Twenty Steps to a Better and "Secret Nazi Cabal" Free America

TELL ME IF THE BELOW MAKES ANY SENSE. DOES IT MAKE YOU FEEL STUPID WHEN ATTEMPTING TO ENVISION IT? IF SO, THAT'S A GOOD SIGN.

To be honest dear reader, I'm a bit nervous about posting this, lest I be labeled an "anti-secret-nazi-cabalist."

The below is all theoretical - it is protected under the First Amendment as free speech. It is not meant to be a threat, nor should it be taken as such by anyone. Once again, it is all theoretical.

By Curt Maynard

1. The first thing the United States military must do is employ U.S. submarines and surface ships in an effort to begin shadowing "secret nazi cabal" submarines and prepare for a preemptive strike upon them if they get within range of American cities.

2. Immediately cease and desist the delivery of any and all weapon systems and ammunition to the "secret nazi cabal" state. Ignore any threats that will inevitably follow – if the "secret nazi cabal" has low yield nuclear weapons in U.S. cities as Seymour Hersh claimed they did [or still do] in Russia, so be it – if they [the "secret nazi cabal"] use them, they seal their own fate.

3. Use the military to seize the entire media apparatus, from television stations, to newspapers, to magazines, to publishing houses – the first thing the "secret nazi cabal" will do is scream anti-secret-nazi-cabalism", but if the media is out of their hands, nobody will hear them. The irony in this will be absolutely delicious, their carefully accrued media monopoly will be used against them – there will be no way for them to disseminate information, they'll be in the same position as the alternative media they have done their best to silence over the last sixty years. Once the media apparatus out of the hands of the "secret nazi cabal", massive deprogramming should begin immediately, 24/7 broadcasting to dispels the lies of the last 100 years, especially the last sixty-one years. Within three weeks the "secret nazi cabal's" state won't have an ally left in the United States.

4. Cleanse the military of the "secret nazi cabal" presence – this won't be difficult – the cabal have made many enemies who'll be more than happy to assist in this venture. What one does with these former officers is of little concern, jail them or release them, without authority they will be completely marginalized. The United States Air Force and Navy should be most particularly targeted – anyone attempting to get military units to kill American citizens should be immediately shot without any hesitation.

5. Arrest any and all traitors in the United States government, have no mercy, show no compassion, anyone that can be linked to the support of the "secret nazi cabal" should be immediately imprisoned

with a future trial to look forward to.

6. All "secret nazi cabalists" in government, in the media, in academia, and in the medical and scientific professions should be immediately, albeit temporarily relieved of any and all responsibilities. If they are loyal to the United States of America they'll suffer this burden in relative silence, if they aren't they'll become militantly resistant. If they become resistant, additional steps will be necessary to neutralize them.

7. America's Universities should be immediately purged of anyone with a pro-"secret nazi cabal" and/or a pro-"secret nazi cabalist" record. Excessively liberal professors should be suspended with pay and temporarily relieved of their duties. All professors should be evaluated in order to judge whether or not they are to be "re-educated" prior to returning to their teaching duties.

8. America's criminal underground should be ruthlessly purged – a one-time warning should be provided, if anyone is caught engaging in organized criminal enterprise they will be harshly dealt with. What happens to them is of no concern to a healthy society. "Organized criminal Enterprise" would include anyone associated with any "secret society," that sought to engage in any subversive activities against the established state. The Constitution should only be considered when and where any real questions exist as to the individual's guilt. Initially "secret nazi cabalist's" should receive no Constitutional protections.

9. The "secret nazi cabalist" state should be completely isolated – if other states choose to engage in trade and/or dialogue with the "secret nazi cabalist" state, America should disengage with that state and if possible convince other nations to ostracize them and apply sanctions against the errant entity. All financial dealings with the "secret nazi cabalist" state should immediately cease – it should be made a crime to send monies and/or any form of aid to the "secret nazi cabalist's". If any authentic and constitutionally protected American citizens choose to aid the "secret nazi cabalists", they may do so after giving up their citizenship and leaving the United States of America. If they insist their religious views demand such action, so be it, let them serve the Lord outside the boundaries of the United States. Once citizenship has been renounced, they should receive no special attention.

10. The entire judicial branch should be immediately and ruthlessly purged – all "secret nazi cabalists" should be removed forthwith and never allowed to practice law again within the boundaries of the United States of America. American government entities shall never engage in dialogue and/or business relations with foreign "secret

nazi cabalists". If a foreign government wants to engage in dialogue with the United State's they'll find a non-"secret nazi cabal" ambassador.

