mossad with the help of the Zionist world to put under accusation the Arabic Countries and to persuade the Western powers to intervene in Iraq and Afghanistan."* [\[Source\]](#)

What the Jews are attempting to do by making this non-existent connection is to kill two birds with one stone; they want the American people to approve of and participate in a war against Iran, which will leave Israel untouchable in the mid-East AND they want to silence ALL dissent against Israel and International Jewry within the United States. They believe they can achieve this by fabricating a terrorist incident in which they'll blame "radical Islam" AND "the far right." Jewry, by way of its media monopoly, will define exactly what "the far right" is after this fake terrorist incident, and you can be sure it'll include any and all critics of organized world Jewry and the Zionist state.

Please note that no author is mentioned in this "hit piece" below; that's because the name would be too Jewish to be missed, even by the majority of dumb fucking American lemmings.

April 29, 2002

Far Right, Neo-Nazis, Islamic Fundamentalists Forge Alliance

After September 11, the connections between the far right and Islamic fundamentalists are making themselves more apparent [No they're not, there are no connections and not a single case that can be pointed to as evidence to support these alleged connections - just the word of this anonymous Jewish author that doesn't want to be identified]. According to the [Washington Post](#) [Jewish owned newspaper owned by Katherine Graham, daughter of the Jews Eugene and Agnes Meyer], after the 9-11 terrorist attacks, writings by American William Pierce, author of *The Turner Diaries*, the book after which Timothy McVeigh modeled the Oklahoma City bombing, was found on the Hezbollah website [Please note that the website goes unnamed, probably because it has since been exposed to be CIA/Mossad managed.]. Pierce also announced on Radio Iran, "We have a common cause: getting the U.S. government off the back of the rest of the world and getting the Jews off the back of the U.S. government....There is ground for joint action." [Guess what? The fact of the matter is, five billion of the world's six billion people have the exact same "common cause," i.e. to "get the U.S. government off the back of the rest of the world."]

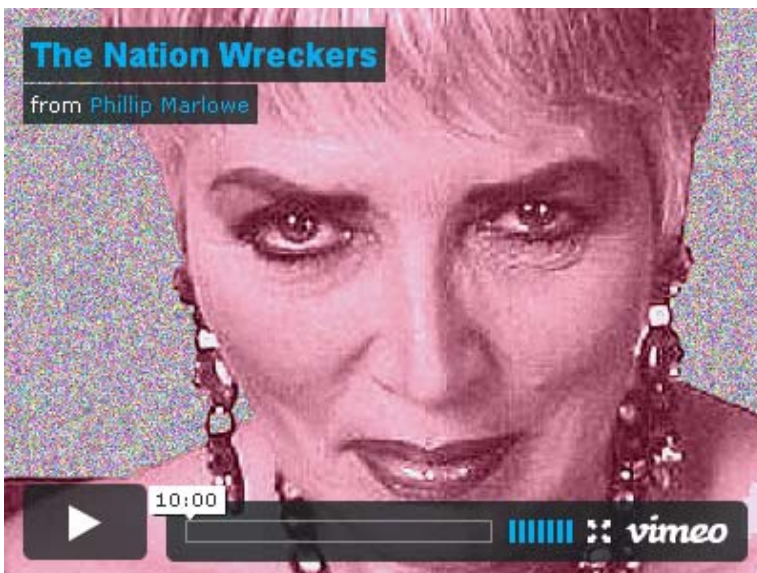

Similarly, Ahmed Huber, director of the Swiss company Nada Management and a frequent speaker to neo-Nazi organizations in Europe and the United States, notes, "The alliance has come." [The U.S. Treasury Department has identified Nada Management as a "financial advisor" to al Qaeda](#) [If this was true, Ahmed would be arrested on sight]. Huber has denied the allegation but admits to

knowing al Qaeda operatives. According to the Washington Post, Huber has also indicated that he intends to **“build a bridge between radical Muslims and what he calls the New Right in Europe and the United States.”** [I've never heard of Ahmed Huber, which means he aint shit on the "far right," and nobody of any consequence knows him either].

While the alliance of these seemingly disparate groups appears “unnatural” to U.S. Federal Bureau of Investigation (FBI) authorities, Alfred Schobert of the Information Service Against Right-Wing Extremism in Germany explains that “Some of them **[Far Right, Neo-Nazi groups], particularly the grass roots, are traditional racists and they want to have nothing to do with Muslims...but some of the leaders see potential in this.**” [This certainly is a problem for the Jews; they've been so successful at convincing everyone that the "far right" is composed of "White supremacists" and "racists," that they've managed to convince most of the idiots involved in "White nationalism" that the Jewish Hollywood version of Nazism is correct and these followers of White nationalism won't have anything to do with anyone that's not white. Delicious irony.]

