## Israel starts new settler in the Jordan valley

September 06, 2009 - by Ghassan Bannoura - IMEMC News & Agencies

The Peace Now movement announced on Sunday that the Israeli government has started to construct new Jewish settlement in the Jordan valley.

Peace Now, the largest extra-parliamentary movement in Israel, and the country's oldest peace movement, stated that the Israeli government has finished installing foundation for this settlement that will consists of 100 new homes.

Baref Ofenhimer told press that the Israeli government statement of freezing settlement construction on occupied Palestinian land is simply not true.
