The Holofoax is now Catholic dogma

The prerequisite for a good catholic bishop is now to believe in the fraud of the 20th Century

"A dogma is an infallible teaching of the Catholic Church that must be believed by every Catholic or they're not in communion with the Church. In the past, a dogma referred only to a matter of Christian faith, and Catholics could believe whatever they wanted about historical events. But today's remarks from the Vatican make it clear that the Jewish version of the Holocaust, in which 6 million Jews were killed in gas chambers, must be believed by every Catholic or they're not in communion with the Church. That makes the Holocaust an official 'dogma' of the Catholic Faith (*sarcasm*). Here's the news out of the Vatican.

On Jan. 28, the pope said he felt "full and indisputable solidarity" with Jews, and warned against any denial of the full horror of the Nazi genocide.

Bishop Williamson, in order to be admitted to episcopal functions within the church, will have to take his distance, in an absolutely unequivocal and public fashion, from his position on the Shoah, which the Holy Father was not aware of when the excommunication was lifted," the statement said. The Shoah is the Hebrew term for the Holocaust. "

Well done

Excellent. The ziofaschists have fallen into a trap.

Your perceptive observations will bring to light another information Tsunami regarding both the holofoax, and 911, which Bishop Williamson has questioned in the name of Truth.

Catholics everywhere will be asked by the Pope to believe the official versions of both. I don't think they will do that without considerable debate.

Its already happening: Hilarious

Next Ratzinger will be telling us what to believe about the Kennedy assassination or 911. Maybe he'll tell the faithful they must believe Oswald did it; or that a Boeing passenger jet really crashed into the Pentagon but miraculously left no Boeing passenger jet debris on the Pentagon lawn. Or that jet fuel really can melt steel.

I say the faithful should use the controversy to advantage. Catholics still within the fold should say:

"Gee whiz, Your Holiness, could you please tell us exactly which version of the Holocaust story we are to believe? How many were gassed, and at which camps? How were the bodies disposed of? Why did no one know of the event while it was taking place? Since believing an incorrect version of the event will bring about excommunication and eternal damnation, we want to get it right."

From the comments to the above article:

"Ratzinger would be obliged to tell us — from the Chair of Peter — which Holocaust story is the correct one."

"After that, he can move on to the Kennedy assassination and 911 . . . it would make life simpler for the rest of us."

"I might even consider becoming a Catholic again."
