Why can the Jews not see how dumb and stupid they are acting?

WHY do the Jews continue to do the same DUMB things when they know that world opinion is against them?

Why do the Jews not care about world opinion?

Why are they trying do hard to SUBVERT world opinion?

Why do the jews claim that they are not like the Nazis when the proof is in these pictures that they ARE just like the Nazis.

Why do they call themselves AshkeNAZI?

WHY are the sephardic jews treated like second class citizens when they are the real jews and the ashkenazi jews are just europeans who converted to a new religion?

WHY do jews raised to beleive that they are superior to all other humans in this planet?

WHY are jews raised to be racists?

WHY WHY WHY WHY WHY WHY

You forgot to add a third column for comparison.
100,000,000 became victims of communist regimes
during most of the 20th century.

Israel is encourage to do what it does to the Palestinians by the West and away has the same need to dominate is seen in the Americans who believe much of their narcissistic ideals they are the super power they are the best the world follows them because they want to be them the Israelis us the idea that they are the chosen ones and the Evangelistic people go along with this believing that they came first and not the Jews they forget Jesus was a Palestinian Jew he is in their mind an American. There is to much brain washing on both sides and they feed of each others paranoia. What was do to all people in both World Wars is till with us and the Israelis are making those who join them fearful and feed the anger and this is how they keep them in this state. Israel wants all of what is Palestine as none of these people put them to death but helped those who came to them but the Jewish people have to take over and become the dominant race being Jewish is not a race but a religious ideology like all religion, they do not seem to understand that it is nothing to do with them being Jewish but what they do to others especially those who have done nothing to them. They should have a country in the middle of Europe as this is were they were killed but would the European countries allow them to become powerful not even the USA could back them and to me this is why they have so much problem with other countries excepting their rights to be there as they are acting as colonists and they only have to look at England to see what happened there, no one wants to be a slave as they should well know to me they have lost the way and allow zionist believes to replace god.

Hey Juri.

This is NOW that was THEN. I live this life, not the ones of my ancestors who argued they did not know what was going on.
