## CPT: Israeli soldiers abduct children, deliver them to settlers for beating

Hebron - Ma'an/Agencies - Israeli soldiers delivered three Palestinian children to masked settlers who then beat them near the south Hebron Hills on Sunday, a group of Christian Peacemaker Teams living in the area reported.

According to the group soldiers seized three boys, aged ten, 11 and 14, at four o'clock on Sunday and transported them to the Ma'on settlement near Hebron.

A statement from the group said, "Soldiers delivered the children to six masked settlers who beat the children, kicking and punching them. At 4:45, the children arrived back in their village, after the settlers allowed them to leave to walk home through the hills alone."
