The accountants at the Pentagon allege they can't account for \$2.6 trillion

Before Congress, Sec. Donald Rumsfeld:

	Quote:
I know Dr. Zakheim's been trying to hire CPAs because the financial systems of the department are so snarled up that we can't account for some \$2.6 trillion in transactions that exist, if that's believable. And yet we're told that we can't hire CPAs to help untangle it in many respects

Mr. Secretary, the first time and the last time that Dov Zackheim and I broke bread together, he told me he would have a handle on that 2.6 trillion by now. (Laughter.) But we'll discuss that a little --

6) Media Control and Coverups

Zionism dominates the media of Europe, North America, and Australia.

Jews (which are a racist religion: not a race) are only a small portion of the populations of America and Europe yet they dominate the 911 truth movement there to expose the corruption or divert, propagate nonsense to disperse and perpetuate the stereotype of a conspiracy theorist whack-jobs?

8) AIPAC and Jack Abramoff

Professor Cole describes Jack Abramoff's "charity" as a front for Zionist terrorism. www.washington-report.org/archives/March_2006/0603028.html

Did Jack Abramoff (Zionist) simply provide Israel with influence over America? Did he aid the 9-11 attack? Daniel Hopsicker reported that days before the attack, Mohamed Atta and several other alleged hijackers were invited to Abramoff's casino boats.

<http://www.madcowprod.com/06202005.html>

If this accusation is true, it implies that the hijackers were likely patsies for Zionists. Abramoff's association with AIPAC, Tom Delay, and others should be looked at.

12) Who Benefits? Who is the victim?

Zionist news continually scare us into thinking that Arabs and Iranians are determined to destroy Israel.

Example: <http://www.ynetnews.com/articles/0,7340,L-3239476,00.html>

Why are most of the victims other Arabs, or non Jews from America and Why aren't the Arabs attacking Israelis or American Zionists?

When we read reports of car bombings, we read "suicide bomber". These often don't name the bomber, show any body parts of the bomber, don't the family of the bomber (family probably killed by Israeli Bulldozers/ mil real suicide bomber), etc. Are we to just take their word for it?

Excerpt from article by Christopher Bollyn (MOSSAD – THE ISRAELI CONNECTION TO 9/11):

	Quote:
ISRAELIS FOREWARNED	
On September 12, 2001, the Internet edition of The Jerusalem Post reported Israeli foreign ministry has collected the names of 4,000 Israelis believed to have been in the areas of the World Trade Center and the Pentagon at the time of attack."	
Yet only one Israeli was killed at the WTC and two were reportedly killed on t "hijacked" aircraft.	
Although a total of three Israeli lives were reportedly lost on 9/11, speechwri for President George W. Bush grossly inflated the number of Israeli dead to 1 the president's address to a joint session of Congress on September 20, 200	
The fact that only one Israeli died at the WTC, while 4,000 Israelis were thou to have been at the scene of the attacks on 9/11 naturally led to a widesprea rumor, blamed on Arabic sources, that Israelis had been forewarned to stay t that day.	
"Whether this story was the origin of the rumor," Bret Stephens, the Post's e in-chief wrote in 2003, "I cannot say. What I can say is that there was no mi in our reporting."	
ODIGO INSTANT MESSAGES	
Evidence that Israelis had been forewarned several hours before the attacks surfaced at an Israeli instant messaging service, known as Odigo. This story, evidence of Israeli prior knowledge, was reported only briefly in the U.S. mec and quickly forgotten.	
At least two Israel-based employees of Odigo received warnings of an immin attack in New York City more than two hours before the first plane hit the WTC. Odigo had its U.S. headquarters two blocks from the WTC. The Odigo employ however, did not pass the warning on to the authorities in New York City, a r that could have saved thousands of lives.	
Odigo has a feature called People Finder that allows users to seek out and co others based on certain demographics, such as Israeli nationality.	
Two weeks after 9/11, Alex Diamandis, Odigo's vice president, reportedly sai was possible that the attack warning was broadcast to other Odigo members the company has not received reports of other recipients of the message."	
The Internet address of the sender was given to the FBI, and two months lat was reported that the FBI was still investigating the matter. There have been media reports since.	