11. All "secret nazi cabal" assets shall be immediately seized, and reparations paid to non-"secret nazi cabalist" American citizens only. Any private property possessed by "secret nazi cabalists" will be confiscated – their bank accounts emptied, and the contents of their safety deposit boxes searched and appropriated. They'll receive a receipt for items confiscated and if said items are later found to have been obtained legally and non-parasitically they'll be returned. Anyone caught assisting "secret nazi cabalists" to hide assets and/or transfer them should be dealt with harshly.

12. The Department of Education in its entirety will be immediately disbanded. Individual schools will choose their own curriculum – a Board of Education composed of citizens within their own respective districts will oversee the schools. Massive deprogramming of American students should begin immediately – any educators that balk and/or refuse to participate should be removed from the school system and their teaching credentials stripped.

13. The Department of State will be carefully scrutinized – all "secret nazi cabalists" removed – and others vigilantly screened.

14. The United States military will ask permission of Arab countries to remain in certain authorized areas within Iraq, their primary concern and objective will be changed to the "secret nazi cabal" state. The vast majority of troops will be removed and repositioned along the Mexican-United States border with Fort Bliss, Texas acting as the central authority. A fence will be immediately built – a massive educational campaign within Mexico will begin, utilizing leaflets if necessary, informing Mexican citizens that they will be shot if they cross the fence. Repatriation of all illegal aliens will begin immediately – the Mexican government will be paid a specific sum of money annually for a period of not more than five years to assist them in resettlement of their citizens. If the Mexican government refuses to accept their citizenry they will be settled in refugee camps along the Rio Grande until the Mexican government can be sufficiently pressured to accept them. The expense will be high, but in the end well worth it. All troops in Afghanistan and in any number of other countries will be sent home and will respect the sovereignty of foreign nations, no matter their political and/or religious orientation. No restitution whatsoever will be paid – the respective countries will be informed that the previous government of the United States was a criminal organization and was not legally acting as the representative of the American people period. If these

governments fail – that's their problem.

15. Circumcision of American non-"secret nazi cabal" males will stop immediately – a massive re-educational campaign will be launched over the newly acquired television media and the truth about circumcision will be told – that there are no hygienic reasons whatsoever to be circumcised – it is and has always been a "secret nazi cabal" lie.

16. Revisionist history will be obligatory in all grades. Germany and Germans will be rehabilitated in the minds of Americans, the entire Israel/Palestine issue will be presented in a truly balanced manner, WWI and WWII will be presented with the current curriculum, which is designed to elicit an emotional, rather than intellectual response/opinion will be removed from the classroom. Political correctness will be scourged from society, affirmative action programs dropped, and America returned to a meritocracy. Minorities will receive their constitutionally protected rights and no more. Well-known Americans, i.e. movie stars, politicians, academics, and the like will be scrutinized by "patriotic organizations," those that supported the status quo and became wealthy as a result will be exposed. Americans [past and present] that attempted to expose the corruption of government and "secret nazi cabal" influence will be rehabilitated publicly, many will receive stipends, including widows, etc... School children will be required to know many of their names and be able to recite what it is/was that they said/wrote.

17. Border security along the Canadian border will be turned over to the County Sheriff in each respective county along the border – the sheriff will be given supreme authority in this area, he can gather evidence as he likes, prosecute the cases, judge them and carry out the sentence. Each sheriff will be overseen by a central authority; one designed to monitor the sheriff and the sheriff's department. Corruption in law enforcement will no longer be tolerated and will be dealt with harshly. The United States Navy and Coast Guard will guard American coastal waters and deal with smugglers/illegal immigrants in a manner that exemplifies extreme prejudice. The guilt or innocence of [non-American and "secret nazi cabal"] violators will be determined by the vessels captain; no documentation of cases or their outcomes will be necessary. Congress in its entirety will receive a political enema, a general amnesty will be offered, those that choose to turn over evidence that reveals their treason will be pardoned, those that don't and appear to be guilty will be shot. Some Congressmen should be publicly and summarily shot on the steps of the Capital building and their executions broadcast on television.

18. The vast majority of social welfare programs will end, churches will be encouraged to take over where they left off prior to Johnson's "War on Poverty," and all American organizations [religious included] will be discouraged from sending aid to Third World nations, this shouldn't be a problem, because their aid will be desperately needed by their congregants. Religious organizations that continue to send aid to foreign countries will be exposed publicly, which will almost certainly bring condemnation from their congregants.

