Alleged Holocaust Museum Shooter: Perfect story for Zionist Media: Guilty before Trial:

WRITTEN BY WWW.DAILY.PK

Sad but true! The President of the United States had more to say about the museum shooting than he said about the destruction of the entire city of Gaza by Israel. He does not speak on police brutality against African-Americans either.

June 10, 2009: A man named James Von Brunn tried to enter the so-called Holocaust Museum in Washington, DC. He exchanged shots with museum guards, injured one of them and was himself shot. Both were taken to hospital where the guard died of his injuries.

This incident was a god-send for the corporate-zionist media. They went on the rampage and within hours had "proven" the shooter not only to be a murderer but an anti-semitic monster and perhaps a Klan man.

To top it all the dead guard turned out to be African American.

This was the ideal mix for the media: A White man tried to break into the "Holocaust" museum and in the process killed a Black security guard. Wolf Blitzer of CNN, himself a Jew and an Israel-firster, took the lead. Lou Dobbs of CNN wanted to prove that one doesn't have to be a Jew to do the dirty work of the Israel-firsters.

The media threw everything they could into the battle against this lone 88 year old man who had tried to break into their museum of hate. [He didn't make it inside.] Among the media hounds was The Southern Poverty Law Center [little to do with Law], an extreme Zionist clique which steadily tries to prove that anti-semitism is a great danger to America [though there have been ZERO serious incidents against American Jews].

Lou Dobbs called in a woman from the extreme Jewish group known as ADL and gave her all the time she wanted.

Lou Dobbs also tried to link the museum violence to the Muslims allegedly plotting to attack synagogues working for Israel.

Rachel Maddow [MSNBC TV] called in the Simon Wiesenthal representative to add fuel to the fire. [She regularly tries to justify homosexuality, using a major TV channel to do advocacy for a tiny but well funded and organized fringe group.]

All this propoganda was carried out within a matter of hours. The shooter now has little chance of getting justice. [Only parenthetically it came out that the shooter actually fought as part of the U.S. military during World War II AGAINST Nazi Germany.]

A big effort was made by the media to link the hatred of Jews with hatred of Blacks. The guard killed in the incident was Black. What more could the media want. They know that Black communities are not happy with the Jews of America. Bernie the Jew Madoff made off with \$50 billion while Black youths customarily get 10 to 15 to 25 years for crossing state lines with drugs.

The Zionists know that the Jews are the victimizers all over the world while Black people here and in Africa are victimized by the Zionists. Israel is trying hard to stop Sudan from enjoying its oil wealth. The blood diamonds come from Africa and enrich Jews as does much of Africa's wealth [such as the gold from South Africa and uranium from Niger.]

The media and the Zionist power structure want to fool the Black community into thinking that it has something in common with Jews. Mr and Mrs Cohen [remember the Clinton administration?] were to put on a play the evening of the incident linking Anne Frank with Emmitt Till. Till was lynched by White racists for looking at a White woman during the era of segregation. He was 14. Anne Frank's story is not properly authenticated. It was part of World War II propaganda. German children did not not get any sympathy.

Hundreds of German children were killed in Dresden by British bombers which set the city on fire. Churchill's Jewish adviser [the Prof. as he was called] was behind the carpet bombing of German cities.

Till's lynching was a genuine atrocity carried out in peace time. Anne Frank was one of millions of children whose lives were ruined by WWII. German children were among the victims. Black people did not lynch White children. So there is no equivalence here.

USE PEACEFUL MEANS: America is a very violent society. The media are in Zionist control. It is downright stupidity to use violence against a Jewish museum and expect public support. German Americans should demonstrate at the Holocaust Museum and demand that it be removed. Tens of thousands of children are brought every month from all over America to visit the museum and thus brainwashed at an early age. They will never know that British and American air fleets destroyed [literally BURNED DOWN] EVERY city in Germany. That was the real holocaust. One HUNDRED THOUSAND Germans were BURNED ALIVE in Dresden alone. That was, literally, a holocaust.
