'When governments fear the people, there is liberty. When the people fear the government, there is tyranny. The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against tyranny in government.' Thomas Jefferson

REVOLUTION is the Solution!!!

'God forbid we should ever be twenty years without such a rebellion.... And what country can preserve its liberties, if its rulers are not warned from time to time, that this people preserve the spirit of resistance? Let them take arms.... The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants.' - Thomas Jefferson, in letter to William S. Smith, 1787

Zionism is a scourge on humanity. This Party may not amount to much, but at least it will throw a harsh and persistent light on Zionists and their innumerable, unspeakable crimes. People will surely join in droves if only to speak freely about history's most nauseatingly ubiquitous and most vociferous "victim." After 60 cruel years in Palestine and hundreds of years of theft and corruption world-wide, Israel is openly recognized as one of history's most inhumane and repugnant criminals. Yours for 911 Truth

Madoff and the Sorkin Affair	Bravo La France! Israel's incessant whining about its "right to defend itself" doesn't obscure the fact IT possesses 200 nuclear weapons! When scrutinizing Zionism always remember to include HYPOCRISY, they've honed it to an art. It's okay though, Israel has shown its ugly side once to often and their cover is permanently blown. Hope the Party gains momentum and spreads globally.