19. Unfortunately, as a result of the above measures the entire American economic system, as we know it today will collapse. In the beginning there will be tough times, privations and a modicum of hunger. If the American people work together, this period will not last longer than five years. The good news is that no non-"secret nazi cabalists"[criminals excluded] property will be confiscated as a result of defaulting on mortgages/loans, etc... Loans will be reviewed and payment deferred for an extended period of time [probably five years]. The confiscated assets of "secret nazi cabalists" will be used to bolster the newly formed economy, which will be of a mercantile type [managed]. Wealthy Americans like Bill Gates and the Oracle of Omaha will be encouraged to donate large sums of their fortune to this new economy, if they do they'll be made into national heroes, if they don't they may suffer from an accident and be scourged in the consciousness of the new America. Their wealth will be appropriated by the state. If feasible the new monetary system will be based upon precious metals.

20. Americans will be encouraged, rather than discouraged to breed. Parents with high IQs will be paid a substantial amount of money for reproducing. In some cases, low IQ individuals will be paid significant amounts of money to submit to sterilization. Women will once again have the opportunity to reassume their former exalted position in society – as mothers and marital partners. The necessity to maintain two income households will be done away with. The new media will no longer indoctrinate women to accept its so called concepts of equality – the new media will expose the lies of the old order and expose how a high divorce rate and abortion were slated to destroy western civilization. If women desire an abortion in the new world, let them go to a nation that insists on embracing degeneracy to get one. No apologies.

Heck it is all common good sense to me Curt. Every bit of it.

I would change one thing. I would let circumcision be optional. Most women, and we have, believe me, almost all discussed this among ourselves, find the sight much more stimulating and enjoyable to... well anyhow. I will blush. Aesthetically, there is no comparison.

So, if we do all the rest can we have a little wiggle room on this particular topic.

And yes I know it denotes slavery to the Satanic ones, but it does not have to be if you are already conscious of that thought and make your own decision.

Which makes me wonder how the Muslims got into this practice because they certainly have no pact with Allah to do this.

Sorry, I am just a mere woman who... er... appreciates these things. As for the rest, BE MY EFFING GUEST!

"And yes I know it denotes slavery to the Satanic ones, but it does not have to be if you are already conscious of that thought and make your own decision."

Make your own decision?

How can an adult man make his own decision if he was already cut as an infant?

And what's this bullshit about women's preferences?

If a woman has some sort of psychological hang-up about the unmutilated male organ, that's HER problem.

Dear Mr. Maynard,

I'm looking forward to the day we lawfully disempower this 'secret nazi cabal,' as per your suggestions. I figure that I will only die once, so wouldn't it be satisfying to know I died putting these enemies of God and mankind out of power? I took an oath to uphold the Constitution against all enemies foreign and domestic, and I still mean it.

I guess there is this old German saying amongst soldiers: "The only way out is over and through the enemy." Or something like that. We must break through their lines and attack them from the flank and rear. It's either that or be drained of our blood until we are so weak we can no longer resist. We must not let liberty die.

Thanks Curt,

That sums up the required course of action quite well. The sooner the better.

Barbara,

Look, I'd like to share something with you. I'm really "into" infibulation. You know, genital mutilation of baby girls. Many of us men find it so much more stimulating and enjoyable to . . . well, you know. Also, aesthetically, there is no comparison; and aesthetics is everything, right?

So, I feel sure you will be with me on this after having just read your comment supporting the genital mutilation of baby males.

And I would say that the baby females would probably only scream in agony for roughly the same amount of time the baby males do as they are mutilated shortly after they are brought into the world. But that's neither here nor there really, as we are focused on aesthetics; must not forget that.

What we need is a major media campaign to wake people up to the wonderful benefits of genitally mutilating baby females. You know, aesthetics and all that. Perhaps you could start getting the word out on your Blog?

After all, we just want a little equality of wiggle room on baby mutilation.

Finally, I'm sorry too. I am just a mere man who appreciates these things.

Another good one Curt. Keep it going for as long as the secret nazis let you. They've effectively shut News From The West down by means of a censorship page with a button that says "I want to continue", but which just loops back to the same page, denying access entirely.

(or is that only here in the UK?)

As for genital mutilation, if **adults** want it for themselves, that's their business, though they do then run the risk of being suspected of secret nazism.

Mutilation of babies or young children is totally EVIL, but then, so are these secret nazis. Everything they do is against God and nature (two words for the same thing), and it is clear from their torah and talmud that they worship the evil one.

