Change? Obama is controlled by the same Jewish extremist financial, political, media and financial forces that have led America to the catastrophe of 9-11, the disaster of the Iraq War and the financial robbery and economic crisis.

A message to the world on the Obama “Inauguration”...Wake Up!

By David Duke

If you want to know who the real establishment is in America and around the world, the real power behind the so-called “military-industrial complex”, the real maleficent power that has led this world to inexorable conflict, war, hatreds, destruction of real human values, morality, conscience — it is the global media establishment.

This same media witnessed the Zionist slaughter of 1,300 people in Gaza, and the maiming of 6,000 more, half of them women and children. More than 20,000 homes and buildings were destroyed or damaged and

thousands became homeless. This horrendous mass slaughter of Palestinians is compared to the loss of 3 Israeli civilians. Yet, the media never dare to call this slaughter exactly what it is: terrorism on a horrendous scale! This same American and global media has not informed the American people or the people of the world of the damning truth about Barack Obama.

In truth, Obama is a complete creation of extremist Jewish Zionists and he has already begun to serve Israel by his top appointments.

Dual Citizen of Israel, Über-Zionist Rahm Israel Emmanuel is Obama's Chief of Staff — effectively running the show in the White House. Upwards of half of Obama's appointments are Jewish (or "Crypto Jews" like Paul Volcker and Larry Summers) — besides the necessary Hispanics and Negroes, few are truly White Europeans. [INCOG]*

The Jewish-dominated media in America is promoting the Obama inauguration as akin to the Second Coming of Jesus Christ. (If you question Jewish control of the media read Who Runs the Media? and you will find documentation proving the Jewish control being far greater than you might suspect) The rest of the world's powerful media (Which also has a powerful Jewish presence in the UK, France, Spain, Sweden, Russia, and the rest of Europe) takes its cues from the NY/Hollywood media axis, and presents Obama as kind of a superhuman agent of real change.

In fact, it is a Huge Lie!

Obama is completely controlled by the same forces that have controlled George Bush, so much so that The Chicago Tribune quotes leading Jews bragging that Obama is so in the hands of the Zionists that he is "the first Jewish President." Obama received about 80 percent of the Jewish vote in the United States!

The Three critical things that made Obama President:

Obama with Israeli PM Ehud Olmert during one of his two trips to Israel during his campaign.

1) Jewish political influence Obama's chief handler is David Axelrod, a radical Jewish Zionist whose previous claim to fame was the fact that he was the Zionist political hit man against Illinois Senator Charles Percy, who was not deemed to be pro-Israel enough. (He was only 99.9 percent Israel's lackey, not the required 100 percent) Obama went to Israel and made sure he pronounced himself even more radically pro-Zionist than Bush or McCain.

2) Massive amounts of Jewish money

Obama's campaign was kicked in high gear by Jewish Hollywood and financial moguls. In just one of the early fundraising parties in Hollywood by Spielberg, Geffen and Katzenburg it raised over a million dollars for Obama. Obama raised more money than any political candidate in American history and his biggest contributors were overwhelmingly Jewish activists, Jewish international finance and banking firms and Jewish globalists. His largest single contributor was the international Jewish Banking firm of Goldman Sachs. He received more money from the same international bankers that ripped off trillions of dollars in the recent economic scandals than even John McCain. Is a man totally under the power of the most powerful financial organizations in the entire world, really an agent of "change?"

3) Overwhelming positive support in the Jewish-dominated media

By a large margin, Jewish-owned media officially endorsed Obama, and that is not counting tens of thousands of positive articles by Jewish; owned publications and pundits.

Obama's first act as President-elect was to appoint a Jewish extremist, dual citizen, Rahm Emmanuel, as his chief of staff. As the people of Gaza were slaughtered, Obama would not make a single statement to stop this murder and maiming of thousands of innocents!

Israel, very carefully timed its terrorist attack on Gaza to be in the remaining days of the Bush Administration. The day before Obama's inauguration Israel announced that it would be completely out of Gaza by the time Obama took his oath of office.

Why?

Before Obama took office, Israel could make this terrorist slaughter against Palestinians and Obama would still be perceived as having clean hands. Because Obama is completely under their control, they want him to have an image of fairness, honor and peacefulness, and as representing a new direction of American policy, as he begins to deal with the Mideast turmoil.