Odigo, like many Israeli software companies, is based and has its Research and Development (R&D) center in Herzliya, Israel, the small town north of Tel Aviv which happens to be where Mossad's headquarters are located.

Shortly after 9/11, Odigo was taken over by Comverse Technology, another Israeli company. Within a year, five executives from Comverse were reported to have profited by more than \$267 million from "insider trading."

Through Israeli "venture capital" (VC) investment funds, Mossad spawns and sponsors scores of software companies currently doing business in the United States. These Israel-based companies are sponsored by Mossad funding sources such as Cedar Fund, Stage One Ventures, Veritas Venture Partners, and others.

As one might expect, the portfolios of these Mossad-linked funding companies contain only Israeli-based companies, such as Odigo.

Reading through the strikingly similar websites of these Israeli "VC" funds and their portfolio companies, one can't help but notice that the key "team" players share a common profile and are often former members of "Israel's Intelligence Corps" and veterans of the R&D Department of the Israel Air Force or another branch of the military. Most are graduates of Israel's "Technion" school in Haifa, Mossad's Interdisciplinary Center (IDC) in Herzliya, or a military program for software development.

The IDC, a private, non-profit university, is closely tied to the Mossad. The IDC has a "research institute" headed by Shabtai Shavit, former head of the Mossad from 1989 to 1996, called the International Policy Institute for Counter-Terrorism.

The IDC also has a "Marc Rich Center for the Study of Commodities, Trading and Financial Markets" and a "Lauder School of Government, Diplomacy and Strategy." The cosmetics magnate Ronald S. Lauder, who is a supporter of Israeli Prime Minister Ariel Sharon and his far-right Likud Party, founded the Lauder school.

Lauder, president of the Jewish National Fund and former chairman of New York Governor George Pataki's Commission on Privatization, is the key individual who pushed the privatization of the WTC and former Stewart AFB, where the flight paths of the two planes that hit the twin towers oddly converged. Ronald Lauder played a significant, albeit unreported, role in the preparation for 9/11.

Pataki's wife, Libby, has been on Lauder's payroll since at least 2002 and reportedly earned \$100,000 as a consultant in 2004. According to The Village Voice, between 1994 and 1998, Gov. Pataki earned some \$70,000 for speaking groups affiliated with Lauder.

THE PTECH CUTOUT

Ptech, a mysterious software company has been tied with the events of 9/11. Quincy, Massachusetts-based company was supposedly connected to "the Muslim Brotherhood" and Arab financiers of terrorism.

The firm's suspected links with terrorism resulted in a consensual examination by the FBI in December 2002, which was immediately leaked to the media. The media reports of the FBI "raid" on Ptech soon led to the demise of the company.

Ptech "produced software that derived from PROMIS, had an artificial intelligence core, and was installed on virtually every computer system of the U.S. government and its military agencies on September 11, 2001," according to Michael Ruppert's From the Wilderness (FTW) website.

"This included the White House, Treasury Dept. (Secret Service), Air Force, FBI, CIA, FBI, both houses of Congress, Navy, Dept. of Energy, IRS, Booz Allen Hamilton, IBM, Enron and more," FTW reported.

"Whoever plotted 9/11 definitely viewed the FAA as the enemy that morning. Overriding FAA systems would be the most effective way to ensure the attack were successful," FTW reported. "To do this, the FAA needed an evolution of PROMIS software installed on their systems and Ptech was just that; the White House and Secret Service had the same software on their systems – likely a superior modified version capable of 'surveillance and intervention' systems."

But did the U.S. government unwittingly load software capable of "surveillance and intervention" operations and produced by a company linked to terrorism its most sensitive computer networks, or was Ptech simply a Mossad "cutout" company?