How many jews are really circumscized? Have you looked? The jews in the locker rooms when I was in school were NOT. They were embvarrassed of those dog dicks too. Cutting off the foreskin is hardly 'genital mutilation'. Spare me your theatrics, Martha. You can't compare cutting off a girl's clitoris with cutting off the foreskin. That's just bullshit. You act like it's castration. It's true girls like circumscized dicks better. You don't know that because they have better diplomacy than to tell you.

Circumcision is your blood covenant with YHVH. It's supposed to be done on the 8th day after your birth. You had a choice in it, but now you don't. That was your choice. The Talmud is babylonian and bears now resemblance at all to the Torah. It was written, or should I say "sophistically contrived", by the scribes. And if you don't know who they are and who they say they are now, please just shut the fuck up.

Abraham circumscised Ishmael when he was 13, and all of his house. That's where the arab tradition of it came from. Caucasion whites have always been circumscised on the 8th day. They don't even know why. YHVH's 'vestigial' laws in the culture. The scattered tribes of the house of Israel do it. Now, who is who and who is a jew?

Dear Mr. Maynard,

This is what i think about circumcision: It was almost forever done only at thirteen years of age, the first year of junior manhood. This marked the transition into manhood, and one is shedding something for the woman, really.

Cutting on a baby is outrageous, and once in a while a little boy accidentally gets a the whole tip of his penis severed by mistake, partly because it's the size of a pea. This being statutory practice really does corroborate the notion that the person being circumcised is really being claimed as a jewish bond-slave.

If any adult wants to cut off his foreskin, or get a vasectomy for that matter it is his liberty to do so. Why should I get involved?

P.S.- Yeah. Uphold the Constitution. That is true honor and integrity for an American to so so.

These "rapture" Prophets for PROFIT are ANTI-Christ DEATH CULTISTS. God/Jesus would have you in this LIFE to learn "soul lessons", to increase your consciousness to the point of Redemption. Hagee and his ilk REJECT the LIFE God gave you, and dangle a "shortcut" in front of people, just as SATAN dangled Temptation in front of Jesus. Do not follow the ANTI-Christ lies of FALSE prophets. Their "shortcut" of cheating God's lessons does NOT lead to Heaven, any more than cheating on school work teaches you the subject.

Since when is Israel more important than AMERICA?! Study a list of all SPIES captured in America, 90% are Israeli. There is NO SUCH THING as Judeo-Christian It is OLD Covenant, NEW Covenant. The Jews refuse to ACKNOWLEDGE Jesus, and call him a B*astrd. OLD Testament, NEW Testament. The Jews refuse to ACKNOWLEDGE the NEW Testament, therefore there is NO Judeo-in-Christian. Judaism worships a WAR god. Christian places Faith in The PRINCE of PEACE.

So do not attempt to appear to be "educated" by throwing around YAHWEH garbage. He is YESTERDAY'S news, good only for wrapping fish.

Although the CMNWO appears superior in many ways to the currently instituted NWO, I think to threaten those such as Bill Gates and Warren Buffet with expropriation is more like Bolshevism, especially since they have already bequeathed most of their wealth to charity.

I doubt that the US would be in a depression for 5 years; the Third Reich prospered simply by instituting sound money and exchanging it for work.

I agree with the idea, Curt, but I'm wary of anything so sweeping. Historically, the people guiding these things (long before the Nazis), have twisted good intentions to their own desires.

The Russian Revolution is a good example, people fought hard against oppression, only to open the door to greater oppression, and charges of being "the enemy" gave carte blanche to all sorts of evils.

It's a great idea, but it would only be a matter of time before it was used against the very people who need it the most. There have been thousands of revolutions in the past century, and very few of them have had any real degree of success against these people.

Not trying to dissuade you, just saying that we can win this much easier...all we need to do is get people to think for themselves, and decide they want to be free and make their own decisions, not sit around and let others do so.

Our rights are inalienable, meaning no state can take them away...we must decide to exercise them, however.

Of course, that's like pulling teeth most of the time, but it's worth the effort.

Peace bro,

Scott :)

Why all the comments about circumcision? That is not what the article was about. I suggest everyone familiarizes themselves with NESARA. That is a law that was actually passed during the Clinton administration and is being suppressed. The US government is a criminal enterprise beyond redemption. NESARA would abolish the US government and appoint an interim government until elections could take place. All the traitors would be hunted down, and many

other things would change for the better. Check it out for yourself.
We don't have to reinvent the wheel here.
