Turnabout is fair play – Greenpeace gets a dose of their own medicine

16 12 2009

Greenpeace, who prides themselves on civil disobedience and bannering smokestacks and [U.S. national monument Mt. Rushmore](#) gets a banner or two on the Rainbow Warrior. It is dubbed now the “Propaganda Warrior” and the “Ship of Lies”.

Surely Greenpeace would approve of [this homage to their tactics, read the story at CFACT](#).

Global warming skeptics from CFACT yesterday pulled off an international climate caper using GPS triangulation from Greenpeace's own on-board camera photos to locate and sail up long-side of the infamous Greenpeace vessel, Rainbow Warrior. Then in Greenpeace-like fashion, the CFACT activists unfurled a banner reading "Propaganda Warrior" which underscored how the radical green group's policies and agenda are based on myths, lies, and exaggerations.

Here's another photo:

(Thanks to Andrew Bolt)

BTW, since we are coming up on the one year anniversary of some Greenpeace propaganda, you might want to have a look at this Christmas video of theirs again, featuring the ship seen above.
