Harmon Bribed by Mossad Agent

By Starla Immak

Congresswomen bribed by Israeli agent. Who controls Congress? Us or Israel? How did this happen? Americans need to know.

:::~::~:

Perhaps the most chilling news that came out yesterday on the mainstream media was the news about a Congresswoman being bribed by a Mossad agent. A couple of things about this are troubling. A foreign agent claims to have enough power to get her a prized position. She seems to know that the agent does have this power.

Let me say that again. A foreign agent has enough power to get the Congresswoman what she wants. Wait a minute! Who is really running our government? Is a foreign country running our government? This is appalling.

Israel likes to claim that they can yank our president's chain, and we have heard stories about the USS Liberty being attacked, and we have heard about Pres. Johnson refusing to help AMERICANS because the Israeli's attacked them. WHAT??

If Israel does control our government, then we need to find out why and how. We need to find out why an Israeli agent can offer such positions, and we need to bring the control of Congress back under the power of the American people.

No taxation without representation. If they don't represent us, then we shouldn't pay them. Period.

Author's Bio: I enjoy writing about political/ economic events, and I am especially concerned about the US as a warlike nation. I would like to see this nation turn itself around from a conquering nation in both commerce and war to a nation of peace. I hope that we can build fair trade based on mutual interests, and respect other countries enough to allow them to make their own decisions.