Oussama Ziade, a Lebanese Muslim immigrant who came to the U.S. in 1985 founded Ptech in 1994. But the company's original manager of marketing and information systems was Michael S. Goff, whose PR firm, Goff Communication currently represents Guardium, a Mossad-linked software company.

And Goff comes from a well-to-do line of Jewish Masons who have belonged to Worcester's Commonwealth Lodge 600 of B'nai Brith for decades. So, why would a recently graduated Juris Doctor in Law leave a promising law career to join force with a Lebanese Muslim's upstart company sponsored with dodgy funders in Arabia?

"As information systems manager [for Ptech], Michael handled design, deployment and management of its Windows and Macintosh, data, and voice networks," Goff's website says. "Michael also performed employee training and handled all procurement for software, systems and peripherals."

AFP asked Goff, who left the Worcester law firm of Seder & Chandler in 1994 he wound up working at Ptech. "Through a temp agency," Goff said. Asked for name of the agency, Goff said he could not remember.

Could it be Mossad Temps, or maybe Sayan Placement Agency?

Goff, the original marketing manager for Ptech software, said he did not know who had written the code that Ptech sold to many government agencies. Is this believable?

Goff leaves a legal practice in his home town to take a job, through a temp agency, with a Lebanese Muslim immigrant who is selling software, and he does not know who even wrote the code?

AFP contacted the government agencies that reportedly have Ptech software on their computers, and IBM, to ask if they could identify who had written the source code of the Ptech software.

By press time, only Lt. Commander Ron Steiner of the U.S. Navy's Naval Net Warfare Command had responded. Steiner said he had checked with an analyst and been told that none of the Ptech software has been approved for the Navy enterprise networks.

The Israeli Moles Who Controlled U.S. Defense Computers on 9/11

Christopher Bollyn – Rumur Mill News July 4, 2006

As an investigative reporter working for American Free Press, I have spent months digging into the criminal network behind the 9/11 terror attacks. What I have found leads me to believe that Israelis are behind these "false flag" attacks on the United States.

Today I participated in a round table discussion on the RBN radio network with Eric Shine and others, including Michael Collins Piper and the "Israeli" journalist Barry Chamish.

I put "Israeli" in quotations because Mr. Chamish is actually and originally a Canadian citizen.

Finally, I had to ask Mr. Chamish about his position on the role of Benjamin Netanyahu in the "war on terror" and the abundance of evidence that Israel was involved in the terror attacks of 9/11.

Chamish said that Netanyahu is basically an agent of the Council on Foreign Relations (CFR) and added that he was not personally convinced that the criminal Zionist gang was behind the terror of 9/11.

I followed that response with a question about the relationship between Israeli Prime Minister Ehud Olmert and Menachem Atzmon, the man who oversaw passenger screening and airport security at Boston's Logan Airport on 9/11, and owner of ICTS, the parent company of Huntleigh USA.

Mr. Chamish seemed quite surprised that I knew of this relationship and said that if, indeed, Atzmon was responsible for security at Boston's airport on 9/11, that was worthy of being followed up, because Olmert and Atzmon are truly very political allies and co-defendants in old Likud crimes:

No duh, see "Ehud Olmert's Ties to 9/11".

But there is much, much more to this Israeli crime...

As RMN readers know there is the very bizarre and suspicious Israeli link to the security of U.S. military computers that goes back to the early 1990s. (Remember the reports of Ptech and MITRE engaged in the basement of the FAA before 9/11)

One must also keep in mind that 9/11 was primarily a computer crime, just like the stealing of our elections.

Long before 9/11, a germ was planted in the U.S. defense computer system that allowed for a "super-user" to control the network and create the miscommunications that prevented the U.S. military from defending New York and Washington on that terrible day.

As I have written earlier, the members of the YORAN family from Israel are among the key suspects, along with Michael Chertoff and others.

I consider the YORANS to be high-ranking Israeli moles who infiltrated the most sensitive computer networks in the U.S. government and military - Zionest agents who facilitated the terror attacks of 9/11.