Ever wonder why America has reached the point where we're at now? America used to be a great country to live in and raise a family. What happened to us?

Watch this video I created on the Jewish Extremists and Marxists who have pushed for radical, socially corrosive movements in the US and other White Western countries for their own selfish political and racial agendas.

“Western civilization at the present day is passing through a crisis which is essentially different from anything that has been previously experienced. Other societies in the past have changed their social institutions or their religious beliefs under the influence of external forces or the slow development of internal growth. But none, like our own, has ever consciously faced the prospect of a fundamental alteration of the beliefs and institutions on which the whole fabric of social life rests ... Civilization is being uprooted from its foundations in nature and tradition and is being reconstituted in a new organisation which is as artificial and mechanical as a modern factory.”

The Message is Clear; It's Perfectly Okay to Betray Your Nation if You're a Jew

If you find the below story appalling, you're a "hater," a "Nazi," and an "anti-semite!" If you're Jewish you can sell nuclear weapon detonators and get three years in prison, but if you're a non-Jew you'll get life for giving away useless and antiquated information on weapon systems that are more than twenty years old, just ask [Ryan G Anderson](#). If you're a Jew, the media will bury any and all information related to what you did and the fact that you're a Jew. See [Ariel Weimann](#).

U.S. man who gave secrets to Israel spared jail

NEW YORK (Reuters) - An 85-year-old former civilian employee of the U.S. Army was fined **but given no prison time** on Friday **after earlier pleading guilty** to giving classified documents to Israel in the 1980s in a case the sentencing judge said was **"shrouded in mystery."**

U.S. District Judge William Pauley fined Ben-Ami Kadish \$50,000, **[Whoopdi fucking doo, Israel will pay the fine with money the US tax payer gives it every year]** but Kadish received no prison time at his sentencing hearing. He pleaded guilty in December to acting as an unregistered agent of Israel. **[Unmentioned is that his actions, as a US citizen, constitute TREASON]**

"Why it took the government 23 years to charge Mr. Kadish is shrouded in mystery," Pauley said. **"It is clear the (U.S.) government could have charged Mr. Kadish with far more serious crimes."**

Prosecutors had recommended no prison time **[Unmentioned is the fact that the prosecutorial team was composed of Jews]**. They said Kadish between 1980 and 1985 provided classified documents, **including some relating to U.S. missile defense systems, to an Israeli**

agent, Yosef Yagur, who photographed the documents at Kadish's residence.

"I thought I was helping the state of Israel without harming the United States," Kadish said during the sentencing. [Lying Jew bastard!]

Court documents showed Kadish reported to the same handler as Jonathan Pollard, an American [Here they mention that Pollard is an American, but note that they don't do the same with Kadish] who spied for Israel in the 1980s and triggered a scandal that rocked U.S.-Israeli relations.

Pollard, a former U.S. Navy intelligence analyst, is serving a life sentence after pleading guilty to spying for Israel in 1986. Israel gave Pollard citizenship in 1996 and acknowledged he was one of its spies in 1998.

And Pigs Fly - Daddy Says Spy Son Isn't Jewish

This article is meant to be read after the initial article I wrote about Ariel Weinmann entitled "[Another Spy Story Suppressed to Save Israel.](#)" The media hushed this case up - just as they did with the case of another Jew spy named [Ben-Ami Kadish](#), who was just today, May 29, 2009, released without spending any time in prison **DESPITE** having plead guilty to giving Israel Top Secret, American National Security intelligence. The message here seems to be, you can do whatever you want, including betray thhe United States and the American people, as long as you're a Jew.

And Pigs Fly - Daddy Says Spy Son Isn't Jewish

By Curt Maynard

Daddy says Ariel's not a Jew, so therefore it must be true; at least that's how Time Magazine sees it [Or more likely, wants you and I to see it]. Of course Time inc. is a "Jewish company," at least according to the Jewish journalist Michael Wolfe, who wrote an article several years ago, attesting to this fact.

Time Magazine, in an article entitled "Did the Sailor go Overboard," quoted Ariel Weinmann's father Robert as saying, "his son is not Jewish," which is a joke, really. Perhaps Mr. Weinmann, or Time's editors were being cryptic; perhaps his son isn't a "practicing Jew," which by the way, most Jewish Americans aren't, most ethnic Jews in the United States do not attend synagogue, nor do they hold any strong religious views, most Jews are secularists, not religious.

But I assure you that Ariel Weinmann is an ethnic Jew, I guarantee it, because Weinmann is NOT a name derived from Germanic origins, but it is listed thousands of times on Jewish surname databases like JewishGen: The Home of Jewish Genealogy.

