## You can see the explosions

by Iranian-Shi'ite on 15.09.2009 [02:32 ]

Man!

A person can see the explosions on the World Trade Center buildings as the buildings are collapsing.

The fact that the National Geographic documentary and the Popular Mechanics article did such a pathetically fallacious attempt to discredit the truth shows how desperate the US establishment apologists have become.

## That was thermite

That was thermite falling from the WTC towers, not melted aluminum.

## Why the Jews never question the phony report about 911

by svoboda on 15.09.2009 [05:00 ]

well, it seems that a whole lot of people of the jewish faith want 9/11 to just 'go away', and one has to ask one's self; "why would this be??, why would jewish people in general not want a full accounting for the 9/11 murders on Sept. 11, 2001??"

well, I got my answers the past few weeks. Seems that in most blogs, self professed 'jews' who'd posted against my posts, didn't seem to like my linkage of Israel to the attacks that day, which have been verified to be real. An explosives residue laden van, driven by '5' israeli MOSSAD agents, parked on the other side of the river in New Jersey, and the occupants were witnessed high fiving themselves and flicking their BIC lighters in total, utter 'jubilation' as people lept from the building or otherwise fell to their deaths, trying to get out of the section they were in that'd just been hit by the planes. Later, these '5' israeli MOSSAD AGENTS, after the U.S. authorities allowed them to fly home to Israel, did a news interview and in that, they more or less dispelled anyone's doubts about who they were working for that day and why they were there. Clearly they had advance knowledge at the very least, and with the explosives residue found in the van, in all liklihood a true link to what happened to those buildings on that day, too.

There is no mention of these guys in the 911 Omissions report, to say the least. There is also no mention of the nearly half a million dollars the U.S. Treasury paid this fake 'moving company' they worked for, either. There's no mention of their boss, fellow MOSSAD operative, flying home on a specially arranged flight later in September, to make sure nobody could question or interrogate him either.

So I guess I come to the question in the front of my post here, and that is; "Why do you think it is that so many Israeii's and 'jews' have a problem with prosecution of the crimes or at the very least, a full,

impartial investigation about Sept. 11, 2001??"

It's my best guess is that they know what comes on the heels of the proof of the complicity of the MOSSAD and the Israeli Government. They know that if there's anything left of this country after it's financial collapse, which is imminent, that the people might very well INSIST that Israel be permanently disconnected from the political power grid in the U.S. and told; "if you send agents here, like Jonathan Pollard, and we catch them, we'll at the very least, lock them up for the rest of their lives, and perhaps even HANG THEM FOR ESPIONAGE AGAINST THE U.S."

I'm not fomenting anger against 'jews' in particular, but I am so goddamned tired of the "anti semite" label at this point, I could strangle any one of them if they gave me the opportunity, and I think I'd be hard pressed to relent when they were clearly choking to death under my grip. I've fucking had enough of this whining and crying about being 'victims' coming from them, when there is hard evidence they did more than one heinous act against this nation (U.S.S. Liberty, 1967) as well as Sept. 11, 2001, and untold others we don't know about because they control our media, that I could just about throw my vehicle across the street in anger.

I'm not so mad at them, I'm mad at their incessant; "uh, leave this conspiracy theory about 911 alone, really, nothing to see here" approach to what they did here that day.

What THEY did. And what our own government participated in, as well.

9/11 truth must be borne out, and the perpetrators must be hanged, shot, or otherwise made very, very fucking dead.

Every last one of them.

I have to agree with you completely here. The Jews are a minority, a big minority within the rest of the populations of the countries they inhabit. I believe that they do get their mortgages paid by the fact that they are members of the Jewish faith. Your mention about the big mortgages they take on I believe from personal experience. And believe me, they do as little work as possible compared to the rest of us.