The YORAN family includes, Dr. Chaim Yoran (a.k.a. Elad Yoran), his wife Ruth Lubelski Yoran, and their three sons: Amit Y. Yoran, Dov Yoran, and Naftali E. Yoran. There may be others.

Note to Law Enforcement: The Yorans should be considered as prime suspect in the crime of mass murder; as Israeli nationals the risk of flight should be considered as highly likely.

The Yorans should be arrested on sight for suspicion of being involved in a

conspiracy leading to the mass murder of more than 3,000 American citizens

The Yoran sons, Amit and Naftali Elad, are graduates of Westpoint. From this U.S.-based launching pad they went on to take over computer security for DoD of Defense computer networks.

For example, Forbes Magazine, in December 2001, wrote this about Amit Yoran

"Yoran, 32, earned degrees in computer science from West Point and George Washington University before joining the U.S. Air Force (?), where he took a job overseeing the emergency response team at the Defense Information System Agency (??). DSIA runs all military networks (!!!)."

A search of the U.S. Public Records Index indicates that Amit, Dov, Naftali, and the 69-year old Dr. Chaim Yoran (a.k.a. Elad Yoran) have an office at 5568 General Washington Drive, Suite 209, Alexandria, Virginia.

Do you spend most of your life on here posting bizarre comments and accusing things, this has clearly enabled me to read your mind and ascertain your vibrations. I can see you have spent time on the Zionist research.... but spent too much time and have been swayed from the big picture....

WE AS HUMANS ARE UNDER THE CONTROL OF INTERDIMENSIONAL BEINGS!!

All the crazy religions and crazy new movements are all creations of the secret societies... They are all fighting and cutting business deals to be "TOP DOG" on the planet.

Follow the bloodline of your president and you will find it has dated all the way back to Atlantis with all nobility royalty being in this bloodline. There are no borders or nationalities with those who control humans. They are of different genetics to humans and claim the divine right to rule because of their blood ties.

Interstellar beings operate in this world you all live in belief that this is your "one true religion". Evolution is speeding up and your awakening will soon be complete, then you will know your true existence... so why spend time arguing over groups/factions that are all false and split and control you... There is a lot of disinformation and people are paid to run and put out false information. EVERYONE BEWARE THESE PEOPLE ARE OUT THERE

Madthumbs, are you going to reply to this guy?

Quote:

April 10, 2006

Daryl Bradford Smith had no guest today. He gave one of his typical rants in: Here are the highlights:

(1) Daryl Bradford Smith asserts that Arthur Koestler's *The Thirteenth Tribe* (with Talmudic history and with the "Frankists," etc. As noted in an earlier post where in the book does Koestler mention the name "Jakob Frank." Not once. the index yourself. [1]

(2) Daryl Bradford Smith takes a lot of time today talking about this new page on his Website. [2] He claims that it is a summary of why he and the coward Eriq S. Hufschmid believe the Mossad carried out the 9/11 attacks. It's perhaps useful to look over their reasons.

(a) The Five Dancing Arabs

It is often claimed that five dancing Israelis -- dressed as Arabs -- were celebrating in New Jersey as the WTC fell down across the river. Hufschmid writes, "The police discovered that they were Israeli army veterans, not Arab

Let me say this once again -- every Israeli over age 18 serves in the Army and all men are reservists until age 54. That they were army veterans is, therefore, moot point at best.

Two links are offered, one to the Washington Post and one to the London Telegraph. But neither story, while talking about Israelis on visas being detained after 9/11, talks about dancing Israelis. The links are there to fool you into thinking that Hufschmid has proof for his claims. If he had proof, he'd offer an article that mentioned these dancing Israelis. He doesn't because he can't..

(b) The Israeli Spy Ring

Let's assume that this is true. Does it prove that the Mossad carried out 9/11? It doesn't. All it proves is that Israel spies on us. We spy on Israel. All countries spy on other countries, if they have decent intelligence services. It's no big deal that Israel spies on us; that's why Jonathan Pollard is in jail.

