## Caterpillar Announces Plans For Greater Share Of The Ethnic Cleansing Market In Apartheid Israel!

By: Leonard Rabbidowitz -UPI Unassimilated Press Internationale Business News

Although many have been concerned about the recent right wing shift in Israel's leadership, Caterpillar Tractor's CEO, J.W Owens, is not one of them. Owens told UPI that he has all the confidence in the world that the next Apartheid regime will be just as murderous and committed to ethnic cleansing as the last, if not more so. Owens added, Caterpillar is prepared for this opportunity with a full array of ethnic cleansing products and has enhanced many of it existing product lines. Our new weaponized D-9 will offer a souped up version of the former E400 Caterpillar Diesel Engine, Owens said. There is no way in hell those International Solidarity workers will out run this baby. The IOF will be more efficient than ever before. The new D-9 will also include a Torah holder and matzoh ball soup warmer so operators will have all the comforts of home while destroying Palestinian olive groves and other property. More importantly, a new operators seat converts to a toilet seat so the operator will not need to leave his tractor. Also, in keeping with Israeli Defense Forces traditions, waste products will fall directly on Palestinian soil thus properly marking cleansed territory. There is nothing we haven't thought of Owens stated.

The tractor is now available for sale.

That photo of Rachel Corrie dying on the ground, after being deliberately crushed by that Israeli bulldozer/tank was one of the most grotesque crimes I've seen!

Were any of "God's chosen people" held accountable for her murder?

Well you are forgetting what their religion teaches, those of us not fortunate enough to be part of "gods chosen people" (jews) are animals in human form. It's ok to murder them, rape them, torture them, do whatever you like, they are sub-human and the jews were put here on earth by god to destroy each and every last one of them.

I think the bigger story, as always, is that one can only find out about Rachel Corrie by visiting blocked websites such as this one.

Not a single hint of that story in the MSM.

When a government bases itself on a "religion" that teaches hate, intolerance and murder, no good can come from it.

Hitler tried, didn't go so well. Why is Israel still given a free pass? We've seen the videos/photos. We've seen the evidence of war crimes in gaza. We've heard from the soldiers themselves, they were ordered to kill everyone, children, women, everyone. They were told to kill rescuers and red cross workers. They were told to kill journalists and UN people.

Why the free pass?

And why the hell am I an "anti-semite" for asking these simple questions?

you think that the main impediment to Middle East peace is the fact that Israel has over 300 nuclear weapons

you disagree with Bush and former Weekly Standard and current NYT writer David Brooks

you think that the Hasidic Jews occupying the West Bank are an out of control bunch of violent psychopaths

you think that a cabal of Zionists helped manufacture and promulgate dodgy intelligence and lies that led the U.S. into invading Iraq

you think that AIPAC has way too much influence over the US Congress and White House

you wonder why, in a nation that has Jews as less than 2% of its population, that they control 80% of the Federal Reserve Board of Governors

you believe the Bush White House lied about 9/11 in order to launch a war against countries Israel thought to be "existential" enemies

you think that Israel spies on the U.S. constantly

you wonder why Israeli's were at Liberty Park in New Jersey, filming the 9/11 attacks so they could document the event

you question why Israel savagely and brutally attacked the USS Liberty and then tried to lie their way out of their actions

you wonder why the classified intelligence the Israeli spy Pollard stole from us was sold to our #1 enemy at the time, the U.S.S.R

you think that your Representative or Senator travels to Israel on fully paid junkets way too often

you think that in the Summer of 2006, Israel attacked Lebanon in a savage and brutal manner and deliberately targeted civilians

you think that in December of 2008, Israel attacked Gaza in a savage and brutal manner and deliberately targeted civilians

you think that Abe Foxman and the ADL actually exist to smash any legitimate criticisms of Israel

you wonder why Congress gives Israel billions and billions of our dollars each year, while we don't have sufficient money to repair bridges

you think that Israel is a racist and apartheid state, for Jews and Jews alone

you wonder how the U.N. could create Israel, when it had no statutory authority to do so

you wonder why Israel has threatened to nuke the entire world, using their Sampson option

you have read [Benjamin Freedman's speech on Zionism](#)

you believe that Israel is actually engaged in an [ethnic cleansing](#) campaign against the Palestinians and has been for decades

you choose to use your own thought processes to investigate matters, since you don't trust CNN and FOX

you think that Israel is building that concrete barrier on prime Palestinian land not for security but to steal both the land and prime water resources from Palestine

you think that Israel will stop at NOTHING, including launching a false-flag attack against the U.S., so we will fight a war against Iran for Israel's sake

you know that the MSM is owned mostly by and dominated by Zionists and Israeli-Firsters

you question the Zionist version of the Holocaust™

you wonder if this so-called financial crisis was [manufactured](#) to benefit a handful of Wall Street banks

In short, you are anti-Semitic if you don't agree 100% with anything Israel does and the Zionists say

## Murdered By The Apartheid Israeli Defense Forces March 2003

Rachel Corrie Palestinian Human Rights Advocate

Hey Kids. Don't forget to support Liberal White Boy. No I don't accept donations or foreign aid. I'm no bum. But check out my Who Was The Lord of the Dinosaur? CD. Let's see if we can get LWB on the charts. You can buy the CD or download songs from a lot of places on the Internet. Go to the following site for a quick listen. But buy them from I-tunes so they will register on Billboard (until the Zionists strike them down that is).