The name Ariel is absolutely Jewish, i.e. Ariel Sharon - duh, it means "Lion of God," in Hebrew and is often used as another name for Jerusalem, but it is not, nor has it ever been, commonly used by Christians. It is however listed on a database that notes, "The names listed here are commonly used by Jews."

An extensive search on several non-Jewish surname databases revealed to this writer that the surname "Weinmann," is not derived from German, the closest Germanic surname to Weinmann in these databases is "Weiman," of which the Germanic etymology is associated with one who makes and/or produces wine.

During WWI many German-Americans "Anglicized," their names in an effort to stave off persecution, but most Weiman's that changed their names, changed it to "Wyman," not Weinmann, which would have been pointless, as it still revealed the Germanic origins of the name, so why bother? No dear reader, don't be fooled, Ariel Weinmann is as Jewish as a kosher pickle at a New York Bar Mitzvah.

It's going to take more than Time Magazine's latest tomfoolery to get away with this bit of chicanery even the typical self-absorbed, MTV watching moron is unlikely to swallow this BS whole. Perhaps this is why the Virginia Pilot's Kate Wiltrout left Robert Weinmann's

statement regarding the idea that his son isn't Jewish out of her article published a day after the Time disinformation piece entitled "Father dismisses 'speculation' on espionage charges against sailor," but at the same time managed to keep the enigmatic insinuation that perhaps the stories floating around on the blogosphere, like mine entitled "Another Spy Story Suppressed to Save Israel," are based solely on "speculation." Wiltrout quotes Mr. Weinmann as saying:

"People have absolutely no clue what they're talking about," Robert Weinmann, Ariel's father, said in an telephone interview on Wednesday from Salem, Ore "Everything is speculation," he said. "Don't get me wrong, this thing is extremely serious. ... This whole thing is devastating. It's beyond comprehension."

Please note dear reader that Ms. Wiltrout does NOT dredge up the most unlikely idea that Ariel Weinmann is not Jewish, like Time Magazine's moronic [or complicit] Douglas Waller, the author of the aforementioned article "Did the Sailor go Overboard," despite the fact that Waller gave her an opening, or an opportunity to quote the lies of an allegedly reputable journalist working for an allegedly reputable news magazine.

Wake up America! They're lying to you!

Another Spy Story Suppressed to Save Israel

An older essay but worth reading again after a more recent Jewish spy named [Ben-Ami Kadish](#), who already plead guilty to espionage, was given no prison time for his role in giving Israel top secret information. Like Mike Rivero says, "I guess it's okay to betray your country as long as the betrayal benefits Israel." [paraphrased] The news media did everything it could to suppress this story about

Weinmann, but when they realized the cat was out of the bag, they then did everything they could to convince people that Weinmann wasn't Jewish. Here's an article I wrote about this farce entitled "[And Pigs Fly; Daddy Says Ariel's Not a Jew.](#)"

Another Spy Story Suppressed to Save Israel

By Curt Maynard

Well guess what reader, the United States government has done it again, they've hidden another Zionist spy from the American public, but this time the cats out of the bag, someone leaked the details and now we find that another Zionist American, this time a Navy Petty Officer by the name of Ariel J. Weinmann has been arrested for passing along Top Secret information related to National Security to the Israeli government.

In Weinmann's case, one can bet the information he stole was of a highly classified nature, you see Weinmann was stationed on an American nuclear submarine, the USS Albuquerque. Despite this, Kate Wiltrout, of the *Virginian-Pilot* reports:

The Navy originally refused to release basic information about the Weinmann case - including the dates of his Article 32, or preliminary hearing - but reversed course after *The Virginian-Pilot* revealed Weinmann's confinement, and the secrecy with which it was being handled.[1]

Many people reading this will automatically assume that the Navy was keeping the case mum so as not to let the Israeli's know they had caught Weinmann, but this isn't the case, the Israeli's probably knew before the Navy that Weinmann had been arrested, the Navy was keeping the case quiet in an effort to keep the American people in the dark, just as the United States government did with more than one hundred and fifty Israelis after they had been arrested for espionage just after 9-11, and the five Israeli's that were arrested on 9-11 as a result of being witnessed by several people laughing while filming the impact of the airliners into the twin towers and clapping one another on the back in a congratulatory manner. The Navy buried Weinmann's case in the hope that the American people would never find out about him and what he did, just as the government did with Asher Karni, an Israeli Jewish Zionist arrested at Denver International Airport on January 2, 2004 for having sold [past tense] more than sixty nuclear weapon detonators to Pakistan, a country populated by more than three hundred million Muslims, who generally don't like the United States and where the name "Osama," is the most popular name for a newborn male child. There are dozens of cases just like these; that have occurred in this country recently,

the common denominator is that they all involve Jewish Zionists. Another case is that of American citizen, Yehuda Abraham, a New York City Jeweler and Orthodox Jewish Zionist, who was arrested in 2003 for having sold FBI agents posing as Al Qaeda operatives Russian made, shoulder launched, surface to air missiles, with the understanding that they'd be used against Americans on domestic flights. Ever heard of any of these people? Surprise, the fact that you haven't doesn't mean they aren't real people and they weren't arrested for the above crimes, they are all quite real and they are all quite guilty.