(c) Larry Silverstein is a Zionist

Oh, my God! A Jewish guy is a Zionist. Well this particular Jewish guy apparently was the landlord of several of the WTC buildings. What does this prove? Nothing.

(d) Pentagon Cannot Account for \$2.6 Trillion

So what? I mean, yes, it's shocking that the Pentagon lost this much money (though they do spend roughly one-eighth that amount per year), but it proves that 9/11 was carried out by the Mossad? No, it doesn't.

(e) The 9/11 Attack Follows a Pattern

Supposedly, the 9/11 attack follows other Israeli military/intelligence operations carried out against the U.S. First of all, the bombing of the King David Hotel in London by the Irgun was not a hidden attack, nor was it against the U.S. -- it was against the U.K. base of operations in Palestine. As for as it being secret, it was not covered up. Yitzhak Rabin did claim responsibility for the attack, but he phoned ahead to let people know the building had a bomb in it.

The Lavon Affair was an attack on the U.S., but it was never approved by the Prime Minister (Moshe Sharrett). It was the individual initiative taken by Yitzhak Lavon, the defense minister, to shore up support for Israel. It was successful and covered up for six-odd years, but the truth ultimately came to light. It is, in fact, the only attack by Israel on the U.S. that was ever carried out purposefully.

The attack on the U.S.S. Liberty was an accident, as noted elsewhere by me.

How Zionist boycotts of Germany are involved in all this, I have no idea. Now in Untermyer's speech does he say he is doing it to stir up anti-Semitism. Rather, he says he is doing it as a reaction against anti-Semitism. You can read the transcript yourself and see. [3]

So there really is no pattern of Israeli attacks against the U.S.

(f) Israelis Are Suspected of Instigating Fights Even Today in Iraq

Smith and Hufschmid offer no mainstream sources to support this allegation.

(g) The Media is Controlled by Zionists

This would be their answer to my answer to (f) above, I suppose. But still, even if we accept this notion as 100 percent true (and I'm not sure we can -- not every Jew is a Zionist), does this prove that 9/11 was carried out by the Mossad? No, it does not.

(h) Zionists Have a World-Wide Network

Smith and Hufschmid write, "Millions of dollars of profit were made in suspicious stock trades. The governments of America, Europe, and Japan announced plans to investigate in order to determine who the investors were. However, every investigation was terminated." Again, what proof do they offer? None. If the Zionist network is large, it is because there are Jewish communities all over the world. Does this prove the Mossad carried out 9/11. Nope.

(i) Most of the 9/11 Truth Seekers are Zionists

Again, this would require some sort of proof.

Actually, this is untrue. This only points to Smith's pattern of pointing to his enemies and labeling them Zionists, myself included, without a shred of proof. Find a pro-Israel statement by Alex Jones or Webster Tarpley. Can you?

(j) Most People Pushing UFOs are Zionists

Even if this were true (and I doubt it), so what?

(k) AIPAC and Jack Abramoff

Here Hufschmid and Smith provide two sources on whether Abramoff aided in the 9/11 attacks. The first is Daniel Hopsicker, who says Mohammad Atta was a passenger on Abramoff's boat. He is the only source they cite. Is this proof of a Mossad 9/11 conspiracy?

The other person they cite is Juan Cole, who is far more credible. The only problem is that Cole doesn't mention 9/11 in his article; he mentions Israeli attacks in the Palestinian territories.

That's the extent of the "proof" offered for Mossad complicity in the 9/11 attacks. Often they will also mention that 4,000 Zionists and Jews were told to stay home on 9/11. My wife's cousin, who was Jewish, was killed in the North Tower on 9/11. Why didn't he get a call? Look at the list of victims and see the Jewish last names. [4] Why weren't they told to stay home?

(3) Daryl Bradford Smith repeats the lie that Judaism allows men to have sex with their children. I have already addressed this in one of Smith's interviews with Ted
