MOSSAD plans to detonate a nuke in the USA

Radiation tests on shipload of lumber?

LONDON – Claims that the Arctic Sea – the Russian ship apparently hijacked and missing for two weeks – was carrying a nuclear weapon bound for Osama bin Laden are being investigate by agents for the British intelligence service MI6, according to a report from Joseph Farah's G2 Bulletin.

The possibility that the ship was carrying a lot more than the lumber that it was reported to hold coincided with bin Laden's most recent public claim that he will "soon have a nuclear weapon in my hands." A MOSSAD 'gift' to America

Anyone can run a sensational sounding story if you don't name names or provide links to back up your wild ass claims, like this piece of disinfo from World Net Daily.

WND is the same quack outfit that was behind Israeli agent Orly Taitz uproar about having a Obama Kenyan birth certificate. Now they're pushing lies from a dead man--Bin Laden--that he will soon have a 'nuke.'

If anything goes BOOM here in the States, it will be another Israeli designed 'false-flag' to get Americans fighting mad to attack Iran and nuke Pakistan.

Israel is pissed that some are suggesting the Zionist entity give back what it stole during it's 1967 War of Aggression. West Bank Hasidics are absolutely livid over this thought and would stop at nothing to keep what they stole.

If that means nuking an American city to get their way, so be it.

Ransom demand for missing Arctic Sea pirate' ship.

Osama will have a bomb in his hand soon !! But osama is dead long before September 11, 2001. But the western people bought the story and they still believe osama is in full control . This is more scary than the bomb. When you have people who buy this story then you can make them do anything you will .

Its time to revitalize the war on terra, saddam is gone , iraq has a puppet shia government , no wmd, no 911 connection so they need another big event . They dont even feel sick to kill their own people . When there were nuke in Japan the people of Japan were angry but were unable to do anything. Now if the supposed osama detonate a nuke this tme then the angry people will attack the civilian muslim population and america and israel will nuke some muslim country and grab oil and land. Surely there is an end to it but as long as it continues the misery will fall in to the muslim community.

The zionists believe that it is their gods given right to exterminate the entire planet, it is called the erez yisreal, better known as the world israel project. The zionist run "Western" media have already been given their dis information reports to blame the Muslims. Remember the bbc, a israel says terrorist organisation reported the false flag 911 "attack" 26 minutes before the actual act.

...they Jews tried it in other countries and we got them. We bury them alive. No mercy with Jewish thugs.

Besides that: NASA has detected a new planet which might be the home planet of the Jews: Jew-piter. How to send them over there? In compressed form means ashes.