The other day I emailed an article about Weinmann to an acquaintance who replied that the case probably wasn't that big of a deal based upon the fact that the media wasn't reporting it. Besides, the fool wrote back, how much classified information would a Petty Officer have access to? I then quickly typed up another missive and sent it back to the miscreant, pointing out that there was a case involving an Army Specialist a few years ago in which the young man was arrested and tried for treason after he had passed along completely useless and antiquated information on the M1 Abrams battle tank. The information he passed along was information that could have been gathered on the Internet, this is not to mitigate what he did, he passed this information on to FBI agents posing as Al Qaeda operatives, thus he committed treason and I'd be the first to say he should be held responsible. His name is Ryan G. Anderson and he sits in a Military prison today with a life sentence – just where a traitor should be. Anderson was a Specialist, a glorified private really, who did not have access to anything spectacular – Weinmann was a Petty Officer stationed on a fast attack submarine that stole classified information that was directly related to American national security – do you see the difference?

When Anderson was arrested the entire media apparatus went immediately to work – before the end of the day his face had been splashed across every television screen in America a dozen times, every newspaper had his face on the front page the next day – in short – nobody was trying to cover up Anderson's crime, not like they are with Weinmann. What's the difference?

Another common denominator associated with people arrested for spying on behalf of Israel is that Israel is almost never mentioned by name; it is always referred to as a "foreign government." The media does this so as to report whatever story may be in the works but at the same time to protect that little Middle Eastern provocateur from exposure – how can you convince Americans in the hundreds of millions that their hard earned tax dollars should be sent overseas to bolster the Zionist state if everyone knows that Israel is an enemy, not an ally. As an example of the media predilection, please note the

following Associated Press blurb from an article entitled “Sailor Faces Spy Charges”:

Officials accuse Weinmann of passing classified information to a foreign government representative in Austria and again in Mexico.[2]

The reason the government attempted to cover up Weinmann’s arrest and the media attempts to suppress the fact that the “foreign government representative,” was an Israeli are the same – to prevent Americans from learning the extent of the Zionist state’s intrigues against the United States and to keep the money rolling into Israel as if everything were A-okay.

Awake America, they are lying to you!

Baroness Tonge: "Israel stands accused of war crimes witnessed by the whole world"

Funny, I don't remember ever seeing this on the American Jews Media, hell, according to CNN, MSNBC, ABC, CBS, PBS, and Faux News, the entire world is 100% behind Israel in all matters.

In the below video the same Baroness calls a spade a spade,

essentially says the accusation of anti-semitism is bullshit and utilized to silence dissent.

UK Baroness: "The constant accusation of Anti-Semitism to silence Israels critics is vindictive"

Former Governor Jesse Ventura Kicks Brian Kilmeade's Pro-Zionist/Pro-NWO Ass

This would have been a perfect interview if the former governor had gotten up from the couch and tore the CIA paid, pro-Zionist shill, Brian Kilmeade's trachea from his neck. Ventura outdoes himself in this interview, exposes the fact that our government lied in order to get us into Vietnam and then compares that to the lies associated with 9-11. Ventura clearly states that as a former Special forces demolition man, the story our government fed us about two planes bringing down three buildings on September 11th, is unmitigated horseshit.

An Interesting Holohoax Anecdote - Positive Affirmation of What I Already Know About the Hollowco\$†

By Brandon Dean

One of the people I work with is a kid about 20, who's grown up living in his German grandparents' house. His grandparents were alive during WWII, and the old lady who lives in their front house (also German) was an adult during the war.

When he was 15, this kid I work with (let's call him Adrian) got in a huge fight with the "crazy" old lady in the front house, when she told him Hitler was not the devil, and that there was no holocaust. Adrian screamed at her and called her a nazi in his ignorant fury, and has not spoken to the lady in over five years, though he lives in the house behind her.

Last week, during work, I brought up the hollowco\$†, and was explaining to everyone there how it is a big lie, and explaining why it was a big lie. To everyone's credit, all present--by the end of about a ten minute explanation--were more than open to the idea, and interested in investigating this alleged farce. Read the rest [HERE](#)