Since he is Israel's boy in the White House, what better scenario could they have than a President perceived as practically the Second Coming, of high moral conviction, and dedicated to fairness, but who is actually bound hand-and-foot to the Zionist agenda, just as the last president's have been. Talk about a perfect shill. And the game is working, for even many Palestinians are filled with hope that the new President will work to end their long suffering.

With an almost godlike positive image around the world, a Barack Obama who is in reality controlled by Israel, is a much bigger danger than was even George Bush. We know what Bush is, but too many Americans and other peoples around the world are falling for the lies about the new "savior" of the world: Barack Obama. He already says we are to put thousands of new troops in Afghanistan and has rattled the sabers against Iran. Obama with highest positive image (created by media) in the world is in a more dangerous position to lead us into catastrophic wars than George Bush ever was.

Jewish screenwriters in Hollywood couldn't have written a better script for the Zionist agenda than what is being played out on inauguration day, USA.

Of course, why should they write it, they did it.

God save America, God save the Palestinians, God save peace and justice in the world!

*INCOG MAN NOTES:

[Larry Summers'](#) original family name was Sameulson and all the Jews know about this. Paul Volcker has been a well-known "Bilderberger" globalist for decades, whose Jewish origins are carefully unmentioned, but he was born in 1927 to [Jewish family in New Jersey](#).

Obama's Treasury Secretary appointment, Tim Geithner, is a possible "Crypto Jew," (his bio in Wikipedia once said he was Jewish, but that has since been sanitized). He is married to a Jewess named Carol Sonnenfield and is definitely a big-time Zionist ally and careerist. He [steered billions](#) to his thieving banker buds at Goldman Sachs, as well as being a young Kissinger CFR protégé and continually promoted upstairs by other Jews like Larry Summers.

Read this article on Obama's appointments:

"...It had to be pretty difficult to put together a more Judaized presidential administration than even Bill Clinton, but Obama has managed to do so. But then again, many of Obama's Cabinet and personnel picks are little more than a repeat of the Clinton Administration. As most astute observers and researchers now well know, the two major political parties don't matter much these days because the Jewish plutocrats, Jewish political machine, Jewish mass-media complex, and Jewish legal complex has both of them almost entirely locked down..."

Look at the Zionist Rahm Emmanuel as he clowns around during the "Inauguration" of their Zionist puppet, Obama. Perhaps Mr. Emmanuel is directing his "respect" towards a fooled White America who have gone along with this lying travesty for far to long now.

This "brave ally" of ours, Israel, blockaded and starved the Palestinians of the Gaza because they elected someone they didn't like. Then, while America was busy during the elections of November 4th, the Israelis killed 6 Palestinians out of the blue and broke a ceasefire that Hamas carefully followed for 4 months. When they retaliated with puny, ineffectual rockets, the Zionists committed serious war crimes and killed another 1300, maybe 1500; at least a third to half were women and children. Jews really don't

care!

“We killed them out of a certain naive hubris. Believing with absolute certitude that now, with the White House, the Senate, and much of the American media in our hands, the lives of others do not count as much as our own...”

– Ari Shavit, an Israeli columnist, reflected sorrowfully on the wanton Israeli killing of more than a hundred Lebanese civilians in the Israeli paper *Ha'aretz* back during the Clinton era. [READ MORE HERE](#)

“While suturing a cut on the hand of a Texas Rancher whose hand had been caught in a gate while working cattle, the doctor struck up a conversation with the old man. Eventually, the topic got around to Obama and his bid for the presidency.

The old rancher said, Well, ya know, Obama is a ‘post turtle’.

Not being familiar with the term, the doctor asked, ‘What is a post turtle’?

The old rancher said, When you’re driving down a country road and you come across a fence post with a turtle balanced on top, that’s a ‘post turtle’.

The old rancher saw a puzzled look on the doctor’s face, so he continued to explain.

‘You know he didn’t get up there by himself, he sure as heck doesn’t belong up there, he doesn’t know what to do while he is up there and you just wonder what kind of an idiot put him there in the first place.’”
